Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

### RICHARD COHEN WORSE.

His Condition Changed Again And He May Die.

Richard Cohen, who was suffering yesterday from the effects of a blow received while trying to escape from policeman Scott a few days ago, waked up this morning feeling better and was able to eat his breakfast after being raised up on his pallet. Two other negro prisoners were put in the cell to watch him yesterday much against their wishes, but they attended him like nurses. About 10 o'clock this morning, however, Richard grew worse again and suddenly straightening himself on his pallet, clinched his fists and teeth. His two attendants were frightened out of their wits, and began yelling at the top of their voices that "this nigger's dyin'!" Then every negro in jail immediately took it up, and if the fellow had been conscious would probably have taken part in the cries.

Deputy Sheriff Davis and the jailer ran up to the cell and seeing his condition Mr. Davis summoned Dr. Ledbetter at once.

Nothing could be done for Cohen, however, as no medicine could be taken. Dr. Ledbetter thinks that blood has clotted in Cohen's head and that he can live but a little while. It is thought that he will have convulsions and the end will soon follow.

Officer Scott is much troubled over the condition of the negro for though he would have been amply justified in killing him, he would not like to take a man's life under any condition. Mr. Scott seems to be the only one who sees any anxiety over the negro's condition, for the general opinion is that the officer should have killed him during the fight, for had the negro freed his right hand he would doubtless have killed the officer.

### HIS SEMI-ANNUAL TEAR.

And The Same Old Gun Did The Shooting.

A certain young man who lives in South Greensboro has a way of getting drunk about every six months and though his tears are far between he usually makes up for lost time for he tears up everything available. During his six months of sobriety he saves nearly all of a neat income, but one week of drunkenness and it is gone. He has a good gun which he always shoots when drunk. Last year he was out on a lark and when he saw a policeman coming to arrest him, he blazed away at the bluecoat. But his aim was very Spanish and the shot went wild. Soon after this he sobered up and began to save money as he never had before for a term on the county roads seemed almost inevitable. Influential friends saved him however, but the judge told the young man if he ever came up again he would get the full benefit of the sentence.

Yesterday afternoon he began a tear and last night about 11 o'clock he got his gun and proceeded to wake up the inhabitants. He fired several shots and retired. Early this morning he was out again armed to the teeth, a belt of cartridges, gun, flask, and everything used in modern warfare, signifying his intention to "shoo's more."

A few hours later he came up the street accompanied by two policemen.

### Was He Mad?

A dog on Monday evening last was killed in the dry goods store of S. G. Hodgkin & Co., by Mr. Jeffreys, a health officer of the city. The dog rushed into the store. The people began yelling, look out! danger! close your doors! mad dog! As soon as the alarm was given Mr. Jeffreys appeared, and quick as a flash, silenced all the trouble by firing two pistol shots into the dog. The ladies and all those in the store climbed on the counters and went up stairs—anywhere to seek safety. A lady riding a bicycle said the dog snapped at her twice.

## ENGINEER WOULDN'T STOP.

But a Few Shots Made Him "Heave To"

### THE ILLINOIS MINING TROUBLE.

In the Event More Negroes Are Rushed In, Bloodshed Will Most Certainly Result.

By Wire to THE TELEGRAM.

Virden, Ill., Oct. 14.—The north-bound freight struck a torpedo on the track, placed there by soldiers, this morning, but the engineer refused to stop. A few shots in the direction of the engine stopped him, and the train was quickly searched, but no imported negro miners were found.

It is feared the negroes may be rushed in some time today. In that event bloodshed seems certain. Manager Lukins is still inside the mining company's stockade, fully realizing that he will be shot if he attempts to leave.

### IN A QUANDARY

Springfield Ill., Oct. 14.—The negroes from from Alabama who were sent to take the place of the miners are still here. The miners and state officials are in a quandary to know what to do with them. The troops are still on guard.

### MERRITT TO THOMPSON.

Let's Make Him Some Appointments.

On Wednesday last our townsman, J. W. Merritt, happened to be in Lenoir, and after selling his usual amount of goods, he learned Dr. Cyrus Thompson was to make a speech, and he went out to hear him. He sat and listened patiently to the Dr.'s exaggerations until he finally made the statement that there was not a county in North Carolina in which there were not negro road overseers, appointed by democrats. This Mr. Merritt could not stand, and rising to his feet he interrupted the Dr. in the midst of his speech with the following words: "You will have to except good old Guilford from that list, Dr."

Dr.: "Well, then, that is the only county in the state in which there are none."

Merritt: "Well, do you endorse the appointment of negroes to this position?"

Dr.: "No, most assuredly, no."

Merritt: "Well, then, what are you mouthing about?"

And with Mr. Merritt would like to inquire what the Dr. is mouthing about.

### Oh, the Vile Stuff!

The buildings of the Union Theological Seminary at Richmond, Va., were dedicated October 5th. We notice that one of the buildings is named Watts Hall, and that Dr. G. W. Finley, President of the board of trustees, "most heartily thanked Mr. G. W. Watts, of Durham, for his princely gift to the church and to God." Mr. Watts is a member of the American Tobacco Company, and according to those people who have berated and abused Trinity College, the Theological Seminary is educating its young ministers with corrupt money.

We call attention to this particular to the fact that Elizabeth College at Charlotte is also a beneficiary to a large extent of Mr. Watts' magnificent generosity, and that even the young ladies are being educated on money that is "tainted"

We think after reading these two items the bewilderment of good Dr. Yates, of Durham, will be greater than ever. There is not an individual or a church or a society or anything else in the country which would not accept a gift of \$100,000 from the American Tobacco Company, corrupt and vile as they say it is, and the pious people who think the trustees of Trinity College should give back the money would be the quickest to jump at such an offer.—Concord Times.

### The Dog and Pony Show.

The American Dog and Pony show arrived this morning and spread their tents on Davie street near McAdoo's stables. They are showing this afternoon to a fair crowd. A short street parade started at the tent at noon today and paraded several streets. They are said to have about forty dogs and a goodly number of ponies, goats, monkeys and other animals.

Auckland, New Zealand, Oct. 13.—Advices from Samoa say the German warship Russard brought Chief Matafa and other exiles from Apia. Matafa has promised to be loyal to the government and observe the Berlin convention.

Lieut. E. L. Gilmer passed through this morning. It cost him twenty-five cents to get off here. The boys pulled him for a nickel a piece.

Don't fail to register tomorrow.

The musical last night at the opera house given by the Boston Italian string band was exceedingly well attended and much enjoyed by all. They are all artists and will repeat the concert tonight. Admission 10c. Reserved seats 15c.

Mr. and Mrs. E. A. Bencini, W. B. Steele, A. C. Dodamead, A. A. Holton, Wm. Papridge and W. L. Holton went to Greensboro on the noon train.

C. J. Johnson returned this morning from Charlotte and Rockingham where he has been in the interest of the Snow Lumber Company.

S. E. Peterson went to Winston today.

Whenever that poor coward will reply to us over his own signature instead of putting his name among the prominent people who were present and signing his poor, nauseating mess of rot and lies "One Who Was Present," we will gladly prove every statement that we made except the one regarding the flag which we corrected yesterday. As to anybody going home drunk. That is—a lie.

### Maj. Stedman Invited.

The people of Wilmington, his old home, have extended a pressing invitation to Maj. Charles M. Stedman, ex-Lieut. Governor, now of Greensboro, to deliver a democratic speech in that city soon, and upon his expressing the fear that business engagements might prevent, have repeated the invitation in an even more urgent manner than at first. The people of Raleigh would be glad if the Major could so arrange matters as to stop over in Raleigh and endorse the democrats of this town with one of the magnificent speeches which it is his custom to make. The writer remembers a speech delivered by Governor Stedman in Winston during the Fowle-Dockery campaign of 1888, which surpassed any speech heard in that town during that memorable campaign. The audience arose to their feet as one man at times and by the spontaneous outbursts of applause kept the speaker silent for minutes several times during its delivery, and at its close several citizens picked the speaker up bodily carried him around on their shoulders amid the most thunderous applause. One witness such scenes only once or twice in a life time. Forsyth went democratic that year, too.—Morning Post.

### Dr. Dodson Dead.

Special to THE TELEGRAM.  
Reidsville, N. C., Oct. 14.—Dr. D. R. Dodson, of Milton, N. C., who has been a prominent physician in his day, died at his home there yesterday evening at the advanced age of 84 years.

### Skinner Hard Pushed.

Elizabeth City, N. C., October 13.—Three negro magistrates have been appointed by the republican superior court clerk of this county, and one negro registrar, each in the first and fifth wards and two in the fourth of this town. The negroes are demanding official positions of the white machine managers. The better class of white republicans are deserting the sinking hulk like so many rats. Conservative estimates are being given out by close calculators among the republicans, which concede the defeat of Skinner for congress.

### Schenck as a Roaster.

The way D. Schenck, Jr., peeled the hide off the republican speakers, Walsler and McCrary, at Oak Ridge, was a caution. Those who heard it say it was most scathing and withering. To the end of time we presume there will always be people who are foolish enough to monkey with a buzz saw.

Nice fruits, home-made candy, Royster's fine candy, salted peanuts, roasted chestnuts, 200 baskets Concord grapes at the Kandy Kitchen.

### Century Club.

An important business meeting of the club will be held in Dr. Whitsett's office at 8 o'clock Thursday night. A full attendance is urged.

### Cure a Cold in One Day.

## IS THERE A CONSPIRACY

Against The Ministry of The French Government?

### REPORTS A LITTLE CONFLICTING

French Arms Are Said to Have Suffered a Serious Check and Were Forced to Retreat With Loss.

By Cable to THE TELEGRAM.

Paris, Oct. 14.—The Politique Coloniale today publishes a dispatch from the Ivory coast of Upper Guinea saying that the French arms have received a serious check. A column of Tirailleurs, which had been dispatched to suppress the rising of Bourbourys were forced to retreat with a loss of seven killed and ten wounded. The Bourbourys, according to the dispatch, are preparing to march upon Jacqueville, where a number of French trading factories have been established.

### TO OVERTHROW THE MINISTRY.

London, Oct. 14.—A Paris dispatch to the Local News Agency says that letters and documents written by a general holding a high position have been intercepted, which it is said, leaves no doubt about the intention of that officer to bring about an overthrow of the ministry.

A pronouncement, it seems, was to be issued Oct. 15, which would have the effect of a seizure of the civil government by the military authorities. When Brisson was warned last night of the existence of the conspiracy he said the news coincided with prior information received from private sources.

It is announced, that in consequence of these relations, General Chanoine will not leave Paris as he intended. On the other hand, a dispatch from Paris to the Globe, says inquiry at the home office shows the report of the existence of a military conspiracy against the ministry is unfounded.

### FIFTH JOINT SESSION.

The Matter of The Cuban Debt in Consideration.

By Cable to THE TELEGRAM.

Paris, Oct. 14.—Commander Bradford has arrived from Washington and was examined today by members of the United States commission relative to the conditions prevailing in the Philippine islands, with which he is well acquainted.

The fifth joint session convened at two o'clock today. It may be said that the first, second and third meetings scarcely penetrated the surface of any protocol point. Last Tuesday the Spaniards, presentment regarding the Cuban debt brought the Americans to the formulation of their plan. It is believed they will assume the debt as a whole or in part and that it has been reduced to writing for presentation at the meeting today.

### STILL DOING THE WEST.

President McKinley at St Louis Tuesday.

By Wire to THE TELEGRAM.

St. Louis, Oct. 14.—The Presidential train arrived soon after 9 o'clock this morning. About an hour before, just as the train was speeding across the Missouri river, the president arose and breakfasted. The weather is excellent.

At Spanish Lake, a station 15 miles distant, the reception committee of thirty citizens boarded the train to welcome the president. Among them was Governor Stevens, ex-Governor Francois and Mayor Zeigenheim. Mr. McKinley looks very tired, and when he met General Shafter last night he said he was wearing himself out by continued outdoor speaking.
