GRADUATING RECITALS.

By Music Students of Greensboro Female College Last Night.

A very select audience assembled in the chapel of Greensboro Female College last evening in response to a special invitation to hear the recital of the graduates in music.

The performers were Misses Bertha Weathersbee, Elma Cole, Mary Gibson and Lucy Bowden, graduates, assisted by Mr. Harry Cunningham, of this city.

The first number on the program was a selection from "Beethoven" by the four graduates. The rendition of this number occupied about forty-five minutes, during which time the eight hands kept together with remarkable accuracy, as perfect as a clock.

When Mr. Cunningham appeared he was greeted with an enthusiastic applause. The vocal solo "Longing" by Rubenstein, suited his beautiful voice perfectly and brought forth a lasting storm of applause from the college ladies.

Miss Weathersbee played the first piano solo, "Rhapsodie Hongroise No. 2," by Liszt. The most noticeable characteristic of her playing was her remarkable execution. Her oblique absorption in the rendition of this masterpiece exhibited the characteristic of a true musician—a master of the art.

Selections from "Brossins Nocturnes and Chopin's Ballades" as played by Miss Cole, were full of sympathy, pathos and gentle accent—extremely gentle and wired like the echoes of enchantment.

Miss Mary Gibson's "Kamenoi Ostrow" by Rubenstein, reminded one of a shadowy dream. The gentle weaving and twining and intertwining of the chords, minor chords and accidentals, softly swayed the listeners' sympathy to and fro.

Miss Bowden's selections from Grieg, Chaminade, Schyette and Chopin were very pleasing to lovers of classic music. One of her most prominent characteristics, was her delicately spirited expression. Her soft swells were like the ebb and flow of the sea, intermingled with occasional bursts of rapture and suppressed enthusiasm.

The selections were all excellent and were evidently chosen with a view to bringing out leading characteristics of each individual artist.

The recital showed great care in training, and reflected much credit on Prof. Parker and the faculty.

A MOST REMARKABLE CASE

Death of a Prominent Citizen of Stokes County.

Mr. Joel F. Hill, a prominent and highly respected citizen of Stokes county, died a few days ago. He had reached an advanced age, and had spent a life of great usefulness to his country, having been a representative in the General Assembly of North Carolina for several terms and held other positions of public trust.

For some time preceding his death he had been afflicted with a most rare and remarkable disease. Seating himself one day in a chair at his residence, he adjusted his glasses and prepared to read a newspaper. His memory was fair, he was in possession of all his faculties, and apparently in the best of health. Opening the paper, some of the family were attracted by an ejaculation from him, when it was discovered that he was totally unable to read a line. He not only could not read, but the letters were strange characters to his eyes. His sight was good as usual, and his family were moved to send for a doctor. The physician diagnosed the trouble as aphasia, or the obliteration from the mind of the faculty pertaining to letters.

Mr. Hill never recovered the lost art to the day of his death.

Washington, May 3.—The following cablegram has been received at the navy department:
"The following marines from the Yorktown are prisoners at the insurgent headquarters at San Isidro: Lieut. Gilmore, Chief Quartermaster William Walton, Sailmaker's Mate Paul Vardot, Coxswain John Ellsworth, Apprentice Albert Peterson, Landman Fred Anderson. Ots has sent them provisions. Am continuing inquiries as to the fate of the other seven."

ADVANCE NORTH RESUMED

By General Lawton From Balingag Today.

SECRET DISPATCH RECEIVED

At Washington, Which is Withheld From Publication—Provisions Sent The Prisoners.

By Cable to THE TELEGRAM.

Manila, May 3.—A conference lasting two hours was held today between General Ots and the envoys from General Luna, bearing upon the proposal of the rebel leader for a cessation of hostilities. Ots adhered to his former refusal to recognize the so-called government of the Filipinos. The insurgents now ask for a truce of three months, to enable Aguinaldo to summon a congress and consult with Filipino leaders from other islands. The envoys admitted the contention of Ots that Aguinaldo had little control of affairs outside the island of Luzon. The question of the release of Spanish prisoners in the hands of the Filipinos being mentioned, Major-General Arguelles, the chief member of the deputation, said he considered them as being in the same category with the Americans, the United States being the successor to Spain's dominion over the islands, and acquiring by treaty all Spanish rights and obligations.

After a close consultation with Ots, the Filipino envoys had an audience with the United States Philippine commission.

LAWTON RESUMES THE ADVANCE.
Manila, May 3.—Lawton resumed the advance north today, marching from Balingag. Wheeler's troop of the Fourth cavalry, while reconnoitering yesterday, encountered at Pulla a small body of insurgents who failed to return the American fire, but raised a white flag. A parley followed, in which the Filipinos explained that they had strict orders to stop fighting, pending the negotiations of the armistice. They were given half an hour to get away.

A SECRET DISPATCH.

Washington, May 3.—The war department has received advices from Ots publication of which is refused. "It is significant," Adjutant-General Corbin said, after reading the suppressed dispatch, "and I have no reason to change my previous opinion that there will be a great deal of backing before the insurgents will agree to our terms, which will end with their surrender."

PROVISIONS SENT THE PRISONERS.

Manila, May 3.—Ots has sent a train load of provisions to the American prisoners held by the insurgents at San Isidro. The rebel commissioners have promised the food shall be distributed. They say money is not necessary to be sent as, according to their statement, the prisoners are being well treated.

HIGH-PRICED SERVICES.

Dr. Ledbetter Hands in a Bill That is a Canker.

The retiring county physician, Dr. A. E. Ledbetter, who had charge of the recent vaccination business and smallpox scare in this city, has filed his bill—but he didn't file it enough. He yesterday placed in the hands of Mayor Taylor a bill against the city of Greensboro for 49 days services rendered, \$2,450, which is \$50 per day. This amount, we understand, is for services alone, and that an additional bill of anywhere from \$800 to \$1,000 will be brought in for guards, furnishings, provisions, etc. This is pretty costly business, and if it stood any show of being paid, would raise a just cry of indignation from the taxpayers.

That Dr. Ledbetter should be paid a reasonable amount, no one will controvert, but from the statement that the bill presented is outrageously exorbitant no one will dissent. The doctor had, in a large measure, won the sympathies of the community, and many people were grateful to him for doing what he conceived to be his duty, but that feeling was not increased by his treatment of Dr. Broad's opinion and the climax is capped by the charge he makes "for services rendered."

It would be in order now for "one of the profession" who headed a subscription list with five dollars to push his scheme and come to the city's relief.

At The Academy Tonight.

The Schubert Glee Club, said to be one of the best amusement companies on the road, will appear at the academy of music tonight and not Friday night as heretofore advertised. The company is made up of singers, violinists, pianists, impersonators, etc., and is said to give a splendid entertainment. The season will soon be over and this may be the last entertainment in some time. Manager McAdoo expects a big crowd.

THE MANILA "FREEDOM."

Two Copies of the Leading American Paper in Manila Sent Here.

Mr. F. A. Burgan, manager of the stock exchange, is in receipt of two copies of "Freedom," an American paper published at Manila. They were sent him by his brother, who is in the signal corps of the American army in the Philippines. The paper is eight pages, four columns, and is published Tuesday, Thursday and Saturday of each week. "Freedom" glazes over "the largest circulation of any American paper published in the Philippines." It has a good advertising patronage, but four-fifths of the ads sing the praises of good brands of beer and liquor. The proprietor of the first American soda fountain established in Manila, is proud of the fact that no liquors are sold in his establishment.

"Freedom" is published by the Freedom Publishing Company, Don. C. W. Musser is editor, G. H. Fuller, business manager and W. W. Fagan, editor. Half the first page of the issue following the fall of Malabon is taken up in the heading of the account of the glorious victory in an apology to advertisers for changing the position of ads, the editor says, that the circulation had almost outgrown the present facilities and though "Freedom" was the best equipped newspaper in Manila, a new outfit would soon be forthcoming from the United States.

A LADY DIES

Trying To Save Some of Her Daughter's Valuables.

By Wire to THE TELEGRAM.
Cortland, N. Y., May 3.—The house of Mrs. Joanna Davern caught fire this morning. Before the firemen arrived Mrs. Davern was carried forcibly from an upper room by a neighbor while trying to save some important papers. She was not seen to return to the house, but half an hour later some of the firemen stumbled over her body in another room which was filled with smoke. All efforts to revive her were unavailing, and she died at 9 o'clock. It is supposed she returned for some valuables belonging to her daughter.

Gone to The Peace Conference.

By Wire to THE TELEGRAM.
New York, May 3.—Seth Low and Capt. Mehan, United States delegates to the international peace conference, sailed today on the St. Louis.

SOLDIERS SENT TO WARDNER

Where the Hills Are Filled With Armed Workmen.

GLASH EXPECTED ANY MOMENT

The Miners Are Determined and Thoroughly Enraged at the Arrival of the Troops.

By Wire to THE TELEGRAM.
Wardner, Idaho, May 3.—Three companies of the Twenty-fourth Infantry have already arrived here. Before noon it is expected the greatest portion of the regiment will be here. The hills about the city are filled with armed union men watching every movement of the troops. A clash is expected at any moment as the miners are determined and thoroughly enraged at the arrival of the troops.

THE SITUATION EASED.
Wardner, May 3.—The presence of the soldiers has eased the situation remarkably. Last night the people were gradually regaining confidence, but felt that peace cannot be assured until five hundred troops are quartered here.

Big Fire at Philadelphia.

By Wire to THE TELEGRAM.
Philadelphia, May 3.—The clothing store of S. J. Bacharach, corner of Thirtieth street and Ridge avenue, in the block known as the "Triangle," was burned this morning. The flames leaped across the street, destroying sixteen other buildings. Loss, probably \$200,000.

Resigned.

By Cable to THE TELEGRAM.
Rome, May 3.—The Pelloux ministry has resigned owing to parliamentary opposition to its Chinese policy. The King reserves his decision regarding acceptance of the resignation.

Three Schooners Ashore.

By Wire to THE TELEGRAM.
Boston, May 3.—Three schooners are reported ashore this morning at Cape Cod. One is the Albee B. Phillips, the crew of which are known to be safe.

THE HORRORS OF WAR.

Graphical Picture by the Widow of R. L. Stevenson.

London, May 2.—Robert Louis Stevenson's widow has written a letter to the Westminster Gazette from Funchal, Madeira, on the bombardment of Samoan villages by the English and American warships. Mrs. Stevenson says:

"President McKinley allowed no firing on Cuban towns unless they gave cause of offence, and Commodore Watson was ordered not to attack undefended Spanish cities. Does the president keep his humanity for civilized countries alone?"

Mrs. Stevenson declared that the Samoan villages are inhabited in time of war by non-combatants, who have to choose between the shells of the warships and "taking to the bush." Under such conditions, she says, delicate women can hardly exist, while children die like flies.

Mrs. Stevenson's letter concludes as follows:
"Chief Justice Chambers has been represented as saying in a letter to his brother: 'I never was happier.' He must be a person singularly devoid of imagination if he never pictured to himself the scenes being enacted in those bombarded villages; the exodus of panic-stricken people rushing hither and thither, shells bursting everywhere, the cries of bed-ridden and helpless wounded people burning alive in their blazing houses, women in the pangs of child-birth, mangled children crawling on the sands, the sea before them and the bush behind. And we read that the woods also were shelled. Who is to hold accountable for these deeds, that disgrace both England and America?"

Aguinaldo's Attitude.

London, May 2.—Filipino representatives say they have received a message from Aguinaldo, in which he says his government has nothing to do with the present peace negotiations, which, he asserts, are being conducted by men anxious for peace in expectation of getting high office under the new government. Several of these men, Aguinaldo says, are members of the Filipino congress, where they are endeavoring to outvote him. He adds that under no circumstances will he accept an American protectorate.

United in Death.

Stockton, May 2.—A tragedy which recalls the Freda Ward case in Georgia, occurred here this morning when Mrs. Virginia Hassel, wife of a well-to-do Englishman, killed her friend, Mrs. William Hackman, and then shot herself dead. The most plausible theory is that she did the deed for fear of being separated from her friend. Mrs. Hassel was separated from her husband and Mrs. Hackman also had domestic troubles.
