VOL. III. NO. 50

GREENSBORO, N. C., TUESDAY, SEPTEMBER 27, 1898.

Price Two Cents

No More Credit.

After Sept. 30th, 1898, we will adopt the Cash System. Our books will be closed and our prices reduced from ten to fifteen per cent. We are convinced that this is the proper way to conduct a dry goods and shoe business to the mutual interest of customer and merchant. It will cost any merchant from ten to fifteen per cent more to do a credit business than it would cost to do the same amount of goods for cash. This difference we propose to pay our customers if they are willing to pay us spot cash. (Proof of the above statement can be seen below.) We feel sure that any one buying for cash will not fail to see where it will be to their interest to trade with us.

Thanking you for past favors, we are,
Yours truly,
J. M. HENDRIX & CO.

EXAMPLE.—Mr. A buys dry goods and shoes to the amount of \$1,000 and sells them on credit at a profit of 30 per cent, his gain is \$300. This is not all gain as the following: Mr. B buys dry goods and shoes to the amount of \$1,000 and sells them for cash at a profit of 15 per cent; his profit would be \$150. Mr. B, by selling his goods for cash will be able to pay cash and get the 5 per cent discount which would amount to \$50. When this to the \$150 and we find that Mr. B has made \$200, or \$50 more than Mr. A, and has sold his goods in one-half the time. In other words Mr. B, the cash man, has sold his customers goods 15 per cent less than Mr. A, and has made \$50 more. It is plain to see that selling goods for cash is of mutual interest to merchant and buyer.

LAST NIGHT'S RECEPTION

To The Young Ladies and Faculty of G. F. College.

Last night will be an evening long to be remembered by the West Market street church Epworth League. The occasion was a reception given by the League to the young ladies and faculty of Greensboro Female College.

The committee worked hard and faithful, and long before the appointed hour the church was thrown wide open and the word welcome seemed to glitter in every light.

At eight o'clock the long line of young ladies halted in front of the church led by Prof. and Mrs. Smoot. There they were met by the President and ushered in the side door. The reception committee waited in the vestibule and after the first introduction the young ladies were ushered up stairs. The reception committee followed and began the second introduction to the young men.

The first part of the program consisted of music—solos, quartettes and music by the orchestra.

The next feature of the evening was announced by Dr. Weaver and the young ladies and gentlemen were ushered down stairs to the refreshment rooms. The rooms were filled and refilled until every one had been served to cream and cake. On leaving the refreshment rooms the couples scattered about the church and the social feature of the evening was at its height.

Everything worked to perfection, not a hitch was noticeable. The evening seemed to be thoroughly enjoyed and long before the hands of the clock pointed to the midnight hour, good-byes had been spoken, the social feature of the season had ended. The old church was darkened, but was recorded the most pleasant evening that had been spent within its walls in a long time.

STILL ON THE JUMP.

Some Views of Greensboro—As Others See Us.

Greensboro is still on the jump. She is building dwelling houses by the score. I counted over 250 new houses in a two hours' ride today. Mrs. Sol Weil, of New York, is building a beautiful store building in front of the MeAdoo house. There are several other new store buildings going up.

This town is always on the alert. There is a general movement on foot now for municipal ownership of lights, water works, etc.

Greensboro needs a street car system. The board of aldermen are at present advertising for bids to light the streets, by a company that will give a street car line and electric power for manufacturers.

Guilford county is a white county. There are very few negroes. Greensboro is not cursed with negro loafers. This is a blessing. The county is cosmopolitan.

From Greensboro in every direction the farmers are clamoring for good roads. The road from High Point to Greensboro is a graded road. It is a good road. The Battle Ground road is now being put in shape and good condition. Convicts are at work on it.—H. E. C. Bryant in Charlotte Observer.

THEY ARE MODELS.

The New Houses About Completed on Summit Avenue.

The new dwellings erected on Summit Avenue by the Summit Avenue Building Company, now nearing completion, are perfect models of beauty, workmanship and convenience. They are equipped with modern conveniences throughout, gas, water and sewerage. They are constructed of the very best material—this was one point that struck us forcibly on a recent visit to them. The material was so pretty, clear, free from knots or other defects that it really seemed a pity to hide its beauty under a coating of paint.

The location of these houses is most admirable. They are just this side of the long and graceful curve in the avenue on ground just rolling and uneven enough to make a pretty and picturesque group. A charming site for a home. We are informed that these houses are all for sale, and will be offered on most easy payments. If you want to own your own home go out and take a look at these buildings. No two of them are alike, but all are built with the same idea in view, namely: convenience, health and comfort.

A PARTIAL ORGANIZATION

Of the Army of Occupation of Cuba.

THE TROOPS AND COMMANDERS

Troops to Be Supplied With Suitable Clothing, Camp and Garrison Equipage, Tents, Etc.

By Wire to THE TELEGRAM.
Washington, Sept. 27.—A partial organization of the army of occupation of Cuba is given out in the following order:

With the approval of Acting Secretary of War the following organization of troops is announced: Division composed of one cavalry and two infantry brigades to be commanded by senior officers until a permanent commander of the division shall be assigned by the president, as follows: Cavalry brigade of the Seventh and Eighth United States Cavalry, commanded by Brigadier General Carpenter of the United States volunteers; First Infantry brigade, Fifteenth United States, Fourth volunteers, commanded by Brigadier General Snyder, of the volunteer army; the Second Infantry brigade composed of the First United States, Sixth volunteers, Brigadier General Willson, of the volunteers, commanding.

The troops affected by this order other than the Fifteenth Infantry and Cavalry are under orders to proceed long before the hands of the clock pointed to the midnight hour, good-byes had been spoken, the social feature of the season had ended. The old church was darkened, but was recorded the most pleasant evening that had been spent within its walls in a long time.

The troops are to be supplied with suitable clothing and camp and garrison equipage, especially conical tents with board floors, for from one to twelve men, stoves, cots, medical supplies, ambulances, tentage and other field and hospital equipment complete, in accordance with existing orders. One half allowance for wagon transportation has been authorized by general orders number fifty-four.

By command of Major General Miles.

H. C. Corbin, Adjutant General.

Youth and Inexperience.

A young Italian traveling man is in the city. He carries a chain with a monkey about the size of a small kitten attached to one end. This and a hand organ completes his outfit. The organ plays about two pieces of "music," while the monkey turns somersaults and begs, with the usual piping and dancing left off. Both seem young and quite new at the business, but "some how or other we get along."

They were giving a performance in front of the Lindsay street graded school this morning, and the children got so wild that Prof. Grimsley had to order the couple to vacate.

A Nose Flattened.

Frank Wilborn, colored, occupied the most prominent chair in Squire Eckle's office this morning. Frank was up for flattening the nose of Wm. Stewart, also colored. One of these gentlemen of color had been making remarks which were calculated to damage the standing of the other. Last night when they met, William says Frank "smashed his smeller" and made the blood flow from that organ in rivers.

Squire Eckle thought Frank's fun worth two dollars and cost and Frank paid the amount reluctantly.

Drink Hearty!

When you are thirsty there is nothing that will take the place of a drink of cool water—not too cold, but just cool enough to be pleasant. And as you quench your thirst in this manner it is not unpleasant to think of another good thing at the same time. This is how it is done: C. M. Vanstony & Co., are making their friends a present of a neat, tin dipper, in the bottom of which, when you drink, you read the following words: "Drink hearty and remember C. M. Vanstony & Co., sells good clothing, hats and furnishings, Greensboro, N. C." A unique advertisement.

Marriage Tomorrow Night.

The marriage of Miss Winifred McCaul to Mr. Francis M. Holahan, of New York, will take place at St. Agnes Catholic church on Wednesday evening Sept. 28th at 8:30 o'clock. No invitations have been issued. The limited seating capacity of the church makes it necessary to admit friends of the family only.

COL. ROOSEVELT WILL GET IT

A Poll of Delegates Shows His Strength.

NO LEGAL OBSTACLES IN THE WAY

Elihu Root, Roosevelt's Attorney, Has The Proof—Black's Name May Be Withdrawn.

By Wire to THE TELEGRAM.
Albany, Sept. 27.—A poll of the delegates made before the convention opened this morning showed that Col. Roosevelt had seven hundred and fifty two delegates and Governor Black two hundred and nineteen.

This means that Roosevelt will be nominated on the first ballot unless something unforeseen occurs. Some of Governor Black's friends say that after an all night's conference many of his admirers are in the mood to have him withdrawn from the race and not permit his name to go before the convention.

NO LEGAL OBSTACLES.

Saratoga, Sept. 27.—Elihu Root, Colonel Roosevelt's attorney, has presented proof of the colonel's citizenship for the past five years to Platt and other party leaders from all sections of the state, who have agreed unanimously that there are no legal obstacles in the way of running Roosevelt for governor.

It was decided that if the friends of Governor Black demand the proof or refer to the matter in any way that Mr. Root shall present all the papers containing proof of Roosevelt's citizenship to the convention body.

COLONEL BRYAN SICK.

Has a Touch of Malaria and is Unable to Leave Washington.

Washington, Sept. 26.—Colonel Wm. J. Bryan, of the Third Nebraska Regiment, was unable to leave Washington today for Jacksonville. "I have a touch of malaria," he said this evening, "and my physician told me today to remain here for three or four days." Colonel Bryan was in bed, where he passed most of the day. His face was flushed with fever, and he remarked that he guessed he was a little tired out. "I have been delaying my return to Jacksonville," he added, "for three or four days in the hope that I would get better the next day, and be able to undertake the journey."

Col. Bryan expressed the reluctance with which he admitted his illness. He has prolonged his stay here to enable the fever to run its course.

To High Point Readers.

We regret that our High Point news budget failed to reach us today. It was probably carried by on No. 36, and will return tonight on 35, as is sometimes the case. It would seem that in a run of fifteen miles, that mail would have time to be worked; but we are told that sometimes it is impossible to do it. The letters are frequently mailed on the train and it does seem that when the route agent picks them up it would require but a moment to place them with the Greensboro mail.

Rev. J. W. Lee in Georgia.

Rev. J. W. Lee, the Irish evangelist, who has been preaching in Florida since last Fall, is now holding tent meetings in Thomasville, Ga. The Thomasville Times-Enterprise, a copy which we have in hand, says the meetings are well attended, and that Mr. Lee is doing much good. Mr. Lee will remain in the South for sometime yet.

Gomez Appeals For Food.

Washington, Sept. 25.—Telegrams received by the Cuban delegation at Washington from the commissioners who arrived at Key West today, and who were sent by Gen. Gomez, depict the situation in the province of Santa Clara as most critical. The Cuban army there, they say, is starving. For over two weeks they had eaten no meat, the vegetables were almost gone, and the last mules and the horses had been killed to feed the sick. The children and old people are reported dying by dozens every day. Gen. Gomez makes an appeal for aid, and says his men are desperate.

THEY'RE WAITING FOR RICHARD.

Murphy and Hill Are Not Cutting Very Much Ice.

By Wire to THE TELEGRAM.
Syracuse, Sept. 27.—The attitude of the delegates to the democratic state convention today is about the same as it was on yesterday—waiting. Nobody pretends to have any notion what is going to happen in the convention. Nothing will occur until Richard Croker arrives, which will be late this afternoon. Murphy, Hill and other well known leaders are on hand, but they are not announcing any plans.
