CONGRESSIONAL CONVENTION.

Congressman Kitchin Endorsed And Renominated.

The congressional convention for this district met in the court house here today at 12:30 and was called to order by Chairman J. N. Wilson. Mr. Hiram Foard, of Rockingham, was made temporary secretary and the members of the democratic press requested to act as assistants. All the counties in the district were represented except Alamance. After the appointment of committees the convention took a recess until 2:30 o'clock.

The committee on credentials report no contests and each county represented.

On permanent organization recommended that the temporary organization be made permanent. Adopted. Chairman Wilson, in a short speech, paid a high tribute to our gallant representative in congress. But for a threatened attack of fever Mr. Kitchin would have been present.

Platform and resolutions committee reported, reaffirming allegiance to the Chicago platform. The resolution is as follows:
Resolved, 1. That we reaffirm our allegiance to the principles of the national democratic platform adopted at Chicago in 1896, and we also endorse the platform of the recent democratic state convention.

2. That we heartily endorse the course of our representative in congress, Hon. W. W. Kitchin.

3. That we cordially invite all patriotic white men of this district, without regard to former party affiliation, to unite with us in behalf of the principles set out in our state and national platforms.

The present incumbent, Hon. W. W. Kitchin, was placed nomination by Mr. Jas. W. Forbis and seconded by Mr. J. Crawford Biggs, of Granville county, and Mr. W. W. King, of Stokes, in ringing speeches.

The nomination of Mr. Kitchin was made by acclamation by a rising vote.

Mr. R. B. Boone, the democratic nominee for solicitor, being present, was called upon for a speech. He responded in an energetic effort, which was as energetically applauded.

Mr. W. W. King, of Stokes, was called for and made an old time democratic speech, such as we heard in 1876. He was followed by Captain Walters, of Rockingham.

Prof. M. H. Holt, of Oak Ridge, made a remark, after which the convention adjourned.

Executive committee is as follows: Dr. Geo. W. Long, of Alamance; Dr. W. O. Spencer, of Caswell; Chas. E. Turner, of Durham; Dr. J. G. Hunt, of Granville; A. L. Brooks, of Guilford; C. M. Parks, of Orange; C. T. Wilson, of Person; Johnson A. Bennett, of Rockingham; Dr. E. Fulp, of Stokes.

The executive committee met and elected Mr. A. L. Brooks, of this city, chairman.

COLORED NORMAL OPENS.

An Interesting Session and Much Enthusiasm on the First Day.

The opening session of the Normal at the A. & M. college on yesterday was indeed a great success and augurs well of the good work this summer school for the colored teachers of the state intends to accomplish. Forty teachers from various sections of the state were present at the opening session and a large number is expected to arrive today and tomorrow. The teachers are all enthusiastic and have come to put in a summer of hard study to prepare themselves more fully to teach the colored children of the state.

Owing to the absence of President Dudley, of the A. & M. College, Prof. Moore took charge of the first days' session. Lecture by Superintendent Graham, of the Charlotte Graded Schools; Superintendent Moses, of the Raleigh schools, and Superintendent Noble, of Wilmington, and Professors Boyer, of St. Augustine, and Noble, of Livingstone, Salisbury, were the special features of the occasion and foreshadowed the work that will be done during the session. American History, Arithmetic, Reading, Algebra and Botany, were the subjects which these well known educators discussed.

The Davis School.

There is a move on foot to convert the Davis Military School at Winston into an educational institution for the colored people of the state, but it has not as yet materialized sufficiently to give definite information concerning the same. Captain Mast, the receiver in the city that belong here without the proper check on will be impounded and shot after August 1, 1898.

Check Your Dog.

Notice to all owners of dogs in the city: You are hereby notified to call on me or any one of the police officers and procure a check for your dog, which will cost \$1.00. All dogs found in the city that belong here without the proper check on will be impounded and shot after August 1, 1898.
R. M. REES,
Chief Police.

SECOND MANILA EXPEDITION

Troops Arrived at the Philippines In Good Health

AS A PERMANENT POSSESSION

Porto Rico is To Be Held As The Price of the War—McKinley is Aroused Over The Delay.

By Cable to THE TELEGRAM.

Hongkong, July 21.—The second expedition from San Francisco to reinforce Admiral Dewey has arrived at Manila. The expedition is composed of thirty-five hundred soldiers under command of General Greene. On the way from Honolulu the troops were landed at Wake Island, which is situated between Hawaii and the Philippines, and an American flag was raised. The island was one of Spain's Pacific possessions. The expedition consisted of the armed transports China, Zealander, Colon and Senator. Five deaths occurred among the troops on the voyage. The health of the soldiers is excellent.

The troops are composed of the Tenth Pennsylvania, First Colorado, First Nebraska volunteers and a number of regulars. This brings the number of Dewey's reinforcements up to six thousand.

IMPERATIVE ORDERS TO SAMPSON.

Washington, July 21.—President McKinley is thoroughly aroused over the delay of the departure of General Miles and the expedition to Porto Rico. He has sent an imperative message to Admiral Sampson to sail immediately. The orders are susceptible to no misconstructions and are imperative to a degree seldom used except in cases of extreme emergency. Officials confidently assert that if General Miles and expedition have not already started there will be no more delay in getting them off.

DISPOSITION OF THE ISLANDS.

Washington, July 21.—An authoritative statement was made today that the Island of Porto Rico is to be retained as a permanent possession of this country as a price of the war. It is asserted that the future of the Philippines is a matter of development. It is intimated that the Ladroneas may follow the fate of Porto Rico and become a permanent possession of this country, being valuable as a coaling and supply station.

SAGASTA RESIGNS AGAIN.

London, July 21.—Advices from Madrid state that Premier Sagasta has again resigned and has been counselled by Uqueno to advise with other political leaders relative to his future course. It is also reported that a change is imminent in the ministry and that Weyler will form a cabinet in which Senor Polavieja will be minister of war. This combination, it is asserted, will support the dynasty and repel a suspension of the constitutional rights and will continue the war to the utmost limit.

READY FOR SAN JUAN.

New York, July 21.—The auxiliary cruiser St. Louis cleared this port this morning for Hampton Roads. A number of new six inch guns has been added to her armament and she has been ordered to join the fleet and assist in bombarding San Juan de Puerto Rico. She will very probably take on a number of troops at Newport News.

TRANSPORTS FOR PORTO RICO.

New York, July 21.—The transports Massachusetts, Roumanis and Michigan sailed this morning. The two former vessels go to Newport News and the last named is bound for Tampa where she will take aboard troops for the expedition to Porto Rico. All three of the transports carry large quantities of forage and lumber. The Norwegian steamship Uto sails this afternoon for Jacksonville where she will be loaded with lumber to be used in building defenses in Porto Rico.

EXPECTS TO SAVE TWO.

Washington, July 21.—Admiral Sampson cables that he expects to raise the wrecked Spanish cruiser Maria Teresa by Sunday and he also has hopes to save the Reina Mercedes which was sunk in the channel.

WATSON WILL NOT GO.

Washington, July 21.—The raiding squadron, under Commodore Watson, has been disbanded. Some of the vessels will come north to be docked and others will go with the Porto Rican expedition. This decision is the result of this morning's session of the war board.

All idea of sending American warships across the water either to the anaries or the coast of Spain has been abandoned and official announcement of the same has been made. It is expected this will remove the serious obstacle in the way of peace, and will give Spain an opportunity to seek an honorable settlement.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., July 21, '98.
W. H. Ragan went over to Madison today on business.

A. F. Esiman spent a few hours in Edgar today.

Rufus King, of Archdale, passed through today enroute to Goldsboro. Miss Mary Petty returned to her home in Archdale today after spending some time in Greensboro.

Editor W. C. Hammer, of the Ashboro Courier, passed through today returning home from Statesville.

E. W. Lyon, of Thomasville, was in the city today.

High Point was well represented at Thomasville yesterday.

J. D. Steed, of Steeds, passed through this morning returning home from Statesville.

Luther Jones and Fred Barbee returned from Thomasville today.

The store house of Ragan & Miller, opposite the postoffice is being remodelled. The floor will be lowered and a glass front put in. T. B. Ogburn will occupy the house and carry a line of clothing as soon as the work is completed.

Mrs. J. M. Mauney, of Salisbury, passed through yesterday enroute to Archdale to visit her brother Allen J. Thomlinson.

Dr. Bradshaw, J. P. Redding, Rev. Kearns and Prof. Geo. Crowell left today for Liberty as delegates to conference.

Prof. J. E. Kirk, of Trinity High School, passed through today enroute to Lexington.

Misses Virginia and Clara Hamner left today for Monroe to spend a few days and then they will go to Wilmington.

J. W. Snell who was at one time a resident of this city passed through this morning enroute to Thomasville to see his mother who is very ill.

Frank Gurley, manager of the High Point show case works, is spending the day in Greensboro.

PATROTIC LAWN FETE.

To be Given by the "Girls' Home Guard" Next Tuesday Evening.

The ball is rolling. The Girls' Home Guard is already at work, and their patriotism runs as high as does the mercury—away up toward the 100 mark. They are now arranging for a "patriotic lawn fete," to be given next Tuesday evening on Mrs. R. G. Lindsay's lawn.

Other amusements as to special features will be made later on, but enough can now be said to insure a large attendance, viz: The members of the Home Guard will act as waiters; they will be costumed in red, white and blue; always charming and pretty, they will, on this occasion, inspired with the zeal of patriotism, look more bewitching and captivating than ever; the delicacies to be prepared by our best housekeepers, and will, therefore, be just right. Oh, man, man! Of course you will be there. How could you, for a moment, think of staying away?

BLANCO IS ISOLATED.

He Can Send Messages to Spain Only By Way of Key West.

Washington, July 20.—Two days ago General A. W. Greeley, chief signal officer, cabled instructions to his officers in Santiago to seal up and place a guard over the three cable lines connecting Santiago with Cienfuegos, whence, by a land line, communication is established with Havana. Today General Greeley was informed that his orders had been carried into effect.

The closing of the Cienfuegos cables absolutely isolates Havana and General Blanco from Madrid. Blanco's only means of communication with the Madrid government now is by the Key West cable, which is under the strictship by the government of the United States.

As a result of the sealing of the Santiago-Cienfuegos cables, several cipher dispatches passing between General Blanco and the Spanish government drifted into this country today. It is scarcely necessary to say that they did not reach their destination.

A lovely girl was sought by her aunt while indulging in a surreptitious cigarette.
"My dear," said the horrified aunt, "do you know that every time you smoke one of those beauty things you drive a nail into your coffin?"
"No, auntie dear," said the lovely girl, "you are wrong. A woman can't drive a nail."—What to Eat.

GARCIA WITHDRAWS HIS AID

Angry at Shafter and Will Fight Independently

BUSINESS BRISK IN SANTIAGO

Spanish Vessels Bound For United States—Captures British Steamer.

Mules Delay Transports.

By Cable to THE TELEGRAM.

Santiago, July 21.—General Garcia has written a letter to General Shafter in which the Cuban commander declares his disgust at the treatment he has received at the hands of the Americans, and as a result of the unjust treatment will withdraw his forces to the hills. He will take this step because he is no longer willing to submit to the indignities to which he had been subjected.

Among the things which General Garcia bases his claims of unfair treatment is a failure of General Shafter to notify him officially of the capitulation of Santiago. General Garcia is also incensed that no invitation was given to him to be present at the ceremony of the formal surrendering of Santiago to the Americans. Another grievance he has of the action of General Shafter in retaining Spanish civil authorities in the administration of governmental functions in Santiago. Because of those reasons General Garcia declares that he will no longer cooperate with the troops under General Shafter, but he, with the Cubans, will act independently, as he did before the advent of the Americans in the island.

BUSINESS BRISK IN SANTIAGO.

Santiago, July 21.—General Shafter's plans contemplate the marching of his entire army northward into the mountains with the view to preserving the health of the troops. The campaign against Holguin, which place is occupied by ten thousand Spanish troops under General Luque, may be one result of this movement.

Santiago is gradually assuming a normal aspect and signs of business and activity are evident everywhere. The public market was opened yesterday. The city is quiet. The Spaniards are well behaved and are making no attempt to cause trouble but are voluntarily assisting the Americans in every way required.

Lieutenant Delehanty, commander of the Swanee and acting captain of the port, is removing the mines and torpedoes and other obstructions in the harbor. The location of the obstructions being indicated by Spanish officer and engineers. The mines were found to be useless as they were covered with marine growth and barnacles. In some of them the explosives were saturated with water. The plungers on all contact mines were obstructed and rendered useless. A number of valuable charts and signal codes were found on the wreck of the Reina Mercedes.

Lieutenant Wiley left yesterday to receive the surrender of the Spaniards included in the conquered district. The trip will occupy four days and over ten thousand Spaniards will lay down their arms. Spaniards in the city predict a willing submission.

The Spanish vessels that surrendered at the fall of Santiago have started to the United States with prize crews aboard. A number of transports and hospital ship Relief will soon start for the United States. A large number of refugees are being cared for by the Red Cross Society.

BRITISH STEAMER CAPTURED.

Key West, July 21.—The gun boat Mayflower arrived this morning from the blockading fleet at Havana and reports that she effected the capture of the British steamer Newfoundland. This vessel was from Nova Scotia and was bound for the harbor of Havana with a large cargo of munitions of war and food supplies for General Blanco's army and for the merchants in Havana.

The prize was sighted off Cienfuegos night before last and was chased by the Mayflower for more than an hour. Finally, however, a solid shot from the gunboat caused the British steamer to leave to. A prize crew from the Mayflower was then placed aboard the vessel sent to Charleston.

The Mayflower brought into this port a number of Spanish sailors who had deserted from the Spanish gunboat Aquila.

MULES DELAY MATTERS.

Washington, July 21.—General Willson commanding the first division of the first army corps wires the announcement of the departure of himself and General Ernest's brigade from Charleston for Porto Rico via Guantanamo. It is also stated that the transport was delayed until today owing to obstinacy of the mules. The troops consist of Second and Third Wisconsin and Sixteenth Pennsylvania.

NOT TO GO TO GOLDSBORO.

The Greensboro Fire Companies Will Stay at Home—The Reason.

This morning Chief Stone received a telegram from President McNeill, of Fayetteville, stating that the railroads have refused to carry the apparatus, engines, trucks, horses, etc., free, as has been their custom heretofore. The railroads attribute it all, so we learn, to the railroad commission.

This announcement is a severe blow to the firemen, who have been laboring so zealously to make the annual meeting a success. The fact that most of the firemen are working men, and many of them barely able to pay their own railroad fare, and lose the time, makes the decision seem all the more unjust.

If the railroads were not largely the beneficiaries on such occasions as this nothing whatever could be said. But the railroads always reap the benefits of these annual meetings, as many firemen travel long distances, and besides hundreds, we may say thousands of visitors from different parts of the state always attend.

The fire boys are, for the most part, volunteers, give of their time and earnings without stint to equip their departments, and fight fire when the railroads' property is in danger or burning, as gallantly as if it were their own homes. The railroads are often under obligations to volunteer fire departments, and could well afford to contribute this little item toward making the companies more efficient by aiding them to meet and practice and exchange views in regard to fighting fire; and as a matter of common sense it is no business of the railroad commission.

As the matter now stands, the Greensboro fire department will not attend the meeting at Goldsboro. It is too bad; they have been hard at work practicing and getting in readiness for the trip; but the expense of their railroad fare and the loss of the time is as much as they can stand. If this decision is not changed it will go far toward breaking up the annual meeting of the State Firemen's Association.

SPANISH VIEW OF SURRENDER.

All the Responsibility Thrown Upon Gen. Toral.

Madrid, July 20.—A semi-official note has been published here, explaining the circumstances of a Spanish standpoint of the surrender of Santiago de Cuba. It declares that the letter which General Toral "is alleged to have written to General Shafter," is apocryphal, as the telegraph version contains a statement which it is impossible for General Toral to have made, because it is untrue that his government authorized him to capitulate.

The note continues: "What happened was that the war minister received two telegrams from Captain General Blanco. The first described General Toral's position, which was most pitiful because of the want of provisions and ammunition. It also detailed the enemy's proposals. In the second telegram Captain General Blanco gave the terms of the capitulation and requested instructions. The war minister replied to both by telling Captain General Blanco to leave every initiative to General Toral, for it was impossible to recommend any other line of conduct. General Toral accordingly acted as he thought advisable, and would explain before a court-martial the motives which induced him to capitulate."
