until you have seen our stock. You may think we can't undersell our competitors, and don't take the trouble to come and see. It will pay you well to investigate this matter. When you buy goods on credit you pay a larger profit than if you paid cash; when you spend your money with a merchant who sells on credit you also pay that large profit, for he can't sell you goods cheaper than he does your neighbor, if you do pay cash.

Our terms are CASH. We don't sell on credit to anybody, and it will not take long for you to see that you can save money by dealing with us. We are satisfied that our \$1.50 Shoes for Ladies and Misses are the best in town. Try a pair of them.

Wrinkles

Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

AT PLEASANT GARDEN.

A Large Crowd Greeted the Candidates.

The county and legislative candidates spoke to a large crowd yesterday at Pleasant Garden. Several parties went down from the city and heard the discussions.

Wilson and Bradshaw, and Kennett and Douglas, are the quartette around whom the most interest centers. They do most of the talking. Messrs. Wilson and Kennett are well able to handle their opponents, while Capt. Bunch hasn't anything so far to speak against, his opponent merely announcing himself.

We learn that Bradshaw and Douglas reaffirmed their statements of the day before that they are in favor of white supremacy. We dare them to make the same speeches before a republican audience in Greensboro which they made at Hodgins's store.

New Law Firm.

The Telegram welcomes to Greensboro the new law firm of Long & Newlin, whose office is located over Faris's drug store. The senior member, Jacob A. Long, is well known to many Greensboro people, having been a lawyer for twenty or twenty-five years at Graham, where he will still reside, the junior member, Mr. O. S. Newlin, having charge of the office in this city.

Mr. Newlin graduated at Trinity College in '96 and at once entered the University Law School, where he graduated last June. He was licensed to practice law last February. He is a most exemplary young man and is well equipped for the practice of his profession. The editor of this paper has known him since 1892, and it gives us pleasure to commend him to the good people of Greensboro and Guilford county as entirely worthy of their highest esteem and confidence.

Mr. Long needs no introduction at our hands. We wish the new firm success in our growing city.

The Chrysanthemum Show.

There was considerable frost this morning. The cool, crisp air reminded us that it is getting time to remind the good ladies of their promise made last fall, to give us another chrysanthemum show, and it is most time to begin talking about it.

We all remember the magnificent display made last fall in the McAdoo building and are looking forward with bright anticipations to its repetition. Let us know what is going to be done about it.

A Pretty Place.

After considerable annoyance and waiting, Mr. S. J. Kaufman has received his show cases, and his store, which was already a pretty place, is very attractive now. The cases are the prettiest we have seen, of heavy French plate glass, and the most convenient ever made for displaying shirts, neckwear, jewelry, etc. Call and see them, under the Benbow.

Don't Forget

That next Saturday is registration day and unless you register you can't vote. No white man who believes in good government can afford to miss this opportunity. One single voter may hold the future destiny of the state in his hands. It is highly important therefore, for every man to register and vote.

Yes, Sweet and Juicy.

Rev. Tommy Dixon preached one of his political sermons in Brooklyn last Sunday night, his subject being "Stand by McKinley." He declared that the war is not over yet and that a democratic victory in the congressional elections this fall would be the signal for Spain to smash the protocol, and for other nations to fly to her aid. Tommy certainly is a sweet one. This country has never had a pulpiteer who could furnish half as much thunder and lightning.—Charlotte Observer.

The majority of the Greensboro company here left for home yesterday. They stated that they had orders to report in Greensboro to be mustered out on November 10th.—Morning Post.

Tammany has raised the assessments on office-holders in New York and will raise one of the largest campaign funds in its history.

Major Stedman Speaks.

Major Charles M. Stedman speaks on the issues of the day at Moffitt's Mills, Randolph county, today and on tomorrow he will speak at Franklinville in the same county.

Girls' \$1.50 and \$1.75 tan laced shoes, sizes 11 to 2, at \$1.15. Fruit-of-the-Loom at 6 cents, and Androscoggin at 5+ cents are among Thacker & Brockmann's special offerings this week.

CHADBOURN WRITES AGAIN

The Truth About Negro Office Holders in New Haven

IN A LETTER TO PRITCHARD.

White Citizens and Tax Payers, Regardless of Party, Will Put Down Negro Domination.

The following letter appeared in the Wilmington papers which explains itself. It is supplementary to the letter recently written Senator Pritchard, which was circulated as a campaign document. It will be seen that the views of the postmaster have undergone a decided change: and it is safe to predict that letter No. 2 will not be used as a campaign document by the Republicans.

Mr. Chadbourn grasps the situation in a most comprehensive manner when he says: "There seems to be a settled determination on the part of the property owners, business men and taxpayers that they will administer city and county government." And Mr. Chadbourn might have added that the same determination exists to elect the legislative ticket, which is a hundred fold more important to them than are the county offices. The letter is as follows:

Wilmington, N. C., Oct. 18, 1898.

Senator J. C. Pritchard:

Dear Sir—Since writing you on September 26th, events have taken place in this community which necessitate some further explanation on my part in order to put myself right before the community here and also to correct any mistaken impression I may have made in your mind.

For the sake of any fancied political advantage I cannot afford to make a one-sided presentation of the situation in this city and county, and by naming only the white officials and leaving out the colored, doubtless some advantage has been taken and a false color given to the actual situation, to which the business people and taxpayers, regardless of party, have made serious objections.

As a matter of fact, there are in this county thirty-six magistrates and a colored register of deeds and various other minor officials, besides some presidential appointees, and the property owners, tax-payers and business men seriously object to this state of affairs, as there now exists here the most intense feeling against any sort of negro domination.

There is a greater feeling of unrest and uncertainty about the maintenance of order than I have ever seen, and many, even the most conservative, feel that a race conflict is imminent, than which nothing could be more disastrous, not only to this city and county but to our party in the state; and rather than to have riot, arson and bloodshed prevail here, I, republican though I am, advise giving up the local offices in this county, as there are no national political principles involved in the contest.

I had thought at first that it was merely the usual political cry and the fight for the offices, but I am now convinced the feeling is much deeper than this, as it pervades the whole community and there seems to be a settled determination on the part of the property owners, business men and taxpayers that they will administer city and county government.

Your friend,
W. H. Chadbourn.
