Wrinkles

Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both: hundreds of satisfied customers will say so.

NEGROES ATTACK WHITE BOYS.

Robt. Idol and Frank Halthcock of Winston Attacked Last night.

A Winston gentleman who was in the city this morning informed the Telegram that two young white boys, Robt. Idol, employed in the Peoples' National Bank, and Frank Halthcock a grocery clerk, were attacked by negroes last night and Idol was badly hurt. The young men had gotten off a street car and were walking toward their homes a short distance beyond the termination of the car line. Halthcock noticed they were followed by a party of negroes and called the attention of Idol who turned and asked the negroes what they wanted. A negro stepped from the crowd with a knife in his hand, and with a threat bounded at Idol. Idol, though only about 17 years old, tackled the negro and threw him, wrenching the knife from his hand. While bending over the negro beating him, Idol was hit on the head by a sharp rock thrown by one of the other negroes. The rock cut to the bone making an ugly and painful wound. The negroes soon dispersed, and had not been arrested this morning.

A BATTLE WITH HOBOES.

Who Were Finally Left by the Roadside Sorrowing.

Yesterday afternoon as a westbound freight train was leaving town it was boarded near the coal chute by three hoboies. The conductor discovered them, and aided by the flagman, started to put them off. The tramp showed fight, however, and a bloody battle ensued. One tramp, who was lame and used a crutch, had it broken during the fight. Another tramp, an Irishman, received a bad cut on the leg. It is not known if the train men were hurt, but they succeeded in putting the tramps off and went on.

But the hoboies were in a pitiful plight. The lame one had no crutch, and another was so badly cut that he was hardly able to walk.

Policeman Jeffries went to the scene, but not wishing to place any doctor bill on the county, and on a pitiful plea from the tramps that they be allowed to move on, he let them go, making some ragged efforts at hopping and walking.

Revenue Officers Fight.

Yesterday afternoon two revenue officers, Stewart and Thrasher by name, went to Clegg's cigar factory, in the Clegg building on South Elm street and demanded admission. Mr. Clegg was away and his younger brothers, Zeb and Bynum, were unable to find the keys to the door.

As the search continued one of the officers grew impatient and tried to force the door open. The Clegg boys objected and a fight ensued. During the fracas Officer Stewart received a blow that gave him one of the most prominent eyes that ever appeared in the mayor's office.

Policeman Scott arrested the quartet for an affray, and they were tried yesterday afternoon before Mayor Taylor, who adjudged Zeb Clegg and both revenue officers guilty. Bynum Clegg was acquitted.

Hear Kitchin Tonight.

Every voter who can possibly do so should hear Congressman Kitchin at the court house tonight.

Escaped Convict Captured.

Deputy Sheriff George Hodgkin, last night caught Robt. Gray, white, an escaped convict, a few miles south of the city. Gray escaped in September, having served four months of a three year sentence for robbing a whiskey distillery. He ran from right among the guards, and five shots were fired at him; one, he says, coming so close that it almost touched his ear.

He was taken back to the roads this morning.

One of Thacker & Brockmann's customers wore a pair of their \$2.50 Harvard Goodyear welt shoes eighteen months. These shoes are wide and easy, made with thick sole, are made congress and laced, all sizes from 5 to 11.

The Soldier Man.

Senator Jeter C. Pritchard passed through the city last night en route to Raleigh to confer with Russell and Col. Boyd about the bringing of federal troops into the state during the election.

GOVERNOR'S PROCLAMATION

Talks of Lawlessness in Richmond and Robeson

HE "COMMANDS" THE PEOPLE.

He Calls Upon Judges, Magistrates, and Sheriffs to Arrest Offenders and Guilty People.

Governor Daniel L. Russell yesterday issued the following proclamation:

A PROCLAMATION BY THE GOVERNOR.

Whereas, The constitution of the United States secures to every state in this Union a republican form of government, protection from invasion and freedom from domestic violence; and

Whereas, The constitution of North Carolina guarantees to all the people of the state the inherent right to fully regulate their own internal government; to peacefully assemble for the purpose of consulting for their common good; to hold peaceable and quiet elections; and to discharge and exercise in an orderly and quiet way the manifold duties and privileges of good citizenship; and

Whereas, The constitution of this state, and the laws made in pursuance thereof, forbid that any citizen shall be deprived, or restrained of his liberty, but upon indictment for, and conviction of crime; and

Whereas, It is ordained in the same constitution and laws of this state that the writs for the protection of the citizen, and the processes of the courts for the protection of society shall never be suspended, neither by usurping Executive, nor by turbulent mobs, using the weapons of intimidation and violence; and

Whereas, It has been made known to me, by the public press, by numerous letters, by the oral statement of divers citizens of the state and by formal written statements that the political canvass, now going forward, has been the occasion and pretext for bringing about conditions of lawlessness in certain counties in this state, such, for example, as Richmond and Robeson counties; and

Whereas, It has been made known to me, in such a direct and reliable way, that I cannot doubt its truthfulness, that certain counties lying along the southern border of this state have been actually invaded by certain armed and lawless men from another state, that several political meetings in Richmond and Halifax counties have been broken up and dispersed by armed men, using, threats intimidation, and in some cases, actual violence, that in other cases property has been actually destroyed and citizens fired on from ambush, that several citizens have been taken from their homes at night and whipped; that in several counties peaceful citizens have been intimidated and terrorized by threats of violence to their persons and their property, until they are afraid to register themselves preparatory to exercising that highest duty of a freeman, the casting of one free vote at the ballot box for the men of their own choice in the coming election:—

Now, therefore, I, Daniel L. Russell Governor of the State of North Carolina, in pursuance of the constitution and laws of said state, and by virtue of authority vested in me by said constitution and laws, do issue this, my Proclamation, commanding all ill-disposed persons, whether of this or that political party, or of no political party, to immediately desist from all unlawful practices and all turbulent conduct, and to use all lawful efforts to preserve the peace, and to secure to all the people the quiet enjoyment of all their rights of free citizenship.

And I do further command and enjoin it upon all good and law-abiding citizens not to allow themselves to become excited by any appeals that may be made to their passions and prejudices by the representatives of any political party whatsoever; but to keep cool heads, and use their good offices to preserve the public peace, and to protect every, the humblest citizen, in all his rights, political and personal.

And I do further command and enjoin it upon all judges and other civil magistrates, and upon all solicitors, sheriffs and other officers of the law, to use their best efforts under the constitution and laws of the State to apprehend and bring to speedy trial all offenders against the persons and property and the political and civil rights of any and all persons in this State whomsoever.

And I do further command and require that all persons who may have entered this State from other States, in pursuance of any unlawful purpose to instantly disperse and leave this State, upon pain of being arrested and dealt with according to law.

Done at our city of Raleigh, this, 25th day of October, in the year of our Lord one thousand eight hundred and ninety-eight, and in the one hundred and twenty-third year of our American independence. Daniel L. Russell. Baylus Cade, Private Secretary.

He said that the day before he went to a place in the outskirts of the city with a negro to get a little "bust-head," and as he could not get it, that the negro asked him to stay in a house nearby until he returned with it. When the negro returned another negro appeared and leveled a Winchester on him and tried to rob him. He said he thought it too bad for a man who had served in the British army and navy, and later in the American navy to be held up in a little "negro but by two negroes.

EVEN THE DAUGHTERS

Can Help in The Present Political Crisis.

With the election drawing so near, comes the cry from all over our dear Old North State, to rally our forces so that the eighth of November will not find us sleeping, but with our lamps trimmed and burning.

If help was ever needed in our beloved state, it is now in the great cause of White Supremacy. It is inspiring to think, every one of us, even the daughters of the state can help in such a crisis, even if to be in only a small way. For it is after all the little things of life that count.

Then we will be more prepared to usher in, with a steadfast hope the 8th of November, and to joyfully take our part in the glorious victory so nobly won. For that which is worth having is worth striving for with all our might.

"Let us then be up and doing, With a heart on conquest set." Who shall say the fervent prayers of good men and good women going up from all over the state will not be answered? I tell you they will be, for Faith cannot be unanswered, her feet are firmly planted on the rock.

So courage men, courage! The great heart of the state throbs and answers nobly to the trumpet call—To the front—and so with a few more mighty pulls our beautiful bark will be ushered into the peaceful haven of White Supremacy.

THE DUTY OF WHITE MEN.

Resolutions Adopted by the White Man's Club of Oak Ridge.

In view of the alarming condition of Eastern North Carolina under negro rule, of the constantly increasing disposition of the negroes to band together, and their increasing insolence as has been shown right here among us during the last two days, when a negro, George Brooks recently arriving from South Carolina called the democratic registrar, Mr. A. S. Clark, a liar, and another negro, Bill Young, drew a pistol on Dr. A. S. Cook and family; and in view, further, of the spilling of white blood in the county of Robeson, as reported in the morning papers.

Resolved 1. That we deem it the duty of every decent white man, regardless of his views on National politics to come to the rescue of his race in this State. This year there is but one issue which overshadows all others: Shall the white man or the black man rule in North Carolina?

Resolved 2. That we will not regard those white men who desert their race in this hour as worthy of as much respect as the negro who is at least faithful to the ties of nature and votes solidly, thus indicating to white men everywhere to stand to their race.

Resolved 3. That the solid vote of the negro, ignorant as it is and often led by vicious men, is equally a menace to the counties of middle North Carolina, and that men that aid and abet this condition of things in this community should not be tolerated socially by white men.

Resolved 4. That a copy of these resolutions be placed in the hands of every white man in this township and community, and that we appeal to all as they love their wives and families and their race to join in our effort to redeem the State.
