## Symptoms

## Of Defective Vision

Many persons have the idea that defective vision manifests itself only in a failure or inability to see clearly, but itching, burning, smarting of the lids, dull pains in the eyes or head, even the back of the head, all come from irregularities in the optical construction of the eyes and may be entirely relieved by correctly fitted glasses.

DR. J. T. JOHNSON Guarantees to correct every case that he undertakes. If your eyes are giving annoyance consult him at once.

## AN ADDRESS

Issued to The Citizens of Greensboro By The Mayor.

To the Citizens of Greensboro:—I beg leave to say to the citizens of Greensboro through this channel that it is the opinion of an expert who has visited over one hundred cases of small pox during the last twelve months, that there is one case of small pox in the suburbs of the city on a back street. It is useless to try to hide a thing like this from the public, and it is equally as useless to allow the disease to spread and impede the business interests of the city by a small pox scare. It is agreed on all hands, by experts competent to judge, that the disease can be effectually stamped out by prompt and vigorous action, such as a strict quarantine of the house and patients infected, the detention for a period of fourteen days of all who have been subject to infection and a thorough vaccination of all the inhabitants of the city.

At a called meeting of the board of aldermen, held on the 12th day of March, 1899, steps were taken to employ all these means and crush out the disease in its very inception. The infected house has been quarantined and a guard placed over it both day and night, all persons who have been exposed to this case will be placed under quarantine for fourteen days and an ordinance has been passed requiring all persons residing in the city, either permanently or temporarily, to be vaccinated on or before Thursday, March 16th, 1899, and prescribing a penalty of \$20.00 for each day that any person shall refuse or neglect to be vaccinated after said date. One while physician will be found at the court house, on stairs, between the hours of 9 a. m. to 6 p. m., who will vaccinate all white persons applying there for the nominal fee of twenty-five cents. A colored physician will be found in the city hall over the market house, between the hours of 9 a. m. and 6 p. m. continuously, who will vaccinate all colored persons applying there for the same sum. Any person applying at either of these places who shall be unable, by reason of old age, sickness or inability to work, to pay the prescribed fee will be vaccinated free of any charge.

By strictly enforcing the provisions of the ordinance above referred to and carrying out the provisions of the quarantine, however it may be at other places, it will be impossible for Greensboro to be effected in any way by a small pox scourge. Our city will then be practically immune, and I hereby earnestly urge all our citizens to aid in every way in their power the authorities in the enforcement of this ordinance. I fully realize what a vast sum of money it would cost our business men of Greensboro should a be visited by a small pox scourge, or even a scare—to say nothing of the suffering entailed—and it is to prevent just such a thing that these steps have been taken, and the public fully enlightened. There can be no scare when it is known that there is but one case on a back street in the suburbs, that it has been quarantined, that all persons who have been exposed are being detained and that every inhabitant of this city has been vaccinated.

## Notice to Teachers and Pupils.

Prof. G. A. Grimley, Superintendent City Schools.  
Dear Sir—Notice is hereby given that all teachers and pupils of both races in Greensboro must furnish certificates of vaccination on or before March 16th, 1899. These certificates must be issued by some regular practicing physician of Greensboro and must state that the subject has either been successfully vaccinated within the last two (2) years or within so recent a period that the vaccination has not yet had time to develop.

Respectfully,  
A. E. Ledbetter,  
Co. Supt. of Health.

In compliance with the above notice, parents are requested to have their children vaccinated at once by their family physicians. Arrangements will be made by which reputable physicians will be present at the school buildings on Tuesday and Wednesday, to vaccinate all children whose parents so desire.

No children will be allowed to enter school Thursday morning or thereafter, without a physician's certificate of vaccination.

By order of the board of education.  
W. E. Stone, Pres.

## Attention.

## CITY OF PASIG CAPTURED

By General Wheaton's Men This Afternoon

## ENEMY MADE AN HOUR'S STAND

But at the End of That Time Were Forced to Retreat—The Killed, Wounded and Prisoners.

By Cable To THE TELEGRAM.

Manila, Mar. 13—General Wheaton attacked and captured the city of Pasig this afternoon. The enemy made a stand of an hour; but at the end of that time was forced to retreat. The Filipinos lost thirty killed and sixteen were taken prisoners. Six Americans were wounded. The rebels were caught in a trap. On one side of the river they were shelled by a gunboat and a flying column pursuing them on the other side. They were kept all the while in the open where the advancing column had easy range. In this way it was made imperative that the rebels retreat or be shot down.

The advance was sounded at 6:30 this morning, the cavalry leading in a smart trot across the open to the right. Eventually reaching a clump commanding the rear of Guadalupe the advance opened a heavy fire. The response was feeble and desultory, apparently from a handful of rebels in every covert. While the right column was swinging toward the town of Pasig, the left advanced pouring volleys into the bush. A small body of rebels made a determined stand at Guadalupe church but were unable to withstand the assault.

At 7:30 the gunboat started toward Pasig, first encountering the rebels in a jungle near Guadalupe. Steaming slowly she poured a terrific fire from her Gatling guns into the brush for an hour. Meanwhile Scott's battery ashore was shelling the trenches, driving the enemy out. The artillery then advanced to the ridge to move a few of the enemy's sharpshooters away with volleys from carbines. The artillery moved to the ridge commanding Pasig and Parteres. By this time the enemy was in full retreat all along the line. The firing was discontinued temporarily in order to give the troops a rest before attacking Pasig.

## Whole Town On Fire.

By Wire To THE TELEGRAM.

Wilmington, Del., March 13—A request for fire engines was received early this morning from Salisbury, Md., saying the town was on fire. Two engines were sent immediately by a special train. A second dispatch asks for more help. Salisbury is a town of three thousand. Among the places burned is Jackson's lumber yard with millions of feet of lumber. Great apprehension is felt that the entire lower part of the town may burn.

## Tsung Li Yamen's Reply.

By Cable to THE TELEGRAM.

Pekin, March 13—The Tsung Li Yamen's reply to the Italian ministers communication was sent the minister in a note yesterday requesting him to return China's original despatch regarding Italy's demands, but giving no indication of China's willingness to agree to the other points mentioned in Italy's ultimatum.

## Served a Good Purpose.

By Wire To THE TELEGRAM.

Washington, March 13—A report has been received at the state department today which says the marines doing guard duty at Peking, China, left that city today. The department is satisfied that they have served a good purpose and are no longer needed.

## Havana is Wild.

By Cable to THE TELEGRAM.

HAVANA, March 13—This city is wild with excitement today over the ousting of General Gomez by the assembly. The presence of the American troops alone prevents trouble among the Cubans. The friends of General Gomez continue to parade the streets.

## Work of the Hurricane.

By Cable to THE TELEGRAM.

Brisbane, March 13—The search steamer has returned from Cooktown and reports three schooners and eighty luggers lost. Four hundred colored persons and eleven whites were drowned in the recent hurricane which swept the northeast coast of Queensland.

## Both are Getting Well.

By Wire to THE TELEGRAM.

New York, March 13—Mr. Kipling is better this morning. It is stated that the danger of a relapse is past and that he will be able to leave his bed within a few days and take a short outing within two weeks. Elsie is pronounced convalescent.

## General Booth Sick.

By Cable to THE TELEGRAM.

London, March 13—A Melbourne dispatch says that General Booth is seriously ill there.

## MADAME ELRADO.

She Always Takes God Into Her Work.

Madame Lela Elrado, the palmist, who has already been in our city for more than a week, has been very successful since her stay here, in reading the lines of the hands of those who have consulted her and telling what the future will be. Many of her readings in scores of places that she has visited have come true. Not only has this been the case in other places, but in Durham as well. As an illustration of the truthfulness of her readings, we can cite the case of where a small robbery was committed in this city, that was correctly and truly told so that the culprit was known. She has been visited by numbers of the very best citizens of this and other cities, and has received much praise for the truthfulness and high character of her readings. Sometimes persons go to her and want to know when they will die. This is something that she or no one else can tell. That lies with God entirely. Madame Elrado always takes God into her work, and as is the case with every one who take God into their work cannot help making a success.

Madame Elrado will start for the north on Monday week, having been offered a splendid position in one of the most prominent summer resorts in one of the United States—Durham Sun.

Madame Lela Elrado is in the city and is stopping at the Planter's Hotel, where she will be only a few days.

## To Knights of Pythias.

The Telegram is asked to print the names of the following gentlemen and earnestly request them to be in their castle hall (Greensboro Lodge No. 89, K. of P.) on Monday night for the purpose of organizing a degree team. The presence of every member of the lodge is desired, of course, but the one has been suggested from which to organize a team. We hope they will all attend: J. J. Stone, F. N. Taylor, C. C. McLean, K. M. Phillips, A. H. Stack, C. G. Burton, E. W. Lyon, J. N. Longest, J. A. Murray, R. M. Albright, W. J. Blackburn, F. C. Boyles, R. B. Bell, G. A. Grimley, C. E. Holton, T. F. Mangum, J. S. Moore, J. J. Nelson, W. R. Pleasants, W. W. Rowe, E. V. Hobbs, J. H. Denny, J. W. Schofield.

## When.

When we learn to notice small things  
While waiting for the great,  
When we fail to undervalue—  
Forget to overrate.

When we let our lips smile often—  
Our brows or frowns keep clear.  
And cease to cry for far off moons  
Loving the things quite near.

When we praise with tender, true words  
And stifle our complaints,  
We may not have reached God's heaven  
But at least are nearer saints.

## On To Manila?

Seventy six sailors in command of Lieut. John Hood and Lieutenant Commander R. A. Richmond came in on the Norfolk train Saturday night, traveling in two extra cars, and were transferred to the southbound vestibule. They were from the Boston and New York navy yards and were en route to San Francisco. Sailors from other places are being hurried to San Francisco from which place they will probably go to Manila to man the three Spanish ships captured by Dewey on the first of May.

## A Suggestion.

When the new depot of the Southern is open there will be much traffic about it. This will necessitate durable material for street building. We would suggest vitrified brick instead of macadam. It will be cheaper in the long run as the macadam will require constant attention. This brick pavement is in satisfactory use where heavy traffic is found. The railroad company and city can share the expense.

## Don't Miss It.

"The South as Seen in Red Rock" will be the subject of the literary program at the West Market street Epworth League tonight. All are cordially invited to be present and hear the discussion of Mr. Page's popular chronicle of the Reconstruction. 7:45 is the hour.

## \$50.00 Reward.

Fifty dollars reward is hereby offered to any person furnishing information leading to the conviction of the party, or parties, who broke out the window lights in the unoccupied dwelling house on Summit avenue on last Saturday night.

Z. V. Taylor, Mayor.

Charles Reuss and Bert Frey, imprisoned in a mine near Leadville, Col., are being fed by means of a rope pending efforts for their rescue.

## PRESIDENT'S SOUTHERN TRIP.

Party Leaves Washington at Six This Evening.

## ARMY COMMISSIONS IN DEMAND.

The President Does Not See One-Third of the Callers—Items Concerning People and Things.

Special to THE TELEGRAM.

Washington, Mar. 13—President and Mrs. McKinley, as the guests of Senator Hanna, will leave for the south over the Atlantic Coast Line, Monday evening at six o'clock. Senator Hanna, who was at the white house Saturday said that he would keep the president with him at Asheville as long as possible; it is thought for about ten days. Whether the president will carry out his contemplated sea trip to Florida and Georgia waters will depend largely upon the future course of events. In addition to those who have already been mentioned who will accompany the party south is Assistant Secretary Cortelyou. Private Secretary Porter will not go to Thomasville with the president, but in the absence of the Chief Executive will be in charge of state affairs at the white house.

Callers at the white house since the adjournment of congress have been very numerous, greater in number, in fact, than at any period since the days immediately following the president's inauguration. Most of the senators and representatives who call at the mansion do so for the purpose of presenting the claims of constituents who desire to receive commissions in the regular army under the re-organization act. During the past week the president has not been able to receive one-third of the number of visitors who crowd the ante-room of the white house, and has been obliged to confine himself to receiving only senators, representatives, and official callers. Mr. McKinley is anxious to get away from Washington, and Senator Hanna says he will doubtless find it a great relief to get away from the executive mansion for a week or so.

Senator Tillman, of South Carolina who, together with Representative Lattimer, was instrumental in getting up the congressional party now touring in the south will not go to Cuba with the other members. It is understood that he left the party at Charleston, and went at once to his home at Edgfield. During the recess of congress the senator will be a frequent visitor to the national capital, as there are always matters of importance here requiring the attention of the senator.

A prominent southerner in Washington is Col. Devereux Shields, of Natchez, Mississippi, who is stopping at the E. bit House Col. Shields says that Governor McLaurin, of Mississippi, has many friends, as well as enemies in the state, but thinks that he will prove to be a formidable candidate for the United States senatorship to succeed Senator Sullivan. Among other candidates according to Col. Shields will be Hon. John Allen, whom, he says, will be strong in the legislature. General Catchings is also mentioned, but Col. Shields does not think he will cut much figure in the contest. Senator Sullivan may be a candidate both for the short and long terms, and many Mississippians coming to Washington expect him to succeed himself. The senator has made a good record at Washington which will doubtless help him at home.

Mr. and Mrs. James F. Oyster, of this city, who have been sojourning in Florida, Cuba, and Nassau for several weeks returned home Friday night. On their way north they stopped over for a few days at Asheville, N. C.

Postoffice sites have been changed in North Carolina as follows: Amelia, Alleghany county, one half mile northwest; Apple Grove, Ashe county, one mile north; Bamboo, Watauga county, one-half mile east; Bessie, Jackson county, one-half mile south; Goodwill, Forsyth county, three-quarters of a mile northwest. Postmasters in North Carolina have been commissioned as follows: Jacob Blevins, Blevins, and Wm. T. Clark, Wolfville.

H. L. Stalen, wife and son, and H. W. Miller are at the Raleigh. The former resides at Tarboro and the latter at Raleigh, N. C.

## To Muster Out Volunteers.

By Wire to THE TELEGRAM.

Washington, March 13—Orders will probably be issued today to muster out nineteen or twenty regiments, mostly Lee's command, which comprise practically all the volunteer force remaining in the service.

## The President's Trip.

By Wire to THE TELEGRAM.

Washington, March 13—All arrangements have been completed for the president's trip to Thomasville. The special leaves at 6:40 today over the Atlantic Coast Line and Plant System.

## NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU  
HIGH POINT, N. C., Mar. 13

Mrs. Mamie V. Bulla, of Thomasville, whose serious illness was mentioned in these columns a few days ago, died of consumption at 8 o'clock last night at her home. Mrs. Bulla is a niece of Mrs. Joe Hoffman, of this place, and has many friends here who regret to hear of her death.

W. R. Richardson, Alec Wray and Merley English went up to Abbott's Creek this morning to survey a straight out to High Point to see what the cost would be to have waterworks here. They surveyed from Deep River last Friday. Mr. Richardson says the water will have to come from one of these sources, and he is trying to find out which is the best place to get it from.

There will be an Epworth League literary entertainment in the Methodist church next Thursday night, at 8 o'clock. The program will be a play suggested by King Arthur and the Round Table in Tennyson's Idylls of the King. Everybody cordially invited to attend.

Bruce Craven passed through Saturday night enroute to West Point, Miss., to visit relatives for about two weeks.

Miss Mamie Jordan spent yesterday in Greensboro.

J. W. Hancock, of Asheville, who has been in Hendersonville about six weeks, passed through this morning returning home.

Miss Mabel Wood, of Asheville, passed through this morning returning home from Greensboro.

J. C. Callum, of Greensboro, one time a resident of High Point, was in town this morning shaking hands with friends.

Mr. and Mrs. W. T. Kirkman left today for New York whither Mr. Kirkman goes to buy his spring and summer stock of dry goods.
