THAT WAR "DECLARATION."

An Unfounded Rumor Afloat Here Last Evening.

The report current on the streets of Greensboro about four o'clock yesterday afternoon that "war had been declared by the Senate" probably emanated from the fact that at that hour Senator Mason was making a red hot speech in which he declared that he was in favor of war. The Telegram was besieged with inquiries as to the truth of the report, all of which we answered, giving the latest news by wire from the Union Associated Press.

Those who took time to think a moment and reflect that the Senate alone could not authorize the beginning of hostilities, but that the house also must concur, and in the event of a veto by the President that both branches must, by a two-thirds vote, pass the measure over his veto, did not listen for the booming of cannon last night.

There is a warm time in congress, however, and there is no telling how much longer the tension will hold out. It is liable to snap at any time and open the way for a declaration of war. In the meantime The Telegram will keep on printing the news as it happens.

JOHN EVANS WILL HANG.

The Governor Will Not Again Extend Executive Clemency.

John Evans, the Rockingham rapist will hang for his crime next Friday.

The Council of State yesterday decided that the sentence of the court should no longer be interfered with.

It was the report of Mr. Sims, who made a very careful investigation of the new evidence, that settled the matter.

It was alleged that two negroes, Jim Peterkin and John Hines, who were in jail with Evans, overheard a conversation between Evans and Mr. O. H. Dockery, Jr., his attorney, in which the latter advised Evans not to testify that he passed the scene of the crime the morning it was committed.

Mr. Sims secretly investigated the report. He saw one of the negroes in jail at Rockingham and then went to Laurinburg and saw the other. They corroborated each other to Mr. Sims.

While the council was in session, Mr. O. H. Dockery, Jr., was accorded a hearing. He presented a number of affidavits tending to disprove the story of the negroes, and then presented one of his own denying absolutely the story in every particular.

These, however, were not sufficient to overcome the great mass of evidence piled up against the negro and day after tomorrow he is to die.—News and Observer.

A Game Tomorrow.

The game of ball between the regulars and the colts, scheduled for this afternoon will be played tomorrow if the weather will permit.

Rain stopped the game with Augusta, then the weather cleared and when the Richmonds were to come it rained again and today rain stopped the game. Verily baseball teams bring rain.

Tomorrow will be Greensboro's last chance to see the champions play ball this season and so let everybody hope for a fair day. The game will be a good one, for the men are anxious to get out once more after being cooped up in the hotel since Monday.

The two teams will line up in the order announced in yesterday's Telegram. Game will be called at 3:30.

Address at Methodist Church.

Prof. Hamill arrived on the noon train today and will meet the Sunday school workers at four o'clock this afternoon at West Market street Methodist church. At eight o'clock tonight at the Methodist church he will address a union meeting. Be sure to go out to hear him. It is hoped the inclement weather will not lessen the attendance.

In speaking of Prof. Hamill, address last Monday in Durham, the Sun says: "Prof. Hamill's lectures were practical and suggestive to Sunday school workers. The attendance was good and all present felt greatly benefited. His work in Durham has been a real inspiration to the Christian workers and they all will be glad to welcome him to their midst again."

"WILL BREAK ALL BOUNDS"

Threats to Spurn Executive Policy and Declare War

SENATORS CALL ON PRESIDENT

Mr. McKinley Explains the Cause of the Delay—Expecting a Cablegram from Spain.

By Wire to THE TELEGRAM.

Washington, Mar. 30—A conference of the utmost significance to the United States and Spain was held at the White House this morning. Ten or twelve or perhaps more prominent Senators visited the President after having held conferences among themselves to agree upon something definite in the Spanish affair to lay before the Executive.

The meeting was held in reality to counsel together and to determine whether peace or war should be the immediate policy of the government. The conferees were Senator Davis, chairman foreign relations committee; Senator Frye, of the same committee; Senators Hanna, Aldrich, Spooner and Borah.

The details of the conference are not made public, but it is settled on the authority of a participant in the meeting that the principal object is vigorous action, and if this is not done, the senators said that Congress would break all bounds, spurning the Executive policy and declare war against Spain.

The president explained the causes of the delay and said that he expected a cablegram momentarily which would form a practical conclusion of the agreement in the Cuban war.

Late in the conference efforts were made to devise a method for holding Congress from radical and independent action. The conference lasted until noon.

NO MESSAGE TODAY.

Washington, March 30—Secretary Porter announced this morning that the president would not send a message to congress today. He explained that the president had decided to wait for a better feeling in congress and furthermore that he did not care to communicate with that body until he could present something more definite than merely to ask for a large appropriation to feed the starving Cubans.

SENATE COMMITTEE IN SESSION.

Washington, March 30—The senate committee on foreign affairs has been in session since nine o'clock this morning. Several members of the committee called on the president. The four resolutions introduced in the senate yesterday in behalf of Cuba were considered. It is impossible to predict the outcome.

CONGRESS NOT WILLING.

Washington, Mar. 30—The state department received a cablegram last night from Minister Woodford announcing that the Spanish government has decided to accept the offer made by the President that the Cubans purchase their land. It is not believed that either congress or the Cubans are willing to accept the proposition but if it is accepted congress declares that it does not eliminate the Maine situation.

FAILED TO REACH AN AGREEMENT.

Washington, March 30—The senate foreign relations committee failed to reach an agreement at the meeting today, referred the whole matter to the sub-committee and adjourned.

BY PURCHASE.

Washington, March 30—Secretary Day declares that Spain has definitely accepted the offer of the United States to secure the independence of Cuba by purchase.

REED RULE IN HOUSE.

Washington, March 30—Congressman Bailey introduced a resolution in the house declaring for the immediate independence of Cuba and demanding immediate consideration claiming the privilege of motion. Republicans opposed and defeated the claim. Reed ruled the resolution not in order; Bailey appealed to the house for decision and the appeal was tabled.

SPAIN ASKS FOR TIME.

Washington, March 30—Spain asks until tomorrow to reply to the proposition of the United States for a settlement of the Cuban question on the basis of armistice. Spain asks if the independence of Cuba is a condition of the proposition, to which Mr. McKinley replies, "Yes." Bailey's demand was defeated in the house by a party vote.

ASKING FOR REPORTS.

Washington, March 30—Senator Frye has introduced a resolution calling for consular reports re-

lating to conduct of the war in Cuba, the condition of the people and other matters and asks its consideration tomorrow.

INTENSE EXCITEMENT.

Washington, March 30—Feverish interest in the Cuban question was evidenced this morning by a long line of spectators who had been waiting since daylight for admission to the capitol. Today's developments and the action of the executive branch of the government within the next twenty-four hours are eagerly awaited. The president is confronted with the necessity of immediately adopting a definite policy or losing control of the situation by its being turned over to congress. There is great excitement in the navy department on account of the report of the receipt of a cablegram from Madrid announcing the arrival this morning from Carthage of the cruisers Mariatherefa, Christobal, Colon, one of the most powerful ships in the Spanish navy and a large torpedo boat destroyer. The destination of these ships is not known.

STOPPED ALL TELEGRAMS.

A "Circuitous Route" Message Received in London.

WOODFORD'S NOTE A REHASH.

Some News and Some Opinions Regarding the Seemingly Pending Crisis.

By Cable to THE TELEGRAM.

London, Mar. 30—Intense excitement is reported in Spain. The press censor has stopped all telegrams. A message received by a circuitous route says: "The interview today between Minister Woodford and Senor Sagasta on the Cuban question and the Maine explosion is the chief topic discussed. Woodford's plan is practically an ultimatum. Sagasta gains time by not seeing the queen until tomorrow." The extraordinary nature of the situation is shown by the fact that both the United States and Spain have thrown aside all forms of diplomatic etiquette and have taken sensational steps to direct personal negotiations between Minister Woodford and the Prime Minister.

A MERE REHASH.

Madrid, Mar. 30—The Spanish officials say that Minister Woodford's note of yesterday is merely a rehash of what he expressed on March 23d, expressing President McKinley's views on the Maine disaster and the question of relief for the Cubans.

Honors to the Dead Soldier.

Pittsburg, March 30—The body of Lieutenant Jenkins arrived here this morning and was taken to Sampson's mortuary. Later under the escort of naval reserves it was removed to Allghany's in the new postoffice building. The floral decorations are elaborate. A large crowd gathered long before the party arrived.

Reported Assassination.

Paris, March 30—A report reached this city this morning that the president of the Transvaal republic has been assassinated. The report says that he was shot dead on the street by an unknown man who was subsequently arrested.

Short in His Accounts.

New York, Mar. 30—Former Chief Clerk Billings, of the Adams Express Company was arrested today. He is charged with being short in his accounts.

Time To Act.

The Journal has never clamored for war with Spain. Jingoism is not one of the Journal's traits. This paper has steadfastly held to a policy of patience, trusting the president and congress to get the facts and act intelligently, and to preserve peace if consistent with the national honor. If that cannot be done we must have war, as a matter of course. But the Journal believes that the time has arrived for action. There is no reason for a continuance of the suspense in which the nation has been held for the past 60 days. President McKinley should make known his policy, and that at once. There is nothing to be gained by temporizing and much to be lost. Let the country know what to expect.—Atlanta Journal.

It's Different, You Know.

It was just after war had been declared, and the quiet old man saw the noisy one sneaking away from an excited crowd.

"What's the matter?" asked the quiet man.

"They're discussing the war," replied the noisy one.

"Well, you've been yelling for war for the last two months, haven't you?" demanded the quiet man.

"Of course I have," returned the noisy one, "but, hang it all! these people are talking about enlisting."—Chicago Post.

Stars and Stripes Hoisted.

Pittsburg, Mar. 30—The Pennsylvania railroad denies that its lines are affected by the floods and states that all damage has been repaired and all of its lines are open everywhere.

"CLEAN OUT THE NATION."

This is Senator Mason's Belligerent Reference to Spain.

Lacrosse, Wis., March 29—Dr. George E. Powell, who accepted the challenge issued to Senator Mason by Baron Elcardo, a Spanish editor, has received the following letter from Senator Mason:

"Dear doctor: I thank you for your magnificent letter and the spirit of patriotism it shows. I must decline to let you fight for me. Let's clean out the whole nation and move them off the continent. I enclose a letter from a young man of Dayton, O., who wants to take your place. Very truly yours, William E. Mason."

More Accurate Service in Greensboro Than Baltimore

Mr. C. M. Vanstorty had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so changed them both. Mr. Vanstorty sent the old lenses with an explanation to the oculist who had given the prescription and in reply received the following: DR. HARRY FRIEDENWALD, 1029 MADISON AVE., BALTIMORE, Jan 31st, '98.

DEAR SIR:—Yours of the 29th to hand. Dr. Johnson is perfectly right. The glasses you sent are not those ordered. I cannot understand how such a mistake occurred. Very truly yours, H. FRIEDENWALD.
