ASTIGMATISM.

What It Is, and How Corrected.

As a result of irregular vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the eye known as the cornea. Of course no instrument is sufficient to correct it, but in the hands of a competent and competent eye specialist, the ophthalmometer reveals the exact curvature of the eye in a few minutes. If you are afflicted with this defect, call on Dr. J. T. Jones, N. C. Optician, under this wonderful light at 1005 hours 8:30 to 10:30 p. m. 302 1/2 S. Elm St.

THE CITY FATHERS.

Regular Meeting of the Board Last Night—Police Officers.

The board of aldermen held a regular meeting last night. All present, Mayor Taylor in the chair. The mayor announced the appointment of the apportionment committee as follows: Ellington, chairman, Hunter, Merrimon and Walker.

Mr. A. T. Vernon presented a petition asking that he be allowed to select a place at the new passenger station of the Southern Railway, for his transfer wagon. Petition was referred to the street committee.

W. E. Beville and W. E. Stone were elected to succeed themselves on the board of education.

The board, on motion, went into the election of chief of police. W. A. Scott filed application for the office. Alderman Elam placed R. M. Rees in nomination. Mr. Rees arose and asked that his name be withdrawn. Elam refused to withdraw his nomination. Phillips and Merrimon were appointed tellers and the vote was taken. Scott received 7 votes and Rees 5. Scott was declared elected.

The board then went into the election of police officers. Ellington moved that the board elect four regular police and one sanitary officer. Phillips moved as a substitute that the board elect five regular police, the sanitary officer to be elected afterward. Applications were filed as follows: Thos. J. DeWitt, G. W. Godwin, S. N. Ridge, Robt. Skoons, Robt. J. Allen, J. R. Jeffries, John W. Catz, W. J. Weatherly, R. E. Pearce, Flavius Keith, M. L. Stewart, H. S. Patterson, M. A. Whittington and Arthur Jordan. Ellington moved that the salary of the police be fixed the same as last year. Carried. Walker moved that the board ballot for the five policemen at once. Carried.

The first ballot resulted as follows: Weatherly 5, Whittington 6, Jordan 10, Pearce 11, Jeffries 9, Stewart 9, Catz 2, Skoons 2, Ridge 8, Jordan, Jeffries, Pearce and Stewart were declared elected. Twelve more ballots were taken, each ballot being for Whittington, Weatherly and Ridge. On the thirteenth ballot Whittington received 6 and Ridge 6 votes. The mayor voted for Whittington, who was declared elected.

Alderman Phillips introduced the following resolution:

In view of the fact that our present sanitary arrangement seems to be inadequate and unsatisfactory, and relieving the health of our city demands a more strict observance of sanitary rules and precautions, it is the sense of this board that a better system be adopted and that a special committee be appointed to take into consideration the matter of appointing a special sanitary officer separate and apart from the regular police force and that said officer be given powers as a policeman, and required to act as such as occasion may demand; provided that if upon careful investigation it is found that a system can be inaugurated that will be self-sustaining.

The resolution was carried and referred to a special committee composed as follows: Phillips, Catz, Whittington and Price.

The bonds of the chief of police and members of the police force were fixed the same as last year, to wit: Chief \$1000, policemen \$500. The salary of the chief was fixed at \$55 per month.

Alderman Merrimon offered an ordinance calling an election on the third Tuesday in July 1899, for the purpose of submitting to the qualified voters of the city, the question of issuing \$300,000 bonds for the following purposes: \$25,000 for lights, \$100,000 for building or buying waterworks, \$35,000 for sewerage, \$35,000 for city hall and market, \$75,000 for streets. The roll was called and the ordinance adopted.

On motion of Alderman Merritt, the board went into the election of a city engineer and street supervisor, one man to perform the duties of both offices. The salary was fixed at \$60.00 per month. The clerk was instructed to cast the vote of the board and Prof. J. M. Bandy was elected.

The board adjourned.

AGUINALDO'S IRON DECREE.

Rebel Chief Orders Foreigners to Quit His Territory.

REBELS DRIVEN FROM TRENCHES

By the Americans at San Ildefonso—Dewey Will Sall For New York in About Ten Days.

By Cable to THE TELEGRAM.

Manila, May 13—Aguinaldo has issued an order that all foreigners must leave the insurgent territory within forty eight hours. Only a few commercial men are here, mostly English and German. Aguinaldo believes that by thus refusing rights to the non-combatants he can force their governments to recognize the belligerency of his so-called government, as they will treat for the safety of their subjects.

A Filipino priest has brought to Rev. Father McKinnon the copy of a letter written by Aguinaldo to the Tagalog general treasurer asking the latter's opinion of the advisability of surrendering, saying, "I fear the long warfare necessary to conquer the United States will drain the country's resources too much."

DRIVEN FROM THEIR TRENCHES.

London, May 13—A dispatch from Manila says the Filipino troops have been driven from behind their strong entrenchments at San Ildefonso by the Americans.

G. C. COMMEMORATION.

Close of One of the Most Prosperous Years of the Institution.

The work at Gullford College for the year 1898-'99 was closed by the exercises of commencement day, May the 9th. The weather was most favorable, and the attendance the largest in the history of the institution, the capacity of Memorial Hall being tested for the first time.

On the 28th of April, the exercises of commencement week began with the close and an interesting oratorical contest by six young men from the Websterian Literary Society. Mr. Thomas Hinton, who, the year before, won the Improvement Medal in the same society, was the successful speaker. The improvement medal, this year, was won by Mr. Charles Davis.

On the following evening, the 29th, six young men from the Henry Clay Society, spoke for the prize, and made it hard for the judges to decide who should be the victor. Mr. Alvin Parker, of High Point, was the successful speaker. The Improvement Medal was won by Mr. Walter Hollowell, of Perquimans county.

On the evening of May the 6th, a public lecture was given by Prof. Ormond Stone, director of the Astronomical Observatory of the University of Virginia. The subject of the address was, "The Present Day Problems of Astronomy," which was treated in so lucid a manner as to render the whole presentation a very useful and interesting one.

On Sunday, the 7th, a very able and helpful sermon was preached by R. V. J. W. Stagg, of Charlotte, who remained at the college and preached a second sermon at the regular Sabbath evening meeting. His service was felt to be most helpful.

The Gullford College scholarship to the best student finishing the preparatory department was awarded to Miss Mariel L. Lowe, of Randolph county. The Haverford college annual scholarship of \$300, to the best scholar of the young men of the graduating class was awarded to Mr. William W. Allen, Jr., of Greensboro, whose oration on Tennyson's Influence on Religious Thought, elicited special praise.

The Bryn Mawr scholarship of \$400, awarded annually to the best scholar of the young women of the graduating class was awarded to Miss Elizabeth White Coffin, of Texas. It was stated by the president, that of the eight young women, who, in many years, have been elected to the Bryn Mawr scholarship, six during their senior year have received first grade on all studies, and that Miss Coffin is one of these six.

Mr. John W. Lewis, in his oration on the "Virginia Colony" paid a glowing tribute to Virginia for the leading part taken by her great statesmen in this great forward movement for liberty in the American colonies.

Miss Coffin's oration on England's colonial policy showed a wide and accurate knowledge of the expansion of England.

The baccalaureate address made by Rufus M. Jones of Haverford College, was without doubt, one of the most helpful and edifying addresses ever made at Gullford. It was a powerful presentation of the fundamental principles of christianity, and a clear setting forth of the appeal which the gospel makes not only to reason but to the whole man. The address will remain in the minds of all who heard it as the outflowing of a mind and heart aglow with love to God and man.

The exercises closed about one o'clock, and at three o'clock a baseball game between the alumni and the college was much enjoyed on the beautiful lawn by a large company of spectators. The college proved too much for the alumni.

The annual alumni reception was held in Memorial hall at 9 p. m., and was much enjoyed by all who were present. Speeches were made by President Hobbs, Prof. R. N. Wilkon and Rev. James R. Jones, also by representatives from about eight classes.

This closed one of the most prosperous years the institution has ever experienced. The great improvements in the way of buildings, equipments, dairy farm, and the recent introduction of abundant supply of water, all point to a useful future for Gullford college.

NO EXTRA SESSION LIKELY

The Opinion of United States Senator Lindsay, of Kentucky.

PHILIPPINE ISLANDS QUESTION

He Thinks, is Now in a Satisfactory Way for Final Settlement—Other Notes of Interest.

Special to THE TELEGRAM.

Washington, May 13—Senator Lindsay, of Kentucky, is in the city for a few days attending to some matters before the department in which his state is interested. The Senator in speaking yesterday as to the prospects, politically, in Kentucky, said that the indications point to a warm campaign in the state. The Senator is a gold democrat, and not affiliating with the silver wing of the party. He therefore refused to say anything as to the probable nominee of the democratic state convention to succeed Governor Bradley, nor would he predict the probable outcome of the election in Kentucky this coming fall. The Senator, it is believed, however, will support the nominee of the democratic convention for governor this year. Among other Kentucky democrats there is strong talk of the nomination of Hon. Wat. P. Hardin for governor again. Hardin, it will be remembered, was defeated at the last gubernatorial election by Governor Bradley, republican.

In speaking about the prospects for an extra session of congress, Senator Lindsay stated that in his opinion an extra session will not be called. He says that so far as he can see there is nothing in the present situation which would warrant the calling of an extra session in October. He thinks that the Philippine question is now in a satisfactory way for final settlement, and he does not think that there will be any necessity for legislation upon this question prior to the regular session in December. As to the speakership contest, he thinks that it will be settled by the time congress meets. Nothing would be done before the Christmas holidays in the way of important legislation.

Senator Lindsay will be in the city for several days before returning to Kentucky.

Dr. Harper, President of the Virginia democratic association, has returned to Washington from the conference held at Richmond this week.

Many delegates to the convention have passed through Washington on their way home. Among the number is Col. R. Walton Moore, who is mentioned as Senator Martin's successor.

Several Virginia people who have been seen since the convention adjourned, express the opinion that the state committee may order a convention for the nomination of a candidate to succeed Senator Martin, but the prevailing opinion seems to be that they will not do so.

Laton Turner, of North Carolina, was arrested in this city Thursday afternoon by deputy marshal Lee Ross, upon a warrant issued by Commissioner Mills, predicted upon a bench warrant of the United States district court, of North Carolina. Turner is under indictment in the state for unlawfully having certain revenue stamps in his possession when apprehended he was taken before the commissioner, and held in the default of bail in the sum of \$1,500. He was committed to jail, and will be turned over to the deputy marshal of North Carolina.

It is announced that the navy yard employees will receive pay for the holiday which was ordered at the time of the burial of the soldiers at Arlington some time ago. The attorney general has just approved of the opinion of Assistant Attorney General Boyd, who argued that the men had not quit work of their own motion, but on the order of the president, who directed that all departments be closed. The decision effects about 2,000 employees.

Site of postoffices at McClammy, Wayne county, North Carolina, has been moved one mile south. Nancy E. Stevens has been commissioned postmistress.

Star service has been established in North Carolina as follows: Kelly by Colly, to Keith, 11 miles back, six times a week, by a schedule of not to exceed 3 1/2 hours running time each way.

Mr. William Bailey, of Raleigh, N. C., is in the city for a few days. While here he is stopping at the Metropolitan Hotel.

Miss A. H. Ludlow, of Winston, N. C., is stopping at the St. James Hotel for a few days.

Whatever may be the case in other southern States, so far as North Carolina and Virginia are concerned, there is said to be practically no opposition to the renomination of Col. Bryan. Persons from those two States say that Bryan will get the solid delegations in the next convention.

WESTMINSTER CHURCH SOCIAL.

Most Enjoyable Affair at Mr. Rankin's Last Evening.

The elegant home of Mr. A. L. Rankin, on Ashboro street, was the scene of mirth and enjoyment last evening, the occasion being a church social, given by the Ladies' Aid Society of Westminster Presbyterian church, that the members of that church might become better acquainted. The rooms and porches were brilliantly lighted, the latter, with Japanese lanterns and everything was correspondingly beautiful.

Instrumental music was furnished by Miss Pugh, and Messrs. Forbis and Elam and Mr. Frank Blount added greatly to the delight of the occasion by the faultless rendition of a beautiful vocal solo.

At 11 o'clock delicious refreshments were served.

The church social is given semi-occasional for the purpose mentioned above and is always a pleasant affair, but none formerly given have surpassed, in genuine pleasure, that given at Mr. Rankin's last night, and it will be long remembered by those who attended.

If you suffer from tenderness or fullness on the right side, pains under shoulder-blade, constipation, biliousness, sick-headache, and feel dull, heavy and sleepy, your liver is torpid and congested.
