Wrinkles Around the Eyes

Are usually caused by defec-tive sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will.say so.

WRECK ON THE SOUTHERN.

aused By The Train Breaking Loose Thirty-Six Hogs Killed.

Between one and two o'clock last nighta wreck which resulted fatally for thirty-six hogs, occurred about one mile north of the station on the Southern road. An incoming fast freight train from the north came uncoupled near the middle and soon afterward came together with a crash that completely demolished two cars and shattered the end of a third. The engineer did not notice when his train came uncoupled, but kept ahead until he began to slack up, before coming into the railroad yard. The loose cars came dashing madly down the grade and crashed into the first part of the train just outside the city.

The rear of the front part was an empty flat car; the front of the rear part, a cattle car, provided with two floors and loaded with two hundred and ten fine hogs. Thirty-six hogs were killed in the wreck, while the remainder were scattered to the four winds, some of them more or less hurt. How any of them escaped seems wonderful for in the crash the stock car was completely shattered and the flat car hurled on top of it. Freight agent Coffin had the greater number of the hogs driven to the Southern's stock pen, near the depot and fed, while those that were killed and not too badly bruised were carried to the station and sold. The track was cleared so that there was little delay to the early train this morning.

CAPT. JAS. DOWD DEAD.

The Father of Mrs. Dr. T. N. Ivey, of this City-A Good Man Gone.

A message received by Rev. Dr Ivey early this morning announced the serious illness of Capt. James C. Dowd, of Charlotte, with apoplexy. A little later the trembling wires brought the sad message : "Captain Dowd is dead." He was the father of Mrs. Ivey and of Editor W. C. Dowd of the Charlotte News, of Mr. Frank Dowd, a prominent merchant of Charlotte. There are also several other

children. Capt Dowd was a native of Moore county, and when a young man he married Miss Henrietta Rives, daughter of the late Col. Jas. F. Rives, of Chatham county. They raised a large family of bright, intelligent children, who are honoring the names of their worthy ancestors and father and mother by living upright and useful lives.

A few years ago Capt. Dowd's beloved wife was removed by death, and only a few months ago he was married again. He was about sixty years of age. Capt. Dowd was a brother of the late Maj. Clem Dowd, who so beautifully wrote the life of his friend and companion for years, Senator Zeb. B. We extend heartfelt sympathy to the

sadly bereft sons and daughters, and to the large family connections of the deceased? Dr. and Mrs. Ivey will leave on the evening train for Charlotte to attend the funeral obsequies.

Says North Carolina Situation Melped Out in His State.

BUSINESS GREATLY IMPROVED

Mr. AcMillan Thinks it Will Be Many Years Before Republicans Rally in The South.

Washington, Nov. 26-Governor elect Benton McMillan, of Tennessee is in Washington for the purpose of attending to some business incident to the closing of his official duties as Representative in Congress. Mr McMillan (was seen yesterday at the Hotel La Normandie where he is stopping, and stated that he expected to be here for ouly a few days. The Governor-elect in speaking of political affairs said that he thought the prospects for the democracy in the south and in the country are excellent. The recent elections have proved, he says, that the democratic party when united are in a majority on a popular vote of the country. In Tennessee the democratic party is thoroughly united and in favor of white supremacy, and the governor asserts that it will be a long time before the republicans will become a strong a factor in political campaigns there as they have been in the past campaigns. The sympathies of the state are naturally with the people of North Carolina, and the mismanagement of affairs by the republican party in that state had a large inluence in increasing the democratic in Tennessee. Mr. McMillan says that after the experience North Carolina has had with republican suprenacy, he does not think that the white voters of his state will be very anxious

the near future. In speaking of business throughout Mr. Phillip Hayes is out again, we the south, the governor said that it are glad to state, after several weeks' has improved somewhat in Tennessee within the past few months. In spite of the low price of cotton prevailing, which has had some effect on the farmers of the state, prices for other agricultural commodities, in general, are good, and the farmers are in a comparatively prosperous condition.

Governor McMillan will remain in the city for a few days before returning to his home. Yesterday he spent most of the day visiting the various executive departments in the interest of his constituents.

It is stated that Adjutant J. H. Anderson, of the First South Carolina Regiment, Volunteers, has been selected for the post of collector for the port of San Juan, Porto Rico, and has been given until the first of January to decide upon whether he will accept or not. At the war and navy departments, and at the white house, nothing could be learned about the report, but it is not believed, as at present no provision has been made for such an office, and could not be made without congressional legislation. Legislation affecting the government of none of the new dependencies is expected at the coming session of congress, unless the situation should change as to make it desirable that the question

should be brought up at once. Mr. William R. Trigg, of Richmond, Virginiae who has just received contract to build a number of torpedo boats and torpedo boat destroyers, arrived in the city yesterday afternoon and later went to the navy department to confer with the officials about the work. Mr. Connally T. Trigg, a brother of William R. Trigg, who has been here for several days in the interest of the firm, is still here, and went to the department with the

latter. At the navy department the officials very generally discredit the reports which have been in circulation that the great shipbuilding firms of the country have formed a combination to advance the prices for the construction of naval vessels, in case the department concludes to construct the larger vessels. At the department one of the officials stated yesterday that there is no reason for such a combi-nation on the part of the shipbuilding firms to raise the prices, and to do so would be folly on their part.

Mr. George O. Gaylord, and wife, of Wilmington, N. C., were in the city yesterday. Mr. Gaylord says that matters in Wilmington are quiet, and that the new government has the confidence of the people of the city. They are stopping at the Metropolitan. A. F. Page and wife, of North Carolina, are also at the Metropolitan for a few days.

Postmasters have been appointed in North Carolina as follows: W. S. Watkins, Campbell, Stokes county, vice H. C. Lackey, removed; George R. Rawlins, Dallas, Gaston county, vice Nettie S. Moore, removed. ed; Thomas L. Archer, Rathbone, Guilford county, vice C. A. Whit-worth, resigned: John H. Caldwell, Walter, Wayne county, vice N. B.
