

EUREKA!

(I have found it)
The Best Shirt Waist, Skirt and Belt Holder invented since Shirt Waists have been in use.
It is impossible for the skirt to sag or the waist to get baggy in the back, or the belt to work up so as to show the skirt band. When once adjusted it can be removed with waist, requiring no attention in dressing except buckling in front.
Detachable Hooks in Black, Tan and White accompany each supporter, suitable for any colored belt; also, eyes for three waists and skirts.
Guaranteed not to rust or soil the clothing.

LIQUOR LICENSES GRANTED.

Matters Attended to By the Board of Aldermen Last Night.

The board of aldermen met last night, all present except Alderman Shaw. The mayor was in the chair. The school committee made a report recommending the payment to the State Normal College of an increased allowance to meet the growing demands of the graded school taught at the college. Adopted.
Applications for license to retail liquor were considered. E. G. Newcomb, J. R. Coble, E. G. West, R. P. Gorrell, C. H. Coble, S. J. McCauley, and B. J. Fisher, were recommended for license. The consideration of the application of Braxton Armon was continued.
The board fixed the salary of the city engineer at \$50 per month. The election of city engineer was postponed until next meeting.
The board's attention was called to the condition of the town clock, and on motion of Alderman Pickard a committee of two was appointed to look into the matter. The clock needs painting and a canvass is needed to cover the works.
A proposition was received from C. E. Holton and J. C. Murchison in regard to putting drain pipes across E. Market street. Referred to street committee with power to act.
Alderman Lewis asked that the fire engine house be connected with the sewer. Referred to firemen's committee.
The license or privilege tax was fixed the same as last year.
The plans for a bridge across North Buffalo near the water works was presented. Alderman McKinney moved that the plans as drawn be accepted, and the street committee be authorized to build the bridge.
Adjourned.

LINNEY STILL HOPEFUL.
The Report That He Admitted His Defeat is Untrue.

A report sent last Wednesday from the twin-cities stated that Mr. R. Z. Linney had admitted to Congressman Skinner that he was already defeated for the nomination as representative of the Eighth district. This report is entirely false as the two dispatches to the Charlotte Observer, given below, prove:
Editor of the Observer:
The report in the newspapers that I admitted to Congressman Skinner that I was defeated is false. Mr. Skinner has wired The Observer that it is false. No one but a moral idiot, operating an incubator to hatch lies, would have started such a report. Please let this mild denial appear in The Observer.
Very truly,
R. Z. Linney.
On Train, June 23, 1898.
Editor of the Observer:
The published statement that Representative Linney had admitted to me that he was defeated, is absolutely false.
Harry Skinner.
Washington, June 23, 1898.

The Singin Skule Good and Funny.

The "Singin Skule" which the ladies of West Market Street Church are preparing to present at the court house Friday night, July 1st, has been a great laughing success all through the south. The Wilmington Messenger of January 5th says: "Mr. Jedediah Bobbins 'Singin Skule' was presented last evening in the spacious Y. M. C. A. auditorium and met with fine success. The entertainment was of course funny and was produced by a large cast of Wilmington's talented young people, each costumed in accord with the character he or she played. Mr. Bertram's Precilly Bobbins and Mr. Willard's Jedediah Bobbins were very amusing characters. In fact the entire performance was highly amusing and entertaining. Each of the participants was the recipient of hearty applause."

Greatly Enjoyed.
Mr. J. H. West, who as a caterer has few equals, brought into the Telegram office a freezer of his cream this afternoon. The cream was splendid and was much enjoyed. Mr. West has the everlasting thanks of the whole force for his thoughtfulness and generosity.

Had a Finger Mashed.
While examining some new cider mills received by the Greensboro Hardware company today Mr. M. C. Stewart, one of the firm, had the misfortune to catch the middle of his left hand in some cog-wheels. The end of the finger was badly mashed and caused Mr. Stewart severe pain for awhile. The finger was dressed and Mr. Stewart returned to the store and further examined the mill with "hands off and eyes on."

FIERCEST BATTLE IN CUBA.

Yesterday's Engagement Graver Than First Reported.

CITY OF SANTIAGO IS DOOMED.

Sunday We Will be at the City's Gates—Army and Navy Will Make a Concerted Attack.

By Cable to THE TELEGRAM.
Plaza del Este, June 25—Later reports indicate yesterday's action as much graver than the first information received stated. The rough riders undoubtedly fought against great odds as the Spaniards had much the best position though in numbers the contending troops were about equal. The official list of the injured is withheld by the medical department. Colonel Wood's first report states that ten were killed and forty wounded. It is generally accepted that the advance on Santiago will be a succession of bush-whacking.

The following is the latest list obtainable of the persons killed in yesterday's battle: Capt. Dapron, Sergeant Hamilton Fish, Jr., Privates Tillman, Dougherty, Crews Culver, Dawson, Heffner and Erwin, of the Rough Riders and Corporal Wheeler and privates Kolbe, York, Dickson, Lennark, Burling and Captain Luna, of the First cavalry of the Cuban army.

FIRST DESPATCH.
Washington, June 26—The first despatch from General Shafter concerning the engagement between the Spanish and American forces reached the war department at noon from Baquira. Further news from Gen. Wheeler places the American loss at ten killed and forty wounded. The wounded are: Major Brodie, Capt. McClintock, Lieut. Thomas, Major Bell, Capt. Knox, Lieut. Byram, Capt. Knox was seriously wounded. Capt. Wainwright, reported wounded, is uninjured. Capt. Capron was killed. Names of others killed and wounded unknown. Spaniards occupied a strongly entrenched position on a high hill and the firing lasted for an hour. The enemy was driven from the position which is now occupied by the Americans, about a mile and a half from Seville. The enemy retired toward Santiago.

SANTIAGO'S DEATH KNELL.
Washington, June 25—General Miles believes a final concerted assault on Santiago began this morning and will be continued until the city surrenders. Secretary Long received a cablegram from Admiral Sampson announcing a proposed bombardment of the harbor batteries to begin and continue until all of them are silenced. When this is accomplished he will force an entrance into the harbor. General Miles and Secretary Long both expect quick and decisive work by both arms of America's fighting force.

SANTIAGO BY SUNDAY.
Port Antonio, June 25—The latest despatches from the army estimate that the American troops will storm the outside intrenchments today and will be at the gates of Santiago by Sunday. If capable of holding the advantage the Cubans will be given the post of honor. A junction has been formed between Generals Garcia and Castillo. It is reported the troops stand in great need of horses.

THE SPANISH VESSEL.
Madrid, June 25—An official report from General Blanco says that in an attack by American soldiers on the Spaniards yesterday morning the Yankees were repulsed and put to flight with the Spaniards in hot pursuit, taking possession of ammunition and clothes left behind by the fleeing Americans. The Spanish loss was three killed and three wounded. The report also says the Americans bombarded Cazilda.

ADMITS RETREAT.
Madrid, June 25—A despatch from General Linarez has been received. The general admits that the Spaniards have retreated to the defenses around Santiago.
Lawn Party at Muir's Chapel.
We are requested to announce that a lawn party will be given at Muir's Chapel Tuesday evening the 28th, from 7 to 10 o'clock, for the benefit of the parsonage fund.
Mr. P. Ketchman of Pike City, Cal., says: "During my brothers late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by C. E. Holton.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU.
HIGH POINT, N. C., June 25, '98.
Walter Blair, of Archdale, was in the city today.
Gilbert Pearson, of the University, passed through today returning home from Archdale.
Joe Blair, of Guilford College, who has been visiting in Archdale returned home today.
Miss Clara Kirkman returned home last night after spending sometime in Greensboro.

Jack Bostick, of Randleman was in the city today.
D. H. Hall returned home today on the southbound train.
Miss Claudie Lamb, of Jamestown, came up today to spend Sunday with the Misses Thornton.
Prof. O. W. Carr, of Trinity, passed through today enroute to Charlotte.
Mrs. Geo. Matton who has been visiting Mrs. Lou Bird, of Thomasville, is expected home today.

Ernest Carr and Richard Webb, of Trinity, were visitors to the city this morning.
Mrs. George Klutz and daughters Misses Mabel, of Salisbury, who have been visiting relatives in the city returned home today.
Prof. Kirk, of Trinity High school, passed through this morning enroute to Albemarle to spend a few days.

Miss Etta Dorsett, of Bethany, arrived in the city yesterday to spend a few days with her sister Mrs. P. H. Johnson.
The dance given last night in the opera house by the club was well attended by the young. Every one present enjoyed the evening which was due to the good management of Messrs. H. A. Millis and C. M. Crawford.

A FIGHT OFF SAN JUAN?
At Least Porto Rico Says So—St. Paul or St. Louis Close By.

Madrid, June 24—An official despatch from Porto Rico says that an American cruiser appeared off San Juan yesterday at noon. The Spanish cruiser Isabel II, and the torpedo boat Terror went out to fight her, and a battle followed in which the Spaniards had one man killed and three wounded. The American ship retired.
Washington, June 24—The navy department has not received any despatches confirming the report from Madrid that the Spanish cruiser Isabel II had an engagement with an American vessel off San Juan, Porto Rico. The St. Paul or the St. Louis is supposed to be in that neighborhood.

The Isabel II, is a third-class iron cruiser carrying eighteen guns. Admiral Cervera left the Terror at Fort de France when his squadron sailed from Martinique, and she later went to San Juan. Of course none of our auxiliary cruisers would be authorized to give battle to any vessel of important fighting power.

SPANISH TROOPS HOPELESS

Without Food and Ammunition They Wish to Surrender.

HAWAIIAN ARMY TO OUR AID.

A Peaceful Attack on Havana Planned—On to Porto Rico—Spaniards Use Brass Cartridges.

By Cable to THE TELEGRAM.
Kingston, Jamaica, June 25—In correspondence received from Fernandina Miller, second Spanish commander at Santiago, the true condition of Spanish troops is made known. The Generals says there is a scarcity of food, powder and ammunition and the insurgents have cut off every source of supplies. The troops are disheartened and are openly clamoring for surrender, expressing the opinion that the present war is murder, and Spain should never have entered into it. The General adds: "We were morally defeated from the first campaign and the war can now only result in loss of blood, treasure and credit."
CAUSE OF DELAY.
Washington, June 25—It is now known that secret instructions were given to the commander of the cruiser Charleston, on his departure with four troopships to reinforce Admiral Dewey, to stop at Gauban Island in the Ladrone group of islands and to dismantle the fortifications there so the Monitor Monterey could coal, water and provision on her arrival. The instructions are believed to have caused the delay in reaching Manila, but the navy department is confident that they are very near there now.

SIGNAL CORPS OFF.
Brooklyn, June 25—The United States volunteer signal corps left here this morning for Washington where they will receive equipments and instructions.
THE CADIZ FLEET.
London, June 25—A despatch from Algiers confirms the reports that the Cadiz fleet has passed the island of Pantellaria in the Mediterranean going east.
TO PROTECT BRITISH INTERESTS.
London, June 25—The British battleship Illustrious has sailed for Lisbon to protect British interests there in view of possible war developments.
HAWAIIANS WILL AID US.
San Francisco, June 25—Advices received today from Honolulu say orders have been issued to the members of the Hawaiian national guard to report immediately to their commanding officers and receive equipment fitting them for duty. It is the intention of the ministry to be in readiness to aid the United States whether Hawaii is annexed to the United States or not. The people are hopeful of an early annexation.

PLAN OF ATTACK ON HAVANA.
Washington, June 25—An official says the probable plan of attack on Havana will be for the troops to surround the city and take possession of the table lands in order to cover every point of approach, and to conduct a peaceful siege which would do away with large fatalities sure to follow an immediate attempt to storm the Spanish citadel and also place the troops in a healthful region. Not less than seventy-five thousand men would be needed if the plan should be adopted.

USED BRASS CARTRIDGES.
Washington, June 25—Advices received from Camp McCalla, on Guantanamo Bay, state that in the captured ammunition from the Spaniards have been found large quantities of pure brass cartridges which in civilized warfare it is forbidden to be used. This explains the horrible mutilation of the bodies of dead American soldiers.
TO INVADE PORTO RICO.
Washington, June 25—General Miles and Secretary Alger, in conference today, decided to reinforce General Shafter's army with fifteen thousand more troops. Miles is pushing arrangements to land men in Porto Rico as soon as possible.

PEACEFUL PATRIOTISM.
London, June 25—All despatches from Madrid reflect great anxiety caused by Admiral Cervera's despatch and the present alarming political situation. The ministry does not anticipate any trouble among the population as patriotic feeling predominates, though they tend strongly toward peace and a desire for the immediate opening of negotiations looking to an end of the war.

Not a Cabinet Maker.
Paris, June 25—M. Fevral, who was asked by President Faure to form a cabinet, has abandoned the task.

COOK TURNED DOWN.

Calvin D. Cowles Will Be Appointed Brigadier General.

The strong opposition to the appointment of Charles A. Cook as brigadier general has been successful. Yesterday it was learned that Lieutenant Colonel Calvin D. Cowles, Jr., of the First regiment, gets the place. The appointment of an old and tried army officer instead of a man whose experience in martial tactics is limited and had been gained by watching the evolutions of his home company has met the approval of nearly every one. Col. Cowles entered West Point in 1869 and is the oldest graduate from North Carolina in the regular army. His nomination will probably be sent to the senate today and the problem that has worried various republican politicians throughout the state for several weeks is at last solved. Cowles is from Wilkes county.

Today's Telegraphic Briefs.
Whitehall—Northbound Burlington express held up last night by two men, Engineer Fred Dempsey killed.
London—Despatch from Vienna reports arrest of Count and Countess Zuanoff charged with attempt to poison Czar and Czarina.
Newport News—Ninth Massachusetts and 34th Michigan regiments arrived this morning embarking on Harvard which sails at five this afternoon.
Key West—Cruiser Vicksburg arrived this morning with steamer Apapola of Honduras a prize.
