

# The Greensboro Evening Telegram.

VOL. III. NO. 95

GREENSBORO, N. C., FRIDAY, NOVEMBER 18, 1898

Price Two Cents

## Kid Gloves

### At Reduced Prices

We are selling all our \$1.50 Ladies' Kid Gloves at \$1.00, and the ones we sold at \$1.00 and \$1.25 are now 75c.

These are good goods but are selling them cheap.

## J. M. Hendrix & Co.

### Wrinkles Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. They can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction. We have both: hundreds of satisfied customers will say so.

### W. B. Farrar's Son.

### VUNCANON & CO.,

Reliable Grocers,  
South Elm Street Phone No. 2

Greensboro, N. C., Oct. 29th.  
To Whom It May Concern:  
I am pleased to say that Mr. J. W. Tillinghast, piano tuner, has done some work for me which is first-class and satisfactory in every way.

Mr. Tillinghast tuned my concert grand piano also tuned my toning piano. His work is perfectly satisfactory and I confidently recommend him to the people of Greensboro as a first-class workman.

Kindly leave your orders at John H. Wright's piano store, 101 South Elm Street, and they will receive prompt attention.  
J. W. TILLINGHAST.

### THE SANS SOUCI RECEPTION.

The Most Pleasant and Successful in The History of The Club.

The reception tendered by the Sans Souci Club in the elegant parlors of the Benbow house last night was a brilliant success and a great social event in the City of Flowers. About eighty jolly people were present and the reception was pronounced by many as the most pleasant and successful since the Sans Souci was organized. Such expressions as these reflect great credit on President Matthews for the success was largely due to his thoughtfulness and energetic work. President Matthews called the meeting to order and the election of officers for the ensuing year was taken up. The following officers were elected:

President—John M. Hammer.  
Vice-President—Chas. L. Andrews.  
Secretary—Miss Nettie Murray.  
Treasurer—Frank Eldridge.

Mr. Hammer made a short speech of acceptance, thanking the club for the honor and assuring them that he would try to maintain the high standard which had been reached by his predecessor. At the close of his speech Mr. Hammer introduced Prof. J. Y. Joyner, who made a most interesting and elevating talk. He urged upon the members of the club the reading of good literature and the value of social culture and refinement.

Miss Mary Goolsby's beautiful instrumental music added much to the pleasure of the evening and is deserving of special mention.

At 10:30 o'clock President Hammer led the way to the dining room where a most tempting bill of fare had been prepared under the personal supervision of Manager Frank P. Morton, than whom there is none better at preparing and serving a meal. Following is the bill of fare:

Chicken salad, sardine chips, olives, tea wafers, fruits, candies, bonbons, figs, raisins, assorted cake, orange sherbet, tutti frutti, ice cream. Chaparones—Mrs. Annie Cator and Mrs. J. Y. Joyner.

### BACK HOME AGAIN.

Emma Myrtle and Will H. Harder Return to Greensboro.

Emma Myrtle and Will Harder are too well known in Greensboro to need extended mention of their engagement at the Academy of Music all next week. Their company is the best on the road playing at popular prices. Read what the Daily Observer, of Charleston, West Va., says:

The Myrtle & Harder Company makes its first bow to a first-class house at the Burslew last evening in "For Congress, or the Blacksmith's Daughter." A really first-class repertory company is such a rarity that it is a novel and genuine pleasure to be able to say of this one that, judging from last night's performance, it fills the bill in every respect. And Charleston theatregoers may attend the succeeding performances with the assurance that they will not only get more than their money's worth, but that their artistic sensibilities will not be insulted by wretched comedy and butchered pathos.

People who have been accustomed to paying fancy prices to see shows no better and not so good will appreciate this, and will be sure to give the company the cordial welcome and unstinted patronage it deserves. As to the performance last night, a general compliment is quite insufficient to every member of the cast, sustaining his part with ability and cleverness and together unusual in ordinary repertory companies, and the large audience not only thoroughly satisfied, but went away pleased, and will return again tonight when "A Hermit's Legacy, or the Little Wild Cat" will be presented. A clean, clever vaudeville bill was put on last night and each evoked several hearty and spontaneous encores. This attractive feature will be a part of each night's performance, with a change of bill every time. The company will win on its merits.

### Wild West Press Agent.

A man who has probably seen as much of the world as any man in it, Mr. Frank Frost, the courteous press agent of Pawnee Bill's wild west show, made the Telegram a pleasant call this morning. He is an interesting and entertaining talker, and understands much of the ways of the world. He was in the theatrical business in Hong Kong, China and Madras, India, and enjoys the distinction of having run a daily newspaper in Calcutta.

### To Wipe out the Whites

Pana, Ill., Nov. 18.—It was reported just before noon today that a gang of seventy-five negroes had lined up at Springfield stockade and avowed their intention of wiping out the whites.

## OUT OF DANGER INTO DEATH.

Fearful Catastrophe in Hackensack Meadow.

### ELEVEN MEN KILLED OUTRIGHT.

Squad of Workmen Stepping Aside to Allow One Train to Pass Were Struck By Another.

By Wire to THE TELEGRAM.

Jersey City, Nov. 18.—In a dense fog which overhung the Hackensack Meadows this morning a gang of section hands who were at work near the Pennsylvania railroad shops, stepped out of the path of a west-bound freight train into the devouring jaws of the Milstone Express, which was running at an extra high rate of speed to recover lost time.

Of the nineteen men who composed the ill fated squad of hands, fourteen of them were picked up like ten pins by the pilot of the rapid train and thrown in all directions about the meadows. Eleven of them were killed outright and two others died before medical aid was secured. The other one is frightfully injured and will die.

### WILD AND WOOLY WEST.

Pawnee Bill and His Wonderful Aggregation Here.

Notwithstanding the inclement weather today Pawnee Bill's wild west parade the streets at noon, and was followed to the show grounds, by a large crowd, where the wonderful feats of riding and shooting and other phases of frontier life is being exhibited as we write this notice.

There are 150 head of horses and something like 200 people in the outfit, and of the 58 Indians over 40 are big, stalwart, massive fellows, some of them braves who fought under Sitting Bull and Crazy Horse in that bloody campaign, disastrous to the American army when Custer was killed. There are Indians in Pawnee Bill's outfit who could tell a lot about the little big horn massacre if they chose to. Many of them are dark, sulken looking fellows, with a lurking hatred of the white man, gleaming balefully through their heavy eyes. They are of the Sioux and Mojave tribes. May Lillie, the wife of Pawnee Bill, is the famous expert shot, being the only woman on earth who does her shooting on horse back.

The show is distinctly American, and just now Americans are popular. The Aztec, the Apache, the typical Mexican and the pure American of the Anglo-Saxon type—the Western plainsman—are all on exhibition, and the sight gives a peculiar tingle to American blood at this time. And withal it is a clean show, devoid of any disgusting midway features.

### COL. GREENLEAF TESTIFIES.

The Farical Investigation Has Reached New York.

By Wire to THE TELEGRAM.

New York, Nov. 18.—The war investigators met here today. All but three members were present, and only one witness was allowed in the meeting room at a time. Col. Greenleaf, assistant surgeon general, was the first witness today. He said that Camp Alger was a good camp for a small body of men, and that Camp Montauk was a good site and that the water was good, the ground rolling and free from underbrush.

Relative to Santiago, Col. Greenleaf said he was not familiar with the camp, or with the treatment there; but in Porto Rico the men had all the medical attention they needed. The typhoid patients had, he thought, all the food necessary. He was sure there was no starvation in the Porto Rico campaign.

### WHITE MEN DISCHARGED.

And Negro Laborers Substituted at Wilmington.

Wilmington, N. C., Nov. 17.—The white ship-carpenters, caulkers, and other workmen, employed at the United States government yard and dock here, have been discharged and negro workmen employed in their places by the United States authorities.

The men refused to work on Thursday last, when their homes would by their going so have been left unprotected, but nothing was said about discharging them until today, when Capt. William E. Chaighill, the engineer in charge, dismissed the entire force.

Great indignation is felt at this action of the government. The board of aldermen has authorized the chief of police to add two mounted policemen to the force. These will be placed permanently on night duty to patrol the city.—Special to Morning Post.

### NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU.  
HIGH POINT, N. C. Nov. 18.

Varner & Co., of Lenoir, have bought out Vickery & Lamb's stock of dry goods, notions and shoes and are moving them to the building recently occupied by Johns & Son, next door to Sapp's racket store. Mr. R. B. Creech, of Greensboro, will have charge of the store and will be pleased to show you their goods.

The case of Smith vs. Holton, concerning a dog trace between Holton and the late A. B. Smith, was tried before magistrates Beeson and Steele yesterday and decided in favor of Holton, who retains the dog.

Several of our best business men met last night in the national bank building to consider the organization and subscribe stock for the new furniture company, which we mentioned a few weeks ago, and which now seems a sure thing. They propose to organize a company of \$20,000 capital stock. About \$12,000 was subscribed last night. They will meet again next Tuesday night. Among the number that will take stock in this company are Dr. Turner, Geo. A. Malton, W. P. Pickett, J. L. Sechrest, J. H. Mills and A. R. Hammer. What better would we want to organize a furniture company than the above-named men?

The entertainment last night by Joadwine and Burke's Comedy Co. was a disappointment to some who attended who expected to see anything but a clean performance. The performers were laboring under a misrepresentation. It was rumored that it was not a clean show but that was a great mistake. The ladies who were present last night will tell you better. It was also understood that the performance last night would be a repetition of the one the night before. That too was another great mistake. While the one previous was alright, there is as great a difference in the two as there is in a democrat and a republican. The performance was good from start to finish. They will show again tonight. A handsome present will be given to the person holding the correct number. We bespeak for them a good house. They deserve it.

We are glad to see Arthur Mitchell back at his post again after several days indisposition.

Dr. A. E. Frazier is confined to his room with a lame foot.

### SHAPING THE EXACT TERMS.

Americans Are Preparing Their Final Presentation.

By Cable to THE TELEGRAM.

Paris, Nov. 18.—The American commissioners are devoting today as they did yesterday to formulating their next presentation to the Spanish commissioners. While the Americans are reticent as to their intentions it may be said without reserve that the occasion is near upon which the exact terms which will be acceptable to the American commissioners will be laid before the Spaniards with the time limit for their acceptance.

As previously indicated, the Americans will not involve the United States in any obligation as creditors of Spain in any shape or form. In other words the Americans will not guarantee any Spanish bonds, even though Spain may have mortgaged as security for revenues the territory to be taken by the United States.

We may now balance the ledger by placing the loss of the Maine and the cost of the war, including pensions, etc., on one side, and on the other Spain's equities in the Philippines. If the difference is found in favor of Spain this amount in cash may be offered her by the American commissioners at the next joint session. This balance may be about twenty millions or less.

The Americans may require until Tuesday to prepare their final presentation.

### EIGHTEEN MEN SAVED.

Shipwrecked Crew of The Dutch Bark Johanna.

By Wire to THE TELEGRAM.

New York, Nov. 18.—The British steamer Peconic, which arrived from the Mediterranean this morning brought a crew of eighteen shipwrecked men who were saved from the dutch bark Johanna, which was found sinking while enroute from New York to Honolulu. The men left the bark in boats after it had weathered a severe storm which disabled it. After the storm they returned to the bark and hoisted a signal of distress and were picked up by the Peconic.

### Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.

## WASHINGTON CITY CHAT.

Josephus Daniels Talked Of For Senator.

### LAW TO LIMIT NEGRO SUFFRAGE.

Washington Fellows Fixing Up Matters for North Carolina—The People Will See To It Later.

Special to THE TELEGRAM.

Washington, Nov. 18.—Although the announcement that Governor Russell may resign is generally discredited by North Carolina people in Washington, there are still many who believe that the Governor will take that action within the next few months. Democrats from the state coming here believe that the state legislature at its coming session will impeach Governor Russell, and provided it becomes evident that this course will be taken it is not improbable that the Governor would thwart the action of the legislature by resigning the office, and thereby save himself from the future disgrace of impeachment proceedings against him.

The person most prominently mentioned for the governorship at present is Charles B. Aycock, who is said to be a young attorney of strong ability and suitable attainments. Among others mentioned is Mayor Waddell, of Wilmington, who lead the revolution in the city against the corrupt ring which was in the ascendency.

It is regarded as almost certain that after the legislature assembles that a law will be passed which will limit negro suffrage and the plan which seems most to commend itself to North Carolina democrats is that in operation in Mississippi, which requires a property and educational qualification for the ballot. The South Carolina law is patterned after that of Mississippi with some alterations which were inserted to make it stronger, but it is said that the Mississippi plan has worked the best, and some South Carolina politicians are considering the advisability of altering their own election laws.

The senatorship to succeed Butler is attracting some attention, but as the senator's term does not expire until March 4, 1901, it is regarded as rather too early to engage in speculations. Hon. Josephus Daniels is mentioned, but it is said that there are likely to be a swarm of candidates for the senatorial seat when the time comes. It is said in relation to the claims of the different states against the government for the equipment of the troops during the war with Spain that the comptroller of the currency in going over the reimbursements of the different states has discovered a number of errors which affects several southern states. The comptroller is now said to be considering whether or not these errors in the reimbursements can be charged against the claims of the states against the government.

At the treasury department it is said that the claims of North Carolina against the government for money expended in equipping the soldiers is so mixed that it is doubtful if they can be straightened out. It may be necessary to refer some of the claims to congress for adjustment.

The refugees from North and South Carolina are not remaining inactive while in Washington. The postoffice department is crowded with these men daily who go there to look after the various federal positions in their states. In South Carolina there are nine postoffices to be filled within a short time, and these men who have been driven from the south are still trying to influence the federal officials to dispose of the appointments at their bidding. One of the leaders from South Carolina is said to be slated for an appointment.

Children's shoes made with the A. S. T. Co's. long raw hide tips are protected not only at the toes but all round the sides. You can reduce your shoe bills by fitting your girls and boys up with these shoes, which are now carried in stock at Thacker & Brockmann's. They will last about twice as long as shoes made without this special protection and cost no more than any other good shoes.

### Founder Meier Dead.

By Cable to THE TELEGRAM.

Bremer, Nov. 18.—Founder Meier, of the North German Lloyd steamship company is dead. He was eighty-nine years old.

### Dreyfus Notified.

By Cable to THE TELEGRAM.

Paris, Nov. 18.—Ex-captain Dreyfus was yesterday notified officially of the decision for a revision of his trial.

### FOR GOOD WALKS.

Greensboro Should Fall Into Line Quick as Possible.

While the city is growing—business houses and new dwellings almost innumerable are going up and new citizens are coming in, and all this in spite of the miserable condition of the streets and sidewalks out from the principal business streets—we desire to call attention to the much faster rate of speed we might attain in growth if we had first-class streets and walks. Walks are especially needed as we have no street cars and in weather like this it is almost impossible for people living any distance out to get down town for any purpose. Our attention at this time is called to this subject by the following note which was received this morning:

"By the way, Mr. Editor, do you happen to know what ever became of a petition signed by hundreds of citizens taxpayers, students and teachers at the Normal College, that the walks on Walker avenue, be made passable? Is Greensboro too provincial a town to have good walks? It seems that we ought to pull into line with Raleigh, Charlotte and Winston in the matter of good sidewalks and streets. The town is booming. Why not help instead of hindering it?"

### Robbery Near Havana.

By Cable to THE TELEGRAM.

Havana, Nov. 18.—Last night at midnight the car running from this city to Jesus Del Monte, a suburb, was held up by a gang of robbers close to Christina station. All the passengers in the car were forced to throw up their hands when the thieves took all their valuables.
