Wrinkles Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

ILLEGAL REGISTRATION.

Chairman Scales Will Prosecute the Would-be Unlawful Voters.

Democratic Chairman A. M. Scales secured a warrant this morning for Jesse McAdoo; a negro, for illegal registration. McAdoo has not been here for the time required by law, but registered as a citizen. He came here from Aheboro only a short while ago and has been employed as a cook. Chairman Scales expected to have the trial this morning, but McAdoo could not be found, and it is feared he has been informed by some of his political henchmen and left the county.

Chairman Scales has his eyes open and expects to have several of the colored gentlemen arrested for illegal registration. Many have registered in two or more precincts under assumed names, while a number of others have, like McAdoo, registered before they have become citizens. The negro may well understand that if he is led into such action by white republican office-seekers he (not the office-seeker) will have to pay the penalty. Chairman Scales has determined that whoever is elected in Guilford county shall be elected by those who vote legally, and no illegal votes shall be allowed.

Large and Curious Potatoes.

Mr. George A. Smith has on exhibition at the Farmers Warehouse two freak potatoes, both of which are curiosities on account of their peculiar shape, but one is especially curious for its enormous size. The larger potato weighs 8 pounds 10 ounces, and the smaller 5 pounds 2 ounces. Both are rough, being covered by ridges running in all directions, but the peeling is perfectly white, and Mr. Smith says every particle of the potato is good to eat. They grew in his garden in the northwestern part of the city, there being several bushels as large as the smaller of these.

Wheel Thief Caught.

A member of the firm of the Queen City Cycle Company, of Charlotte, passed through last night returning to that city with S. J. Rouse, a white man about 35 years old, who stole a wheel from the firm a few days ago. Rouse hired the wheel and thought he would have plain sailing in getting away, but alas! a little printer's ink brought him to bay. The Queen City Cycle Company advertised their loss in the Charlotte papers and the police at Hillsboro arrested Rouse. The wheel was found in Durham. The gentleman said his company had lost fifteen wheels and had recovered every one by advertising.

A Successful Supper.

The oyster supper, given in the Groome building last night by the Ladies' Aid Society of Centenary Church, was a flattering success considering the short time spent in preparing for it. The ladies went to work with a will, and made hay while the sun shone, and when the time arrived every thing was ready. Nearly all the oysters and refreshments were sold, and a handsome sum netted for the Society. The Society wishes to return thanks to those who assisted in making the undertaking a success, and also to those who patronized it so liberally.

The Fifth Cavalry.

By Wire to THE TELEGRAM.
Washington, Oct. 28.—Arrangements have been made by the quarter master's department to embark the Fifth Cavalry from Savannah for Porto Rico next week. They will sail on two transports, about four hundred less than the full number of horses being taken as that number of animals are now in Porto Rico awaiting the arrival of the regiment. The same transport will bring back the First Kentucky volunteers and the First United States engineers.

Secretary Alger's New Plans.

By Wire to THE TELEGRAM.
Washington, Oct. 28.—Secretary Alger has decided to recommend the enlisting of Cubans and Spaniards now in Cuba, into the United States army to do garrison duty. It is not his purpose to advocate accepting, at first, the whole regiment organizations of either Spaniards or Cubans, but to take the men individually, selecting them with great care, the native regiments to be organized later.

BRINK OF A REVOLUTION.

Wilmington's Business Men Appeal To The Governor.

PEOPLE DRIVEN TO DESPERATION

Beg The Governor to Make a Sacrifice To Turn Aside Impending Calamity That May Cost Many Lives

Washington, N. C., Oct. 27.—Col. James E. Boyd, Assistant Attorney General, has returned from a trip to North Carolina and has given out for publication two letters; one to the Governor from prominent business men of Wilmington, the other the Governor's answer. The letter from the citizens of Wilmington was addressed to Russell personally in his capacity as a local politician, but his letter is in the shape of an official answer of a Governor to an appeal.

Col. Boyd gave out the letters here in such a manner as to leave the impression that the letter from Alexander Sprunt & Sons and others, was an official appeal, but private information from the most reliable source is to the effect that one of the parties signing the appeal has written a friend here about the matter, and mentions the letter as a personal one to the Governor. Such the Governor is supposed to have understood it since he did not make the letters public in North Carolina and only expected them to be seen in the north, where he wishes to foil the correct idea of the situation, which is fast planting itself in the public minds. This is the correspondence.

APPEAL TO THE GOVERNOR.

"Wilmington, N. C., Oct. 24, '98. Hon. D. L. Russell, Raleigh, N. C.: "Dear Sir: We have been deeply concerned during the past week by the very excited state of our inhabitants, in view of the approaching election, which threatens to provoke a war between the white and black races.

"We have frequently observed during political campaigns in the past a degree of hostility which at times appeared to threaten the public peace, but which passed off when wiser counsel prevailed; but the present state of excitement is apparently and really beyond bounds, and we declare to you our conviction that we are on the brink of a revolution, which can only be averted by the suppression of a republican ticket.

"The white people and tax payers generally protest that they have been driven to desperation, and we have no hesitation in saying that even the usual indiscretion of political parsons on the next election day will precipitate a conflict which may cost hundreds and perhaps thousands of lives, and the partial or entire destruction of the city.

"We, therefore, on behalf of the conservative business firms in Wilmington, deeply interested in the peace and welfare of our community, entreat you, as the representative of the republican party here, to meet the emergency and avert a calamity by the means which we have indicated, or by some other personal or political sacrifice, which would be gratefully recognized and approved by our conservative and patriotic people, who look to you in this extremity.

"Respectfully,
"Alex Sprunt & Sons,
"John Wilder Atkinson,
"J. H. Sloan,
"William Gilchrist,
"Corbett & Gore."

THE GOVERNOR'S REPLY.

Governor Russell's reply was as follows:
"Gentlemen: The substance of your letter is that the republican ticket of New Hanover county must be suppressed; that is that the republican voters of that county shall not vote the ticket of their party; that if they do so, there will be revolution and conflict which may cost hundreds and perhaps thousands of lives and the partial or utter destruction of the city.

"Who constitute, who are the men on this republican ticket? The republican convention of New Hanover county has not nominated a ticket. According to my information they propose to nominate a ticket that will be composed, with one exception of white men. That exception is the register of deeds, a colored man who has held that office for two years; who, I am informed and believe, is competent and has made a reasonably good officer, and as to whom I have heard no complaint as to his official conduct. The Republicans propose, as I am informed, to vote for the following members of the legislature: For the Senate, B. F. Keith; for the House, D. L. Gore and R. B. Davis.

"Now, who are these men? Mr.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N. C., Oct. 28, '98.

Don't fail to hear Hon. W. W. Kitchen, democratic candidate for congress, Fifth district, tonight at the Anchor warehouse.

The office of the High Point Foundry and Machine shops has been moved back and the foundation being laid for the new addition, 32x80, one and one half stories high.

At a call meeting of the board of aldermen last night, the board bought two new engines and one new boiler for the electric light plant.

As there has been so much misunderstanding regarding the closing of the registration books heretofore, we refer our readers to chapter 159, Sec. 9, of the laws of 1895 and amended by chapter 185, Sec. 9, of the laws of 1897, applicable to registration which reads as follows: And such registrars shall also between the hours of 9 a. m. and 2 p. m. for four consecutive Saturdays, and between the hours of 9 a. m. and 12 m. on the second Saturday preceding the election at the voting place of said precinct, beginning on the sixth Saturday, next preceding the day of election, keep open said books for the registration of any electors residing in said precinct and entitled to registration there in, whose names have never before been registered in such precinct or do not appear in the revised list. Said books shall be closed for registration on the second Saturday night next, preceding the day of election at 12 o'clock, m. except that in incorporated towns and cities, the registration shall be closed a 9 p. m. of the same day.

We understand by the foregoing article that voters living outside of the corporate limits of the city will have to register before 12 o'clock noon, and the books will be open for the voters living inside the limits until 9 o'clock, p. m. Tomorrow will also be the day for challenging illegal voters. White men, if you are not registered and have never voted before, be sure and register tomorrow and vote on the 8th day November for the sake of your race and the grand Old North State. It is your duty to yourself and people, and to your country and your God.

Tomorrow is the day that Adam Forepaugh and Sells brothers combined shows which make the greatest show on earth, will show in Greensboro. Many High Pointers will take it in.

It takes all kinds of people to make a world. Since Adams and Reynolds bored the people here we have lost something less than half a dozen subscriptions and have added many times that number to the list. Occasionally we see one of those subscribers who had his paper discontinued sneaking into the drugstore and reading some other man's paper.

WILL EXCITE EUROPEANS?

The Forcing of the Cuban Debt on the Spaniards.

By Cable to THE TELEGRAM.

Paris, Oct. 28.—The American and Spanish peace commissioners refuse to acknowledge the authenticity of the information concerning yesterday's session. Before the session a rupture was expected, or prolonged negotiations. Now it is certain the Spanish will waive the Cuban debt, the highest authority saying the Spanish as a last resort will take the ground publicly that her Cuban debt will make Spain unable to carry her external debt, thus exciting European holders who will interfere. Meanwhile there is some hope of solution as a means of compensation the Philippine question is the next to be examined.

It is certain there will be no decisive action before the American commission resign.

SPANIARDS AT HOME.

Madrid, Oct. 28.—The Spanish peace commissioners have returned from Paris to Madrid, protesting in legal form because of the refusal of the Americans to accept the proposition submitted to them on behalf of Spain. The Sagasta ministry then resigned.

WHITE MEN'S CONFERENCE.

Thirty Thousand People at Goldsboro To-Day.

A TREMENDOUS DEMONSTRATION.

Five Thousand Ladies Present—Great Speeches—Enthusiasm Runs High—Imposing Parade.

Special to THE TELEGRAM.

Goldsboro, Oct. 28.—It is estimated that there are thirty thousand people here today attending the great White Supremacy conference. Heavily loaded trains came in for several hours after sunrise, and the whole outlying country is one mass of carriages, buggies, wagons, carts etc.

The flower of Eastern Carolina womanhood to the number of five thousand are here and they are as much interested and as earnest if possible, as the determined men.

The great parade this morning was one of the most imposing sights ever witnessed in the state. There were three thousand horsemen in line, all wearing red shirts, white government buttons and carrying flags.

Experienced men say it is the largest public gathering of any kind that ever assembled in North Carolina on any occasion and the belief is universal that from now on it is only a question of how much will be the majority in the state.

The demonstration that greeted the news of earnest work in the west, and the message from Forsyth especially: "Hold the fort for we are coming," was unprecedented. The cheers were mingled with sobs of joy, and women actually screamed with delight.

Messrs. Jarvis, Watson, Gilliam, Waddell, Aycock, Neal, Simmons and Guthrie made rousing speeches, and the attention of the vast multitude was close throughout.

Messrs. W. E. Fountain, of Edgecombe, and J. A. Farmer, of Wilson, formerly influential members of the fusion party, publicly embraced democracy and promised a hearty support of the white man's ticket amid a most remarkable demonstration.

Maj. Wm. A. Guthrie presided, and made the welkin ring with his noble and many utterances.

THE FAIR A BIG SUCCESS

The Excellent Work of Col. John S. Cunningham.

No man in North Carolina has a better right to feel good today than Col. John S. Cunningham, of Person county, who, as president of the State Agricultural Society, has achieved a record-breaking success in a State fair. His faithful and efficient work is appreciated and fittingly recognized by his re-election as president of the Agricultural Society.

Yesterday was the big day at the fair. It was estimated that there were fifteen to eighteen thousand people at the fair grounds. It has been many years since, if, indeed, there ever was such a crowd in attendance on the State Fair. Fine looking people, too. The flower and beauty of North Carolina manhood and womanhood were there. The writer was there also.

We will not attempt to mention the many attractive and highly creditable exhibits. We attempted to go through floral hall and the main buildings, but having a personal aversion to employing any of the tactics used in a football game in a crowd like that, we failed to get through. In the jostle, however, we drifted around to where great, attractive signs bore the words "Simpson-Shields Shoe Company," and there we anchored to look for a few moments on the splendid exhibit made by our valued and esteemed townsmen, who have achieved such signal success in the wholesale shoe business.

Parties who had a good opportunity of viewing the exhibits throughout and in every department told us they were first class, and showed the resources and possibilities of the Old North State off to fine advantage.

Viewed from the third story of the grand stand the sight was most imposing. A splendid view of the race track was had and looking to the left toward the main building for several hours the ground was one mass of crowded and jostling but good-natured humanity. We copy the account of the racing as printed in the Morning Post this morning:

SPLENDID RACING EVENTS.

For nearly five solid hours during the afternoon the lovers of horseflesh and good racing had ample opportunity to indulge themselves.

Beginning at 1 o'clock the racing began and lasted until dark, during which time four very interesting races

were pulled off. Following is a summary of these events:

The first two trotting races were not so exciting as the running race and final trotting match which followed, as the heats were not so closely contested. First Trotting Race—There were four entries and three starters in this race, the latter being: "Maggie Carroll," b. m., belonging to J. W. Menefee, and "Hollywood Nut," the property of Harlem Valley Stock Farm. (Class 2:20; best 3 in 5; purse \$200. Maggie Carroll won in three straight heats.

Second Trotting and Pacing Race—Nominee, Lamp Girl and Edward contested for this 2:35 class, free-for-all, \$300 purse, "Nominee" (a Norfolk horse) winning each of the three heats with "Lamp Girl" second each time.

A CLOSE CONTEST.
The next race, for runners—best 2 in 3, one mile heats, for a purse of \$200, was closely contested by "Classic B," ch. m., owned by A. P. Quarles, and "Vermont Bradford," ch. g., the property of David Murphy. "Grandma," a gr. m., owned by G. J. Englekling, also started, but was withdrawn after the second heat.

First heat—Vermont Bradford, 1; Classic B, 2; Grandma, 3. Time, 1:49.
Second heat—Classic B, 1; Bradford, 2; Grandma, 3. Time, 1:47.
Third heat—Classic B, 1; Bradford, 2. Time, 1:48.
Both horses were largely backed at odds of 5 to 2 and 3 to 5 against Bradford and even money on Classic B, who won the third heat and the race in a pretty contest.

INTERESTING TROTTING EVENT.
But the most interesting race of the day was the "trotting and pacing, free for all North Carolina horses whose records are not under 2:35," and for a \$200 purse.

After four hotly contested heats "Glencoe," an Alamance county horse, won the second, third and fourth heats and the race in average time of 2:30 and a fraction.

The following starters contested for this purse: "Glencoe," ch. g., owned by B. N. Hughes; Erna M., br. m., owned by Cross and Linehan, of Raleigh; Rowland S., br. m., owned by Henry T. Knott; "Rowdy Boy," br. g., Thos. Pace.

First Heat: Erna M., 1; Rowland S., 2; Glencoe, 3; Rowdy Boy, 4. Time, 2:30.

Second Heat: Glencoe, 1; Rowland S., 2; Erna M., 3; Rowdy Boy, 4. Time, 2:30.

Third Heat: Glencoe, 1; Rowdy Boy, 2; Rowland S., 3; Erna M., 4. Time, 2:31.

Fourth Heat: Glencoe, 1; Rowland S., 2; Rowdy Boy, 3; Erna M., 4. Time, 2:30.

The last heat was hotly contested by Glencoe and Rowland S., many believing until the last length was covered that the latter might win it, and backing their judgment. This horse had many admirers who predicted a bright future for the animal. Glencoe is a young horse and is just making his debut this year. The mettle and the flesh and muscle are there and this horse will be heard from even more prominently at future fairs.

It was almost dark when the last race was finished and \$900 in purses won by the contesting horses during the day. The interesting trials of speed were greatly enjoyed by thousands of the visitors.

Excitement Becoming Intense.

By Cable to THE TELEGRAM.
Paris, Oct. 28.—The excitement and suspense in Paris is far greater on the second day of the sitting of the court of cessation with Dreyfus' fate in the hands of the judges than it was on yesterday. The strain is hourly growing and becoming more intense. Another anti-revolutionist mob is forming despite the efforts of the police, who are being reinforced to cope with the emergency.

Paris, Oct. 28.—At the court of cessation palace Justice Bard confided his report on the Dreyfus case the first part of which was presented yesterday. He asked the court to make every investigation necessary to enlighten them and place the whole truth in evidence.
