### WIDENING CHURCH STREET.

Street Railway and Electric Light Matters Postponed.

The board of aldermen held an adjourned meeting last night. All were present except Alderman McKinney. Dr. Egbert Smith and R. G. Vaughn appeared before the board and stated that there was some opposition to the donation of land by property owners on Church street for the purpose of widening that street, and that the widening of Church street and grading of the same as far as Smith street was absolutely necessary for the purpose of drainage, and that there would be no difficulty about the procurement of right of way to that point. They asked that same be widened and graded as soon as possible. Alderman Shaw moved that the matter be referred to street committee with power to act. Carried.

The matter of taking the land of Caesar Cone, for Chestnut street, went over to next meeting.

Mr. J. F. Jordan, representing a party of gentlemen who are here for the purpose of making a proposition in regard to putting in an electric light plant for lighting the city, and also for putting in a street railway system, stated that they were ready to make a proposition to the city for the same provided the city was ready to act. After consultation it was decided that as the city had advertised that bids would be received until November 15th that it was best to hear all matters pertaining to said lighting and street railway system until after that date.

Alderman Ellington made a motion to that effect. Carried.

### OFF FOR McLEANSVILLE.

County Candidates Got Off To-Day With Many Followers.

The county and legislative candidates got off at 11:15 to-day for McLeansville to speak this afternoon. The campaign is warming up, and larger crowds are greeting the speakers. The Republicans, all except Mr. Douglas, can see defeat staring them in the face, but are whistling to keep up courage. Douglas is likely to be the worst fooled man in the State when it is all over, for he feels that he has no opposition whatever. The republican that expects nothing shall not be fooled in this election. The following Greensboro people went down today to hear the speaking: R. M. Rees, W. J. Blackburn, J. S. Cobb, Logan McCulloch, W. E. Beville, J. M. Rees, W. L. Wharton, S. W. Porter, Seymour Kirkman, E. W. Lyon, John M. Hammer, Howard Gardner, B. M. Bridgers and a few others. It is quite noticeable that more than two-thirds of the above are democrats. The republicans don't seem to be following their "leaders" this year.

### TWO GREAT SPEECHES.

Guilford Democrats Renewed in Their Determination.

According to the announcement made in the papers and by poster yesterday afternoon, Hon. Chas. B. Aycock spoke again at the county house last night. In the afternoon, owing to the rain and misunderstanding in the room, though about full, was packed; but at night the building was crowded to its utmost capacity and people were turned away by the score. Never in the history of Greensboro, perhaps, have her people heard more clear cut, forceful, clean and effective campaign speeches than those heard yesterday and last night.

The clear, ringing voice, pleading in earnest tones for white men to bury their differences and stand solidly together for the common interests of the Anglo-Saxon race, will echo and re-echo in the minds of those present long after the victory has been won. No true white man will be indifferent to the earnest demand of his race.

### Are Well Treated.

Washington, Oct. 22—A letter from Lillian Kratz, a trained nurse at Santiago, says everything possible is being done for the sick soldiers. They have cots and ample food—all that can be desired, and are treated as well as could be done under the circumstances.

### Money in Porto Rico.

Washington, Oct. 22—Assistant Secretary Vandervliet will go to Porto Rico in November to settle the matter of exchange between the American dollar and the Spanish Peso. Porto Rico money will probably be called in.

### Raising The Quarantine.

Jackson, Miss., Oct. 22—The people are already returning to the city, expecting the raising of the quarantine.

### FIRST SIGN OF AGGRESSION

By the French Was Shown Today in the Fashoda Affair.

### FRENCHMAN SMASHES WINDOWS.

A Current Number of Punch Published a Cartoon Which Aroused the Ire of the Frenchmen.

By Cable to THE TELEGRAM.

London, Oct. 22—The first sign of French aggression because of the Fashoda affair was shown today when a Frenchman smashed the windows in the front office of Punch with his umbrella.

In the window was displayed a cartoon by Sir John Tenniel, which was published in a current number of Punch, and it was this that excited and aroused the ire of the Frenchman.

The cartoon represents Marchand as a monkey upon the street with an organ grinder. John Bull standing by and frowning and telling the French organ grinder to go away. The organ grinder asks: "What will you give me if I go away?" John Bull replies: "I'll give you something if you don't." The Frenchman who smashed the windows was promptly arrested.

### THE WORK OF A SHARPER.

How He Got 25 Cents From a Kernersville Plan.

Mr. George Ray, of Kernersville, was caught by a "sharper" at one of the warehouses yesterday. The fellow put up a pitiful story, saying that a man named John Allison was dead and that he was trying to raise money to bury him. After questioning the stranger, who was a white man, Mr. Ray gave him 25 cents.

After the fellow had left a friend told Mr. Ray that the man wanted the money to buy whiskey with. The "sharper" was followed to one of the bar-rooms and Mr. Ray found him there calling for a drink.

"You told me you wanted that money to help bury a dead man," said Mr. Ray.

Pointing to a fellow that was unable to walk alone, the "sharper" replied: "Well, there is the dead man."

Mr. Ray employed Mr. J. S. Grogan to prosecute the "sharper" for getting money under false pretense. A warrant was issued for the fellow's arrest, but he was not found last night. Mr. Ray returned home last evening. He stated to the reporter that he expected to make the "sharper" suffer for the lie he told him.—Winston Sentinel.

### SAMPSON'S PLAN.

Will Not Be Adopted Without a Struggle if at All.

Washington, D. C. Oct. 22—Admiral Sampson's plan for having the navy own and operate all government transports is not going to be adopted without a struggle if it is adopted at all. The army proposes having something to say about its own interest in the matter when the question comes before congress as a preliminary to new legislation, which is likely to snarl all interested parties up so that the easiest way out will be to drop it altogether.

The army officers contend that in the next few years the navy will have little to do and the army will have the bulk of the work to do in maintaining our supremacy in the far outlying territory.

### Yellow Fever Today.

Washington, Oct. 22—Today's bulletins from the yellow fever districts show that frosts have occurred throughout Mississippi. There was killing frost in the northern part of the state. The weather bureau predicts the temperature will remain below the seasonal average for several days. The temperature nearly reaches the previous low records in the fever district.

### Two Convicts Captured.

The two white Federal prisoners, Enloe and Easton, who made their escape from the penitentiary potato patch last Monday morning were captured Thursday night at Burlington.

It appears that they walked to that place. They were hanging around the depot Thursday night, no doubt waiting to beat their way on some train, when they were seen by some boys who reported the matter to the police, with the result that they were captured.

They still had on their convict garb. They were brought back and placed in the "pen" yesterday morning.—News and Observer.

### TILLMAN AT FAYETTEVILLE.

Thousands Heard the South Carolina Senator Yesterday.

Fayetteville, N. C., Oct. 21—This has been a great day for Fayetteville and for all the Cape Fear country. About 1 o'clock last night it began to rain and there were showers during most of the day. It was feared that many thousands would be deterred by the bad weather, which was at its worst about the hour people living back from the railroad would start for the stations, and no doubt that was the case. But, notwithstanding this, there was a great crowd at the speaking, estimated at from six to ten thousand besides those who lined the streets and filled the windows en route.

The speaking was at the grounds of the Cumberland-County Agricultural Society, beyond Mallett's pond, where the grand stand was early filled with ladies and their escorts. The judge's stand across the race track was used for the speakers.

At 11:30 o'clock the procession started from the Lafayette hotel. Three hundred horsemen in red shirts headed it. Next came a float drawn by four horses upon which were twenty-two beautiful young ladies in white, representing the twenty-two precincts of Cumberland. Next came a carriage containing Mayor Cook, County Chairman Huske, Maj. E. J. Hale and Senator Tillman. Another carriage contained Messrs. H. McD. Robinson and J. W. Atkinson, Hons. Thomas W. Mason and W. H. Kitchin. Then followed a long line of carriages and other vehicles. On either side marched the White Government Unions of Cumberland, escorting their guests, the visiting delegations from Wilmington, Bennettsville, S. C., Red Springs, Maxton, etc.

At Senator Tillman's request, Capt. Mason preceded him in the speaking, the senator saying that he wanted to hear a representative North Carolinian's presentation of the case before venturing upon the novel business of advising the people of another state. Captain Mason made an eloquent appeal to the people along the lines adopted by the higher class of our state canvassers.

Senator Tillman spoke an hour and a half, and the crowd were crying out for him to continue when he closed. He is certainly one of the most remarkable speakers in America. It was easy to see in the almost inspired South Carolinian the veritable leader whose victory in his own state under what seemed to be impossible conditions has caused wonder throughout the land.

The Senator said that he had never heard of a state in such a condition politically as North Carolina. In his state the blacks were three to two of the whites, whereas in North Carolina there were but half as many blacks as there were whites. He could not, therefore, conceive of any reason short of idiocy why the whites, with their large majority, did not get together and prevent negro domination. If it were not idiocy, and he knew that the masses of North Carolinians were far removed from that, then the trusted servants of the two wings of what was once Vance's democracy, namely, the democrats and the populists, must have been derelict in their duty. They should have found a way to unite in the face of the dreadful reality of negro domination. He blamed both democrats and populists for their continued division, but made a telling appeal to the populists to accept the invitation of vastly more numerous democrats to return to the party and wipe out from power their common enemy. By so doing the returning populists would strengthen the silver wing of the democracy and help keep the gold bug democrats—if there were any—from influencing the democratic party policy.

Just before concluding, Senator Tillman said: "Well, I have spoken plainly to you people, and maybe you think I have knocked and cuffed you too much. Do you? The great assemblage answered with one voice: 'No, no. Kick us some more; don't stop.'—Special to Morning Post.

Mass Meeting of White People.

There will be a great mass meeting of the white people at Goldsboro on the 28th day of October, for the purpose of taking into consideration the political and social conditions of the east. After the adjournment of the convention, there will be short addresses upon the political situation by Honorable T. J. Jarvis, R. T. Bennett, C. B. Aycock, C. B. Watson, Locke Craig, R. B. Glenn, Benjamin Posey and Thomas W. Mason. Senator John W. Daniel, of Virginia, has been invited and is expected to speak.

Arrangements will be made with all the railroads for special rates and schedules. Papers throughout the state are requested to copy.

### RETURNED TO WASHINGTON.

President McKinley and Party At Home Again

### DISAPPOINTMENT AT PITTSBURG.

They Were All Asleep—The Train Carefully Examined for Defects By Special Mechanics.

By Wire to THE TELEGRAM.

Pittsburg, Oct. 22—President McKinley and party, returning from their western tour passed here early this morning en route to Washington. They were all asleep and only a few persons greeted the train.

They were expected to arrive last night, and there were many inquiries from large crowds who intended to see the presidential party, but when it was announced that the special train would not arrive until three o'clock all went home.

While the stop was made here every part of the train was carefully inspected and examined by special mechanics for possible defects.

Capt. Sigsbee, who was on his way from Chicago to Washington, passed through here at 7 o'clock this morning.

### BLANCO'S SMART SCHEME.

Plot to Proclaim a Spanish-American Republic in Cuba.

Washington, Oct. 21—According to a private telegram from Havana, Blanco, Pando and other prominent Spaniards had, at the time of the surrender of Santiago, organized a plot to proclaim a Spanish-American republic in Cuba. Preliminary steps had all been taken, and had the plot succeeded the United States might have had another war on hand.

Blanco and the other leaders had arranged that he should proclaim a revolution against Spain, using volunteers and the army to subdue the insurgents. Envoys were sent to Mexico and South American republics asking aid and recognition, Pando himself going to Mexico. Then came Spain's defeat and her suing for peace, which put an end to the plot. It is thought that Blanco's intention was ultimately, if he could succeed in establishing a republic, to turn it over to Spain. Pando's return to Spain was by order of the Madrid government, and he was censured for the part he had taken in the mock rebellion, Blanco having made it appear, when the plot was discovered, that Pando and not himself was at the head of the movement.

### SPANIARDS GRATIFIED

At Having Put American Commissioners to Thinking.

By Cable to THE TELEGRAM.

Paris, Oct. 22—It is reported on good authority that the Spanish Peace Commissioners at the joint session yesterday, submitted proposals respecting the Cuban debt. Unfortunately the proposals were so prolix as to what is involved that the American commissioners were unable to ascertain their purport immediately.

Translators are now working upon them. The Spaniards seem to be gratified at the satisfaction of having transferred to the Americans the task of considering proposals.

### Lacks Confirmation.

By Cable to THE TELEGRAM.

London, Oct. 22—A dispatch from Paris, to the Exchange Telegraph Company says: "There is no official confirmation of the rumor that Marchand has been recalled. The government will not be likely to decide the matter until Captain Baratier arrives."

### His Mind Deranged.

By Wire to THE TELEGRAM.

New York, Oct. 22—A statement was given out by the Mechanics and Traders Bank this morning that President Baites' mind is deranged owing to the death of his daughter several years ago while on her wedding trip between Naples and Rome.

### There Have Been Others.

By Cable to THE TELEGRAM.

Rome, Oct. 22—Duchess Aosta, formerly Princess Pelone of Orleans, was delivered of a son today. Europe looks upon this as another victory for Dr. Schenck, the biologist, who had her under treatment.

### The Kaffirs Repulsed.

By Cable to THE TELEGRAM.

Pretoria, Transvaal, Oct. 22—The Magato Kaffirs, who recently massacred a Lutheran missionary and his family in the Zoutpansburg district, followed by a general uprising, have been repulsed.

### CONDEMNED BY THEIR OWN.

Another Prominent Republican of Wilmington Favors White Rule.

A reporter of the Messenger last evening called upon Col. F. W. Foster, one of the most prominent and influential of the Republican business men of Eastern North Carolina, and lately chairman of the Board of County Commissioners of New Hanover county, for the purpose of ascertaining his views upon the present condition of affairs in our city.

Mr. Foster said: "Taking into consideration the determined will and set purpose of the citizens who represent the class of our citizens who pay 95 per cent. of the taxes, to take control of affairs, I have remarked to quite a number of people, and am still of the opinion, that it would be best at this time for the republicans not to put a county ticket in the field. While I say this, I want to emphasize the fact that I firmly believe in the principles of the republican party."

In speaking further of the terrible condition of affairs here, Colonel Foster said he recognized the fact that the present movement was one by the business men and tax payers of the community to administer and control their affairs. "I think," he said, "that the representatives of 95 per cent. of the taxes paid ought to control. They ought not to be deprived of their privilege of controlling the administration of their affairs. I want no citizen deprived of any of his rights or privileges to which he is entitled by reason of his intelligence and moral worth, yet I am heartily in favor of the control of affairs by the intelligence, character and property interests of any community."

### INCITED NEGROES TO ASSAULT.

The Infamous Speech of a Republican in Richmond County.

Laurinburg, N. C., Oct. 21—The republican county candidates, in company with a white republican by the name of Henry Covington, are now making the county canvass.

Yesterday Covington spoke at Old Hundred and made a villainous speech. He told the negroes they were the best race of people on earth.

He also told them that when our white girls return from colleges and schools the negroes are usually employed to look after them and drive them about over the country, and added:

"If I were in your places I would put my arms around them."

Today they were billed to speak at Mason's Cross roads, near here. The best citizens of Gibson, Laurinburg, Laurel Hill and the community generally, resolved that they would not have a repetition of the occurrences. So they were promptly met by three hundred of our most determined element and advised to make no more inflammatory speeches in lower Richmond.

As for Covington, he was made to stand up in a buggy and retract, saying he was sorry for what he said, and promising never to do so again. He was then put in his buggy and told to hit the grit, which he did.

If men who call themselves white are determined to go round inflaming the negroes, and abusing good white men and women, the people are determined that they shall seek other quarters to carry on their nefarious business.

### MAJ. CHARLES M. STEDMAN.

The Charleston News and Courier Pays Him a Compliment.

The Charleston News and Courier, referring to the announcement that Major Stedman would take the stump, says:

North Carolina has no more loyal son than Charles M. Stedman. Always true to his State and to himself, he possesses the confidence of the people in a marked degree, and it is well that in the present crisis he should be called into service. Since the death of Zeb Vance he is the most eloquent and powerful speaker in the east, and we are sure that he will arouse the white people of the Old North State to a full conception of their danger and duty. In the present contest there is no middle-ground—the civilization of the white man is in peril, and Stedman is in the front line of battle. If the people will follow where he leads, the victory will be won.
