ENROUTE TO COUNTY HOME

Clark Anthony Killed by a Train Last Night.

HAPPENED ABOUT EIGHT O'CLOCK

Struck by the Out-Going Winston Train—No Blame Attached to the Railroad Authorities.

Last night about dark D. M. Quate was walking along the Southern railroad track going in the direction of the coal chute.

Mr. Quate says the old man appeared to be quite feeble. He enquired of Mr. Quate the distance to the county home and was told that it was about three miles.

He started on and was then quite near the crossing. The Southern at this point goes over the C. F. & Y. V. road on a short trestle, and Mr. Quate cautioned him to look out for trains as it was dangerous to walk on the track.

Just as Mr. Quate looked back the engineer gave the danger signal, the engine was then in a few feet of the old man, who was on the left and opposite side of the track from the engineer.

The engineer had already, simultaneously with the danger signal, applied the air brakes and the train was stopped just as the engine crossed the trestle.

The body was picked up from the track below, physicians summoned, but to no purpose. The old man died in a few minutes. The body has been turned over to the county authorities for burial.

Examination revealed the name of the dead man as Clark Anthony. He had lived near Thomasville and had in his pocket a certificate for admission to the county home, to which place the old and feeble man was wending his weary way when his life met such a sudden ending.

No blame attaches to the trainmen for this tragedy. Mr. Quate says he thinks the engineer gave the alarm and applied brakes as soon as it was possible for him to have seen there was danger, and that the brakes were put on with such force that the train was stopped remarkably quick. The body was placed on the same train and carried to the depot where it was turned over to the authorities.

A Captured Flag.

Washington, July 18.—The Spanish flag captured at Juragua, Sita, Cuba by Company B. Twenty-second regular infantry, has been received at the Adjutant General's office.

OLD GLORY IN CUBAN BREEZE

Americans in Actual Possession of Santiago.

THE JOB IS AT LAST COMPLETE.

The Mines Exploded—The Harbor Entered By American Boats. Dining With Spaniards.

By Cable to THE TELEGRAM. Santiago, July 17, via Playa del Este—The city was formally surrendered at nine o'clock this morning.

Generals Shafter, Wheeler, Lawton, Ludlow, Ames and Kent, with eighty officers of lower rank were escorted by a squadron of cavalry and a regiment of infantry and met the Governor, Major, Chief of Police and the Archbishop of Santiago on the public square fronting the cathedral and at that hour the formalities of turning over the city to the Americans took place. The Cubans were not officially represented.

The Red Cross steamship State of Texas, carrying supplies, with Clara Barton aboard, entered the harbor immediately after the Spanish gunboat Alvarez, which was surrendered to the Americans, steamed out of the harbor flying the American flag. Twelve smaller vessels were also surrendered.

The Cuban flag waved over Soopca Castle a few minutes, but was quickly lowered for the American colors. Morro Castle and the batteries in the vicinity are wrecked as a result of the bombardment by the fleet.

American and Spanish troops are hobnobbing on the hillside surrounding the city. General Shafter and the commanding officers were given dinner today by the Spaniards. There was plenty of wine but a notable scarcity of eatables. There is great destitution in the city.

It is reported that during the ceremonies General Shafter ordered the arrest of Sylvester Scoville, the New York World correspondent.

SHAFER'S OFFICIAL MESSAGE. Washington, July 17.—The war department posted the following bulletin at 5:15 p. m.:

"Santiago de Cuba, July 17. "Adjutant General United States, Washington:

"I have the honor to announce that the American flag has been this instant, 12 o'clock, hoisted over the house of the civil governor in Santiago. An immense concourse of people was present.

"A squadron of cavalry and a regiment of infantry presented arms and the band played national airs. A light battery fired a salute of 21 guns. Perfect order is being maintained by the municipal government. The distress is very great, but little sickness in town. Scarcely any yellow fever. A small gun-boat and about 100 seamen left by Cervera have surrendered. The obstructions are being removed from the mouth of the harbor.

"Upon coming in the city I discovered a perfect entanglement of defenses. Fighting as the Spaniards did the first day, it would have cost 5,000 lives to have taken it. Battalions of Spanish troops have been depositing arms since daylight in the armory, over which I have guards. General Toral formally surrendered the plaza and all stores at 9 a. m.

"W. R. Shafter, "Major General."

THE HARBOR ENTERED.

Santiago Harbor, July 18.—Almost immediately after the Spanish flag was hauled down from Morro Castle yesterday steam launches commanded by Hobson and Palmer entered the harbor, penetrating to the firing stations of submarine mines. The mines were all exploded under the supervision of the Vixen. It was observed that two mines had previously been exploded at the entrance of the harbor, but it is not thought probable this was in any way connected with the sinking of the Merrimac.

SPANIARD'S BURNING LIGHTHOUSES. Key West, July 18.—Spanish lighthouse keepers at Cape May and Cape Lucrea have burned the lighthouses in protest against the act of capitulation signed by General Toral.

The Spanish garrison at Guantanamo have spiked all cannon and exploded all magazines. The gunboat Machias, which arrived here this morning, reports having seen the Cape May lighthouse and two others in flames.

The harbor of Neuva, containing a Spanish gunboat and the steamer Humberto Rodriguez, is blockaded by the Badger. Rough Riders from Lagnasimas arrived this morning on the steamer Solace.

TEMPERANCE UNION MEETING.

Held Last Night at Centenary Church—The Speakers.

Last night the first of a series of temperance union meetings was held at Centenary church. A choir composed of members of the different church choirs of South Greensboro had specially prepared music, the chief feature of which was a beautiful and touching solo by Miss Weatherly.

The speakers were Mr. Walter Mendenhall and Mr. J. Norman Wills. Mr. Wills' subject was "A Business Man's View of Temperance," and he discussed it in a masterly manner. Mr. Wills has studied the subject, as all who heard him last night were convinced. He showed by his argument that, viewing it from a cold-blooded business standpoint—leaving out the tears and sighs and heartaches and pinched and wan faces of widows and orphans and wives who have drunken, worthless husbands, and the great number of men who annually go down to a drunkard's grave and a drunkard's hell—the saloon does not pay.

After the speaking several new members were added to the Woman's Christian Temperance Union of South Greensboro.

We understand other similar meetings will be held in the near future.

A Costly Bargain.

By Wire to THE TELEGRAM. Washington, July 18.—The expense of sending the Spanish troops back to Spain will foot up over one million dollars. The cost of food alone will amount to four thousand dollars a day and the trip will probably occupy 15 days.

PORTO RICAN EXPEDITION.

Preparations are Being Vigorously Pushed.

FORWARD MOVEMENT EXPECTED

It is Conceded that the Movement on Porto Rico Should be Made Without Delay.

By Wire to THE TELEGRAM. Washington, July 18.—Gen. Brooke was in conference with Secretary Alger and Adjutant General Corbin this morning regarding the Porto Rican expedition.

General Miles cables from Santiago that he already has four batteries aboard transports ready to sail for Porto Rico.

The Fifth, Eleventh and Nineteenth infantry, light batteries C and M of the Seventh artillery, and also eight heavy batteries with mortars have been ordered to prepare for the expedition.

Preparations are being pushed with all possible haste. It is the intention of General Brooke and Adjutant General Corbin to start the campaign before the end of the week.

PREPARED TO START.

Chatanooga, July 18.—The First Army Corps is prepared to start for Charleston and other points for embarkation for the advance on Porto Rico. Army officials say the entire corps will probably not go on the expedition.

General Brooke is anxious to take the entire command, but it is probable that only a part will be taken and the rest of the expedition will be made up from troops already in the South who are nearer the scene of action.

General Brooke will return on Wednesday from Washington, when a forward movement is expected. General Haine's brigade is now under orders to move to Charleston for embarkation. Shipment will begin today.

All Quiet at Manila.

By Cable to THE TELEGRAM. Hong Kong, July 18.—The German cruiser Comoran has arrived from Manila and reports all quiet. The American reinforcements have not yet arrived. The cruiser brings a report of a conference between Aguinaldo and Augustin. The result is not known.

St. Louis at New York.

By Wire to THE TELEGRAM. New York, July 18.—The cruiser St. Louis arrived in this port this morning at 10 o'clock.

Wedding of Fortunes.

By Wire to THE TELEGRAM. New York, July 18.—It is rumored that W. W. Astor and Mrs. Ogden Goeltz, representing two of the largest of American fortunes, are to wed.

The speech of Father Abraham in the last number of Poor Richard's Almanac, published by Benjamin Franklin in 1757, "Contains the Wisdom of many ages and nations assembled and formed into one connected discourse." When first published it attracted world wide attention and was copied in all the newspapers in America and England and translated into many foreign languages. Would you not like to read it? Defective Vision

Often Causes Headache and it can be entirely relieved by Perfectly Adjusted Spectacles

Mrs. Rev. T. J. Ogburn, of Sumnerfield, who suffered almost incessantly with headache, said incidentally in a recent letter: "My glasses have been a perfect relief. Have never had a day of headache since putting them on. I could not do without them."

Many people suffer intensely with headache who are wearing glasses. It is a sure sign that they are not what is needed.

I shall be out of the city for three days, beginning with Thursday, July 21st, so come before the 21st.

Very Respectfully, J. T. JOHNSON. The Greensboro Eye Specialist. Opposite McAdoo Hotel.
