FOUR-STORY OFFICE BUILDING.

To Be Erected on The Present Site of The Allen House. Last evening after The Telegram had gone to press, a deal was consummated by which the Allen House property just east of the federal court house and postoffice building becomes the property of the Southern Guarantee and Investment company.

The present frame building, occupied by Mr. W. B. Allen, as a hotel, will be removed and in its stead will be erected a handsome four-story brick building. The work will be commenced at an early date—just as soon as plans can be perfected and the contract let.

Mr. E. P. Wharton, speaking of the object of the building to a Telegram man, said: It will be an office building exclusively. According to the present plans it will be 52x120 feet, four stories high. It will be equipped with modern appliances and conveniences throughout, first-class and strictly up-to-date, with elevator. It will be heated by steam and hot water.

The building will contain about sixty splendidly arranged office rooms, and it is already arranged that in it will be located the home offices of the local insurance companies, the Southern Stock-Mutual and the Underwriters.

This news, following closely on the announcement of the five story building on South Elm street for the Simpson-Shields shoe company, is interesting to Greensboro people.

In the meantime, while preparations are being made for the erection of the new building, Mr. Allen will continue business at the old stand. Announcement of his removal will be made in due time.

A PRETTY PROCLAMATION.

Mayor of Yauco Rejoices Over the Stars and Stripes.

When the troops took possession of Yauco the mayor of that town promptly issued this proclamation: "Citizens, on today citizens of Porto Rico assist in one of her most beautiful feasts. The sun of the Americans shines upon our mountains and valleys this day of July, 1898. It is a day of glorious remembrance for each son of this beloved isle, because for the first time there waves over it the flag of stars, planted in the name of the government of the United States of America by the Major General of the American army, Senor Miles.

"Porto Ricans, we are, by the miraculous intervention of the god of justice, given back to the bosom of our mother America, in whose waters nature placed us as a people of America. To her we are given back in the name of her government by General Miles, and we must send our most expressive salutation of generous affection through our conduct toward her valiant troops, represented by distinguished officers and commanded by the illustrious Gen. Miles.

"Citizens, long live the government of the United States of America! Hail to their valiant troops! Hail to Porto Rico, always America. "El Alcalde, Francisco Megia." "Yauco, Porto Rico, United States of America.

MERRITT WANTS MORE MEN

Calls for Fifty Thousand to Meet Any Emergency

MUST SUPPRESS THE INSURGENTS

Aguinaldo's Forces Threaten to Kill the Bishop and Clergy at Cavite. Spain Wants Information.

By Wire to THE TELEGRAM.

San Francisco, August 2—In reply to a despatch from General Merritt, who has established his headquarters at Cavite, General Merritt cabled that since the departure of Merritt to the Philippines five transports with nearly five thousand troops aboard have sailed for the Philippines. Scarcely had the message been cabled when General Merritt received a despatch from the authorities in Washington saying that General Merritt had asked to have the forces under his command augmented by the addition from twenty to fifty thousand soldiers. General Merritt thinks that with the additional troops asked for, he will be able to successfully meet any emergency or complication which may arise on account of the hostile attitude that the insurgent General Aguinaldo has assumed toward the American troops.

TO SUPPRESS INSURGENTS.

Washington, Aug. 2—Instructions have been sent to the military and naval commanders in the Philippines to promptly suppress the insurgent forces under Aguinaldo should there appear anything like rioting. These vigorous orders are the result of information received from Manila in which it is learned that the insurgents under Aguinaldo have threatened to kill the bishop and clergy at Cavite. These murders, it is believed, would be the signal for a general massacre.

Grave apprehension is felt by the authorities. The appeal for protection was a surprise to the government officials, but today they make no attempt to conceal their distrust of the insurgent leaders in the Philippines.

OBTUSE SPANIARDS.

Madrid, August 2—The cabinet after discussing the reply of President McKinley to the Spanish peace overtures have decided to send a note to the United States government asking for a more definite expression of the meaning of the words: "Immediate evacuation." Also more definite information with reference to the disposition of the Philippines.

THE POPE'S APPEAL.

Washington, August 2—The Pope has appealed to the United States government to protect the Catholic clergy and their property from the insurgents in the Philippines.

SUPPRESSING CARLIST PAPERS.

Madrid, August 2—Carlist newspapers have been suppressed by the government. Advices from Brussels say that bands of Carlists have made their appearance at Lerida in Catalonia.

Minister Hoshio Toru is now on his way to Japan and will assume his new duties upon his arrival.

A Female Store-Breaker.

Sheriff Wray, of Reidsville, passed through this morning enroute to Raleigh with a woman prisoner who goes to the pen for two years. She is said to be a Spaniard and was convicted at the last term of Rockingham court, of breaking into a millinery store in Reidsville. This is a rare offence for a woman but not so bad for a Spanish woman perhaps. She is fairly good looking and seemed perfectly happy.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., Aug. 2, '98.

The regular monthly meeting of the board of aldermen was held last night in the mayor's office, Mayor Bradshaw in the chair. Dr. J. J. Cox acted as secretary. As the board were considering the erection of a new guard house (which is badly needed) the police committee was authorized to get up plans and specifications for the erection of the same.

It was also decided that no person shall be granted permission to sell refreshments of any description in the city limits on Yearly Meeting Sunday. [As we could not see the minutes of the meeting this morning we will report all other business of any importance tomorrow.] Brickmakers in need of clay can find plenty of it around "those hitching posts" that can be easily made into brick, as it was once in that form. It must have fallen from the clouds. It should be removed and give the ducks a chance.

Executive Committee of State Fair Issues Regulations.

At a recent meeting of the executive committee of the North Carolina Agricultural Society, says the Morning Post, the following resolutions were adopted and the secretary was directed to have the same published for 1898, and to give them special prominence: 1. The executive committee has authorized the letting of only such privileges as are required to satisfy the necessary wants of the people, or that may add to their comfort, convenience and pleasure, but under no circumstances will privileges of a questionable nature or of a demoralizing tendency be sold, or in any manner tolerated on the grounds or in the buildings, nor will any privileges be sold or permitted, where the business is conducted in any other than a legitimate, decent manner.

2. All dining halls, lunch booths, refreshment pavilions and other stands, must be kept neat and tasty in appearance, and supplied with wholesome food and pure goods, for sale to the people at reasonable prices. The executive committee will carefully guard against extortion in any form being practiced on the patrons of the fair, and any such attempts will forfeit privileges holders all rights on the grounds.

3. The executive committee will not sell or grant to any person or persons the privilege of selling, dealing, or bartering in spirituous, vinous, or malt liquors on the fair grounds or in any of the buildings or booths during the holding of the annual fair.

4. No privilege shall be sold, granted, or in any manner tolerated for the operation or exhibition on the grounds or in any of the halls, buildings or booths, of any gambling device, lottery or games of chance of any character whatever.

Renters will note that any business, trade or occupation that is in violation of the above will be rigidly excluded, and violation after admission will be punished by forfeiture of privilege and ejection from grounds.

A VOICE FROM HAVANA.

Indignation Against the Government Miseries of Reconcentrados.

London, August 2—The Havana correspondent of the Times in a letter dated July 5th, describes a condition of "growing indignation." He says: "Though Havana is still quiet, extraordinarily, ominously quiet, as a calm before a storm, there is an ever-increasing feeling against the government's deceit in hiding the truth and spreading false news, apparently with the intention of leaving the people to the mercy of their enemies. "Famine is slowly tightening its hands. The bulk of the population would already have starved but for the supplies of mangoes, pineapples and bananas. The death rate is extraordinarily high here, and still worse in other parts of the island. "In some settlements half the reconcentrados have died since war was declared."

EXTRA SESSION PROBABLE.

To Pass Laws to Retain Troops For Garrison Duty.

MARCHING TOWARD SAN JUAN.

After The Cabinet Meeting Today The Terms of Peace Were Announced as Appears Below.

By Wire to THE TELEGRAM.

Washington, August 2—It is asserted that President McKinley will call an extra session of congress as soon as Spain accepts the terms of peace which have been offered. It has always been understood that the senate would be convened as soon as a treaty of peace is ready to be acted upon by that body.

Now, it seems, the attention of the president has been called to a section which makes the assemblage of the entire congress necessary. Under the law which provides for raising a volunteer army there is no provision for keeping the army intact when the war ceases. When the law was framed it was not supposed that this would be necessary. At that time it was not seen that garrisons would be required in the Philippines or in Porto Rico.

That these islands will be American possessions as developments of the war makes it very evident that fully one hundred thousand men will continue to be needed. However, as matters now stand the volunteer army will be disbanded and there will be only twenty-seven thousand troops available, and the aid of congress to frame and pass new laws to keep an adequate army for garrison purposes will be asked.

THE TERMS OF PEACE.

Washington, August 2—The terms of peace, as officially given out, made by the United States to Spain specify that Spain must evacuate and relinquish all claim to Cuba. The Island of Porto Rico must be evacuated and ceded to the United States and also all of her other West India Islands. One of the Ladrone Islands must be ceded to the United States. The city, bay and harbor of Manila will be held pending the conclusion of the treaty and a decision as to the future of the Philippines. No indemnity is asked.

MARCHING MERRILY ON.

St. Thomas, August 2—The American troops have reached Coamo, which is sixteen miles northeast of Ponce, on the road to San Juan. No resistance was made.

CABINET IN SESSION.

Washington, August 2—The cabinet is now in regular session. It is expected that a statement of the terms of peace which have been made to Spain will be made public immediately after the meeting.

Macon, August 2—Col. Ray, commanding the Third Regiment of volunteer immunes, has received orders to prepare to move to Santiago.

THE DIXIE'S DEFIANCE.

Takes a Shot at El Moro in Passing San Juan.

St. Thomas, D. W. I., Aug. 1—The United States auxiliary cruiser Dixie, formerly the El Sud, left Saturday for Ponce. She scouted along the north coast of Porto Rico, spoke the Prairie, Montgomery, Puritan, New Orleans and four transports, overhauled an English bark and passing in close to San Juan, fired a defiant six pounder, striking the base of El Morro. The Spaniards made no reply. In the entrance to San Juan harbor the Dixie saw two masts and a chimney, evidently of a steamer sunk by Spaniards to block the passage.

The Dixie arrived at Ponce Saturday evening, where she found the Columbia, the Massachusetts, the Cincinnati, the Gloucester and ten transports.

The armored cruiser New Orleans arrived here yesterday (Sunday) accompanied by a collier. The New Orleans signalling her not to enter, as the cruiser would not be permitted to take her coal.

GOVERNOR JARVIS TALKS.

He Says There is a Ground Swell Toward Democracy.

Governor Jarvis returned to Raleigh yesterday from Robeson county. He was greatly pleased with what he saw and heard in that county and section, and feels that there is a ground swell that will carry the party of the white man and the white metal to victory in Robeson and in the state.

"I spoke at Hornellsville," he said, "the township that held the democratic banner before the unfortunate divisions that came into the party in 1892. Then very many of the best democratic workers, thinking they could better their condition, went into the populist party. They now see that the party they helped to organize cannot bring good government to the people and that locally it has resulted in giving the republicans control of the county government in the east. These men, who had no desire to bring about such conditions are now resolved to leave no stone unturned to restore the rule of the white men of the state. They are back with us and they are zealously at work to persuade their populist friends to come back to the fold. "It is a fine section of the country," said Governor Jarvis. "The crops are good, the people are in good humor, the white folks are looking for the best means to restore good government in the state, and there is a ground-swell in that section of the state toward the democratic party."—News and Observer.
