Wrinkles Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both: hundreds of satisfied customers will say so.

To Whom It May Concern:
I take pleasure in stating that Mr. J. W. Tullio is an expert in piano tuning and repairing, and has done some very difficult work for me, exceeding what I expected could be done, and I cheerfully recommend him to the public at large as trustworthy and faithful in the line he represents.

AT THE FIRST PRESBYTERIAN.

Dr. Smith Preached a Special Sermon to the Juniors.

Rev. Dr. E. W. Smith, at the First Presbyterian church last night, preached the annual Thanksgiving sermon to the Greensboro Council No. 14, Junior Order United American Mechanics. A large congregation was present, the juniors attending in a body. Dr. Smith took for his text the third verse of Psalm Cxvii.: "The Lord hath done great things for us, whereof we are glad." His sermon was the result of much study and was educational, patriotic and inspiring. The sermon was eloquently and forcibly delivered, and the juniors are to be congratulated on their selection of this eloquent and able young divine to preach their annual sermon.

Yesterday at Centenary.

The retiring pastor, Rev. J. E. Gay, preached to an unusually large congregation at Centenary yesterday. He has served that church acceptably for the past three years, and in the discretion of the bishop and his cabinet he is sent to Brevard street, Charlotte for the coming year.

At the close of the sermon, yesterday, Dr. E. L. Stamey made a few timely and feeling remarks, which, we feel sure, expressed the sentiment of all present. It was equivalent to the passage of a verbal resolution of thanks to Mr. Gay, and appreciation of his faithful and efficient services as pastor.

Rev. J. A. Bowles, son of Mr. D. A. Bowles, of this city, preached to a large congregation at night.

At West Market Yesterday.

Rev. Dr. J. H. Weaver, who has closed four years of successful labor at West Market street church, preached to that congregation yesterday. It was not the good fortune of the writer to hear him, but his sermon yesterday is generally spoken of as one of the very best he has preached during his four years' ministry here. He leaves tomorrow for his new field at Salisbury. It has been during his pastorate that the present handsome church building was erected. In that he leaves behind him a lasting monument to his faithful and untiring efforts at church building. This is the visible sign, and it is hoped the spiritual building has been as great.

The Minstrels Coming.

On Friday December 2nd, one night only, the Academy of Music will be occupied by Richards and Pringle's—Rusco and Hollands Big Minstrel Festival.

This company number over fifty people, traveling in their own special train of cars; Their daily street parade is said to be the largest and most elaborate ever given with a minstrel company. The performance consists of the usual "first part" handsomely staged, with all new scenery and costume, new music, songs and witticisms. The olio is made up of twelve big acts which necessitate giving the performance without a single wait or drop of the curtain. The press speaks of them in the highest terms.

Foul Play Suspected

Weldon, N. C., Nov. 28.—The oldest negro in Halifax county was Abram Carlstarph. He was 105 years old and voted the White man's ticket in the recent election. Last Monday he died and foul play is suspected. The white people of Faucett's township gave him decent burial and would not allow the negroes to throw even a shovel of dirt on the old man's grave.

Changing Pastors.

Rev. J. C. Rowe, the new pastor of West Market Street church, is expected to arrive tomorrow. Rev. T. E. Wagg, the new pastor of Centenary church, will probably arrive on Wednesday. Rev. Dr. Weaver and family leave tomorrow, while Rev. Mr. Gay and family expect to take their departure on Wednesday.

A New Day

At West Market street, South Carolina, a furniture store recently added a handsome furniture display to their establishment. It was made to order and furniture hauled in it is not liable to be scratched. Bloxton & Jennings are hustlers and the Telegram is pleased to see them doing a good business.

Washington People Want to Know If There Will Be Any Prosecutions—Here All is Serene.

Special to the Telegram.

Washington, Nov. 28.—At the department of justice the officials discredit the reports which have been in circulation for the past few days, that prosecutions are contemplated in the case of the men who are responsible for the driving out of Commissioner of Deeds Bunting, from Wilmington, North Carolina. One of the officials was seen Saturday, and he disclaimed any knowledge of the contemplated prosecutions, and stated that if indictments had been prepared, as has been said, he for one knew nothing about them. Attorney General Cripps himself disclaims any knowledge of the prosecutions, which leads to the belief that there is nothing in the statements. There is said to be no doubt in the minds of the officials but that Bunting is a United States official, he being, it is said, an appointee of Judge Purnell, of the United States District Court of North Carolina. If there were to be any prosecutions in the case, the judge would be the one who ought to know, but from statements coming from North Carolina it appears that he too is as much in the dark as the officials at Washington profess to be.

Saturday a delegation of colored men, headed by Perry Carson, who has gained national fame in republican national conventions as the "representative" of the District of Columbia, called at the white house with the intention of asking federal interference in North and South Carolina. The delegation, however, owing to the absence of many of the members, did not present the protest to President McKinley. It is very doubtful any way had they sought the interview whether they would have gained an audience with President McKinley, as he is very busy with his congressional message just now.

Mr. Page K. Ayres, a prominent and influential young business man of Statesville, North Carolina, has been in the city for several days on personal business, stopping at the Ebbitt House. Mr. Ayres expresses the opinion that one of the first things which will be done by the state legislature will be the passage of a new election law. With the control of state affairs guaranteed to the intelligent element of the state, he says, that business will greatly improve and that the people will be prosperous as in any state in the south.

An item which will be of interest to the people of Greensboro, is clipped from the correspondence of the Marlboro (South Carolina) representative of the Charleston News and Courier. It is to the effect that Mr. Tom's, of Greensboro, has assumed control of the Marlboro graded schools in the place of the former superintendent, C. A. Graeser.

The city Postoffice has at last moved into its handsome new quarters, at the corner of 11th street and Pennsylvania avenue, just opposite the Evening Star office. The first mail from the new office was delivered Sunday morning. Saturday night Washington had a taste of winter, heavy snow falling for about two hours, with the wind blowing a gale, and the mercury taking a big jump downwards. Snow fell more or less, all day Saturday, but melted as soon as it reached the ground, until night, when it assumed almost the proportions of a blizzard. In consequence of the storm, which is said to have been very severe east of the city, the mails from New York and Philadelphia, were delayed for several hours.

The appointment of Governor Russell, the day before yesterday, has authorized a detachment of our colored gunboat to be sent to the state, for the use of the navy militia.

Mrs. E. E. Fallon, has just returned from quite a lengthy visit to North and South Carolina. Dr. and Mrs. James Sawyer, of Asheville, are among the Sunday arrivals at the St. James hotel. Postoffices have been established in North Carolina at Burkhead, Burke county; Cosma, Wake county, and Ramsaytown, Yancey county.

Postoffices have been discontinued in the state as follows: Darien, Rockingham county; Legal, Harnett county; Welcome, Davidson county and West, Columbus county.

Spaniards Make a Verbal Acceptance Today.

EUROPEAN NATIONS BITTER.

They Resent American Acquisition Of The Philippines—Will Probably Include The Carolines.

By Cable to THE TELEGRAM.

Paris, Nov. 28.—The joint peace commission met this afternoon promptly at 2 o'clock. The Spanish commissioners immediately announced their acceptance of the American demands. The two commissions were in separate session all the morning.

The American demands included the acquisition of the Philippines and the Sulu group for twenty millions and it is understood the Americans will purchase the Caroline group. The question of the Cuban debt was left unsettled until the next meeting on Wednesday.

The Spanish acceptance was made verbally, the written acceptance to be presented later. The Spanish commissioners are sad at being authorized by their government to reply that the American propositions are inadmissible on legal principles, and that on the part of the Spanish all diplomatic resources have been exhausted and now the Spanish commission is asked to accept or reject the American propositions. In accepting them Spain is inspired by reasons of patriotism and humanity, and to avoid the horror of war she resigns herself to the power of the victor. She accepts the offered conditions in order to conclude the treaty for peace.

There is no denying that the whole of the European continent will bitterly resent the American acquisition of the Philippines. This sentiment is not confined to the diplomats, but here in Paris the opinion is constantly heard expressed in the highest French society.

Editor Stead, who has just returned from a tour of France, Belgium, Germany, Russia, Austria, Turkey and Italy, and who has seen the highest politicians in each country, and in some cases their rulers, said today: "An immense majority of Europeans are absolutely ignorant of what has happened. They neither know nor care what occurs on the other hemisphere, but those Europeans who read the newspapers which form public opinion, are practically unanimous in their opposition, and discredit the motives of the war."

GERMANY'S RIGHT.
Washington, Nov. 28.—The German charge d'affaires spent an hour with Secretary Hay early this morning. There is great reticence as to the cause of his visit, but it is believed it related to Germany's interest in the Sulu islands, as it is understood they claim the prior right to them.

American Arrested.
Berlin, Nov. 28.—Frank Knaak, of New York, has been arrested on the charge of Lese Majeste, said to have been committed in a wine shop. Mr. Knaak was arrested while sitting with his wife in a fashionable restaurant. It is alleged that he referred in an offensive manner to the emperor and a person who heard him immediately summoned a policeman. Although the American had several witnesses who denied that he had made the alleged remark he was thrown into the jail. The officials of the United States embassy have done everything in their power to bring about his release and a large amount of bail has been offered.

One Rapist not Lynched.
Wilmington, N. C. Nov. 28.—John Brooks, a negro, convicted of raping a white woman at the last term of court in Brunswick county, was hanged in the jail yard today. He denied the crime up to last Thursday, when he made a confession, and again confessed his guilt on the gallows today.
