THE EVACUATION OF ILOILO.

Second City in the Philippine Islands

INSURGENTS ARE FAIRLY QUIET

They Have Established a Municipal Government—Dewey Wants a Statesman Sent Over.

By Cable to THE TELEGRAM.

Manila, Dec. 29.—The facts concerning the occupation of Iloilo, the second city in the Philippines, by the insurgents, were received today. The American expedition, commanded by Brigadier General Miller, arrived there yesterday and found the Spaniards had evacuated on Saturday on board the steamer Oburanca and had been transferred to the Island Mininao. In accordance with an agreement arrived at with the insurgents, the Filipinos entered Iloilo and occupied the trenches on Monday, established a municipal government and placed guards over foreign property.

The insurgents are fairly quiet and orderly, although there is some looting at night. The five natives shot, is having an exemplary effort upon the rest. The only foreign warship there, is the German second-class cruiser Irene.

The new Filipino cabinet is composed of president and minister of foreign affairs, Mabani; Minister of war, Luna; Minister of Interior, Arrana; Minister of Agriculture and commerce, Buonanano.

DEWEY'S OPINION.

Washington, Dec. 29.—A cable message from Admiral Dewey says a statesman should be sent to Manila to investigate and ascertain the aspirations of the Filipino republicans. He further declares that we must accept our responsibilities.

Sixteen hundred Spaniards started to Guanajay yesterday.

The poison was sent in a bronzo seltzer bottle. The police are taking every step to apprehend the murderer. The handwriting on the package mailed was pronounced by experts to be feminine.

Disquieting Situation Developing.

By Cable to THE TELEGRAM.

London, Dec. 29.—A disquieting situation is developing at Johannesburg. According to latest advices the place is seething with discontent, as on the eve of the Jamison raid, in consequence of recent and proposed government measures, which are regarded as being a fresh series of impositions. Racial animosity is becoming intense on account of the vexatious treatment of British Indian and Cape boys.

THE EWART MUDDLE AGAIN

Senator Pritchard Said To Be Stated For Judge.

DISCREDITED IN WASHINGTON.

Arrangements About Complete For The Funeral of Senator Morrill. Will Take Place Saturday.

Special to THE TELEGRAM.

Washington, Dec. 29.—The reports coming from North Carolina to the effect that President McKinley will appoint Senator Pritchard judge, in place of Judge Ewart, whose nomination is now pending in the senate, is not believed by North Carolina people coming to Washington. In the event of the appointment of Senator Pritchard to be judge of the federal court, it would make a vacancy in the senate, which, of course, would be filled by a democrat, as the legislature which is about to convene is democratic in both branches. Neither Senator Pritchard nor Governor Russell, it is believed would be willing to allow this to happen, and if they should, President McKinley would not consent to Senator Pritchard relinquishing his seat to a democratic senator from North Carolina at this time. The Senator's term will not expire until March 3rd, 1903.

As to the chances of the confirmation of Judge Ewart, there is a difference of opinion among the democrats and republicans from the state. The prospects are it is thought at this time that Ewart will be confirmed, if a vote can be secured on the nomination. Senator Pritchard stated just before the adjournment of congress for the holiday recess that a vote would be reached within a short time after the New Year. The opposition of Senator Butler to confirmation is earnest, but it is thought that several southern senators, including, perhaps, Senator McLaurin, of South Carolina, will vote to confirm the nomination. The opposition being principally political, many southern democratic senators do not think that they are called upon to take a hand in the contest, by favoring one or the other faction of the North Carolina republicans, and will therefore probably vote to confirm Ewart, and put an end to the long controversy over the nomination.

Arrangements for the funeral of the late Senator Morrill have been about completed. The public ceremonies will take place on Saturday morning from the senate chamber, and it is expected that a large concourse of people will be present. President McKinley, members of the cabinet, supreme court justices, and diplomatic corps will be present, and will occupy seats on the floor of the senate. Owing to the absence from the city of both vice-president and speaker, the committee on arrangements has not yet been announced, but will probably be made public today. It is thought both Vice President Hobart and Speaker Reed will come to Washington immediately, so as to be here on Saturday.

Senator Morrill's death, after an illness of only one week, is much regretted by his colleagues in the senate and house. All day yesterday at the residence there was a steady stream of callers. Telegrams were received by the family during the day from a large number of distinguished senators and representatives who have gone to their homes to spend the holidays. To most of the members of the senate the news of the illness and death of Mr. Morrill came as a great surprise, for he was in attendance at the sessions of the senate up to the day of adjournment, and was regarded as being in his usual health.

It is expected that the occasion of the address of Hon. William J. Bryan, before the Virginia Democratic Association, and the banquet under the auspices of the association, on the 22d of February, will be a notable occasion. The demand for invitations to the banquet has been very great. Altogether it is expected that about six hundred invitations will be issued. Among the speakers will be Senator Daniel, of Virginia.

Among North Carolina people in Washington is Dr. Jones, who is spending a portion of the holidays in the city, stopping at the National Hotel.

Messrs. W. M. Cohen, J. Cohen and Eugene Johnston, of North Carolina are in the city for a few days, being registered at the Hotel Raleigh.

LEGISLATURE MEMORIALIZED.

Baptists Want Appropriations to Public Schools Increased.

Rev. John E. White, the secretary of the Baptist State Mission Board, who has been identified with past movements against state aid to the University, will oppose any attempt to increase the appropriations to higher education. Mr. White will urge the legislature to devote all available funds to the public.

Mr. White is in accord with the Baptist denomination, as the following letter and resolution, which is being forwarded to the General Assembly, will show:

At its recession in Greenville, N. C., the Baptist State Convention of North Carolina unanimously passed the enclosed resolution and memorial, and instructed me, as corresponding secretary, to place a copy of the same in the hands of each member of the general assembly.

You will allow me to add my earnest plea that the matter it presents will receive, as I am sure it will, primary consideration at the hands of so distinguished a body as the coming general assembly promises to be.

Resolved 1. That the Convention of North Carolina Baptists reaffirm its unalterable faith in Christian education, and its conviction that our Baptist boys and girls should seek their training in Baptist schools and colleges.

2. That as citizens we believe that the state's policy which neglects the common schools—the schools of the people—and appropriates public money for the benefit of the few in higher education, as undemocratic, unjust to taxpayers, unfair to private and denominational beneficence, without excuse, and that the cause of education in all its branches would be greatly advanced by a reversal of that policy.

3. Therefore, exercising our right of petition, we, the Baptist State Convention, respectfully memorialize the legislature soon to assemble to appropriate every available dollar of public money, however small the amount may be, to the improvement of our public schools, and that the policy of progress in this direction be set up and maintained until the reproof of illiteracy be removed from our State, and until the 600,000 boys and girls whose hope for enlightenment is in the public schools, are afforded an opportunity to receive the primary instruction necessary to fit them for the duties of citizenship.—Morning Post.

THE FALL OF A MOUNTAIN.

The Debris of The Avalanche Covers a Square Mile.

London, Dec. 28.—Part of the Red Rock Mountain, according to a dispatch from Airolo (a village of Switzerland, Canton of Ticino,) has fallen into Airolo, destroying a hotel and several houses. The scene of the disaster presents a terrible spectacle, the debris of the avalanche covering a square mile. The hotel, with eight houses and twelve other buildings, were swept into a great heap of match wood. A new terror was added by the outbreak of fire amid the ruins.

Three dead bodies have been recovered. It is estimated that the damage will reach 40,000 pounds.

Butler's Action Condemned.

New York, Dec. 28.—The Confederate veteran camp of New York has passed a resolution offered by Comrade Beasley, of North Carolina, which says that "the camp condemns in unmeasured terms the effort of Senator Butler, of North Carolina, who is not a Confederate veteran, to debase the manhood of the south by seeking to obtain pensions for ex-Confederate soldiers from the United States, and that any similar effort by any southern member of congress will be abhorrent to this camp and meet with its unqualified condemnation."

After a Long Absence.

Mr. Geo. F. Walker, of Boggs town, Ind., a native of Guilford county, is visiting his brother, Wm. Walker, near Guilford College. Mr. Walker left this country in 1857 and has only been back once since that time. He was in the city today and says while the land is very rich in Indiana and he has no desire to farm in this country, he sees many improvements made since his departure.

THE COAST LINE THE BIDDER

The Cape Fear & Yadkin Valley Railway Sold

THE PRICE PAID, \$3,125,000

The Sale Took Place in Fayetteville This Afternoon—There Were Three Bidders in the Field

Greensboro people have manifested considerable interest in the sale of the Cape Fear and Yadkin Valley Railway, which took place in Fayetteville this afternoon. There has been much speculation concerning the sale of late. It has been said that the present receiver of the road, John Gill, being a stockholder in the Seaboard Air Line system had formed a combination with the Baltimore bondholders to buy the road and lease it to the Seaboard. This has been the rumor. Another report or rumor has been to the effect that the Atlantic Coast Line and the Southern were pulling together and had formed a "combine" to beat all other bidders.

The Telegram, however, has been of the opinion that the "longest pole would knock the persimmon" and that seems to have been the case. The sale commenced at 12 o'clock today and ended between one and two. The bidders were: The Southern Railway Co., the Seaboard Air Line and the Atlantic Coast Line, the latter becoming the purchaser at \$3,125,000. This far exceeds the sum generally thought to be necessary for the purchase of the road.
