NOTES FROM HIGH POINT.
The Local News from Our Neighbor Briefly Told.
TELEGRAM BUREAU. HIGH POINT, N. C., April 6, '98.
The Merry-makers presented in a romantic manner at the opera house last night a very interesting drama entitled "The Heart of Cuba," to a large audience. The company is composed of some very good players. The singing and dancing were very catchy. The company will present "The Land of Gold" tonight, this is a very interesting comedy and will doubtless be greeted by a large house.
Mrs. M. H. Shiplet and Mrs. Frank Gurvey are visitors at Thomasville today.
Mrs. Rev. J. B. Richardson boarded the train going north today.
John W. Moon is spending the day in Greensboro.
Miss Etta Dixie Kearns, one of Asheboro's most winsome young ladies who has been visiting Mrs. J. R. Flagg went to Worthville today where she will spend a short while before returning home.
Miss Lola May Hicks and Mr. John W. Moon will be united in the holy bonds of matrimony at the home of the bride on Thomasville street tomorrow evening at 8 o'clock. Rev. J. O. Alderman will officiate.
Mrs. Joyce and daughter, Carrie, will leave tomorrow for Charlotte, where they will spend a few days before returning to their home in Detroit, Mich.
A visit was made to the Graded school this morning and everything was found in a "booming" condition. They are all anticipating a grand time next Monday. The picnic will be at Benbow's old bone mill. Good order and discipline will be maintained. We are glad to note the school is moving along nicely and preparations are being made for the commencement which will occur May 1st to 4th. Prof. Geo. H. Crowell deserves much credit for his good work during this year.

DELIGHTED WITH HIS VISIT.
Dr. McIver and Our City Schools. Lectures at the Normal.
President C. D. McIver, of the State Normal, Greensboro, who visited Winston's city schools yesterday, returned home today. He stated to a reporter that he was delighted with his visit; that he found all the rooms looking bright and cheerful. He was especially pleased with the decorations, saying that he thought more attention was paid to this feature here than at any of the public schools in the state. The professor added that the decorations never failed to make a good impression on a visitor.
Dr. McIver informed the Sentinel that Mrs. S. T. Rorer, of the Philadelphia Cooking School, will spend a week with the State Normal and Industrial college, beginning tomorrow and will make daily lectures on cooking and domestic economy. Besides the students of the domestic science departments in the college, a large number of housekeepers of Greensboro will attend the lectures. The charges will be on \$1.—Winston Sentinel.

Polo y Bernabe.
Many well informed people have been making inquiries concerning the odd manner in which the name of the new Spanish minister is written. On this point Mr. Robert D. Douglas gives us the following explanation:
Polo would be the Senor's name if he were a plain American, but is entirely too democratic to suit Spanish ideas. The custom among some of the higher classes of Spaniards is to write their mother's name and add to it the connective y, followed by the maiden name of the mother, and it is this custom which has caused many to wonder whether the gentleman's name is Mr. Polo or Mr. Bernabe.

Dr. R. F. Gray's Illness.
Dr. and Mrs. R. F. Gray left on the 10:30 train today for Baltimore, where the former goes to enter the Johns Hopkins hospital for treatment. He has been in bad health for several weeks. He went to Piedmont Springs several days ago, hoping to be benefited, but he continued to grow worse and it was decided to return to Baltimore.
Dr. Gray has a host of friends here who hope that he may soon be restored to health. He is Winston's oldest native born citizen and there are none who are more highly esteemed.—Sentinel.

Congress to Get the President's Message When Consul General Lee Gets Out of Havana.
By Wire to THE TELEGRAM.
Washington, April 6—All Washington is in a state of the greatest excitement today. Unprecedented crowds throng the capitol eagerly listening and watching for every bit of news concerning the pending crisis. The officers are overwhelmed in the stampede. Everybody listening for the President's Cuban message.
Never were the halls of congress so crowded as they are today. Many women fainted.
PLANS OF ACTION.
Washington, April 6—A majority of both houses of congress will follow the president. Griggs says he understands that Consul-general Lee sails today. Rear Admiral Walker, retired, conferred with Secretary Long today regarding the situation. This fact revived the rumor that administration is seriously considering the matter of placing him in the supreme command of the entire naval forces in home waters.
The plan of action of the naval forces in the event of hostilities has been completed. A naval official says the flying squadron is to seize the Canaries which it will use as a base of operations to intercept Spanish merchantmen and attack Spanish sea ports.

READY TO ARBITRATE.
Washington, April 6—Charge d' Affaires, Dubose, authorizes the statement today that Spain is ready to arbitrate the Maine disaster.
WILL SUPPORT M'KINLEY.
New York, April 6—Secretary of State Sherman said today that he expected the unanimous support of McKinley's Cuban policy by both houses without regard to political affiliation.
WILL ACT TOGETHER.
Washington, Apr. 6—Senator Frye, of the foreign relations committee called on the president at noon today and talked with him about the message and how it should be handled in congress. The senate and house committees will act together and report a resolution in the identical form so that there may be no delay from differences between the two houses. Senator Frye has submitted his resolution embodying the recommendations of the president.
UNDER SEALED ORDERS.
Washington, April 6—The flying squadron was ordered today under sealed orders to sea.
CUBAN RESOLUTION DISCUSSED.
Washington, April 6—The Senate committee of foreign relations today resumed discussion of the Cuban resolution for the purpose of changing it to meet the recommendations of the president.
CABLEGRAM FROM LEE.
Washington, April 6—There is great excitement at the state department. A cablegram from General Lee says that one of the consuls in Cuba has been held up and cannot get away. His name is not known. The president has delayed his message on that account.
ANOTHER DISPATCH.
Washington, April 6—It is not probable that the president's message will go to congress until 3 p. m., after the close of the stock market.
THE NAVY MARKET.
Washington, April 6—The navy department has decided on Port Royal, S. C. as a navy hospital. Ships injured in battle or needing attention south of the Virginia capes will be sent there.
CONSERVATIVE ELEMENT MEET.
Washington, April 6—The conservative element of the senate met this morning to consider what to do in case the resolution is reported calling for the recognition of Cuban independence. The general purpose is expressed as being opposed to the adoption of any resolution which is not confined to the support of the president's plan of intervention.
WILL ACT IMMEDIATELY.
Washington, April 6—Congress has decided that when the president's message is received that it shall be referred by both houses to the committees on foreign relations which are ready to act immediately.
If necessary General Lee's request

for more time will be heeded. If Lee is safe out of Havana harbor tomorrow morning at 10 o'clock the message will be reported to congress with recommendations to act immediately.
Tremendous pressure was brought to bear on both houses this morning to compel a postponement of final action until tomorrow.
WILL CAUCUS TONIGHT.
Washington, April 6—The republicans of both houses will meet in caucus tonight at 8 o'clock when action on the president's message will be decided on. There are signs of the greatest activity at the war and navy departments. All telegraph and telephone lines are kept busy. General Lee says he can leave Havana at noon.
MAY WAIT OVER SUNDAY.
Washington, April 9—When the official announcement was brought from the White House to Chairman Davis that the lives of Americans who are unable to leave Havana today would be in danger if the message was read today, the senate agreed to wait over Sunday.
FORECAST OF PRESIDENT'S MESSAGE.
Washington, April 6—The president's message is waiting for Lee and the Americans to get away safely from Cuba. They are not able to get transportation sufficient for the number now on the island. The most important provisions of the message: The tone is firm and vigorous. It recommends that the president be empowered to use armed land and naval forces to expel Spain from Cuba. The qualification, "at his discretion," was so strongly urged by one element of congress that it will be left to congress to say whether authority shall be used by the president immediately or at his discretion. The message contains no recommendation for the recommendation of Cuban independence. The president is unalterably opposed to such an action at present.

Refugees Going to Key West.
By Wire to THE TELEGRAM.
Key West, April 5—This is evidence of extreme excitement in the city today in anticipation of the crisis. Preparations are being made to receive Consul General Fitzhugh Lee. A room has been engaged for him at a hotel. A government steamship is coming from Havana loaded to the guards with refugees.
Gold Comes From Europe.
By Wire to THE TELEGRAM.
New York, April 6—The steamer Kaiser Wilhelm der Grosse arrived last night from Europe and brought with her five million, two hundred thousand dollars of gold.

North Carolina's Mills.
"Nearly all the cotton and woolen mills of North Carolina," according to the local correspondent of the Wool and Cotton Reporter, "are running on either double or extra time. Even the new plants put in operation during the present year, of which there are quite a number, have orders which necessitate extra time operations. Many of the latter are selling their products largely, some of them wholly, to the foreign trade, China and Japan being large customers. One of the Carolina mills shipped goods, representing three months' output directly to Japan the goods having been bought before being manufactured." This is pleasing news to be sure, but it has one unpleasant suggestion in it. "All the woolen mills" in North Carolina are running on double or extra time, and there is not one in South Carolina.—Charleston News and Courier.

CAPT. ASHE INJURED.
Thrown from His Seat on the Freight Last Night.
Last night Capt. S. A. Ashe, who was returning from Durham on the freight train, suffered an accident that came near resulting seriously. He was sitting in the upper part of the caboose. When the train reached Morrisville he was thrown forward on his seat by a sudden jerk and his head was thrust through the glass window. An artery was cut and the wound bled profusely.
Dr. A. T. Cotton was called in and accompanied Capt. Ashe to Raleigh. He was quite weak from loss of blood, but the injuries, though painful, are not serious. He had a narrow escape.—News and Observer.

ENDEAVORING TO AVERT WAR
Doubts Expressed as to the Success of the Attempt.
CHANCE FOR HONORABLE PEACE
England Assures the United States of Her Sympathy in Our Cuban Policy.
By Cable to THE TELEGRAM.
Madrid, April 6—Spain is endeavoring in every possible way to avert war. Doubts as to her success are freely expressed in all quarters.
A CHANCE FOR PEACE.
Madrid, April 6—The reply from Washington to the last suggestion of Minister Woodford, by which it is understood that honorable peace satisfactory to both countries can yet be secured, was received during the night. The contents were not divulged.
ENGLAND IS WITH US.
London, April 6—England has assured the United States of her fullest and most cordial sympathy with its Cuban policy.
FLEET COALING.
Hong Kong, April 6—The United States fleet here is preparing for sea. A supply of coal is being purchased from other warships.

THE WHITES RETIRED.
A South Carolina Shooting Bee Reported Through Atlanta.
Atlanta, April 5—A special to the Constitution from Columbia, S. C., says:
Near Newberry last night there was a battle between eight or ten whites and a score of negroes. A deputy sheriff, with a warrant for the arrest of Monroe Leitzey, charging him with assaulting John F. Banks, a member of the legislature, swore in a posse and went to the man's house late at night.
Leitzey called for help and twenty negroes from adjacent houses rushed out with shot guns, thinking it a lynching party. Firing on both sides was lively. Four whites and four negroes were wounded. The whites retired.
Coming to Greensboro.
Harold Holmes and the Merry Makers will begin a three night engagement at the academy tomorrow night. From a Greenville, S. C. paper we take the following:
The Merry Makers played to another appreciative audience last night and "The Heart of Cuba," which made such a decided hit Monday night, was presented again with even greater success.
Tonight a vaudeville performance will be given. There will be plenty of fun, lots of songs, good dancing and a number of new and catchy specialties.
The roaring farce comedy, entitled "Two Little Vagrants," will be one of the features of this evening's program. Trick scenery, something new in this city, will be brought into requisition and the performance in every way promises to be full of snap and sparkle.

Holton's New Chief Clerk.
S. T. Neale received notification yesterday of his removal as chief clerk in District Attorney Holton's office. Col. James Martin has been appointed to the vacancy and will assume charge of the position at once. Mr. Neale was chief clerk under R. B. Glenn and held over to this time. His services as chief clerk have been efficient and were perfectly satisfactory to both the ex-district attorney and the present one, but the ways of politics must prevail and Mr. Neale had to go because he is a democrat.
Col. Martin has resigned as U. S. commissioner.—Winston Journal.

EDITORS TO THE FRONT.
Ex-Confederate Wants to Command War Editors and Congressmen.
I was talking yesterday with a gentleman who won honor and promotion as a confederate soldier about the prospects of war. He is a strong anti-war man, and expresses his hostility to war vigorously and emphatically.
"I thought," he said, "that I would never go to war again. I am beyond the age and I had my share during the civil war, but I have about decided to enlist if we have a war with Spain upon one condition."
I ventured to ask what his condition was.
"I think of writing to the Governor and offering to volunteer if he will let me command a company composed exclusively of those editors and Congressmen who are clamoring for war, and who will be satisfied with nothing but war. I want to take them into the very front ranks, and where the fighting is the hottest and let them get a taste of what they say they want."
This anti-war man continued:
"I have no heart to see the flower of the country killed and ruins and country come to give freedom to a lot of negroes who are not fit for self-government. Three southern states by law disfranchise the negroes, saying that they cannot govern, and yet we are asked to go to war to procure independence for men not a whit better qualified than those whose votes give us bad government here."—News and Observer.

More Accurate Service in Greensboro Than Baltimore

Mr. C. M. Vanstory had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so changed them both. Mr. Vanstory sent the old lenses with an explanation to the oculist who had given the prescription and in reply received the following:
