THE FARCE AT THE HAGUE.

The great international peace conference inaugurated by the Czar of Russia in session at The Hague. Every power of importance in the world is represented. The insouciant Russian greets with a most happy smile the wily Frenchman, the sneering Briton, the suspicious German and the important American. Each delegate, well prepared in "peaceful" ostentation, will go through his formal role, knowing the thing a huge farce in which the Czar is the leading man.

The meeting has for its excuse the discussion and consideration of plans and measures whereby peace between the ever contending nations of the world may be effectually and permanently secured, and all disputes settled by arbitration, etc. If the sinister promoter of this gigantic scheme, the iron ruler of Russia, could so impress his "sincerity" upon the representatives present that they would oblige themselves to have the implements of battle, on land and water, of their respective countries sunk into the bottom of the deep, his joy would be uncontrollable, and Russia's mighty armies and powerful navies would speedily show the Czar's hand.

This peace conference is almost universally regarded with pessimism, and to a great degree with ridicule. When its deliberations shall have ended and the representatives of the various powers returned to their respective lands, the eastern question will still remain to be settled only by a great grapple at each other's throat by two of the leading powers of the world, with perhaps formidable allies ranged on either side, making the most terrible war yet recorded.

OUR NAVY.

It is very gratifying to the pride of the average citizen that America is acquiring a first-class navy. Only a short while since our naval power was counted sixth in the list. Now we are fourth and many naval experts contend that we should rank third. Italy has more warships than the United States, but they couldn't stand against our modern cruisers and battleships. It has been generally thought that Germany and America were about equal in naval strength, but a leading German newspaper admits that Germany is not able to compete with us at sea. Russia's fleets are larger than ours but they dare not risk an encounter at open sea against the latest styled war machines of America. So our navy is said to have only two superiors—England and France, and when our great battleships and cruisers at present being built shall have been completed we will acknowledge only one greater—but no master on the water—England.

She dare not tackle us, if we were not warm friends.

Greensboro is going at a rapid gate now. She blew out a cylinder head of one of the engines on the Southern track, yesterday at the depot. It would not surprise us to hear that Greensboro had slipped her trolley, punctured her tire, or had slipped down trying to make the home plate.—Winston Journal.

Blowing out the cylinder head did not delay the train—we always have engines at hand fired up ready for such emergencies. When the trolley slips an expert conductor replaces it so quick the motorman scarcely finds out the current is off, and for passengers we have an abundant supply of quick repair glue on hand with experienced workmen to do the job. And last, but not least, many a game of ball has been won by the runner sliding in on the home plate while the catcher frantically passes the air after the ball which has passed.

The news comes from the sea of an that the Filipinos have been driven from their last ditch. The rebels will now proceed to the digging of new ditches.

Greensboro is a prosperous and steadily-growing city, but with the public roads of Guilford county improved as intended by Mr. Wharton's plan the city will receive inestimable benefit. No money was ever more wisely expended than money spent on improving public roads.

It appears from the preparations that are being made in this country to receive Dewey that he will early long for a "rest" in the Philippines.

BEAUMONT'S FREE SILVER BOON.

Organizing a Formidable Delegation From the Empire State.

With the purpose to organize a formidable movement for W. J. Bryan and himself for nominees for president and vice-president on the democratic ticket in 1900, O. P. H. Belmont is rallying the Chicago democratic platform democratic leader, in this city. A committee will meet tomorrow evening and prepare a plan for extending the organization throughout the state, with committees in every county.

The plan under consideration is to perfect a "skeleton organization all over the state, and elect a full set of delegates to the next national convention of the party. The delegates elected are to be silver men who believe in the Chicago platform, and are pledged to vote for Bryan and Belmont if they get into the convention.—New York Dispatch, 16th.

DAUGHTERS OF CONFEDERACY.

Their Next Meeting Will Be on the 19th of June.

At the last meeting of the Daughters of the Confederacy, the time of meeting was changed to the nineteenth day of the month, so there will be no meeting until the 19th of June. On that day it will be held in the auditorium of the North Greensboro graded school which has been graciously tendered the ladies by Prof. Grimsley.

PEPPER ABANDONS POPULISM.

The Kansas Ex-Senator Says the Populist Party Has Been Eliminated.

Topeka, May 18—Ex-United States Senator Peffer, one of the founders of the Populist party, has returned to the republican fold. The apparent settlement of many questions which were the cause of the organization of the old alliance, contributed to the change. In an interview today Mr. Peffer said:

"I have always been a republican except on one main question—the money question. That seems to have settled itself apparently now. The populist party has been eliminated nationally by the democrats, so those of us who don't want to flock by ourselves will have to vote our convictions as best we can. The old Simon pure alliance man who left the republican party never was headed for Democracy and he is not now."

Had a Pleasant Voyage.

Washington, May 18—Letters received in this city indicate that Senator Jas. K. Jones, chairman of the democratic national committee, had a pleasant voyage across the Atlantic, and that his health is much improved. The senator himself says he has not felt better at any time during the past ten years. It is likely that Senator Jones and party will sojourn on the Isle of Wight for several weeks.

Bucklen's Arnica Salve.

Sheriff Edward Coleman, of Washington county, Kansas, was shot and killed by William Hoxie, whom he was attempting to arrest after he had fatally wounded Hoxie.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by C. E. Holton.

John A. Kafford, who killed F. B. Lloyd, a member of the Alabama legislature, has been found guilty of murder in the first degree for the second time, and will suffer life imprisonment.

An Entertaining Druggist

There are a few men more wide awake or enterprising than C. E. Holton, who spares no pains to secure the best of everything in his line for his customers. He now has the valuable agency for Dr. King's New Discovery for consumption, coughs and colds. This is the wonderful remedy that is producing such a furor all over the country by its startling cures. It absolutely cures asthma, bronchitis, hoarseness, and all affections of the throat, chest and lungs. Call on the above drug store and get a trial bottle free or a regular size for 50 cents and 61. Guaranteed to cure or price refunded.

MARKETING CARNEGIE'S PLANT.

A Representative of the New Concern Receiving Subscriptions.

New York, May 18—W. H. Moore, of Chicago, is in this city receiving the subscriptions of large financial interests to the stock of the new Carnegie Steel Company, which takes over from Andrew Carnegie all of his iron and steel properties. Subscriptions are also being received in Chicago at the office of W. H. & J. H. Moore. None of the stock has yet been offered to the public. The new company is capitalized at \$625,000,000, divided into \$250,000,000 6 per cent. non-cumulative preferred stock and \$375,000,000 common stock, and in addition issues \$100,000,000 5 per cent. bonds.

All the bonds go to Mr. Carnegie, and he gets an additional heavy payment for his properties which will be either in cash or stock. It will probably be in cash, and it is reported will amount to \$50,000,000. The subscriptions for the stock are being made so that the subscriber who pays \$10,000 in cash receives 100 shares of preferred stock, representing a total par value of \$20,000. The purchasers of Mr. Carnegie's properties and the organizers of the new company are his thirty-two partners in the various enterprises headed by H. C. Frick. The Carnegie Company and its allied interests and the H. C. Frick Coke Company and its allied interests are combined. These interests include the immense holdings of iron ore of the Oliver Mining Company and about 400,000 acres of Connellville coke out of a total of about 60,000 acres.

No Cure—No Pay.

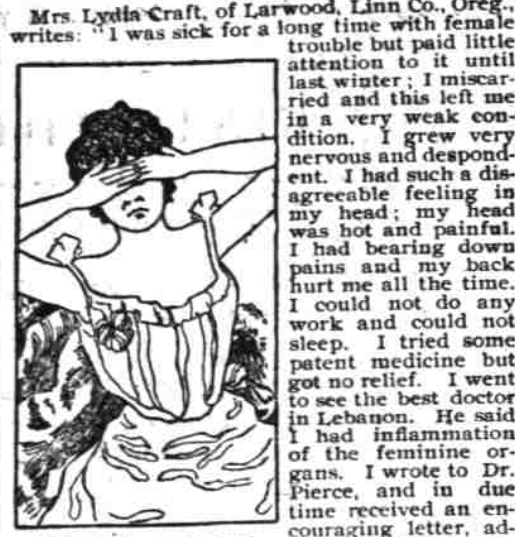

That is the way all druggists sell Groce's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter nauseating tonics. Price, 50c.

Coming Home.

Washington, May 18—The war department officials say that within two months the Pacific transport fleet will be on its way home from Manila, with the last of the volunteer regiments. The Pacific fleet is now being overhauled and provisioned for the voyage to Manila and return.

Active measures are being taken by the departments for the return of the volunteers, and there will be no delay in the sailing of the ships. Each transport, as soon as the troops are embarked, will be dispatched.

Mrs. Craft's head does not trouble her any more and she feels better than she has for three years.

Mrs. Lydia Craft of Larwood, Linn Co., Oregon, writes: "I was sick for a long time with female trouble but paid little attention to it until it had become a very serious condition. I grew very nervous and despondent. I had such a disagreeable feeling in my head; my head was hot and painful. I had bearing-down pains and my back hurt me all the time. I could not do any work and could not sleep. I tried some patent medicine but got no relief. I went to see a doctor in Lebanon. He said I had inflammation of the female organs. I wrote to Dr. Pierce and in due time received an encouraging letter advising me to take his 'Favorite Prescription' and Golden Medical Discovery. They helped me steadily. I could see that I was gaining. When I wrote to you I weighed ninety-nine. I can eat anything I want to and my appetite is good. I can see all day and not feel any night. I have no more bearing-down pains."

Suffering women everywhere should write to Dr. V. Pierce, Buffalo, N. Y., and receive his advice, free of cost.

For over thirty years Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. On the staff of this great institution are nearly a score of regularly graduated, skilled, experienced physicians, each of whom is a specialist in the treatment of some one group of diseases. It is the greatest establishment of its kind in the whole world.

Every letter has prompt and conscientious attention, and is regarded as sacredly confidential. All correspondence is carried on in plain envelopes, so your private affairs are kept safe from prying eyes.

A SMALL SPOT MAY BE CANCER.

MOST VIOLENT CASES HAVE APPEARED AT FIRST AS MERE PIMPLES.

The greatest care should be given to any little sore, pimple or scratch which shows no disposition to heal under ordinary treatment. No one can tell how soon these will develop into Cancer of the worst type. So many people die from Cancer simply because they do not know just what the disease is; they naturally turn themselves over to the doctors, and are forced to submit to a cruel and dangerous operation—the only treatment which the doctors know for Cancer. The disease promptly returns, however, and is even more violent and destructive than before. Cancer is a deadly poison in the blood, and an operation, plaster, or other external treatment can have no effect whatever upon it. The cure must come from within—the last vestige of poison must be eradicated.

Mr. Wm Walpole, of Walshtown, S. D., says: "A little blotch about the size of a pea came under my left eye gradually growing larger, from which shooting pains at intervals ran in all directions. I became greatly alarmed and consulted a good doctor, who pronounced it Cancer, and advised that it be cut out, but this I could not consent to. I read in my local paper of a cure effected by S. S. S., and decided to try it. It acted like a charm. The Cancer becoming at first irritated, and then discharging very freely. This gradually grew less and then discontinued altogether, leaving a small scar which soon dropped off, and now only a healthy little scar remains where what threatened to destroy my life once held full sway." Positively the only cure for Cancer is Swift's Specific—

S. S. S. FOR THE BLOOD—because it is the only remedy which can go deep enough to reach the root of the disease and force it out of the system permanently. A surgical operation does not reach the blood—the real seat of the disease—because the blood can not be cut away. Insist upon S. S. S.; nothing can take its place. S. S. S. cures also any case of Scrofula, Eczema, Rheumatism, Contagious Blood Poison, Ulcers, Sores, or any other form of blood disease. Valuable books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.
