Symptoms

Of Defective Vision

Many persons have the idea that defective vision manifests itself only in a failure or inability to see clearly, but itching, burning, smarting of the lids, dull pains in the eyes or head, even the back of the head, all come from irregularities in the optical construction of the eye and may be entirely relieved by correctly fitted glasses.

DR. J. T. JOHNSON guarantees to correct every case that he undertakes. If your eyes are giving annoyance consult him at once.

SCALCHI COMING AGAIN.

She Will Appear at The Normal College April 4th.

The directors of Stanton College, the Y. M. C. A. and Messrs. Clarke & Gardner should long hold the gratitude of this people for the incomparable pleasure they afforded in bringing the Scalchi Concert Company here. We cannot recall that an audience here was ever entertained with such entrancing vocal music. The vocalization was superb; the instrumentation the reverse—solely the fault of the piano, not the performer. If the concert people would carry with them a small orchestra they would not have the excellence of their own talents marred by inferior accompaniments. In one of the duets in the last act of the programme the piano entirely parted company with the voices of Mme. Scalchi and Signor Canzio. Mme. Scalchi, in our judgment, is a marvel. She is classed as a contralto but the extraordinary compass of her voice gives it range comprehending all classifications. We were much taken with Signor Canzio's renditions. The slight defects that could be noticed were due to the effects of a Texas trip during the past cold weather. Signor Alberti, the baritone, has a voice of peerless depth and richness; and of Mile. Noldi, the only American in the troupe, we haven't space for the encomiums she deserves. It would be a pleasure to extend the critique if time and room were at command. We can say, in truth, that having seen Verdi's immortal "Trovatore" sung more than once on the famous stage of the New Orleans French opera house in bygone days we have never heard the lines as well interpreted as by the Scalchi company last evening.—Evening Bulletin, Natchez, Miss.

Ten Illustrated Talks.

At the academy of music on Thursday night, March 30th, Dr. N. W. Tracy, the Kentucky gospel temperance evangelist, delivers the preliminary talk. Every seat will be free. Dr. Tracy who is the only living representative of John B. Gough school of temperance lecturers, has devoted the last 22 years of his life to the exposition of the drink curse by word paintings and hundreds of pictures thrown upon the canvass. He has no theory to present. He has no organization or party to found. He comes to present facts. Every lecture will be illustrated with such paintings and snapshots as will illustrate the subject discussed. No one should fail to learn the exact nature of this "great illustrated work which for 12 nights is presented to the people of our city."

The Human Shoe for Men

A new era has dawned. Present day humanity demands comfort and quality, as well as price. Recognizing this demand we have at last procured a humane shoe for men—a shoe constructed on strictly hygienic and anatomical principles by Hathaway, Soule & Harrington. It contains ease, grace and durability without sacrifice of beauty and it is the most perfect fitting shoe yet designed. Sole Agents for Greensboro. Shrier's, 216 South Elm street.

Why We Manufacture.

The cotton crop of the South when sold in a raw state is about ten million bales. This at 6 cents a pound, which makes \$30 per bale, makes, in turn, a total of three hundred million dollars. This same cotton sold as cloth would bring an average of 24 cents a pound. Thus, by manufacturing, the South can get for its crop of cotton \$1,200,000,000 instead of \$300,000,000. This would be a profit of \$900,000,000 on a \$300,000,000 crop.—Charlotte Observer.

Our name on a shoe is good, but Boyd's is better \$5.00. Kaufmann, under the Benbow.

Studying to Please.

Mr. John M. Dick, proprietor of the Greensboro Steam Laundry, has just had a new pad containing ten sheets, each sheet containing a "wash list for housekeepers" and each list will answer for five weeks. We believe this enterprise, on the part of Mr. Dick, will be appreciated by his large and increasing list of patrons.

Argument, none necessary. Kaufmann's \$3.00 tans are the best shoes in the city, under the Benbow.

Up-to-date Shoes.

Try a pair of our \$3.50 tan or black vici kid shoes for Easter. The only up-to-date line of men's shoes in the city, at Shrier's, 216 South Elm.

Before the discovery of One Minute Cough Cure, ministers were greatly distressed by coughing congregations. No excuse for it now. Howard Gardner's

MALLOS EIGHT MILES AWAY

General McArthur Is Marching Upon The Insurgent Army.

FILIPINOS WHIPPED TO BATTLE

By Officers Who Stand At Their Back With Drawn Lashes—Soldiers Executed For Cowardice.

By Cable to THE TELEGRAM.

Manila, March 29.—The town of Bocaue has been taken by McArthur, who found that the insurgents did not injure the railroad bridge, so rapid was their flight. He is now within eight miles of Malolos. For the first time since the war began the insurgents gave battle today, about a thousand of them advancing openly to meet the Americans in the plains beyond Marialao, commanded by Agulnaldo. In person, assisted by Generals Maria, Sorres and Pacheco. As the line advanced across the plain, the Americans reserved their fire till the insurgents were within four hundred yards. Then as the sudden roar of the American artillery and musketry rang out, they broke and ran. Officers were seen trying vainly to stop them, but the rout could not be stopped as long as they were in range of our bullets. Prisoners who have been captured declare that officers stand behind the lines with heavy whips lashing the unwilling natives into fighting. These lashes are found upon the prisoners and dead Filipinos. The prisoners add that there are executions in the insurgent army every day of men for refusing or showing unwillingness to fight.

The Americans advanced three miles today before ten, driving the rebels beyond Bocaue, to the westward of Bulacan, on the railroad to Malolos. Two Pennsylvanians and one Dakotan were wounded.

REPAIRING BRIDGES.

Washington, March 29.—The following dispatch was received today from Otis: "McArthur was delayed yesterday repairing bridges which were burned by insurgents, but is marching rapidly this morning upon Bocaue. Enemy destroyed railway and telegraph lines. Construction train is following our forces. The resistance of the Filipinos is not so vigorous today."

SPECIAL CABINET MEETING.

Washington, March 29.—A special cabinet meeting was called this morning. It is believed that the war situation in the Philippines will be considered.

Three Miners Drowned.

By Wire to THE TELEGRAM.
Lewiston, Idaho, March 29.—James McCaffrey, a miner, arrived here today and reports the drowning of his partners, S. T. Shorthill, Michael O'Brien and Jefferson Turpin, in Salmon river.

Snow at Cleveland.

By Wire to THE TELEGRAM.
Cleveland, Ohio, March 29.—It has been snowing here steadily for nearly twenty-four hours. During the night the wind drifted the snow badly, causing great delay in railroad traffic.

Ian McClaren Uninjured.

By Wire to THE TELEGRAM.
Leavenworth, March 29.—Dr. Watson, or Ian McClaren, was not injured in the railroad wreck last night. He was in the rear coach and did not leave the train.

Circuit Court Judge.

By Wire to THE TELEGRAM.
Washington, March 29.—Ex-Senator George Gray, of Delaware, has been appointed United States Circuit Court Judge in the Third District.

Critically Ill.

By Cable to THE TELEGRAM.
Paris, March 29.—The Baroness de Virsch is critically ill.

Meeting Called Off.

The meeting of the finance committee of the North Carolina State Firemen's Tournament and Greensboro Industrial and County Exhibit, which was called for last night, was called off by Chairman Chas. H. Ireland, on account of the very bad weather and the inability of some of the members to attend on account of their vaccinated arms. New date has been set but due notice will be given.

CRUELTY AND NEGLECT

To Dumb Animals—A Hungry Horse In The Rain Last Night.

The Telegram has often tried to encourage the organization of a society for the prevention of cruelty to animals in Greensboro, but so far it seems that no steps have been taken in that direction. Horses and other beasts of burden suffer daily on our streets from the neglect or cruelty of their inhuman drivers and the need of such a society becomes more and more evident as the days go by. A case in point is that of Dave Brown. He came to town yesterday morning, hitched his horse on lower South Elm and went to a barroom. He remained in a drunken condition all day and his horse stood till this morning having gone without food and stood in the cold rain all last night. An officer this morning took the hungry animal to a livery stable to be cared for until the owner pays for its care. Brown himself was drunk again this morning and was taken to the lock-up. It is understood that Officer Jordan now has a pair of mules which he found last week after they had gone without food for more than a day. Something should be done.

Cornell 9, Oak Ridge 0.

The Oak Ridge vs. Cornell baseball game yesterday afternoon was cut off at the end of the third inning by a bad rain and wind storm which came up suddenly. When the game stopped the score stood: Cornell 9; Oak Ridge 0. The game game opened with Cornell at the bat. Jennings, Oak Ridge's best man, fumbled often and gave Cornell 9 runs in the first inning. Oak Ridge was shut out but gradually began playing better ball, shutting Cornell out in the third inning and promising to make the rest of the game exceedingly interesting had the rain not interfered.

An All Star Aggregation.

One of the neatest lines of Oxford ties ever shown in Greensboro is now offered at Shrier's. Ordinarily it is difficult to procure a comfortable shoe under \$1.50 or \$2.00 as they are usually stiff and unyielding to the foot. Such is not the case with our \$1.25 vici kid Oxford ties in black and colors made over the popular coin toe. These shoes are soft and flexible and guaranteed to give entire satisfaction. Shrier's, 216 South Elm st.

A Lovely Retreat For Meal Time.

That always attractive place, the dining room of the McAdoo house, is being newly papered today. Its new dress is of light blue color, beautifully figured and when it is on will give the dining hall a most attractive appearance. Messrs. Perkins and Ball have a "rep" for making the place attractive with an elegant spread at every meal but now it will be doubly so. The "Old McAdoo" is in the hands of hustling and accommodating managers and is doing a good business. Continued prosperity to it.

\$3.00 shoes doing \$5.00 duty. Kaufmann's nobby styles of spring shoes. All styles and kinds, under the Benbow.

Anarchist Assembly.

By Cable to THE TELEGRAM.
The Hague, March 29.—Dutch anarchists here have decided to hold an international assembly to be entitled the "Coincident Peace Conference." All foreign anarchists, notably Sabastia Faure, will be invited to attend. Resolutions will be passed approving universal disarmament and the abolition of standing armies.

Millinery Opening.

New York Millinery at J. E. Scott's, 514 South Elm street—opening of French patterns and other Easter novelties will be on Thursday and Friday, March 30 and 31, to which you are invited without further notice. m28-31 Mrs. H. N. Dodge.

Latest Styles For Easter.

Call and examine our latest up-to-date shoes for spring and summer wear. These shoes are made up expressly for us, designed and made by the most artistic manufacturers of shoes in this country. A more complete line than we ever carried before, is shown in our store this season and we are honest when we say we can suit you. Shrier's, 216 South Elm street.

Suitable saleable shoes for footwear fanciers. Kaufmann's \$3.00 men's shoes, under the Benbow.

Storm at Rockingham.

Rockingham, N. C., March 28.—A violent wind storm swept through this section this evening, doing a considerable amount of damage.

A house in which there were several children was blown to pieces, the children miraculously, escaping injury. The Methodist church at Pedee village was blown from its foundation, and several chimneys were toppled over by the violence of the wind.

ELECTION OF U. S. SENATORS

By a Direct Vote of the People—A Campaign For This Purpose To Be Begun at Richmond.

Special to THE TELEGRAM.

Washington, March 29.—At the department of agriculture it was stated the other day that nothing of a very definite nature has yet been decided upon as to the investigations to be made upon the subject of the blight in the Sea Island Cotton. The department intends to send an expert to various parts of the southern states, in the cotton growing section, to study the causes, but as the appropriation for this purpose made during the last session of congress is not available until some time in July, nothing will be done for some time yet, probably not before June. It was stated by Dr. True, of the agricultural department, who is familiar with the subject that when the investigations are entered into the department will in addition to trying to ascertain the causes of the blight to Sea Island Cotton, also strive and discover so a remedy to prevent a recurrence in the future. In conducting this investigation the department will also engage in considerable field work.

It was ascertained at the agricultural department that a valuable bulletin is now in the course of preparation on the subject of the cotton generally, in which improved methods in cotton growing will be treated. This work, which is nearly completed will be incorporated in the annual yearbook of the department of agriculture. In speaking of the yearbook, it was stated by one of the officials that he believed that it will prove to be this year more interesting to agriculturists of the country than heretofore, and the department is sparing no efforts to attain this. The work will be ready for distribution about the first of July. The demand for the yearbook is becoming very large, and applications are already beginning to come in at the department.

There seems to be considerable doubt as to the movements of the "Raleigh." At the navy department the statements of the officials seem to indicate that there is a difference of opinion. From the best information obtainable, however, it is thought the vessel will be ordered to New York, and from there to Portsmouth, New Hampshire. She may then be sent to Norfolk, and from Norfolk to Wilmington, North Carolina.

Virginia democrats in the city say that the meeting to be held at Richmond next May for the purpose of beginning a campaign for the election of United States senators by a direct vote of the people, will be largely attended, and responses are already being received from all over the state. The movement, according to the information received here, is not intended, as hinted at, to defeat the re-election of Senator Martin, but it is believed by the leaders that a vast majority of the democrats of Virginia are in favor of the nomination of his successor by a popular democratic primary, instead of through the antiquated methods of a democratic caucus. Col. R. Walton Moore, of Fairfax Court House, who has been prominently mentioned in connection with the Virginia senatorship, and who is one of the leaders in the conference to be held next May, was in the city yesterday registering at the Metropolitan Hotel. Col. Moore believed that the meeting in May will be successful, and that the campaign to be opened will be a vigorous one. Representative Jones, of Virginia, was also in the city Monday, but he says that he knows nothing of the movement more than has appeared in the daily press of the country. Mr. Jones has been mentioned as a senatorial candidate, but he is not an aspirant to the seat held by Senator Martin in any sense of the word.

Special service has been discontinued at Wendell, Wake county, from Eagle Rock, from March 31st, 1899. Postmasters have been commissioned in North Carolina as follows: Winston L. Alberty, Alberty; and George S. Hatcock, Whiteley.

Mrs. C. W. Hotchkiss, of Greensboro, North Carolina, is registered at the Ebbitt House. She is accompanied by Miss Lela Elrado, also of Greensboro. The ladies will be in Washington only a few days.

Mr. Jordan S. Thomas, of Charlotte is at the Raleigh hotel for a few days. Mr. Charles Pachel, of North Carolina, is registered at the Metropolitan Hotel.

See Saturday's paper, of April 1, 1899, you will find your property advertised for sale on account of delinquent city taxes, if not paid before, as the list is ready for publication.

City Collector.
