### THE SEPERATE CAR BILL.

Passed by the Senate and is Now a Law.

The "Jim Crow" or separate car bill was passed by the senate yesterday and is now a law. It reads as follows:

Section 1. That all railway and steamboat companies, as common carriers in the transportation of passengers for hire in North Carolina, other than street railways, shall provide separate, but equal, accommodations for the white and colored races on all passenger trains and steamboats carrying passengers. Such accommodations may be furnished by railway companies either by separate passenger cars, or by compartments in passenger cars, which shall be provided by the railways under the supervision and direction of the board of railway commissioners or the officers succeeding to their powers: Provided, that this shall not apply to relief trains in cases of accident, to Pullman or sleeping cars or through express trains that do not stop at all stations and are not used ordinarily for traveling from station to station; to negro servants in attendance on their employers; to officers or guards transporting prisoners, nor to prisoners so transported.

Sec. 2. The railway commissioners, or the officers succeeding to their powers, are hereby authorized to exempt from the provisions of this act branch lines and narrow gauge railways, if in their judgment the enforcement of this act be unnecessary to secure the comfort of passengers, by reason of the light volume of passenger traffic or the small number of negro passengers traveling on such narrow gauge or branch lines.

Sec. 3. That when any coach, or compartment of a car, for either race shall be completely filled at a station where no extra coach or car can be had and the increased number of passengers cannot be foreseen the conductor in charge of such train is hereby authorized to assign and set apart a portion of a car, or compartment, assigned for passengers of the race to passengers of the other race.

Sec. 4. That all railway companies shall furnish first and second class passenger accommodations.

Sec. 5. That any railway company failing to comply in good faith with the provisions of this act shall be liable to a penalty of \$100 per day, to be recovered in an action brought against such company by the railway commissioners, or the officers succeeding to their powers, in the county of Wake, and covered into the state treasury.

Sec. 6. This act shall be in force from and after its ratification.

"POPULAR" is the name of a line of ladies' oxfords made by the Hamilton-Brown Shoe Co. of St. Louis, one of the largest shoe houses in the world, doing a business of five to six million dollars annually. This line is rightly named the "popular," as it is beyond doubt one of the best and most popular lines of ladies' low shoes in the country. Scores of ladies here in Greensboro have worn this make for the last three or four years and positively won't buy any other kind when they can get the "popular." One reason why these oxfords are "popular" is because they fit and "feel good" the first time they are worn. For a neat, dresy shoe that will do for both street and home wear we recommend the new Coin toe, while if you want only solid comfort regardless of appearance we can give you the "popular" in regular wide bottom, low heeled common sense style.

Thacker & Brockmann.

**A Close Shave.**

Tom O'Connor, who drives one of the Steam Laundry's delivery wagons came near being seriously hurt this morning. He was driving through a hanging gate in the rear of the Benbow House, when the gate weights not being sufficiently heavy, the gate fell, catching O'Connor's neck between it and the top of his wagon. The fall frightened the horse, which jumped forward. Had the gate been a strong one the driver's head would no doubt have been clipped off in short order, but fortunately the old gate gave way and the O'Connor came out of the wreck little the worse for his experience.

**Attention Firemen.**

**Loss Four Hundred Thousand Dollars.**

### THE COTTON COMPRESS BURNED

**Also The Old Southern Railway Freight Depot—Five to Six Thousand Bales of Cotton.**

Special to THE TELEGRAM.

Charlotte, March 2.—A big fire at six o'clock this morning destroyed the cotton compress here; also the old Southern Railway freight depot. Five to six thousand bales of cotton were also destroyed.

The loss is placed at four hundred thousand dollars. The value of the cotton was covered by insurance.

**THE POPE'S CONDITION.**

**He Knelt in Prayer Before Yielding to the Surgeon's Knife.**

By Cable to the Telegram.

Rome, Mar. 2.—The Pope passed a good night. He took a little soup and brandy at midnight and fell asleep. The fever increased somewhat during the night, but Lapponi says this is usually the case after such an operation and sleep will do the most to restore strength. Mazzoni will dress the part this morning although the condition of the Pontiff is not considered grave.

### THE WORK OF CONGRESS.

**Will be Done Almost Altogether in Conference Committees.**

By Wire to the Telegram.

Washington, Mar. 2.—The business in congress from now until Saturday noon will be done almost altogether in conference committees. The fate of the Nicaragua canal is in the hands of six men representing the two branches of congress. Unless the compromise suggested yesterday is accepted by the senate, conference agreement on the canal proposition is not likely to be reached.

In the senate Mr. Hale presented the conference report on the naval personnel bill, agreed to.

The conferees on the river and harbor bill have agreed to allow to stand the forty foot channel in New York harbor. The house conferees are contesting the senate amendments at every step.

**KIPKLING'S DAUGHTERS ILL.**

**Mr. Kipling Himself Is Thought to be Slowly Improving.**

By Wire to THE TELEGRAM.

New York, Mar. 2.—It is announced this morning by Mr. Doubleday's bulletin that both of Kipling's daughters, Josephine and Elsie, are down with pneumonia. Mr. Kipling is improving, according to Mr. Doubleday's bulletin, which says: "As no rapid change is expected in Mr. Kipling's condition, a bulletin will not be issued until in the afternoon after Dr. Janeway has been in consultation."

**Hottest of the Season.**

By Cable to THE TELEGRAM.

Manila, Mar. 2.—This is the hottest day of the season and fortunately all is quiet inside and outside the American lines. A majority of the men are kept in the shade. The transport Morgan City arrived today, but the wives of officers and the other women passengers were not allowed to land, the authorities considering the conditions ashore too unsettled.

**Fatal Explosion.**

By Wire to THE TELEGRAM.

Wicksbarre, Pa., Mar. 2.—An explosion of gas in No. 1 shaft of the Kingston Coal Company last night fatally burned David A. Thomas and Harry Evans. Wastie Shadrok was probably killed as his body has not been found. Thomas Evans, it is thought may recover.

**Threatened With Pneumonia.**

By Wire to THE TELEGRAM.

Harrisburg, Mar. 2.—Representative elect Sibley, of Franklin, who came here Tuesday to participate in the senatorial contest, is seriously ill at the Bolton House. He became worse during the night and physicians say he is threatened with pneumonia.

**An Honest Medicine for La Grippe.**

George W. Waitt of South Gardner, Mo., says: "I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vender. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one 50-cent bottle and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by C. E. Holton.

### NOTES FROM HIGH POINT.

**The Local News From Our Neighbor Briefly Told.**

TELEGRAM BUREAU  
HIGH POINT, N. C., Mar. 2

Dr. W. G. Bradshaw, Wescott Robertson, W. C. Jones and H. C. Bowman went down to Greensboro on the noon train today.

Mrs. J. O. Walker, of Randleman, arrived in the city today to visit her parents, Rev. and Mrs. Scroggs.

The Murry-Hart Company arrived in the city this morning and will appear at the opera house tonight.

J. T. Hedrick returned to Lexington last night.

Miss Pattie Spencer, of Edgair, passed through last night enroute to Lexington to spend a few days.

J. O. Freeman, of Trinity, was in the city this morning on business.

Dr. Tomlinson, of Archdale, passed through the city escorting Pink Allen, of Archdale, to Morgantown, who is insane.

Walter Wiley's three year old boy took a drink of carbolic acid last night, and had it not been for the quick work of Dr. Stanton the child would have passed away.

J. H. Merritt, special agent Penn Mutual Insurance Co., was in the city this morning.

D. H. Lyall, advance agent for the Murray-Hart Co. left this morning for Lexington, where they play next week.

**First Game of Ball.**

Oak Ridge, March 2nd.

Editor Telegram:—The first game of base ball of the season, to be played in Greensboro, will probably be on the 29th inst., between Cornell University and Oak Ridge Institute. As Cornell University is one of the leading northern colleges in point of athletics, a good game may be expected. Oak Ridge Institute defeated Johns Hopkins at Greensboro last year, and her team is thought to be stronger this season than last, so no one need doubt that she will put up a strong game.

Oak Ridge has games scheduled with the University of N. C., Trinity College, The Agricultural and Mechanical College, at Raleigh, Roanoke College, (Oak Ridge, April 16th,) Wake Forest College, and Horner's School. It has made efforts to get a game with Guilford College, and Bingham, but so far has not succeeded. The team is allowed to six games away from Oak Ridge, and two of these must be on Saturdays.

**The Seminole Play.**

The Seminole Herbal Remedy Co. played to a good audience of men last night at the Greensboro opera house. The entertainment opened up with a comedy, entitled, "The Wood Merchant," and it was very laughable. The Doctor talked a while and then the fun went on. Mr. Dan Nash, as a change artist, is a wonder, and Mr. Beesley, as a black-face comedian, is hard to beat. His banjo solos are good. The Doctor expressed his surprise and sorrow at not seeing any ladies in the audience, and said he hoped to see some there tonight. The show last night was perfectly clean and moral and if it continues that way ladies need not be afraid to attend. It is equally as good as the average popular-price comedy company, and was, last night, a great deal cleaner than some.

**Hustling South Elm.**

Lower South Elm street has a decidedly busy appearance just now. Not that bustle and stir is a new thing in that part of town for "hustle" is the word down there, but just now things look unusually lively. A small confectionery store is being put up, Mr. Voltz is erecting a bake oven with bakery in front, and last, but by no means least, Manager Tom McAdoo is having some mammoth telephone poles erected. These are the largest and longest poles ever used in Greensboro and putting one in place is far from an easy task. It requires a dozen muscular men and a good deal of time and the work attracts a large crowd of spectators.

**They Leave Hong Kong.**

### CLOSING DAYS OF CONGRESS.

**Characterized by the Usual Confusion and Rush.**

### THE SOUTH IS FARING WELL.

**River and Harbor Bill Will Become a Law—Bill Passed to Pay States for Fitting Out Troops.**

Special to the Telegram.

Washington, Mar. 2.—The closing days of congress are characterized by the usual rush. Members in both the house and senate are making much haste to get their bills passed before noon Saturday. Most of the time in the house is occupied during these latter days of the session in acting on the appropriation bills as they are rushed over from the senate side of the capitol, and in acting on conference reports on various bills as they are presented. At intervals when the work lulls or drags, members clamor in front of the speaker's desk, crowding the space in front, in their efforts to secure recognition. The speaker is fair in his recognition of the members, taking his usual care to recognize only those members who have important measures, or measures which are worthy and have some special feature to recommend them. He first recognizes gentlemen on one side and then on the opposite side of the house.

The south seems to be faring very well so far as local legislation is concerned during these closing hours. The bill to reimburse the states for the equipment of troops during the Spanish war, which claims were held up by the treasury department, has gone to the president, and is a measure in which Virginia, North and South Carolina and other southern states are particularly interested. The river and harbor bill, in which perhaps the south has more at stake than any other section, will become a law with an item for the construction of the Nicaragua canal, though the latter amendment will be considerably cut down. The bill known as the omnibus claims bill, which makes provision for the payment of a large number of southern claims has gone to the president, and will become a law before Saturday noon. In addition to these important measures, in which the south is indirectly interested, within the past day or two, a large number of bills for the erection of public buildings in the south have passed both houses and gone to the president for approval.

The bill for the reimbursement of the southern states for their claims in connection with the Spanish war, passed both houses yesterday, a full agreement being reached by the conference committee which had charge of the measure. The bill provides for the payment of the claims of Virginia, North and South Carolina and other southern states. The president, who, it is said, suggested the passage of the bill through congress, will give the measure his prompt approval, and the treasury department, it is understood, will allow the claims at once.

Senator Daniel's amendment for the payment of five thousand dollars to pay the legal representatives of the late James Crooks and William Crooks, of the United States and Canada, for the value of the vessel known as the "Lord Nelson," illegally seized by Lieutenant Woolsey, of the United States navy, on Lake Ontario, June 5, 1812, failed to get on the naval appropriation bill, as the senator from Virginia at first intended. He has introduced the amendment and hopes to get it upon the general deficiency bill.

Judge Simonton, it is thought, will soon retire from the bench on account of illness. Senator McLaurin, of South Carolina, is prominently mentioned for the judgeship, as is also Senator Pritchard, of North Carolina. It is said on good authority that McLaurin will be a candidate if Judge Simonton retires.

Senator Pritchard says that the war department will issue the orders mustering out the First North Carolina regiment within one week.

The appointment of Mr. Reeves, of Illinois, as a member of the river and harbor committee was a surprise, as it was thought Mr. Cooper, of Wisconsin, who has the right of priority, would go on the committee. It is understood that Mr. Cooper was excused from serving on the committee at his own request.

Postoffice has been established at Uno, Henderson county, North Carolina.

Postmasters have been commissioned in North Carolina: Joseph H. House, Balsam Grove; Jasper Y. Yelton, Golden; Gideon S. Smoot, Austin; Mollie L. Shores, Grant; Mack G. Bryan, Winterville; C. Grant Slaton, Zirconia.

Mr. W. A. Barber and wife, of North Carolina, are registered at the National Hotel.

The postoffice at Antioch, Robeson county, has been moved 11 miles southwest.

John C. Allen has been commissioned postmaster at Tyro.

Mr. R. Scott and wife, of Wilmington, N. C., are at the National hotel for a few days.

Messrs. E. L. Keeler and H. C. Dorr, of North Carolina, are at the National hotel.
