

EUREKA!
(I have found it)
The Best Shirt Waist, Skirt and Belt Holder invented since Shirt Waists have been in use. It is impossible for the skirt or waist to get baggy in the back or the belt to work loose as to show the skirt band. When once adjusted it can be removed with waist, requiring no attention in dressing except fastening in front. Detachable Hooks in Black, Tan and White accompany each supporter, suitable for any color of belt; also, eyes for three pairs of skirts. Guaranteed not to rust or soil the clothing.

Pharmacist.

WORK OF CRACKSMEN.
Safe at Siler City Robbed of its Cash Contents.
Special to THE TELEGRAM.
Siler City, N. C., June 30—Our quiet little town was visited by cracksmen last night. The safe of Lamb & Teague, dealers in general merchandise, was blown open at 1:30 o'clock this morning and about \$150 in money was taken therefrom. The work was neatly done and evidently was the work of professionals. Uptothishour no clew has been secured as to the guilty parties. Officers of surrounding towns are requested to be on the lookout for suspicious personages. No other property was molested here.

Bicycle Race on the Fourth.
The work of securing riders for the road race next Monday is progressing finely and many inquiries from bicyclists of neighboring towns have been received. The number of applicants is gradually increasing and we have been informed that the limit is nearly reached. Up to the present Greensboro riders have not shown a desire to enter the race and not a single one has put in an application. This is no doubt due to the proverbial "I will if you will" way of doing things. We hope the riders in the city will give their names to Mr. Wingate at once and begin to train for the race. It would not do at all for a rider from some other town to come in and carry off the prize, and to keep them from doing so our bicyclists must begin work at once and in earnest. What the prizes will be has not been determined but we are assured that they will be worthy of the winning.

Serious Accident.
A very serious and probably fatal accident happened yesterday to Ernest Mason, colored, while trying to board a train near the railroad crossing on East Market street. He had started out on an outgoing train. When he tried to board the train he was thrown to the track with such force that his right arm was literally crushed from elbow to shoulder. Drs. Stamey and Richardson were summoned and found it necessary to amputate the whole arm. The doctors do not think the wheel passed over the limb but that Mason's elbow struck a cross-tie near the rail and the weight of his body crushed the arm. It was amputated at the shoulder joint and though Mason was much better this morning the doctors think that as the wound was so near the body it will prove fatal. Mason is about 19 years old.

The Bicycle Parade.
Those who desire to participate in the bicycle part of the grand parade on the Fourth of July are earnestly requested to send their names to Garland Daniels who will have charge of that division of the procession. Any one will be at liberty to join the parade even at the last moment but it will be better to send in the names that those in charge may know upon what to depend. It is especially desired that as large a number of ladies as possible take in the parade. Those who are supplied with bicycle costumes used in the bicycle drills given hitherto are requested to wear them. Flags should be worn if obtainable. The cyclists will meet at Daniel's sporting good establishment. From the hundreds of wheelmen and wheelwomen in Greensboro it should be easy to turn out an imposing array.

Taylor Place Incorporated.
The sale of the Taylor place, which was noted in yesterday's Telegram, was purchased by a syndicate of Pennsylvanians, through Mr. Samuel P. Langdon, of Philadelphia. The secretary of state yesterday incorporated the company under the name of "The Taylor Place" with a capital stock not to exceed \$100,000. The business the company will conduct is the tof mining various ores.

Congressional Convention.
The convention of the Fifth congressional district has been called to meet in Greensboro on Wednesday, July 27th.

And buy your shoes from the Carolina Shoe Co. All their shoes are manufactured especially for them and every pair warranted to be just as represented.

Bitter Feeling Against England.
Madrid, June 29—The general public is very bitter against England, because of her supposed unfriendliness regarding Admiral Camara's squadron. The subject is warmly discussed in all public places, though official circles are mute.

SKIRMISHING WITH THE FOE
Six Thousand Troops on the Way to Reinforce Shafter.

THE CAROLINES IN OPEN REVOLT
Watson to Sail on the Fourth—Texas Goes Along—Armed Tugs Going to Key West.

By Cable to THE TELEGRAM.
General Lawton's headquarters, five miles east of Santiago, Wednesday—The troops spent yesterday in looking for the enemy and participated in frequent skirmishes. General Shafter with a small escort went almost to Caney, northeast of Santiago to which place a majority of the Spaniards retreated. There was only a small number of Spaniards there and it is taken to indicate evacuation. General Shafter will take possession.

REVOLT IN THE CAROLINES.
Vancouver, B. C., June 30—Advices from Hong Kong say the inhabitants in the Carolines have revolted against Spain. The Spanish garrison is small and almost helpless. The rebels are expected to soon be in control of the garrison.

WATSON TO SAIL MONDAY.
Washington, June 30—Commodore Watson has received orders to sail Monday with his squadron for the Spanish coast.

TO GO TO SPAIN.
Guantanamo Bay, June 30—Orders have been received for detaching the battleship Texas from the flying squadron and attaching her to the squadron under Commodore Watson.

TO JOIN BLOCKADING FLEET.
New York, June 30—Commander Erben has been ordered to send the ferryboats Governor Russell and East Boston, the yacht Arab and the tug Apache to Key West. They will do duty in blockading the south coast of Cuba.

PERSONIL NOTES
From Jedediah Bobbins bout His "Singin Skule" Tomorrow Nite.

Mister Jedediah Bobbins wants it known that it haint his fault he haint teachin the "Singin Skule" at the Kourthouse Friday nite for the West Markt street ladies, he wanted tumity bad, but Mistus Bobbin saiz he haint, so he haint, Jed saiz he iz jist as glad for a lot of sides split over laffin at Winston and Wilmington & they skired Jed so when they popped that az the skollars here air even wusser at cuttin up than they waz there he is afeard that the kunstable will hev the hole skule in the kalaboose & so he jist tole Mistus Bobbin to go it on her own hook and she is goin to go it on her own hook and she is krouid it haint her fault. U see the admishun is only 25 cents kids 15 cents. Best seats 10 cents extray whyoh can be marked off now at Mister Dookter Gardners drugstore. Say! kum & hev a good laff & c if Jed haint rite.

Monday's Ball Game.
The ball players have put in some good work this week and if the scalps of the Reidsville team are not dangling at the belts of Greensboro players those who know say they will be greatly disappointed. The Reidsville team will bring a large crowd of rooters along with them and promise to make the game lively. The game itself will doubtless be close and interesting and enjoyable to any one who likes the national pastime. The boys want your encouragement and your presence at the game on Monday. Let everybody who can go out and cheer our boys to victory.

The Lawn Party Moved.
On account of the illness of Mrs. Walter Williams, who lives near Mrs. Mendenhall's the Centenary Epworth League will have their lawn party in Mrs. R. M. Phillips' yard on South Elm street. There will be plenty of seats provided and the committee has made arrangements to furnish some excellent music for the occasion. These are working young people and will leave no stone unturned to make their lawn party a success. Go out tonight and help a good cause. Don't forget the place.

Card of Thanks.
At the request of the writer we publish the following cards of thanks: The colored soldier boys of Greensboro answered to their country's call today and left at noon for Fort Macon. Before leaving each one was presented with a nice Bible. They join me in thanking those who donated to such a worthy cause. A. F. Hargrave.

NOTES FROM HIGH POINT.
The Local News from Our Neighbor Briefly Told.
TELEGRAM BUREAU. HIGH POINT, N. C., June 30, '98.

The most important real estate deal of the week was the purchase of the Mount Vernon Roller Mills by Mr. Dongan Davis, who we learn will assume active management of the mill. Mr. Davis is a conservative business man pays strict attention to whatever he is engaged in, therefore the extensive patronage this mill once enjoyed will doubtless be renewed.

The scarcity of vacant lots suitable for building purposes in a desirable part of town can no longer be argued against High Point's growth, with the opening up of the tract of land in the city by Mr. M. J. Wrenn and the dividing of the same into 150 desirable building lots places within the reach of every mechanic the opportunity to own a home and with the hands of the High Point Improvement companies in the eastern and western part of the city one can find property contiguous to his place of employment at a reasonable price.

The return to the manufacturers of the soda fountain at Flagg's drug store, from which during the past year has issued many draughts of cooling beverage for the comfort of our people, is a source of regret to the general public, especially at this season of the year.

Every business man and bicycle rider should bear in mind that on and after tomorrow every check and draft must bear a stamp and every bicycle must stay in the "middle ob de road."

Rev. T. J. Ogburn, of Greensboro, will preach in the Methodist Protestant church Sunday. Mr. Ogburn is corresponding secretary of the foreign missionary society and a prominent and able minister and is always a welcome visitor to our city.

State Central Committee.
The new democratic state committee had a long session last night, not adjourning until 1 o'clock. The election of F. M. Simmons as chairman and the re-election of John W. Thompson secretary gives special pleasure. George H. Brown withdrew his name from the nomination for the chairmanship. Simmons made a ringing speech. He has been chairman before and certainly filled the position with zeal and ability. The following were elected the central committee: Cyrus B. Watson, James H. Pou, T. J. Jarvis, R. J. Brevard, E. J. Hale, T. F. Davidson, J. S. Carr, E. C. Smith, J. R. Webster, I. E. Green, James A. Lockhart, John S. Cunningham, Wilton G. Lamb, N. B. Broughton, Robert L. Holt, Furney Green, George Warburton, Claudius E. Foy, J. H. Weddington, C. C. Lyon and R. H. Cotten.—Col. Olds correspondence.

The World's Largest Locomotive.
Material has been ordered by the Santa Fe for the largest locomotive ever built. The engine has been designed for mountain climbing and it is said that the big Player engine and those built for the Santa Fe by the Dickson Locomotive Works will be but playthings when compared with this giant locomotive.

The engine will be built by the locomotive department of the Santa Fe shops in this city. Among its features will be a boiler built of one-inch boiler steel and cylinders whose dimensions will be 12 by 32 inches. It will have no "pops" as they will not be required. No fireman living would be able to build a fire that would create enough steam to burst the boiler of this mogul. The engine will have ten drivers, and it is estimated that it will be able to haul a third larger load than any engine the Santa Fe now has.

It is not known when this greatest of moguls will be completed, as the material for its construction has just been ordered, but it will not be until some time late in the summer or early in the fall.—Topeka Daily Capital.

An Unusual Fly Trap.
An unusual and most novel sight was shown yesterday in the window of Thomas' shoe shop, next to Stamey & Grissoms' drug store, in South Greensboro. Fly paper was a discount at that place yesterday and will probably remain so. A mouse was in the window and was catching flies and eating his afternoon meal. Quite a crowd gathered around the window but his mouship continued to catch the insects until he had eaten a hearty repast. The oldest inhabitant was dumbfounded and could not remember a single similar instance.

CORDON OF STEEL CLOSING
Shafter Strangling the Doomed City of Santiago.

CAMARA IS PERMITTED TO COAL
Furious Cannonading Heard—Spanish Official Report—Daily Sessions of Cabinet—Regiment Camps.

By Cable to THE TELEGRAM.
Playa del Este, June 30—The American forces under Shafter now occupy Caney, which is two miles northeast of Santiago. General Linares ordered the evacuation of the place as the Americans advanced last night. The Spaniards fled to the protection of the city defences. The Americans took possession of the works and tonight General Shafter will establish his headquarters there.

SHAFTER MOVES TO THE FIELD.
Camp Juragua, Wednesday—General Shafter decided today to change his headquarters and will take to the field. He will occupy a tent tonight with General Wheeler and will continue to occupy the tent until it is decided where the permanent headquarters will be located. Juragua will cease to be the headquarters of the army entirely.

The camp will probably be used as headquarters for the medical and commissary departments after General Shafter leaves. A sufficient force will be left to guard against the probability of attack. It is probable the force will be selected from the volunteers. Six thousand more troops are now on their way from Tampa. Practically the entire fighting force will swing into Caney from Aquadores making this point the base of operations as a railroad to connect it with Santiago is being rapidly pushed by the engineers and a large force of troops. The completion of the road will greatly facilitate the movement of troops and supplies. Siege guns were landed at Baiquiri last night and have been started to the front.

INTO CAMP TODAY.
Boston, June 30—The Fifth Massachusetts Regiment goes into camp today.

SIGHTED OFF HONOLULU.
San Francisco, June 30—The steamship Alameda has arrived at this port and reports that she sighted the third Manila expedition off Honolulu on June 22nd.

DAILY SESSION OF CABINET.
Madrid, June 30—The cabinet in view of the critical conditions at Santiago has decided to hold daily sessions to discuss the war situation. The tone of the press continues gloomy.

CAMARA MAY COAL.
Port Said, June 30—The Egyptian government has given permission to the Spanish fleet to coal its transports.

SPAIN'S OFFICIAL REPORT.
Madrid, June 30—The official Spanish reports from Havana with regard to the operations at Santiago state that the American forces under the protection of the fire from the warships advanced from Siboney on Tuesday last but immediately retired on exchange of shots with the Spanish outposts. The report adds that the Americans were not successful in landing their stores and guns.

A BATTLE IN PROGRESS?
Cape Haytien, 30—Furious cannonading has been heard to the northward of this point continuously since early this morning.

Fat Beef.
I have a three gallon milk cow to exchange for a nice, stall fed beef, with small difference. Apply by 10 o'clock to D. B. Yancey, city market.

An Excellent Showing.
At a meeting of the directors of The Piedmont Bank on yesterday a semi-annual dividend of 3 per cent, was declared and 2 per cent, added to undivided profits. The policy of this bank has always been very conservative, which is shown by the steady increase in its surplus funds. The business for the past six months has been most gratifying and shows a steady growth.

Mr. P. Ketchman of Pike City, Cal., says: "During my brother's late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by C. E. Holton.

REIDSVILLE HAS SMALLPOX.
Dr. Wertenbaker Says it is a Genuine Case.

Special to THE TELEGRAM.
Reidsville, June 30—Contrary to the report of yesterday it has developed that there is a genuine, though mild, case of smallpox here. Dr. Wertenbaker, the smallpox expert of the United States marine hospital corps arrived here this morning in response to a telegram and after examination of the negro suspect pronounced the disease smallpox in a mild form. Every precaution has been taken in accordance with Dr. Wertenbaker's instructions. The negro has been completely isolated and every person known to have been exposed to possible contagion have been quarantined. A large number of colored people living on the outskirts of the town have been quarantined. Compulsory vaccination has been ordered and no fear is entertained that the disease will become epidemic.

Bate Speaking.
By Wire to THE TELEGRAM.
Washington, June 30—Senator Bate, of Tennessee, is speaking this afternoon in opposition to the annexation of Hawaii.

Bicycle Shoes.
The more you bike it
The more you like it.
If you wear a pair of those new bicycle shoes just received at the Carolina Shoe Co., S. B. Norris, M'gr.
