FOR LIQUOR LICENSE. A Number of Applications Filed-- Other Business Transacted. The board of aldermen met, last night the mayor in the chair, all present except Bogart, Elam and Ellington. The street committee reported the work on North Greene street near the cemetery as progressing well. The firemen's committee recommended changes to be made in the engine house and presented bids which had been received from parties wishing to do the work. W. B. Beacham being the lowest bidder, the contract was awarded him at \$24. The committee appointed to settle with the city officers made its report. The books and accounts of the various officers were accurately and neatly kept, and special attention was called to the very small list of insolvents returned by the tax collector. President Dudley, of A. & M. College, asked for an electric light for the college. Referred to light committee. The board of education presented an estimate of the amount of money required to run the public schools for the ensuing year. Referred to school committee. The following persons applied for license to sell liquor by retail: E. G. Newcomb, J. R. Coble, E. G. West, R. P. Gorrel, S. J. McCauley and B. J. Fisher all at their present places; and Braxton Arman in the Balsley building on South Elm, C. H. Coble in Jeffrey's building—under the rule these applications went over until next meeting, and were referred to the police committee. Messrs. Sergeant and Ireland, of the board of education, and Dr. McIver, president of the Normal College, appeared before the board in regard to an increased appropriation for the graded school at the Normal. Dr. McIver's proposition was that the Normal will erect a building for this school if the city will pay as much per capita for each student as in the other schools. Referred to school committee. The salary of city attorney was fixed at \$300 per year, and the attorney will receive no fees for cases in court as heretofore. A. M. Seales was re-elected. The board went into the election of Mayor pro tem. Alderman Shaw nominated Alderman Sergeant and Mr. Sergeant nominated Mr. Shaw. Alderman Bain was appointed teller. The first ballot resulted: Sergeant five, Shaw three, Sergeant was declared elected mayor pro tem. Summit avenue committee reported the progress of the work as satisfactory, and the board commended the committee's work. Adjourned.

Drank Carbollic. This morning about ten o'clock the 18-month old little boy of Mr. Harper J. Elam, in some way managed to get hold of a bottle of carbollic acid and before it was discovered had drank a portion of its contents and spilled the rest on its clothing. It is not known how much of the fiery fluid the little fellow swallowed, but little hope is entertained for his recovery. He seemed to be resting a little easier just after noon. We deeply sympathize with the family in the unfortunate occurrence, and sincerely hope the light and joy of the fond parents may be spared to them.

He Was Sleeping. This morning while the waiting room at the Southern was crowded with ladies who were going to Wilkesboro to attend the annual convention of the W. C. T. U., and Winston to attend the meeting of the Woman's Board of Missions and to various other places, a drunken man sat in one corner sleeping—not too quietly. Officer Jordan woke him up and started to the lock-up with him, but just then the man remembered that he was half an hour overdue at home and told the officer he must go. Officer Jordan turned him loose and he wended his way homeward.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

ADMIRAL SAMPSON WRATHY Over the Delay in Sending Him Reinforcements, HE PRAISES HOBSON'S WORK. Convoys Chase Spanish Spooks Around Gulf—Fortress Monroe Quiet—Off to Manila. By Wire to THE TELEGRAM. Washington, June 11—A long cipher dispatch from Admiral Sampson was received this morning at the navigation bureau. The despatch is dated from Port Antonio and is said to contain news of utmost importance. It is known that the delay in sending troops to him to assist in holding the ground and the necessity of daily bombarding Santiago and the adjacent points to prevent the mounting of guns and defenses by the Spaniards have greatly irritated the admiral. The cipher message is supposed to deal with this phase of the situation and to strongly urge upon the department the expediency of hasty action. The admiral also communicated to the navy department the number and names of the ships of his fleet that he has sent to meet and reinforce the convoys. The newest plan of the administration which contemplates the holding of troop ships near Key West until Monday does not meet the approval of Sampson. He wants the transports to sail for Santiago immediately so that he will not be under the necessity of having to reduce the fortifications one day and on the next day do his work over again because of the lack of troops.

SCARE SUBSIDES. Newport News, June 11—A despatch received here from Washington, served to quiet the excitement at Fortress Monroe caused by the report that several Spanish warships had been seen off the Capes. The despatch said that only one vessel, and that one probably a German freighter, had been sighted. The officers continue vigilant. HEALTH SATISFACTORY. Key West, June 11—The wet season began with last night's showers which were refreshing to everybody and everything. This morning's advisers from Cuba state that the health of the sailors of the fleet continues satisfactory. Only 48 cases and one serious are in the four hospitals. POT CALLS KETTLEBLACK. Washington, June 11—All operations against the Spaniards in Cuba remain suspended while the convoys chase spook Spanish ships around the gulf. The war department is indignant at the timidity of the navy department. Secretary Long says convoys will return in time for the troop ships to start tomorrow. The first part of the second Manila expedition is expected to sail from San Francisco today. PRAISES HOBSON. Washington, June 11—In his report on the sinking of the Merrimac Admiral Sampson says: "I cannot too earnestly express my appreciation of the conduct of Mr. Hobson and his gallant crew. I venture to say that a more brave and daring thing has not been done since Cushing blew up the Albemarle. Referring to the inspiring letter which you addressed to the officers at the beginning of the war, I am sure you will offer suitable professional rewards to Mr. Hobson and his companions. I must add that Commander Miller relinquished command of the vessel with the greatest reluctance believing he would return his command under all circumstances. He was however finally convinced that for another person to attempt to carry out a multitude of details which had been prepared by Mr. Hobson might endanger the proper execution of the plan. There were hundreds of volunteers anxious to participate. There were a hundred and fifty from the Iowa, nearly as many from the New York and large numbers from all the other ships. Officers and men alike volunteered their services."

THIRD PHILIPPINE EXPEDITION. San Francisco, June 11—There is a rumor current that Camp Merritt will be removed to Presidio but upon investigation it was proven to be unfounded. The third expedition that sails for the Philippines will be composed of United States regulars. The volunteer regiments are rapidly being recruited to the regular war strength. The transports that will compose the troop squadron are the Para, Ohio, Indiana, Victoria, Olympia, Arizona and City of Puebla.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

NOTES FROM HIGH POINT. The Local News from Our Neighbor Briefly Told. TELEGRAM BUREAU. HIGH POINT, N. C., June 11, '98. Ed Steele spent yesterday in Greensboro.

Miss Bráshaw passed through the city this morning en route to Asheville. Prof. Geo. H. Crowell left today for his old home to pay a visit to his mother. Miss Maie Carr, of the G. F. C., passed through last night en route to her home in Trinity.

Mrs. J. H. West, who has been visiting the family of Mr. Frank Bain, left last night for Salisbury. She will return to Greensboro tonight.

Miss Sallie Millis, of this city, and Mr. Westcott, of Chapel Hill, made a visit to Asheville yesterday.

Messdames Kelsey, Dorsett and Cartland and Miss Rena Worth left this morning for North Wilkesboro to attend the sixteenth annual convention of the W. C. T. U.

Miss Ida Tomlinson, of Goldsboro, arrived in the city this morning and went out to Archdale to spend some time at her old home.

Mrs. L. L. Wheeler and her niece, Miss Elizabeth Dowd, returned home this morning after spending ten days in Greensboro.

Miss Jennie Rolland, of Henderson, who has been visiting Mrs. Ferde Ingold, passed through this morning returning home.

Mr. W. C. Hammond, of Archdale, caught a terrapin Thursday that had "Grant, 1864" cut on his shell. Mr. Hammond cut right under that "Dewey, 1898" and it went on its way rejoicing.

ALMOST A COINCIDENCE. Reminded of an Accident Which Happened Thirty-Seven Years Ago. In speaking of the recent accident to Lieutenant Colonel Cowles, on Hillsboro street, Raleigh, in which his leg was broken by his horse falling on him. Mr. T. T. Brooks of this city, tells us that in 1861 a similar accident happened to Lieutenant Colonel Harry Burgwyn on the same street in Raleigh. Colonel Burgwyn's horse fell with him and instead of a leg his collar bone was broken.

Then, as at this time, North Carolina troops were encamped at Raleigh. Zeb Vance was colonel of the famous 96th and Harry Burgwyn was lieutenant colonel. Now, W. H. S. Burgwyn, a brother of Harry, is colonel of the 2nd regiment and Cowles is lieutenant colonel. Mr. Brooks belonged to the 26th and remembers the incident well. It is a coincidence in that the accident happened to officers of the same rank, on the same street and in the same manner—by the falling of a horse.

Hunting for Recruits. The vestibule at noon today brought a party of lieutenants and sergeants from Jacksonville who are going back to their respective states for recruits. The companies at Jacksonville must be recruited to 109 men each. Some of these officers were from New York, New Jersey, Virginia and North Carolina. The North Carolina party was composed of Second Lieutenant T. B. Christian, of Durham; First Sergeant C. C. Bunce, of Raleigh; First Sergeant Hutton, of Goldsboro; First Sergeant Oldham, of Durham, and a sergeant from Reidsville. The North Carolina boys changed cars here for Raleigh. They report only two men sick in the North Carolina regiment, but not seriously. They hope to return to Jacksonville with the required number in about three weeks, though, of course, it is impossible to say how soon they will be raised.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by C. E. Holton.

New British Ambassador. By Cable to THE TELEGRAM. London June 11.—Sir Charles Stewart succeeds Sir Nicholas O'Connor as British ambassador to Russia.

ENGLAND MUCH INTERESTED She Will Attend to Europe in Event of Intervention. TEMERARIO ORDERED TO LEAVE Havana Famine Stricken—Terror is Safe—Rainy Season Sets In. Deputies in Revolt. By Wire to THE TELEGRAM. New York, June 11—Sir Thomas Lipton, the great English tea merchant, arrived on the Lucania this morning. He said all England was intensely interested in the war and that Englishmen would not allow any interference by the powers. England will attend to the European nations leaving the Americans to deal with Spain just exactly as she sees fit. If it should become necessary England will send one hundred thousand soldiers to the assistance of America. We do not believe that there will be any call upon us as the whole world knows nothing can win against America.

FAMINE IN HAVANA. Kingston, Jamaica, June 11—Reports of the famine in the city of Havana continue despite the efforts of the authorities to suppress them. It is believed that General Blanco will not be able to hold out much longer under the present siege.

TERROR SAFE. Madrid, June 11—The Spanish torpedo boat destroyer Terror is reported safe in the harbor at San Juan de Puerto Rico.

TEMERARIO ORDERED AWAY. Asunción, Paraguay, June 11—The authorities have ordered the Spanish gunboat Temerario to leave this port immediately.

CERVERA ISOLATED. Aboard Despatch boat, off Santiago, June 6, via Kingston, Jamaica—The American steamer Adria cut the Santiago-Kingston cable last Sunday and thereby isolated Admiral Cervera from the rest of the world.

ALL NOT SERENE IN PORTO RICO. Madrid, June 11—A dispatch from Porto Rico says the deputies desire the immediate assembling of the chambers and threaten to appeal to Spanish chamber if Governor General Macias opposes them. If this demand is met with a refusal by Spain the deputies will resign.

TROOPS LANDED. Caimanera, Cuba, June 10, via Kingston, June 11—Six hundred American troops were landed here today and established themselves at the naval station. They found the Spanish forts in ruins.

MURDER IN NEW YORK. Body of Jos. Britz Found Floating in East River. By Wire to THE TELEGRAM. New York, June 11—The body of a man, five feet, ten inches long with dark hair and complexion and apparently about 28 years old, was found floating in East river at six o'clock this morning. The arms and legs of the body were tightly pinioned by a rope wrapped many times around the body and tied in several knots between the shoulder blades. The face was badly cut and much bruised. It is believed that it is the body of Joseph Britz, of Brooklyn, who disappeared on June 1st, with six hundred dollars belonging to his father. From the appearance of his body it is thought that Britz was murdered.

Another Murder. By Wire to THE TELEGRAM. New York, June 11—The body of a man five feet, six inches high, weighing 150 pounds, with gray beard and hair, and apparently about sixty years old, was found in the woods near Jamaica this morning. The body was clothed only in a suit of underwear and was badly decomposed.

Roosting on Uncle Samuel. A day or two ago attention was called to the crowd of negroes who loaf on the stone coping around the postoffice. It is a nuisance and as such the town has a right to put a stop to it. It is trespassing on government property the postoffice authorities in this instance, have a right to stop it. We know it is objectionable because any number of people of both sexes have said so. If the crowd were clean and quiet it might be borne but when the loafers swear without regard to the passing of ladies and convert the sidewalk into a cuspidor the citizens of the town have a right to demand that the practice be stopped. We feel sure that neither Postmaster Glenn nor the police authorities will permit the continuance of this nuisance when their attention is called to the fact that it is a thoroughly superstitious annoyance to every woman and man who has occasion to enter the postoffice.

KILLED BY THE TRAIN. Went to Sleep on the Track and Never Awoke. Special to THE TELEGRAM. Reidsville, N. C., June 11—The north-bound passenger train last night about twelve o'clock ran over and killed Nat Borum about six miles from this place. The facts in the case, so far as we can learn, are as follows: A party was given last night at the residence of Mr. Dick Stokes, at Reidsville, and quite a number of young people attended, among the number were two sisters of Borum. About eleven o'clock young Borum went to Mr. Stokes' to accompany his sisters home and as the party had not broken up and having on his everyday clothes, Borum decided to remain on the outside and await his sisters. It is supposed that he sat on the railroad track, which is just in front of Mr. Stokes' house, and fell asleep. The roar of the train failed to awake him and when the party finally ended his torn and mangled body was found strewn up and down the track. Borum was a young man, hardly out of his teens, and had held in high esteem by all who knew him. He will be buried at his home near Reidsville this afternoon.
