A NEW SORT OF VAMPIRE.

A peculiar bug is creating a mild consternation in some of the northern cities. It is scientifically called the melanolestes piples, and in common parlance is known as the "kissing bug."

The first time the presence of this mysterious member of the bug family was discovered here was on the morning of June 15, when the unknown young woman walked into the Poly-clinic Hospital with an exceedingly swollen and disfigured face.

Miss Miller was the first sufferer from the strange bug to enter the Pennsylvania, and her complaint greatly mystified Dr. Wiggins and his associates.

The bug is black in color and has something of a lustre. His favorite time for playing his vocation is during the night, when his victims are asleep.

The identity of the mysterious insect which puzzled the brains of many learned scientists was discovered by Dr. L. O. Howard, the entomologist of the department of agriculture.

This nocturnal, vampiric visitor seems to have an exceedingly amorous disposition, confining its suckings to female lips, and is even very choice about what kind of female lips it sucks—those that are pretty, pouting and blushing being the more subject to its visitations.

THE VANCE MONUMENT.

North Carolinians will be highly pleased to learn that it will not be long before the chisellers will have been set to work upon the monument to our beloved Vance, which is to be situated near the entrance of the capital square at Raleigh, facing Newbern avenue.

The committee which is to meet next Thursday for the inspection of the models is composed of the following gentlemen: R. H. Speight, S. L. Hart, and J. D. Boushall, with R. E. Battle, president, and Joseph G.

Brown, Treasurer of the Vance monument association.

We have no doubt that their selection will be excellent. The association has raised some \$3,000 and the legislature appropriated \$5,000, and we hope our beloved and sainted leader shall have a fitting remembrance of his goodness and fame.

The incident of the New York young man rescuing three drowning boys from East River with a cigarette in his mouth, which, throughout the performance, remained lighted, will prove an unfortunate occurrence, not in that boys will strive to dexterity in the rescuing act, but that many a kid will practice to perfection the feat of remaining under water with a lighted coffin-nail between his teeth.

A SUNDAY WITH MY OLD FLOCK.

Rev. Mr. Troy's Good Cheer is Remarkable And His Faith Beautiful.

"For a day in thy courts is better than a thousand. I had rather be a door-keeper in the house of my God, than to dwell in the tents of wickedness." Psalms, 84:10.

The Psalmist at this time was deprived of the privilege to enter into the house of the Lord, and gives vent in beautiful language to his desire to be again restored to the communion of the sanctuary. "How amiable are thy tabernacles, O Lord of hosts!"

The writer enters heartily into this beautiful sentiment. And his readers will no doubt excuse him as he writes today of a few hours spent with his old flock, none of whom he had seen for five years.

Sitting in a comfortable rocker on the pulpit at Haywood Street Methodist church, Asheville, I worshipped God with friends of the happy long ago. It had been the one intense longing desire of my whole being to see them again, and this prayer God in His abundant mercy has granted.

An Epidemic of Diarrhoea.

Mr. A. Saunders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

JOHNSON'S 25 PILLS FOR KIDNEY

THEY CURE! NOT SIMPLY RELIEVE. Oh, what a blessing your Kidney Pills have been to me. I could not straighten up for a year and was nearly killed. Now I can run a foot-race, and when I see a man humping along I tell him to get a box of Johnson's Kidney Pills and get well. J. L. Jones, Vest Pocket Size, Canton, Ohio.
