CAMP LIFE AT LAND'S END.

Letter From a Member of Capt. Gray's Company.

HOW THEY SPEND THEIR TIME.

Sleeping on the River Bank Where the Sea Breeze Wafts the Pesky Mosquitoes Away.

Camp, Lands End, Port Royal, S. C., July 30.

We arrived here on the 18th of this month at two o'clock a. m. The boys seem to be enjoying themselves and having a lot of sport. We have only one objection and that is the mosquitoes. They are so bad it is impossible to sleep at night. Most of the boys do their sleeping in the day time and stay up at night. We have fires all down the company street at night and they afford us some protection.

We are on the St. Helena Island, at a new United States fort now under construction. The nearest post office is Port Royal, which is about five miles up the river. This part of the island is inhabited altogether by negroes. It is said there are 6,000 negroes and 150 white people on the island. I have seen only three white persons here who were not employed by the government.

The boys have good times fishing, bathing, and sailing on the river. They say every day is Sunday here. We only drill one hour a day, from six to seven, p. m. As far back as six miles this island is all swamp, that is as far as we have been able to get as yet, but a trip is planned for Sunday clear across, which is ten miles. It is only a short trip to Beaufort, which is a very nice little place to spend the day. Sometimes we go on the United States tugs and some time in sail boats.

There is a small passenger boat that leaves the camp at 8:30 a. m. and returns at 3:30 p. m., just 35 cents for round trip. Several of the boys go up to town every day. We have just received the report that Company G of the Second Regiment was to join us and of course we are delighted at the news.

A few of the boys have abandoned their tents and built small houses which give much more satisfaction. The tents we have are not the best any way; a good many of them leak so bad it is impossible to keep dry and just now is the rainy season here.

One thing the boys enjoy here which they did not at Raleigh, we have no guard line or guard houses; we can go where we please within a radius of one mile of camp. If we want to go further we have only to apply for leave of absence which is always granted.

The negroes here can hardly make themselves understood. Some of them peddle bread and fish in camp. They say, "Three breads and two fish, five cents." If you want six biscuits and four fish you must buy twice, as they will not sell but three biscuits and three fish for ten cents.

We relieved Co. E, of the Fifth regiment, U. S. regulars, when we came here and they went to Key West, Fla., to join their regiment, which, I believe, is to go Porto Rico. I guess we are doomed to spend our two years down here with the black gratts and mosquitoes. But I hope we will soon get used to them, and the croaking of the frogs. We get a pretty steady sea breeze which is one pleasure to us. We are about nine miles from the Atlantic coast.

We have a few boys here who keep in mischief enough to keep the company in high spirit. I don't think any of our boys ever have the blues. We are about one and a half miles from and below the naval station. Our boys visit the Nantucket, which is anchored near us, right often. Her crew is from Wilmington, N. C., and a very nice crowd of young men.

Our mail arrives daily at 4 p. m. and leaves at noon. We get very little news here. We have so much to think about and to amuse ourselves, that most of us do not give the papers much thought.

Four mules for Co. D arrived on the steamer Pilot Bay from Savannah yesterday evening. They are all young—the oldest is only seven, but they are very well broken and work together. I see several of the boys with their blankets now going down on the river to sleep. That seems to be the place, as the breeze keeps the mosquitoes blown back. I have no further news of interest and will close. Yours very respectfully, Chas. H. Powell.

Tennis oxfords, white, black, and brown, at Thacker & Brockmann's, only 50 cents. Men's and boys sizes.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., Aug. 1, '98.

The Welbourn property on corner of English and Ingram streets, was sold at auction, Saturday to Mr. Lee Payne.

If the town authorities could have seen the number of wagons that were standing crossways of Main street Saturday, we believe they would lose no time in removing all the hitching posts on the street, for at least one block below.

We regret very much that an American citizen, bred and born Tarheel and nearer still, a business man in this city should be so thoughtless as to say that "no gentleman would go to the war." He needs to be taught a lesson in patriotism.

There was a young man in the city yesterday wearing a soldiers uniform who gave his name as Zeb Johnson, of Western North Carolina and claiming that he had enlisted in Co. L of the Second regiment and that he had lost his health and received an honorable discharge and was without means to get home on. A collection was taken up and a ticket bought for him and he left on last night's train.

Many friends were at the depot this morning to bid farewell to Claude C. Barbee, formerly manager of the Telegram Bureau at this place, who left to join the First regiment N. C. V. with the 7th army corps under General Fitzhugh Lee at Jacksonville. We trust he will make a gallant soldier and return as sound as he is today.

Chas. Morris, James Hyatt and John Johnson left Saturday night for Jacksonville to join the First regiment.

W. R. Richardson returned to Greensboro this morning.

Prof. Dred Peacock, of Greensboro, passed through this morning.

Capt. W. E. Johns, of Mt. Airy, and Mr. and Mrs. Henry Harvey, of Welton, are visiting the family of W. E. Johns, Jr.

Prof. O. W. Carr was in the city this morning.

Miss Bert Tomlinson, of Archdale, was in the city today.

Ed Petty, of Archdale, was in the city today.

Rev. P. J. Carraway passed through the city this morning.

E. H. Fields went down to Greensboro this morning.

Mrs. W. H. Ragan is spending the day in Greensboro.

TRINITY ENDORSED.

Resolutions Adopted by the Shelby District Conference.

The Shelby District Conference, in session at Lincolnton, passed resolutions as copied below endorsing Trinity College:

Resolved, 1st. That, rejoicing at the large measure of success that has come to our district schools and church colleges, we heartily recommend them to our people as worthy of their fullest confidence within the limits of their respective courses; that we heartily endorse the board of trustees of Trinity College, and its president, in their efficient management of our institutions, and we thank Mr. Washington Duke and Mr. B. N. Duke for their magnificent gifts that are aiding so materially its development.

2nd. That the origination and circulation of recent slanders upon our college and its president emphasizes the necessity that men only of known sympathy with it shall be appointed upon its board of trustees, as editors of the North Carolina Christian Advocate, and upon the Conference board of education, and we recommend to the annual Conference the rigid requirement of this standard in the men that it shall select for these important duties, believing, as we do, that no institution can live in the hands of its enemies. (Signed)

J. A. Bowles, W. M. Bagby, A. R. Surratt, R. M. Hoyle, S. J. Durham, J. D. Lineberger.

Sleepy But Happy.

Bogart's excursion returned from Wilmington Sunday morning at 2:08. Of course the excursionists were sleepy at that hour but they report a most enjoyable trip. The best feature of the trip was the ten mile ride out to the steamer Wilmington. All the party but three got seasick, but after a little while were all right and in a condition to enjoy the trip. Many of the excursionists remained in Wilmington until today and came up this afternoon on the passenger train.

WILL PUSH WAR TO LAST HOUR

Hurrying Forces to Reinforce General Miles.

FEELING OF PEACE IS GROWING.

Ambassador Cambon Has Transmitted the Madrid Authorities' Reply to the Madrid Authorities.

By Wire to THE TELEGRAM.

Washington, August 1—Fifteen thousand soldiers are to be sent to Porto Rico to reinforce General Miles immediately. It is the determination of the government to push the war as strenuously as possible up to the last minute when armistice is declared.

General Wade has been ordered to take command of the reinforcements and has been detached from the command of the camp at Chickamauga for that purpose. He and his staff are now on the way to Washington with instructions that the reinforcements are to consist of fifteen regiments. It is understood that General Lee will be sent to Porto Rico with the Seventh army corps, which has been engaged in completing its organization at Jacksonville.

General Coppinger will command the Tampa force. General Booke, with 6,000 men, are due at Porto Rico today. It is expected that within a fortnight over 40,000 troops will be operating in Porto Rico.

HOPEFUL OF A PEACE TREATY.

Washington, August 1—The president and some members of the cabinet are hopeful that a peace treaty will eventually result from the overtures made by Spain and the terms submitted in reply.

SPAIN'S OVERTURES ANSWERED.

Washington, August 1—Ambassador Cambon immediately sent to Spain the government note in answer to the overtures made by that government. The president looks for an answer by Wednesday. Some members of the cabinet do not deny the report that upon Cambon has been conferred the office of plenipotentiary for the Spanish. The feeling of peace is becoming general, and already the names of commissioners for the United States are being talked of, the latest being mention are Woodford, former minister to Spain, and Richard Olney, but there are no official grounds for the report.

SPANISH PLATE OF HASH.

Madrid, Aug 1—French, German and Austrian Ambassadors had a conference with the Spanish minister of foreign affairs yesterday. The result is unknown. Advice from Havana say the Cuban blockade is maintained in the most vigorous manner. Sansverino Mantanzas is reported to have been bombarded by warships. The report also says a force of four hundred American infantry and cavalry attacked a detachment of Spanish engineers at Graciosa and were repulsed, leaving ten men dead on the field. The Spanish loss is one officer and two men wounded.

Sympathy for Bereaved Germany.

Berlin, August 1—The United States Ambassador has received a cable from Washington charging him to express to the bereaved nation and also the family of the deceased, the sorrow which the government and people of the United States feel in the death of Prince Bismarck.

Martin Thorne Electrocuted.

New York, August 1—Martin Thorne, the murderer of Guldenuppe, was electrocuted at 11 o'clock this morning.

Chicago Hotel Burns.

Chicago, August 1—Fire in the Berwen hotel killed three persons this morning. Several casualties are reported by guests leaping from the windows.

Called Meeting.

By order of the president the executive committee of the Industrial and Immigration Association is called to meet at the National bank on Tuesday, August 2nd, 1898, at 4 o'clock, p. m. Every member of the committee is requested to be present. W. M. Barber, Secy.

SPRINKLER HORSES RUN AWAY.

They Do Some Damage in Their Mad Flight.

This morning about 10 o'clock the horses hitched to the street sprinkler were left standing near the public pump in front of Jeffrey's store on South Elm street and when the driver was off started to run. A train was passing across the street and the gates were down, but this did not stop the horses. They ran around the train before the gates had been raised and the sprinkler struck one end of the gate, breaking it completely off and rendering it useless. The end of the gate on the other side was broken off. The horses next turned into Depot street, turned the sprinkler over and broke loose from it. The black horse, belonging to the Protector Hose Company was thrown by the single-tree at the corner of Depot and Davie streets and was going at such a speed that he slid all the way across Davie. He regained his feet without stopping, but was unable to turn and ran into a window of Cunningham Bros. office. One shutter of the window was broken, the lower sash knocked out and the glass broken into bits. Harry Cunningham was in the office and what he did in the way of getting out "was a plenty." Both the horses received several cuts and the black horse was somewhat bruised by his slide on the cobble stones.

OVATION TO MILES' TROOPS

Citizens Help to Locate Recreant Spaniards

PORTO RICO TURNING AMERICAN

More Spanish Vessels Captured—The Fall of Manila is Hourly Expected in Spain.

By Cable to THE TELEGRAM.

Ponce, via St. Croix, Aug. 1—Porto Rico is turning American as fast as the United States troops advance and the citizens of the island are enthusiastic and are giving much help in locating the recreant Spaniards. Large numbers of them have been brought into the cities by vigilant citizens and turned over to the troops. After signing parole agreement they are released and with hardly an exception they join with the crowd in praising and assisting the Americans.

The troops advanced Saturday night toward the outposts of San Juan. Juana Diaz, twelve miles from Ponce, was the second town taken by the American troops. Guanica being the first and then Yauco. When the troops took possession of the latter town the mayor issued a proclamation exhorting all citizens to conduct themselves properly towards the Americans; also brilliantly lauding America and its arms.

The citizens are intensely loyal to our government. When the troops arrived they fell upon their knees to embrace the legs of the invasion hosts. It was truly a remarkable reception to the invading army.

Ponce today was placarded with posters issued by the mayor upon the order of General Wilson demanding the surrender of all arms and declaring it the duty of every citizen to inform the troops where arms are concealed. A great number of arms have been turned in to date and it is thought two thousand Spaniards will sign the parole documents. The campaign is being pushed with all vigor and General Miles expresses great satisfaction at the progress being made.

SPAIN ABANDONS HOPE.

Madrid, August 1—A depression is manifest in government circles over the news from Augustine, at Manila. A despairing attitude has settled over everything the past few days and the announcement of the fall of Manila is expected hourly. The American peace conditions are taken here to mean the virtual stripping of Spain of all her possessions. The hope for foreign interference has been abandoned, and, as harsh as the terms of peace are considered to be, it is believed there is no other course open to Spain than to accept them.
