**GREENSBORO FEMALE COLLEGE.**  
**The New Catalogue—Additions to the Faculty.**  
The city of Greensboro and Metho-  
dists throughout North Carolina have  
long had cause to be proud of that  
splendid and honored institution—  
Greensboro Female College. Never,  
perhaps, in its history of fifty-one  
years of usefulness has this college  
been capable of more efficient and  
thorough work in all its branches than  
at the present time.  
An energetic, practical man, Presi-  
dent Peacock, zealous for the best in-  
terests of the college, has gathered  
about him a faculty of which any in-  
stitution might well feel proud. They  
are specially prepared and peculiarly  
adapted to the work assigned to them.  
The Telegram acknowledges the re-  
ceipt of a copy of the new catalogue  
for 1897-'98 and announcement for  
1898-'99. It comprises an attractive,  
neatly printed and well arranged book  
of seventy-nine pages and should be  
read and studied by every patron and  
friend of this noble institution. This  
catalogue shows a total enrollment of  
161 pupils the past year. In the music  
department there were 122; art depart-  
ment, 39; elocution, 54; business  
course, 34. The book is replete with  
valuable information and any one in-  
terested can secure a copy by address-  
ing President Dred Peacock, Green-  
sboro, N. C.

The faculty for the ensuing year has  
undergone a change in four depart-  
ments and of the new members, princi-  
pally, we will speak in this article.  
The old members are well and favor-  
ably known and need no words of com-  
mendation at our hands. The new  
members are:

**REV. T. A. SMOOT, A. B.**  
The chair of science and philosophy  
is to be filled by Rev. T. A. Smoot.  
He is not an entire stranger to our  
people. While yet a young man, Mr.  
Smoot ranks high as a scholar, pro-  
found thinker and eloquent preacher.  
In securing his services, Greensboro  
Female College is to be congratulated.  
He is one of North Carolina's bright-  
est and most promising young men.  
He is a native of Iredell county, was  
prepared for college at Oak Institute  
in that county, entered Trinity in 1891  
and graduated with the degree of A.  
B. in June 1895. For two years he  
was headmaster of Trinity High school  
and resigned that position to  
take a special course at Vanderbilt  
University. He will fill the chair to  
which he has been called ably and ac-  
ceptably.

**MRS. N. F. SHELTON.**  
The department of English Language  
and Literature will be in charge of  
Mrs. N. F. Shelton, of Tennessee.  
Mrs. Shelton was educated at Nash-  
ville and is now principal of the Cum-  
berland (Tenn.) University Annex.  
This department, in her charge, will  
be kept up to its high standard of ex-  
cellence.

**MISS MARY O. BLACK.**  
This institution is honored in that  
an alumnae of the college is to have  
charge of the piano and voice culture  
department. Miss Mary O. Black has  
received three diplomas from this in-  
stitution, has had three years experi-  
ence in graduate work and two years  
in teaching. Pupils in this department  
are fortunate in this selection.

**MISS RACHEL SIMS.**  
Miss Rachel Sims has been selected  
for the department of elocution and  
physical culture. She is a native of  
Durham, N. C., was educated in  
Washington, D. C., and later pur-  
sued her studies in Boston, where she  
is now spending the summer. The  
work will not suffer under her care.  
The school of music is under the di-  
rection of Prof. J. W. Parker, who is  
assisted by a corps of able and com-  
petent teachers. Prof. Parker has for  
some time filled this position in the col-  
lege and his faithfulness and ability  
are recognized. He is capable in ev-  
ery respect and is doing efficient ser-  
vice.

The college library is the pride of  
President Peacock, who in speaking of  
it says: "We have every history of the  
state that has ever been published." There  
is no doubt about the fact that this  
library contains the best collection  
of information along this line in  
existence.

The Ethel Carr Peacock reading  
room was established in 1894 by Mrs.  
Dred Peacock in memory of her little  
daughter. A beautiful room was im-  
mediately furnished by the directors  
and the library now numbers some-  
thing like 5,500 volumes, a large num-  
ber of which have been added by Dr.  
Peacock the past year.  
The Telegram, with other friends of  
the college, congratulates the manage-  
ment upon the close of another suc-  
cessful year and rejoices with it in the  
splendid prospects for a bright future  
of increased usefulness. The histori-  
cal sketch of the college with which  
the catalogue closes is worth your at-  
tention and you will feel prouder of  
the institution for having read it.

**MEANING OF TODAY'S ACTIVITY**

**Sampson's Fleet Off the North Coast of Cuba,**

**NOTHING MORE FROM DEWEY.**

**Warships Off Cape Haytien—Accused Spaniards of Cowardice—Vice-President Capote Captured.**

While for prudential reasons suffi-  
ciently apparent the war department  
declines to make known any intended  
moves, advices from the most trust-  
worthy sources indicate that the in-  
vasion of Cuba will be made at several  
different points.

Transports have been provided for  
about 30,000 troops at the various  
gulf and South Atlantic ports. Whether  
Santiago de Cuba will be the ob-  
jective point of one of the corps of in-  
vasion is necessarily conjectural for the  
present.

The force equipped and available  
for the invasion is estimated at 20,000  
regulars and 13,000 volunteers. This  
force is stationed, for the most part,  
at Tampa. In addition there is a  
force of 40,000 volunteers at Chickamauga  
ready to move and it is under-  
stood that this will occupy the points  
vacated by the invading column.

Eight of the best equipped regiments  
have been ordered from Chickamauga  
to Tampa at once. Whether these  
regiments will accompany the ex-  
pedition or take possession of the  
camp at Tampa until other volunteer  
regiments are prepared to join them is  
not known.

It does not appear now that Porto  
Rico will be occupied before Cuba as  
was stated some days ago. The squad-  
ron under Cervera being cooped up  
and the reserve squadron still at Ca-  
diz it will be possible for Sampson to  
convoys the transports to Cuba and  
afterward intercept the Cadiz fleet be-  
fore it can reach San Juan.

The report that Schley will force the  
entrance to Santiago and attack Cer-  
vera in the harbor is perhaps purely  
conjectural. Such a course would for-  
feit the strategic advantage of the  
American commander's position. The  
alternative course of blocking the  
channel would appear the more prob-  
able. Santiago, however, is the sec-  
ond city of Cuba in importance and  
its reduction may be considered neces-  
sary to the complete subjection of  
Cuba. The possibility that the block-  
ading squadron may be scattered by a  
storm allowing Cervera to escape  
will doubtless lead to decisive steps  
to prevent such an eventuality.

The censorship of news will be more  
rigidly enforced until the expeditions  
have been landed and in the interim  
only meagre reports may be looked  
for.

**FRIENDLY SENTIMENTS.**  
By Cable THE TELEGRAM.  
Paris, May 31—Foreign Minister  
Hanotaux, in announcing the com-  
mercial agreement of the cabinet this  
morning remarked that the arrange-  
ment was indicative of friendly senti-  
ments between France and America.

**NOTHING FROM DEWEY.**  
Hong Kong, May 31—No news has  
been received here from Manila, to-  
day.

**SIGNALING FORBIDDEN.**  
Port au Prince, May 31—The authori-  
ties at Mole St. Nicholas have for-  
bidden signaling to any ship.

**CAMARA "DELAYED" AGAIN.**  
Gibraltar, May 31—Advices from  
Cadiz say that the forts there are  
mounting heavier guns. Admiral Ca-  
mara's departure has been delayed  
again owing to defects in some of the  
torpedo boats of his squadron.

**KEEPING CABLES HOT.**  
Kingston, Jamaica, May 31—Com-  
modore Schley and President McKin-  
ley are constantly cabling and impor-  
tant movements are hourly expected.

**CUBAN VICE-PRESIDENT CAPTURED.**  
Key West, May 31, (10 a. m.)—There  
seems to be little doubt that the Spani-  
ards have captured Vice-President  
Capote of the Cuban republic. The  
vessel in which he embarked accom-  
panied by his escort has been found  
beached at Cape Masi.

Cape Masi is the extreme eastern  
point on the Windward passage and  
is about 75 miles distant from Mole  
St. Nicholas, Hayti, for which point  
Vice-President Capote is supposed to  
have been making.

**SUCCESSFUL EXPEDITION.**  
Key West, May 31—The Florida  
expedition was a complete success.  
Five hundred Cubans were landed and  
are now with Garcia. A large quan-  
tity of arms and ammunition was also  
landed. The Spaniards were comple-  
tely out-witted and not a shot was fired.  
The Florida and her convoy the Osce-  
ola have returned.

**POLICY OF DELAY CHANGED**

**President Tells the Cabinet he is for Immediate Invasion.**

**SCHLEY TO WAIT FOR SAMPSON.**

**Is it Cuba or Porto Rico?—The Volunteer Regiment—Reinforcements and Supplies for Garcia.**

**WILL HE WAIT?**  
Washington, May 31—Every effort  
of the administration is being directed  
to the matter of getting orders to  
Commodore Schley to postpone the  
attack on Santiago and Admiral Cer-  
vera until Admiral Sampson and  
troops arrive. It is feared that Schley  
will not wait.

**PASSING ST. NICHOLAS.**  
New York, May 31—A despatch to  
the Post from Cape Haytien says:  
Gunboats report sighting five Ameri-  
can warships passing Mole St. Nicho-  
las.

**WHERE SAMPSON IS.**  
Aboard despatch boat off Cruz del  
Padro, Monday 30—Admiral Samp-  
son rejoined the fleet here this morn-  
ing. Officers of the fleet are confident  
that Schley has cooped up Cervera in  
the harbor of Santiago de Cuba and  
are expecting orders to co-operate in  
an attack.

Cruz de Padro is an island off the  
north coast of Cuba about 100 miles  
east of Havana and some twenty miles  
from the mainland.

**THE VESSEL ASHORE.**  
Boston, May 31—The Boston fruit  
company has received a cablegram  
stating that its large steamer Belvi-  
ere is ashore at Cape Masi, eastern  
end of Cuba. The vessel is probably  
a total wreck and the fate of the pas-  
sengers is unknown. The company  
says that Vice-President Capote of the  
Cuban republic was aboard the  
wrecked vessel.

**FEW VISITORS.**  
Washington, May 31—President Mc-  
Kinley spent a quiet day, few visitors  
being received.

**NOTES FROM HIGH POINT.**  
The Local News from Our Neighbor  
Briefly Told.  
**TELEGRAM BUREAU.**

lington this morning.

burg, Va., today to visit relatives.

been down to see his father returned  
home this morning. Mr. Smith is  
about the same.  
Mrs. N. W. Sapp and charming  
daughter Miss Zora, is spending the  
day in the city.

**A Tandem, Not a Bicycle.**  
W. A. Wingate and Clarence Bogart  
went out on the former's new  
tandem last night without the required  
lamp and this afternoon they were  
cited to appear before His Honor,  
Mayor Nelson for riding a bicycle  
without a light. Bogart says that  
the way out of the charge is plain and  
easy; they were riding a tandem not a  
bicycle. His Honor's decision in the  
case will be awaited with interest.

**Female Highway Robbers.**  
Policemen Whittington and Pearce  
last night arrested Ellen Powell and  
Georgia McGibbony, two colored wo-  
men, who are charged with highway  
robbery. It is claimed that on last  
Saturday evening they knocked a boy  
in the head and robbed him of eighty-  
five cents. Judge Robinson will  
probably diagnose their case and  
prescribe for them next week.

**BOTTOM BROPPED OUT.**

**A Great Surprise to Those Antici- pating Advances.**

**By Wire to THE TELEGRAM.**

Chicago, May 31—The bottom  
dropped out of the May wheat deal  
this morning. Instead of the price  
booming to two dollars per bushel on  
the final day of delivery of May con-  
tracts and before the delivery could be  
made at the price which closed Satur-  
day, one dollar and seventy-five, it  
opened this morning at one dollar and  
forty. Fifteen minutes later it was a  
dollar and twenty-five.  
It is a big smash and a great sur-  
prise to those who were anticipating a  
sensational advance. It indicated the  
shorts which were covered through the  
private settlements since Saturday  
with Letter. July wheat is seven cents  
below Saturday's closing.

**LETTER'S PROFITS.**  
Chicago, May 31—Letter's profits on  
the May wheat deal is estimated at  
seven million dollars.

**Court Next Week.**  
Guilford county Superior court will  
convene next Monday with Judge  
Robinson on the bench. This will  
make three successive terms of court  
over which Judge Robinson has pre-  
sided in this county. According to  
the plan of rotation it will be a long  
time before he will visit us again, and  
according to the determination of  
the voters of the state he will never,  
after the expiration of the present  
term, have the opportunity of visiting  
us again in the capacity of judge.

**LEAVING CHATTANOOGA.**  
Chattanooga, May 31, (10:32 a. m.)  
—Early this morning the 69th regiment  
of New York volunteers received or-  
ders to move to Tampa immediately.

**ORDER TO GENERAL LEE.**  
Washington, May 31—It is rumored  
here that General Lee has been or-  
dered to hurry from Tampa to Jack-  
sonville. The reason for this order is not  
given.

**YELLOW JOURNALS OR CIGARETTES?**  
Washington, May 31—Augustus W.  
Stowe arrived here this morning. He  
announced that he would be inaugu-  
rated president at 10 o'clock and  
would invade Spain immediately. He  
was arrested.

**MEANS BUSINESS.**  
Washington, May 31—An order di-  
recting eight regiments to go to Tampa  
from Chickamauga is construed as  
meaning that the government contem-  
plates the occupation of both Santiago  
de Cuba and the province of Porto  
Rico without unnecessary delay. The  
number of men included in this order  
is eight thousand to be composed of  
the best troops in the volunteer army.

**IS IT PORTO RICO?**  
Washington, May 31—The impres-  
sion is growing that Porto Rico is the  
objective point of the invading ex-  
pedition. If this is the case Sampson  
will protect the troops through the  
Windward Passage. McKinley is de-  
termined to occupy Porto Rico before  
Spain can sue for peace.

**COLONEL APPLETON DENIES.**  
New York, May 31—Colonel Apple-  
ton of the seventieth New York reg-  
iment denies that his regiment has  
been ordered to the front.

**A WREATHY SEA CAPTAIN.**  
Key West, May 31—Captain Mer-  
lin, of the British steamer Restormel,  
captured by the St. Paul and sent to  
this port, says that his failure to land  
his cargo of coal at Santiago de Cuba  
was due to the cowardice of the Spani-  
ards.

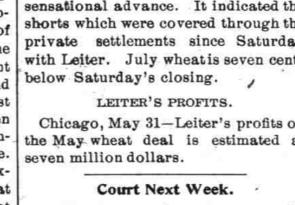

**The New Company.**  
The organization of the new company  
is progressing as well as could be ex-  
pected, say the men at the head of the  
movement. There is some talk of a  
combination with the squad organized  
by Simpson Schenck though no defi-  
nite action has been taken as yet. It is  
not thought there will be any difficulty  
in having the company mustered in  
despite the determination of the war  
department to recruit the companies  
already organized up to 104 men in-  
stead of organizing new companies.  
Governor Russell is understood to  
have declined to accede to this ar-  
rangement. Julius Price who is inter-  
ested in raising the company has gone  
to his old home in Virginia to secure  
recruits. In regard to the company  
being organized by Simpson Schenck  
the impression has gone abroad that  
his officers have been already elected.  
This is a mistake. It was the home  
guard company, not the volunteer  
company that elected officers. Officers  
of the latter are still to be chosen.
