Symptoms Of Defective Vision

Many persons have the idea that defective vision manifests itself only in a failure or inability to see clearly, but itching, burning, smarting of the lids, dull pains in the eyes or head, even the back of the head, all come from irregularities in the optical construction of the eyes and may be entirely relieved by correctly fitted glasses.

DR. J. T. JOHNSON Guarantees to correct every case that he undertakes. If your eyes are giving annoyance consult him at once.

THE NEW ELECTION LAW.

Passed in the House—What the Bill Provides.

The new election law is in its main features a copy of the law in force previous to 1895. The bill provides:

1. That the election for state and county officers shall be held on the first Thursday in August and every two years thereafter.
2. That there shall be a state board of elections composed of five persons elected by the legislature for a term of two years.
3. That there shall be a county board of elections consisting of three persons, appointed by the state board for a term of two years.
4. That state board of elections shall meet in Raleigh the first Monday in May, 1899, and organize by electing one of their number chairman and another secretary. Another meeting shall be held on the first Monday in April in each election year. Special meetings may be called when necessary.
5. That the county boards shall appoint all registrars and judges of election. Members of the county boards may be removed by the state board; and the county board in turn may remove any registrar or judge of election.
6. That county boards must meet not later than the first Monday in May for organization, and dividing the counties into precincts and fixing polling places.
7. That before the next general election there shall be an entirely new registration. Among questions to be asked applicant is "whether he has listed his poll for taxation for the current year in which he applies for registration, and for the year next preceding. And if any applicant shall falsely swear he has listed his poll for taxation, he shall be guilty of perjury, and punished as prescribed by law."
8. That the registration books shall be kept open for twenty days and closed on the second Saturday before the election. On each Saturday during this period the registrar shall go to the polling place to register voters. On such days the books shall be open for inspection by voters of the precinct. There shall be no registering on election day, but voters may be challenged.
9. That on or before the first Monday in July the county board shall appoint two judges of election for each precinct.
10. That to prevent disorder as many as three special officers may be appointed by the registrars and judges of election.
11. That there shall be one ballot for all state officers, one for judges of the different courts, one for members of the general assembly, one for county officers and one for township officers. That all ballots for each of these classes of officers shall be the same size, on white paper and without device. The size of the ballots must be prescribed by the state board of elections. Tickets in the wrong box shall not be counted.
12. That the members of the several boards of election shall constitute the board of county canvassers, which shall meet at the court house the second day after the election, canvass the returns and declare the result at the court house door.

The remainder of the act provides for canvassing the returns for state officers, congressmen and electors, prescribes penalty for performance of the duties set out for officers of the election, and makes other general regulations of elections.

THE POPE REPORTED BETTER.

Rome, Mar. 1.—The Pope passed a fairly good night and is better this morning. Dr. Mazzini this morning removed the cyst from his left thigh. The operation was successful and the patient bore it well. It appears that yesterday's symptoms were entirely due to the cyst from which the Pope says he has long suffered. Now there is no trace of fever and the doctor thinks no complications will ensue. Some of the morning papers asserted the Pope was suffering from rheumatic fever, following a chill, and it was feared that pleurisy would supervene.

IMPORTANT.

Grand Ratification Meeting at Court House Friday Night.

A certified copy of the dispensary bill as passed by the legislature has been received from Raleigh, and will be read in a public meeting at the court house Friday night. This meeting will close the dispensary campaign, and all friends of the dispensary are urged to be present. The meeting will be an important and interesting one.

The New Depot.

Through the courtesy of Mr. Morrison, who has charge of the new depot of the Southern Railway, a Telegram man was shown through the building today. It is an ornament to Greensboro and a credit to the progressive spirit of the Southern and the workmanship of Messrs. Gatz & Co., the builders. Thoroughly equipped with steam heat, electric lights and water facilities, conveniently arranged and tastefully finished, it is all the traveling public can ask for.

Bloxton & Jennings want to see you and talk about their easy payment plan.

Lindau has a change in his space today.

Murray Bros. want to write you some fire insurance.

Dismissed.

The case of Louis Albright for the shooting of John Hadley came up for trial yesterday afternoon before Squire Eckle who dismissed the warrant. The state could produce no evidence, every negro who was with the men when the shooting occurred, swearing that it was accidental. Hadley's wife even went so far as to hire counsel for Albright.

Success To You, Colonel.

It is said that Col. W. H. Chapman, of the Internal Revenue Service with headquarters at this place, is making an effort to get the appointment to the place of deputy commissioner of Internal Revenue at Washington to succeed Wilson, promoted. The Telegram hopes the colonel will be successful, but would be sorry to lose him as a citizen of Greensboro.

TODAY'S NEWS BY CABLE.

The Situation in the Philippine Islands.

PREMIER SAGASTA HAS RESIGNED

The Pope Passed a Fairly Good Night and is Reported Better—A Successful Operation

By Cable to the Telegram.

Manila, Mar. 1.—A battalion of the First California, under command of Col. Smith, embarked on the transport St. Paul, for Negros Island, the Negros commissioners returning home on the same vessel.

Fifty insurgents were killed in the bombardment of Guadalupe this morning by the captured Spanish gunboat Laguna de Bay, and Lieutenant Scott's battery of the Sixth artillery. Private Parks, of the First California was wounded by picket firing.

Advices from Iloila say that Chaplain Leland, of the First Tennessee, has died there of smallpox.

SAGASTA RESIGNS.

Madrid, Mar. 1.—Premier Sagasta has handed his resignation from the ministry to the Queen Regent and a ministerial crisis is expected, as it is believed the cabinet was convinced of the impossibility of avoiding the defeat on the final vote of the bill for the session of the Philippines, as the opposition may increase. While the government cannot hope to gain a single additional supporter the government majority yesterday was only 10.

WILL ALL WANT THEM.

And Greensboro Should Extend an Immediate Invitation.

The Telegram has twice spoken of your esteemed favor of 24th inst., and in reply will state that it will afford our party great pleasure to stop in Greensboro, provided we can arrange our itinerary so that we can do so. I very much fear however that we will be unable to visit all the points that we desire to while on this tour, as our time will be necessarily limited, and already I have received urgent invitations to stop at 54 different points. I would suggest that you confer with Mr. David Schenck, Jr., with whom I enjoy a personal acquaintance, and you can rest assured that should it be the desire of your people to have our party see the advantages and resources of your section, we will make a strong endeavor to accept an invitation to pay Greensboro a visit. Party will be at Hotel Jefferson, Richmond, March 6th and 7th, and a reply to this letter addressed to me there will receive careful and prompt consideration.

Yours very truly,
C. F. King, manager.

We believe Greensboro is thoroughly alive to the value of advertising and that all will readily see how desirable it is that these people be invited to stop here and that the invitation be backed in such a manner that they will stop. Of course Mr. Kearsley will reply to the above letter as directed (he is alive to the interests of Greensboro) but there should, in addition to his personal efforts, be a further expression from the Industrial & Immigration Association, or from any individual who would like to see Greensboro entertain these newspaper men for a day or two.

THE GODFREY FAMILY.

A Remarkable History—Famous as Military Bandmasters.

The greatest name in military music the annals of any country or time have known is that of Dan Godfrey. However, the distinguished bandmaster of the Grenadier Guards is not the only member of the family who has achieved distinction. Dan Godfrey comes by his musical knowledge and gifts as a military leader honestly for his father before him was Charles Godfrey, who became bandmaster of the Coldstream Guards about 1825 and remained at the head of that regimental band for over thirty years. He had several sons, three of whom, Dan, Fred and Charles Godfrey, were bandmasters, and at one time at the head of three crack bands in the army. Dan led the Grenadier Guards, Fred the Coldstream and Charles the Scotch Fusiliers and afterwards the Royal Horse Guards, but of these brothers (to quote an English newspaper) Lieut. Dan Godfrey was always the people's pet and it is noteworthy that he is the only musical conductor of Her Majesty's service who has received the rank of lieutenant in his regiment.

There was still another brother in this distinguished family, George William Godfrey, the well known playwright who wrote the "Parvenu," "The Queen's Shilling," "My Milliner's Bill," and many other plays.

The greatest Godfrey of them is coming to America with the finest military band in the world and the musicians whose fame he has made.

This famous man and his superb band of forty pieces will, by special arrangements, appear at the G. F. College chapel Thursday evening, March 9th. People in town who intend attending this concert will do well to reserve their seats early. An immense number of out of town people are coming and ordering their seats by mail. Seats at Fariss' drug store.

A Narrow Escape.

A gas pipe in the Merchant's Grocery Co's store, near the meter, about 4:30 o'clock this morning and in some unknown way the gas ignited. It was burning good fashion when the matter was reported to Officers Whittington and Weatherly who hastened to the store, broke in and put the blaze out just in time to prevent a serious conflagration.

Bucklen's Arnica Salve.

PUBLIC BUILDING BILLS.

Elizabeth City and Winston Bills Pass the House.

A LIVELY SCRAMBLE COMING

Over the River and Harbor Bill With Its Nicaraguan Canal Attachment—Other News.

Special to THE TELEGRAM.

Washington, Mar. 1.—Under the special order adopted Monday two public bills of interest to North Carolina succeeded in running the gauntlet. The first bill which passed the house was that appropriating \$50,000 for the construction of a public building at Elizabeth City, North Carolina, which has been pending for some time. The measure had the support of the entire North Carolina delegation, and went through the house with practically no opposition. The other bill was for the construction of a public building at Winston, North Carolina, which was also supported by the North Carolina delegation, and which went through with very little opposition. The delegation from the state are much pleased at their success in getting these measures through the house and it is hoped they will become laws before adjournment.

For the remaining few days of the session the work of congress is fully mapped out, so far as the house is concerned. This afternoon, it is probable that the army reorganization bill will occupy chief attention and the river and harbor bill may also be reported, in which event there is sure to be a lively scramble over the construction of the Nicaraguan canal. Representative Burton in his opposition to the canal has the support of both Representative Cannon and Speaker Reed. Thursday and Friday in the house will necessarily be devoted to passing upon the various conference reports on the appropriation bills as they are presented, and to such other leaders may consent to have brought forward.

Representative Davis, of Florida, stated that the committee on rivers and harbors will probably report the bill today and the plan is to send the bill before at once to conference. No separate action will be demanded on any of the items with the single exception of the canal proposition, but a formal motion to non-concur in all other senate amendments will be adopted. The members of the North Carolina delegation are of the opinion that all of the items of interest to the state, and they are very few, will be retained in the bill, as added by the senate. The principal disagreement in the conference committee will be, it is believed, over the canal proposition, and the item to irrigate the arid lands, both of which items are contested by Chairman Cannon and Burton.

Among those who attended the reception given Monday night in honor of Mrs. Stonewall Jackson, was Colonel James E. Boyd, of North Carolina, assistant attorney general. The reception was largely attended by southern people, among the guests being Mrs. Mrs. Meredith and Mrs. Claude A. Swanson, of Virginia; General Wheeler and ex-Secretary Hillary A. Herbert. It was given under the auspices of the Confederate Veterans' Association of the District of Columbia.

Senator Tillman, of South Carolina, has introduced an amendment for the appropriation of four million dollars for the erection of a government plant for the manufacture of armor plate. The bill provides for the appointment by the secretary of the navy for the selection of a suitable site, and a board of three officers. The southern representatives and senators are manifesting much interest in the amendment and if it should become a part of the naval appropriation bill, it is believed several southern cities would make a fight to secure the plant. Charleston, S. C., and Newport News would both seek the prize. On account of the vast expenditure necessary it is not thought that the amendment will be successfully pushed during this session.

Among prominent North Carolina people in Washington is Mr. R. G. Glenn, of Greensboro, who is stopping at the Ebbitt House. Mr. Glenn is much pleased with the election law passed by the legislature, and says if it had been in operation last November, the country would have been spared such scenes as occurred at Wilmington. He says that the amendment will be adopted by the voters of North Carolina by a very large majority.

The comptroller of the currency reports that L. A. Carr has been chosen vice-president of the First National Bank of Durham, N. C.

The comptroller also announces his approval of the National Bank of North America, of New York City, as reserve agents for the City National Bank of Greensboro, N. C.

New postoffice has been established at Jordan, Chatham county, North Carolina.

THE GREAT MONEY BILLS.

About To Be Disposed of—Latest Telegraphic News.

By Wire to THE TELEGRAM.

Washington, Mar. 1.—The house will have disposed of all the great money bills today if the general deficiency bill passes as expected; and under suspension of the rules devote the balance of the week to the consideration of the senate amendments. The principal matters still unsettled are the army and the river and harbor, action on both being expected today. The house military affairs committee is considering the army bill this morning and is expected to report some time today. The personnel bill will come before both houses today.

The house committee, on military affairs disagreed with the senate amendments to the army bill and decided to report to the house today and under suspension of the rules move non-concurrence and reference to the conference committee.

The senate has passed the twenty million appropriation to Spain.

The house has adopted the conference report on the general claims bill. The conference has ordered the sundry civil bill.

BROTHER SEEKS REPARATION.

Washington, Mar. 1.—Hunter, U. S. Minister at Guatemala, Honduras, is here in consultation with state department officials respecting the course to be pursued in the matter of killing Mr. Pears, a native of Pittsburgh and agent at Honduras, for the Mahogany company, near Puerto Cortez, Honduras. A brother of the deceased seeks reparation.

MOVEMENT OF BOATS.

Washington, Mar. 1.—The monitor Monterey, sailed today from Hong Kong for Manila, and the gunboat Castine, has left Suez for Arden, by way of the Philippines.

DIED IN WASHINGTON.

Washington, Mar. 1.—Lord Herschell, high joint commissioner of Great Britain, died here at 7 o'clock this morning. He fell on a slippery sidewalk and broke one of the pelvic bones several weeks ago, which probably caused his death.
