A NEW RAILROAD. Contract Let For Building the Cape Fear and Northern. There was a meeting of the directors of the Cape Fear and Northern railway company at Cary yesterday at which a reorganization of the management of the road was had. Mr. G. B. Alford tendered his resignation as president of the road and Mr. B. N. Duke, of Durham, was elected to succeed him. Mr. T. B. Holt resigned as secretary and Mr. J. E. Stagg was elected to the office. It was announced that the construction of the road would begin without delay and as an evidence of this the contract was let at the meeting. Messrs. Gibson and Carpenter Bros. get the contract and they are to begin work on Wednesday, July 27th, at Holly Springs. The road will be pushed to completion as early as possible. All the stock for the construction of the road was taken. The road will extend from Raleigh to Fayetteville passing through fine timber lands in the counties of Wake, Harnett and Cumberland. It is the ultimate object of the promoters of the railroad after completing it to Fayetteville to extend it to Wilmington. The promoters of the road intend to open up a fine timber section, which is also rich in agricultural and other products. The Raleigh and Cape Fear railroad, which Mr. J. A. Mills is pushing to completion, will soon be in operation. Mr. Mills will build his road through to Lillington first.—Morning Post.

Church Sunday School picnic to Guilford Battle Grounds, which was to have been held on Thursday, there will be no baseball game between the Greensboro and Danville teams as formerly announced.—Danville Register. Captured Spaniards Sent Home. The British steamship Hesperia, of the Anchor line, sailed from the Union Stores at the foot of Baltic street, Brooklyn, for Gibraltar, at 3 o'clock yesterday afternoon, with 237 Spanish sailors on board. Of this number 74 were captured on the Spanish steamships Pedro and Guido, and the others were on two sailing vessels captured off Cuba. The Spanish sailors were taken to the foot of Baltic street on Saturday night and slept on the pier. Among the passengers were four Spanish captains, who had first-class passage. The Austrian Consul received \$5,000 from the Spanish Government to pay for the passage of the prisoners.—N. Y. Sun. Looking Forward—Big Sister—Now Tommy, you must do as I tell you. You know I am older than you are. Little Brother—That's all right, sis, but the time will come when you won't care to be reminded of that.—New York Herald.

THE POWERS TO INTERFERE Agreed That America Shall Not Annex Philippines? INSURGENT LEADER KILLED. Steamships at Cadiz and Gibraltar Ready to Sail for Santiago to Carry Home Spanish Prisoners.

Hong Kong, July 26—Repeated telegraphic reports received here from European capitals announce that all the powers have agreed that America shall not annex the Philippine islands. This news has had a tendency to greatly arouse activity at the Spanish headquarters in this city and reports of the most encouraging nature are being sent to the Spanish governor at Manila, and attempts to buy or kill Gen. Aguinaldo, the insurgent leader, have been renewed with vigor. Consal Wildman is beginning to show the effects of the great strain to which he has been subjected and has moved to Victoria Peak to avoid being harassed by Spanish spies and much annoyance by volunteers who are eager to enlist with the Americans in the Philippines. The German ship Petrarca left here this morning with supplies for the German fleet at Manila. TO FIX THE BLAME. New York, July 26.—Surgeon General Sternberg arrived this morning to investigate the charges concerning the condition of troops on the Seneca. The charges allege criminal negligence on the part of officials of the relief ship from which they were transferred to be transported here. Surgeon Sternberg will fix the blame. TO OCCUPY PRISONERS. Gibraltar July 26.—It is reported that papers have been issued by the American consul to two steamers of the Trans-Atlantic line giving safe conduct to convey to Spain prisoners of war now at Santiago. The French fleet was sighted on Sunday off Cape Trafalgar.

A REMARKABLE INCIDENT. The Case of Sylvester Scovel, the World Correspondent. The newspapers are now giving the particulars of what is, if true the most amazing incident that has ever occurred in this or in any other war. The Spanish officials were engaged in surrendering the city to the American authorities. When the time came to raise the United States flag over governor's palace, Sylvester Scovel, a correspondent of the New York World, attempted to make his way to the roof of the building for the purpose of participating in the ceremonies. He was ordered down by the guard. When the ceremony was over and the flag had been raised Scovel pushed his way to Gen. Shafter and slapped that officer's face. He was promptly arrested and confined. Such, in brief, are the details of an occurrence that has no parallel so far as we know. That the correspondent was not shot by some of the soldiers or a sword run through him by an officer is an evidence that the general, as well as those about him, exercised great self-restraint. And yet, such an event would have been unfortunate for the whole performance shows that Scovel was either drunk or demented. It is said that the Washington authorities are puzzled to know what punishment to mete out for this offense, and well they may be, for it has no precedent. In the nature of the case, Scovel was the guest of the army, and his violation of the privileges and hospitalities extended him constitute, as we have said, the most remarkable case on record. He will probably be tried by a court-martial and ejected from the army under circumstances sufficiently ignominious to make his punishment exemplary.—Atlanta Constitution.

Private Devine's Sentence. Jacksonville, Fla., July 24—Private Charles T. Devine, of Company A, Fourth Illinois Regiment, left here tonight under a guard, for Fort Leavenworth, Kan., having been convicted of the larceny of \$20 from a comrade. He admitted the theft and returned the money. Devine is from Tuscola, Ill., is sentenced to serve nine months at hard labor, the forfeiture of all pay and dishonorable discharge. DANDY FIRED ON. Key West, July 26.—A squadron of Spanish soldiers three miles west of Bahia Honda fired on the dispatch boat Dandy yesterday. The flashes of smoke along the shore marked the progress of the Dandy, which seemed to be excellently watched. FIRE IN CUBA. Cape San Antonio, July 26.—The light in the western extremity of Cuba is still burning; Havana is brilliantly illuminated.

THE PEACE TALK ALL BOSH. London, July 26.—The Daily Chronicle this morning claims to know positively that no peace negotiations of any sort have occurred between the American and Spanish governments. The Chronicle says: "Spain has made no approach and apparently does not mean to yet. It is understood that the Spanish government is still hopeful to organize a European concert against the United States." Sampson's Claims. The Washington Post sarcastically notes the activity of Admiral Sampson in claiming the captured ships at Santiago as naval prizes. General Shafter was right in not allowing this. Uncle Sam very properly decided that the property belong to the government and to no one else.—Augusta Chronicle.

General Wheeler. Those patriotic gentlemen down in Alabama who are so anxious to succeed General Wheeler in Congress are wasting time and money. When Ipe Wheeler gets home from Cuba the Alabamians will give him half a dozen seats in Congress if he wants them.—Shelbyville (Tenn.) Gazette. Fitchugh Lee. The demands of justice and the sentiment of the American people will not be satisfied with any proposition which does not include the election of Fitz Lee as governor general of Cuba. The president will be made aware of his mistake if he proceeds otherwise.—Tennessee Democrat.

GENERAL SHAFTER'S REPORT Casualties of the Recent Battle Received in Detail. THE OLIVETTE CARRIES SUPPLIES. Orders for the Further Movement of Troops for General Miles' Porto Rican Expedition. Washington, July 26—Gen. Shafter's detailed report on the American casualties in the recent battle at Santiago has been received by the war department and is being prepared for publication. The total number of casualties is 1,595, as follows: Killed, 23 officers, 208 enlisted men; wounded, 80 officers and 1,203 men; missing, 81 men. The missing are supposed to be dead, as the Spaniards took no prisoners so far as is known. STEAMERS CHARTERED. San Francisco, July 26—The Canadian Pacific steamships Tartar and Athenian, also the steamship Charles Nelson have been chartered by the government as transports. General Merriam has selected Colonel Stover, of the South Dakota infantry, to command the expedition to Manila which sails on the St. Paul this week. Two deaths among the troops have been reported. ORDERS TO LEAVE CAMP. Chattanooga, July 26—Orders have been received for the Third brigade under Gen. Grant to leave for Newport News this afternoon. OLIVETTE SAILS. New York, July 26—The Olivette leaves this afternoon for Santiago with supplies chiefly for the wounded at the front. She carries over three quarters of a million dollars to be paid the troops. TO OCCUPY GUANTANAMO. Santiago, July 26—It is difficult to see how the large body of Spaniards at Holguin can fail to surrender although reinforced from Gibar City, one of the commanding points in eastern Cuba. The surrender of the garrison will be an important event of the war. The news of this is expected shortly. The first infantry under General Bisbee started to occupy Guantanamo yesterday. MILES' LANDING PLACE. Washington, July 26—Officers of the war department believe that General Miles has landed a detachment of troops in Porto Rico, but are unanimous in the opinion that the landing place is not near Ponce as has been reported. Adjutant General Corbin says the landing place selected was Fajardo. There has been no direct news from General Miles to date. Officials maintain secrecy and are carefully guarding the plans of the expedition. No Looting. The policy of President McKinley in respect to Santiago and to any other place, which may be conquered will be approved by the whole American people. The Cubans are not allowed to loot them. They are not to be given up to the rapacity or plundering tendencies of any one. Our quarrel is not with private citizens, but with the Spanish army. Now that the army has surrendered every private citizen will be accorded the right to return to his domicile without let or hindrance.—New York Herald.

End of a Little Scare. Annapolis, July 25—Anxiety in regard to reported cases of yellow fever at the naval academy having been removed, the Spanish officers, who were sent to cadet quarters as a precaution will return to their former quarters. Naval academy physicians say there is no apprehension of yellow fever, the only illness among the prisoners being due to malaria. Off to Cuba. Two state papers comment upon the fact that North Carolina farmers are regretting the disappearance from the state of the carrion birds, the turkey buzzards. They have undoubtedly taken wing to Cuba! A horrible story is to be read between the lines—Charlotte Observer.

SAW A SPANISH FLAG. But Indiana Miners Soon Shot the Emblem Down. Terre Haute, Ind., July 25—The earliest riser today in the mining town of Geneva saw a Spanish flag floating from a pole erected during the night. He quickly aroused his neighbors, and while the crowd was discussing the sight an old miner appeared among them with a shotgun and began shooting at the emblem. It was the cue for every man who could get a gun, and soon the flag was in ribbons. Then the rope was shot away and the tattered rag fell to the ground. Three cheers for "Old Glory" were called for and a contribution was taken up to buy a flag of Stars and Stripes of good quality. When it arrives the miners will have a characteristic miners' celebration. It is not known who hoisted the Spanish flag, but it is thought to have been the work of two or three miners who wanted to have some fun. Too Hasty. Coal Dealer (anxiously)—Hold on! That load hasn't been weighed. It looks to me rather large for a ton. Driver—Tain't intended for a ton. It's two tons. Dealer—Beg pardon. Go ahead.—N. Y. Weekly. Fire Laddies Off for Goldsboro. Several of the South Side hose company's men left at noon today for Goldsboro to attend the association. A number of firemen from Asheville passed through at noon today.
