A REPUBLICAN SOLD OUT.

How S. H. Buchanan, a Life Long Republican, Was Shoved Aside.

The greed of the populist wing of the fusion combine in the Third congressional district, has resulted in a condition that is likely to result in disaster to the fusion candidate, Mr. John E. Fowler.

Ston H Buchanan, of Jonesboro, a life long republican who expected to receive the nomination for congress, at Fayetteville, the 29th inst., on the Republican ticket, makes the public announcement that he will not support Fowler, but will vote for Thomas. He claims that Fowler promised him two years ago, if he would give him a clear course at that time, he, Fowler, would not ask for the place two years hence. Mr. Buchanan went to Fayetteville with a majority pledged to him. He says a special delivery letter from Raleigh notified him that the committee had decided for Fowler, and that he must stand aside for harmony. And even then Fowler only succeeded by using boodles. Buch. is surely mad and it is to his credit. He means to fight Fowler.

"Home Sweet Home."

The loving hubby who beat his wife a few days ago, read a little piece in the Telegram about his wife intending to take out a warrant for him and proceeded to make it even more warm for her than ever. The wife seeing that living in peace with her better half was an utter impossibility decided to move to Danville. To this the hubby caught on and refused to let her have her trunk. She was at Squire Pritchett's office again this morning seeking advice about how to get her trunk. Squire informed her that he was not much of a lawyer, but he could give the old fellow justice if she would bring him up before him.

Back From the Klondike.

Mr. J. D. Thagard, a North Carolinian who had just returned from the Klondike, passed through Raleigh yesterday.

Mr. Thagard is a brother-in-law of Mr. W. C. Petty. He has just returned from Dawson City, and was on his way to his old home in Manly yesterday.

With him Mr. Thagard had evidences of the richness of the Klondike. He exhibited several pieces of gold ore and bullion which he brought back with him from the gold fields. Mr. Thagard has been at Dawson City for two years. He has on foot now a project which he expects will yield him a big fortune.—Morning Post.

Slot Machine Telegraph.

T. J. McAduo, owner of the Telephone Exchange, has placed the up-to-date 'phone in the McAduo House we have ever seen. It is a combination telephone and slot machine. Any one wishing to talk on the 'phone drops in a nickel, dime or quarter, according to the length of time. Twenty-five cents is for long distance, however. When a quarter is dropped the 'phone clicks three times: if a dime, twice, and a nickel, once, so that Central knows just how much money is dropped and how long to let you talk. It's a hummer.

A Tip to Senator Butler.

The Kinston Free Press gives the following, the truth of which has been suspected for some time: "We have been informed that Mr. Frank Brown, member of the last Legislature from Jones county, told certain parties of prominence and intelligence that Dr. Thompson secretly abetted the election of Pritchard to the U. S. Senate, to the end that Pritchard would do a like favor for Thompson to succeed Senator Marion Butler in 1900. We get this pretty straight and if it is denied we will furnish proofs. Yet Thompson pretended to be honest and opposed to the election of goldbug Pritchard. All the big populist and republican bosses in this state are tarred with the same stick."

They Are Beauties.

We call your attention to the opening display of the Sample Brown Co. for tomorrow and Monday. The two front windows are pageants of beauty in their gorgeous and elaborate decorations. The taste displayed by the artist who dressed those windows would do credit to any city in the land. The arrangements inside are attractive and a marvelous variety of rich colors, tints and designs are shown.

Register Tomorrow.

Let every democratic voter see that his name is properly placed on the registration books. Don't neglect the matter of getting a transfer if you have moved since the last election. Tomorrow is registration day between the hours of 9 a. m. and 4 p. m. Attend to this important matter tomorrow.

INDIAN SITUATION GRAVER.

Signs of Disturbance Among Agency Indians.

KILLING OF INDIAN POLICEMAN.

Confirmation of the Reports that the Red Skins Are Concentrating from Other Reservations.

By Wire to THE TELEGRAM.

Walker, Minn., Oct. 7.—The Indian situation is graver than ever today. There are signs of disturbance among the agency Indians here owing to the killing of the Indian policeman by the United States troops.

Confirmation is coming hourly of the concentration of Indians from the other reservations with pillagers who are threatening General Bacon's command.

GENERAL BACON SAFE.

Washington, Oct. 7.—War Department advices today say that General Bacon is safe and uninjured. The Governor of Minnesota has asked for additional troops, but no action has yet been taken, and it is believed that the alarm is unwarranted. The Minnesota volunteers, who are at home on furlough have been given permission to fight the Indians.

DESULTORY FIRING.

Walker, Minn., Oct. 7.—General Bacon fought the Indians all night, it is presumed, as desultory firing was heard. It is believed the Indians have gone further inland.

KILLED THE OLD MAN.

Then Hurried On With the Girl and Was Married.

St. Louis, Oct. 6.—A special to The Republic from Pine Bluff, Ark., says: In Saline county yesterday, Joe McKinney, a young farmer, accompanied by his brother and a friend, eloped with the daughter of Charles Taylor, another farmer. The wedding party took a wagon and started for Redfield. When within five miles of there, Taylor overtook the party and opened fire with a gun. McKinney returned the fire with a revolver, killing Taylor. The body was left lying in the road while the party drove on to Redfield, where the elopers were married. After the ceremony the four surrendered themselves to the police. McKinney rented a farm from Taylor.

The main attraction in town today is Prof. J. J. Rogers' strength testing machine.

If "Little Cy" Wheeler, of the Second regiment could borrow "Uncle Bob" Bell's whiskers and make a charge down Main street, as he usually does on his thoroughbred, we would think "Fighting Joe" had struck the town.

Cards announcing the marriage of Miss Maggie Bonner, of Mt. Airy to Mr. Claude Beard, of the C. F. & Y. V. road, October 18th, were received here yesterday. Miss Bonner, it will be remembered, spent the summer here last year, with her sister, Mrs. J. B. Bonner, and has many friends here.

Miss Vallie Brown, of Concord, who has been spending several weeks with her sister, Mrs. Castor, returned home last night. She made friends here who regret to part with her.

We are glad to see Mr. R. L. Pickett out again after several weeks illness, with typhoid fever.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., Oct. 7, '98.

An attempt was made to wreck the Asheboro train by piling cross ties on the track yesterday near Sophia.

Don't fail to hear Bob Glenn on the political issues tonight at the opera house. Ladies are especially invited.

Frank Brown and Claude Barbee, of the First N. C. regiment say that they could beat Col. Bryan's poll by at least fifteen per cent.

Thar now! Major Wadlington came near having a scrap this morning. What a pity that Major did not get to show his grit before he left.

Miss Leslie Pleasants, of Asheville, who has been spending a few days with her sister Mrs. O. N. Richardson left on the noon train for Greensboro.

C. H. Hoover and Geo. Hilliard, of Asheboro, passed through today enroute to Washington.

W. F. Brown, the Cuban reconcentrado, left this morning for Statesville to see his brother, W. C. Brown of that place.

Mrs. E. A. Bencini and children left this morning for Concord to visit friends and relatives.

Will Pickard, of Randleman, spent last night in the city and returned this morning.

W. A. Hall, of Greensboro, was in the city today.

Quartermaster Cyrus Wheeler, of Company D, Second regiment returned yesterday to spend a thirty day furlough at home.

Ex-sheriff R. R. Ross, of Asheboro, spent last night in the city.

A prominent real estate owner recently opened a side walk on a street that was seldom used, and now he has been notified to fix up his side walk. We think there are many other side walks inside of the city limits that are used every day that need fixing up much worse than this one.

One of those so-called squeak whistles, like the one we had reference to yesterday, was recently put up in Winston, and, of course, disturbed everybody to such an extent that it was knocked into smithereens with Smithfield rifles by some men who lived near by. If the town authorities will not look after a nuisance like this we believe the people should.

The main attraction in town today is Prof. J. J. Rogers' strength testing machine.

Philippine Representatives.

By Wire to THE TELEGRAM. New York, Oct. 7.—Agonillo and Lopez, representatives of the Philippines, arrived today and will sail tomorrow for Paris, to be near the peace commissioners. The president refused to give them authority to appear before the peace commission.

David Hill Will Speak.

By Wire to THE TELEGRAM. Salem, Mass., Oct. 7.—Alfred C. Williams was hanged for the murder of John Gallo in the Salem jail this forenoon.

SOME STARTLING RUMORS.

The Paris Peace Commissioners Can't Agree.

STRIKERS BECOMING RIOTOUS.

Work on Underground Railway Suspended—Labor Strikes Extended to Nearly All Building Trades.

By Cable to THE TELEGRAM.

Paris, Oct. 7.—The American and Spanish peace commissioners met in joint session today. There are many startling rumors abroad to the effect that the commissioners cannot agree on the question of adjusting the Philippine dilemma.

Judge Day telegraphed to Washington that negotiations are on the verge of being broken off, and was answered to stand squarely by the demands of the Washington government; that is, to nothing short of the whole of Luzon.

Paris, Oct. 7.—The American commissioners this morning considered correspondence and sought to perfect the position of the Americans in relation to the alternations and contingent attitudes or propositions which the Spanish are expected to make this afternoon. The substance of the presentment is not disclosed.

STRIKERS BECOMING RIOTOUS.

Paris, Oct. 7.—The strike among laborers has extended to nearly all the building trades, and it is feared the railroads will join the movement. Work on the underground railroad has been suspended. The strikers are becoming riotous.

Later—Troops and the Paris police have been called out to stop the rioting strikers.

PLANNED A GENERAL MASSACRE

Why the Indians Did Not Fire on the Men Searching the Timber.

Walker, Minn., Oct. 6.—Indian Agent Sutherland, who was with General Bacon at Sugar Point, gives the following account of the conflict up to the time of his leaving for supplies: "When the arrest of the two fugitives had been accomplished, the Indians, with a profession of friendship, showed the soldiers their tepees and called attention to their neatness, and all the time stating that they were good Indians. General Bacon, who has great experience with the Sioux and other savages did not take much stock in these professions of friendship and ordered a party of his company to search the adjoining timber for any lurking savages, but none was to be seen. The Indians may have been hidden in the thick underbrush, and those unaccustomed to searching timber could easily have been deceived, for it was not 10 minutes after this before the firing had commenced. Had the Indians not contemplated a general massacre they would have fired on the men who were searching the timber.

"These pillagers are well armed and are good marksmen, therefore it is easy to see where they had the advantage of the situation at the start. If our men are not killed, it is surmised that they have gone some distance in the woods, where they would be safe from a night attack from another band of Indians who could have come upon them from the lake shore. If it is true that the Cass Lake Indians have gone to assist the Bear Island Indians, the retreat of General Bacon into the interior can be understood."

STRAINED RELATIONS.

No Doubt But That Such Exist Between France and England.

By Cable to THE TELEGRAM. Manchester, Eng., Oct. 7.—A London correspondent of the Courier says that long messages of instruction have been telephoned by the foreign office to Sir Edmund Monson, the British ambassador. There is no doubt but that relations between France and England are greatly strained.

General Greene Testifies.

By Wire to THE TELEGRAM. Washington, Oct. 7.—General Greene is before the war investigation board. He testified that at the time of the sailing of the transport China from San Francisco she was crowded; but otherwise she had every convenience and was equipped with provisions sufficient to last four months.

Convalescent Soldiers.

By Wire to THE TELEGRAM. New York, Oct. 7.—With two deaths on its log the hospital ship Missouri has arrived from Porto Rico. She has on board two hundred and seventy convalescent soldiers, a few of whom are recovering from wounds, but the most of the suffering is from malaria.

To Remove District Attorney.

By Wire to THE TELEGRAM. Albany, Oct. 7.—Application will be made to the governor today to remove District Attorney Asa Bird Gardner, of New York, for misdemeanor for illegally removing a veteran from office.
