#### All Citizens Would Enjoy Visiting the A. & M. College.

"Educate a negro and you lose a good field hand" has been a doctrine long presched. It has had and still has many believers. That there have been instances in which this is in a measure true, we do not doubt; but the practical work being done in the A. & M. College in this city is fast exploding the doctrine. A Telegram man made his first visit to the college yesterday and was shown through the institution by President Dudley. What he saw was surprise to him. We were first shown the class in domestic science, which embraces sewing, cooking etc. This class is in charge of Miss S. M. Parker, who is an expert and takes much interest in her work. It was the hour for work in the sewing room and much of the work shown us was of a high order, if a man may be allowed to judge of such things The model kitchen in which this class is taught the preparation of food as well as the component parts of each kind of food, is a model, indeed, and kept as clean as a pin. We next visited the wood-work-

ing department and saw there many specimens of the handiwork of young men who are studying to make themselves useful. Notably a desk, a pulpit stand and a table inlaid with various kinds of wood, making a very pleasing effect. Specimens of lathe work shown us would do credit to a finished workman. A no less place of interest was the blacksmith shop where | Fxercises of the National Police all kinds of models in iron work were being turned out, some of the boys displaying rare ability in this lin .. MR. GRISSOM'S LEW BUILDING.

#### Another Handsome Structure to Grace South Elm.

Rev. W. L. Grissom expects soon to begin the construction of his new building on South Elm street, where J. H. West's store now stands. Some of the brick have been delivered and work will begin as soon as possible. The new structure will be three stories high and as handsome as can be designed, finished throughout with the best of material on modern plans. The handsome building, which is owned by Mr. Grissom, occupied by the Fishblate-Katz Company, will also be greatly improved. The entire glass front will be taken out and the interior remodeled by the firm.

Regular monthly meeting of the West End Hose company will be held at Gray Bros.' store Friday night a 8 o'clock. Let all members be present as we will adopt uniform for tournament. By order of president.

## NEBRASKANS' PITIFUL TALE.

The Regiment Has Lost 225 Men Since February 2.

### THREE HUNDRED LEFT

In Any Condition to Fight-They Petition General McArthur To Send Them Home.

Monila, May 12-The first regiment of Nebraska volunteers is taking a very unusual step in petitioning their division commander, Major General McArthur, to relieve them from duty. The regiment has been badly exhausted by the campaign in which they have taken an active part, and there are not many m re than three hundred of the organization left at the front. On last Sunday one hundred and sixty answered to the sick roll call.

The Nebraska men state that they have been unable to wash their clothing for months past, having been compelled all that time to sleep in their uniforms in order to be in readiness for fighting. The memorial states that since February 2:d the regiment has lost 225 men in killed and wounded, 59 since the battle of Malolos.

which was announced in these columns yesterday. Cut down in the bloom and vigor of young manhood, with a bright future before him-truly the ways of Providence are beyond the comprension of man. The funeral services were conducted

today at 11 o'clock by Rev. E. W. Smith and Rev. Horace Weeks Jones. The services at the residence began with "Jesus, Lover of my Soul" sung as a quartette by Mrs. W. E. Allen, Mrs. R. G. Vaughan and Messrs. W. Frank Blount and Z. V. Taylor. A scripture lesson and prayer by Rev. Dr. Smith were followed by singing, "Abide With Me," by the quartette. The long procession then formed and the remains were carried to Greene Hill cemetery where "Rock of Ages" was sweetly rendered by the quartette and the beautiful, simple burial service of the Episcopal church was read by Rev. Horace Weeks Jones, and the mound was raised above the mortal casket forever stilled. The last sad rites were attended by people from every walk of life, showing the esteem in which deceased was held regardless of position.

The funeral offerings were beautiful and of artistic design, the most elaborate of which were presented by the members of the bar, who met and attended the funeral in a body, one from the Knights of Pythias, of which Mr. Schenck was a prominent member, one from the hunting club, one from Capt. B. J. Fisher, and several from numerous friends.

THE MEETING AT CENTENARY.

#### A Large Congregation Last Night and a Forcible Sermon.

Interest in the m etings being conducted at Centenary church, by Rev. T. E. Wagg, the faithful and energetic pastor, is increasing. There and Mr. Wagg's sermon was one of the most powerful he has preached since his lot was cast amorg us. Taking for his text 'The Sting of Death is Sin" he delivered a sermon full of thought and deserving of the strictest attention.

The choir last night was large and the singing excellent and evidence of great interest was manifested in every estate, met in annual session yester-

Rev. J. E. Gay, of Charlotte, the tormer venerable pastor of the church, during the sessions. There is one rewas present and led the meeting in an ardent and earnest prayer.

Mr. Wagg is doing a good work and deserves the heartlest co-operation and support of all Christian people in the city. The church should be packed tonight. The attendance at the 4'clock prayer meeting grows larger day by day.

## Good Roads Club.

Editor Telegram: Who regrets the money he has contributed for public improvements in and around Greensboro? Good macadamized roads leading out to the country around our growing city would be worth hundreds of thousands of dollars to us as well as to the surrounding country. How are we going to g. t this work started? It is estimated that it will cost \$1,500.00 per mile to build good macadamized roads. I would suggest the following plan and would be glad to hear from others: The county or township furnish \$500.00 per mi'e, the property owners along the road \$500.00 and that we organize a Good Roads Club to furnish \$500.00. To raise this \$500.00 we will wants subscriptions to 100 shares of \$5.00 each per mile for the first 40 miles to be built, and both of our city dailies and the Greensboro Patriot will keep the names of subscribers before us until we getthe 100 names, then we have the assurance that the county commissioners will take the matter up at once.
