Broke up the Den? A very clever and creditable piece of work has been done by Officer Scott of the police force. For several months he has had an inkling that certain gentlemen of sporting tendencies were passing the chips in the night and otherwise wooing dame fortune in games of chance and hazard.

Fatal Row at Tampa. Savannah, Ga., June 9—A riot among United States troops at Tampa Monday night caused the death of four negro regulars. It is impossible to obtain full particulars, owing to the censor, but it is known that regulars were indulging in a drunken revelry when met by a body of Southern volunteers and a fight precipitated, in which fire arms are said to have been used.

LIBERALS WANT THE ALLIANCE

Anxious that the Matter be Handled With Care.

MERRITT HURRYING TO DEPART.

Monterey Delayed—No News for McKinley—Cables All Cut—Troops to Leave Chickamauga.

By Cable THE TELEGRAM. London, June 10—The Westminster Gazette this afternoon says that the Liberals desire nothing more than to draw more closely the bonds of friendship and good will with America. The attention of the leaders is drawn to several points that need careful handling because, judging from the present conduct of foreign affairs, there are grounds for fearing that the best policy may be wrecked by lack of wisdom and perseverance.

SECOND PHILIPPINE EXPEDITION.

San Francisco, June 10—General Wesley Merritt, in obedience to orders, is hurrying the preparations necessary for the departure of the second transport fleet to the Philippines. Large quantities of provisions and ammunition are being rushed aboard the China, Colon, and Zealandia. The transports, Senator, City of Pueblo, and Queen will soon be ready for troops. The Zealandia is expected to sail this afternoon.

MONTEREY INJURED?

The monitor was heading apparently for the passage between Santa Cruise and Santa Tosa island and thence seaward. It is supposed that the monitor had been compelled to seek quiet waters to repair some injury.

QUIET IN WASHINGTON.

Washington, June 10—President passed a quiet morning today and received nothing official until the arrival of the cabinet. He was disturbed less than usual by demands for personal interviews. He was closeted for a short time with Senators Lindsay, (Kentucky) and Platt (New York), and Representatives Hooker (New York) and Hawley (Texas). Mrs. Hart called on the president and asked for the official papers which release her pardoned husband, Capt. John Hart.

CABLE CHOPPED AGAIN.

GARRISONING THE FORTS.

Camp Black, June 10—The 22nd regiment of New York was moved this morning under orders issued some days ago. The regiment will be used to garrison forts Schuyler, Slocum and Willett's Point. The only troops remaining in the city now unassigned is the first battalion of the 47th regiment. The others are at Tampa, Chickamauga and points above.

Referred to Blanco.

Madrid, June 9—A dispatch to the Imparcial from Havana says that Sampson on Wednesday sent Cervera a proposal to exchange prisoners so as to obtain Hobson and others of the Merrimac crew. General Linares, commander of Spanish troops in Santiago, replied that such negotiations must be conducted with Blanco.

The government declines to add anything to reports from Santiago, but newspapers admit that the Vizcaya was hit twice and the Furor once. Ministers admit receiving later telegrams which are believed to have been of serious import.

Tenth Private Convicted.

San Francisco, June 9—The general court-martial in session at Camp Merritt has convicted John Campbell, of the Tenth Pennsylvania volunteers, who attacked a colored man at Mount Gretna, Pa., just before the regiment left for the coast. NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU. HIGH POINT, N. C., June 10, '98. Misses Harris and Robbins, of Trinity, were visitors to the city today.

J. B. Best arrived in the city today on northbound train.

Several Archdale young ladies came up yesterday afternoon on wheels.

The Ladies Aid Society of the Presbyterian church gave a reception last night to the members of that church so that they might get acquainted with their new pastor. A delightful exercise was well rendered after which elegant refreshments were served. Tuesday night being the annual meeting of the school board it was fraught with much interest on account of it being the time for election of superintendent and teachers for the coming year. Prof. Geo. H. Crowell was unanimously re-elected superintendent. All the old faculty was re-elected. The board was exceedingly gratified at the work of last year and the reelection of the old faculty without a dissenting voice is the highest compliment that could have been paid the efficiency of their work, and the only way of demonstrating confidence in it in the future.

The Captain and the Red.

As to the second call for troops and the matter of recruiting, Gen. Cowles said: "With the eighty-fifth tender of a company, I have stopped the list. There is no telling how many offers would have been made, certainly over 100. Col. Burgwyn is getting many tenders of squads. He has enough of these to fill his regiment if the tender materialize." One of the captains of the Second is in trouble. He is from the west. Two weeks ago he "looked upon the wine when it was red" as they say in the army said, "How" too often. So he was arrested in town and had a close call. Yesterday he had a return of the habit and was under arrest. It is whispered that his company may have another captain.—Col. Olds correspondence.

The College Endowments.

It was learned that it is the plan of Washington Duke to make his total gift to Trinity College \$1,000,000. It is also learned that President Taylor, of Wake Forest College, is at New York to see the widow of the late G. W. Bostick in regard to the \$100,000 which her husband desired to add to his other gifts to the college, thus making its endowment \$350,000. Bostick gave the college \$24,000 in the Standard Oil Company's stock, which has a market value of \$108,000.—Raleigh Correspondent Charlotte Observer.

Oil on the Waters.

London, June 9—The Madrid correspondent of the Times says that Sagasta is trying to calm public opinion by assuring those with whom he converses that things are not so bad in the Philippines as they seem, and that the government has taken remedial measures. He adds that all is quiet in Cuba, public tranquility and loyal enthusiasm reign in Porto Rico, and no peace negotiations begun, because at the moment there is nothing to negotiate about.

French Cabinet Crisis.

Paris, June 8—The following semi-official note was issued this afternoon. The ministers have placed their resignations at the disposal of M. SEEKING PEACE?

Washington, June 10—There is no official confirmation here of the Madrid, Paris and Vienna despatches stating that Spain is seeking peace through the mediation of the Pope or the powers.

SAGASTA RIDICULED.

London, June 10—The denial of Premier Sagasta that Spain is seeking peace has been received with ridicule here by men well acquainted with Spanish policy. It is perfectly well known in diplomatic circles that Spain has been for sometime making every effort to end the war with the least possible loss of territory and dignity. It is quite generally believed that the queen regent has appealed to Austria and the Vatican to hasten the cessation of hostilities.

THE TRAITOROUS COAL DEALERS.

Philadelphia, June 10—There have been no fresh developments today in the investigation being conducted by District Attorney Betts and Chief McManus, of the secret service, into the operations of certain well-known coal dealers here. The revelation of the case against the coal men has been the topic of the town. The officials refuse to reveal the exact character of the information or the names of the operators but the charge will be selling large quantities of coal to Spanish agents since the outbreak of hostilities. Assistant District Attorney Kane, when seen this morning, said he had nothing to add to the facts already made public and that no overt action would be taken until further developments. The arrest of the operators is expected to follow shortly.

Norfolk, June 9—Thomas Spain, of Norfolk, received today a letter from Carrollton Rhea, telling of the landing of the first battalion of marines at Aguadores, Cuba, which occurred, he said, a week ago. Rhea, who is from Norfolk, is a member of the first battalion. He wrote that the Americans landed at Aguadores, a town near Santiago, that shortly after landing they were attacked by a Spanish force. In the skirmish, which ensued, two Americans were killed, Rhea says, and 30 of the enemy.

Fleet May Sail for Spain.

Washington, June 9—On good authority it is said that the plans of the Administration with regard to Spain extend much further than now supposed even by those on the inside.

The statement is made that if Spain does not surrender with the fall of Porto Rico and Santiago she will be made to feel the sting of war at her own doors. The Canaries will be assailed and the Spanish seaports bombarded.

Another Spanish Squadron.

Key West, June 9—It is reported here today that a Spanish squadron, consisting of one large cruiser, two small cruisers and a torpedo-boat, were seen last night in Nicholas Channel by one of the mosquito fleet.
