J. M. Hendrix & Co.
221 South Elm Street.

ASTIGMATISM.

What it is, and How Corrected.
Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 302 1/2 S. Elm St.

THE BOND ELECTION CARRIED.

Greensboro Sustains Her Reputation As a Progressive City.
The bond election has been one of the quietest ever held in Greensboro. Much interest has been manifested, especially by those in favor of the issue, but those against it or who are indifferent, have not made their appearance at the polls and but for the fact that the dispensary is closed, one could hardly tell that an election is being held in the city.
Voting has been tolerably heavy, five hundred votes having been cast up to noon.
At 3:30 o'clock 676 votes had been cast.
As we go to press the required number of votes have been cast in favor of the bonds to make it a certainty. At 4:15 o'clock 712 votes had been cast, which is a majority of the registered vote.
Greensboro goes forward!
There is rejoicing in the old town tonight.

BUILDING NOTES.

Eight New Stores Will Soon Be Under Way.
Preparations are being made to begin work on the addition to the McAdoo building, corner of East Market and South Davis streets. Mr. Calvin McAdoo will have the work done. The floor of the rear half of the present building will be lowered level with the side walk. This part of the building will be remodeled and with the new addition four store rooms, each having a front of twenty-five feet on Davis street, will be for rent there.
The store rooms will be as handsome as the average on South Elm, having plate glass fronts arranged somewhat similar to that of the building occupied by Phoenix & Aiken. They will add much to the appearance of Davis.
Work will also soon begin on Groome Brothers' three new stores on South Elm street. They will be pushed to rapid completion so that the stores may be ready for occupants early in the fall.
With these and the Grissom building on South Elm no less than eight new business houses will be for rent in Greensboro ere long. And we venture the assertion they will be rented, too.

Bertram & Willard.
Messrs. Bertram and Willard, the clever gentlemen under whose direction "Captain Dick" and the "Singing Skule" have been presented here, will remain in Greensboro until after the tournament. On Wednesday night of gala week "Captain Dick" will again be presented here for the benefit of the Ladies' Aid Society of Centenary church. Mr. Willard has also kindly consented to play an important part with the Greensboro Dramatic Club, who will hold the boards at the Academy of Music one night during gala week. His many friends will be glad to see him in this new and difficult role.

Rev. J. W. Lee Wants Chaplainship.
Evangelist J. W. Lee, of this city, closed a series of revival meetings in Asheville last night, says the Gazette. He will leave Asheville for Washington tomorrow to make application to the president for an appointment as chaplain in the army, for service in the Philippines. He has endorsements from Senator Pritchard, Senator Butler and Governor Russell. It is not known whether or not Mr. Lee expects to remain in the United States to answer the charges made against him in Columbus, Ga.

Impromptu Entertainment.
The regular devotional meeting of West Market Epworth League last night was most interesting and the attendance was large. At the close of the exercises the president, L. W. Crawford, Jr., invited the League to his home, where an hour was most pleasantly spent, the occasion being all the more enjoyable because the invitation was a surprise to the league members as well as to the visitors.
Refreshments were served, and those present voted it a very pleasant conclusion of the league meeting.

Mr. A. W. Campbell Dead.
The remains of Mr. A. W. Campbell, who died of paralysis at his home in Thomasville at 1 o'clock this morning, were carried through here today enroute to Carthage, where Mr. Campbell formerly lived. The deceased was 76 years old and a highly respected citizen. He was stricken with paralysis about four years ago, since which time he has been an invalid.

Several Killed in a Collision.
By Wire to THE TELEGRAM.
Columbus, O., July 18—Several persons are reported killed in a collision between freight and passenger trains on the Norfolk & Western at Haverhill, O., this morning.

Solid pink, solid blue and solid red corded pique, only 12 1/2 cents per yard at Thacker & Brockmann's.
Ladies' lisle thread vests, very nice quality, 25 cents each, at Thacker & Brockmann's.

BROOKLYN'S GREAT STRIKE.

Cars Will Probably Be Running Regularly by Night.

IMPORTANT PHILIPPINE NEWS

Claimed to Have Been Received At Washington, Better Than Generally Believed.

By Wire to THE TELEGRAM.
Brooklyn, N. Y., July 18—No trolley cars were run after midnight. They were slow getting started this morning. When operations were resumed this morning the company was embarrassed by cut wires and other obstructions placed upon the tracks. Both sides expressed confidence in winning the strike. This fact was apparent: there were fewer cars running this morning than at the same time yesterday. Cars were running upon every line except the Fifth avenue line, which was very irregular. Kossite claims that by this afternoon every line will be running upon schedule time. Chief Devery said this morning: "I regard the strike as broken, and believe that by tonight all will be over." The master workman says that Devery is misinformed, that the company is not only running fewer cars but is running cars across the bridge and back and do not pretend to make full trips.
The strikers sent a committee to meet the men who had been hired in Philadelphia and dissuade them from going to work.
Supt. Baldwin, in charge of the car barn on Fifty-eighth street and Third avenue, was attacked by four strikers and severely beaten. The police rescued him after he had been severely handled.

NEWS FROM THE WAR.

Washington, July 18—It is said officially this afternoon that the war department that no attention whatever would be paid to round robbers and the Manila correspondents' protest; that they would not be sent out and that no explanation would be asked.
It was intimated that most encouraging news was being received from the Philippines today, much better than is generally believed.

SEVERAL ARE DEAD.

Corroboration of the Report of the Clay County Affair.

By Wire to THE TELEGRAM.
London, Ky., July 18—Messengers arriving here this morning corroborate the report which came late last night that five men were killed in a pitched battle in Clay county. The battle occurred at Hacker's school house on Little Goose Creek, yesterday morning. Deputy Sheriff Hacker had arrested R. Phillip, a white before and the magistrate was preparing to return the bond when somebody shot at him from behind. The firing then became general. When it had ceased Robert Fisher, Ed Fisher, Aaron Morris, Hugh and Jim Griffin were dead, Green Griffin was mortally wounded, and Granville Phillip seriously injured. Nearly all the country is in the saddle today, heavily armed, and more battles are expected.

DR. ANDERSON, OF DANVILLE

Indicted For the Attempted Murder of Miss Watson.
By Wire to THE TELEGRAM.
Danville, Va., July 18—Dr. John C. Anderson has been indicted for the attempted murder of Miss Watson, who committed suicide after writing a note to her parents charging that Dr. Anderson had given her poison with which to end her life. Anderson is supposed to be in Canada. The father of the girl has also brought suit against Anderson for damages.

Big Fire At Cincinnati.

By Wire to THE TELEGRAM.
Cincinnati, O., July 18—The casting plant of the Addison pipe and steel foundry, near North Bend, was completely burned last night, everything except the standing cranes and walls being destroyed. Several freight cars on the siding were consumed. The works had been running night and day, working three hundred men, when the fire began. The loss is estimated at \$4,000.

Shamrock Wins.

By Cable to THE TELEGRAM.
Cames, July 18—The Shamrock passed Ryde, prior to going westward on the second leg, eight minutes ahead of the Britannia.

Spanish Workmen Strike.

By Cable to THE TELEGRAM.
Gibraltar, July 18—Spanish workmen employed on the fortifications here, have struck. A close watch is being kept over the strikers, who are not allowed to come into the city for fear of serious rioting.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU }
HIGH POINT, N. C., July 18.
Mr. and Mrs. J. J. Fariss returned last night from a sojourn of a week or more at Carolina Beach and Wilmington.
Rufus King, of Archdale, arrived on the southbound local yesterday evening, bringing a large watermelon with him.

The Lexington and High Point colored nines engaged in a match game of ball on the latter's grounds yesterday evening, resulting in a score of 15 to 4 in favor of the home team. Strange to say the game was played to a finish, not a great amount of "kicking" being done on either side, as is characteristic of games participated in by the "colored persuasion." A good crowd, composed of several white people, witnessed the game.
The remains of Lindley Hayworth, whose home was near Oakdale cotton factory at Jamestown, was interred in Springfield burying ground this morning at 10 o'clock. The deceased was about 75 years old.

The infant of Mr. and Mrs. Gurney Kirkman was laid to rest in High Point cemetery yesterday evening at 4 o'clock.
J. T. Presson, of Hickory, has accepted a position with Marvin Jordan who succeeds his father in the marble business. Mr. Presson understands the trade and comes highly recommended. He will move his family here shortly. We welcome them to our city.

Miss Della Holton, of Culpoper, Va., who has been on an extended visit to relatives and friends in and around this neighborhood, returned home this morning. She was accompanied by Miss Annetta Tate, of this city.
The colored people celebrated in grand style here yesterday. It was Odd Fellows' Day and several lodges from points within the state were in attendance. The Lexington band furnished music for the occasion and they, including others that were present, seemed to be an orderly crowd of people and as far as we know behaved themselves. After parading the streets about 12 o'clock they assembled in the Odd Fellows' Hall where the exercises were held. A banquet was also given at this place at night.

Quite a stiff gale passed over this city yesterday evening about 10 o'clock. It looked for awhile as if some damage would result from it, but as far as we learn nothing serious happened. A large limb was twisted by the wind from a tree in front of O. N. Richardson's residence on E. Washington street, and fell on the electric wire across the street, which blocked the way until it could be removed.
Miss Louise Henley, of Greensboro, who has been visiting Miss Maude Stamey for a few days, left this morning for Westminster where she will visit relatives and friends.

Mrs. Chas. M. Jones, of Kinston, and Mrs. W. W. Jones, of Raleigh, who have been visiting the family of Photographer J. E. Jones, left this morning for a visit to relatives in Winston.
Capt. and Mrs. Rankin and Mrs. L. J. Ingram returned last night from a stay of several days at Mt. Vernon Springs.
It has been asked the cause of so much shooting around town these nights after the electric lights go out or after 12 o'clock—of course we do not know but suppose it is partly caused by the pulling of the trigger to the gun or pistol.
Mrs. Ragan and daughter Berta returned last evening from a visit to Greensboro.

Corrected.

In speaking of spiking up the old macadam and renewing the road, the Telegram reporter made me say that seventy-five convicts were doing it; the engineer in charge of the machinery, a fireman, and two men spreading the macadam on the road.
There are only seventy-five convicts on all the work. These are divided in three camps. With more machinery in the way of wheel scrapers, etc., the road force in this county might be divided, and consequently more roads built.

Came After Her Son.

The mother of the young man Cabot Vickers, who was arrested here Sunday charged with the larceny of \$3.00, came here yesterday and gave the \$50 bond required of her son and the two returned to Winston last evening. The young man admitted his guilt and returned the money to Mr. Traylor, from whom it was stolen. Vickers is about 20 years old and the son of Policeman Vickers, who was killed in Winston a few years ago.

Men's balbriggan shirts, 25, 35 and 50 cents each, special values, at Thacker & Brockmann's.

THE OLD PALMETTO STATE

Will Send a Bryan Delegation to the National Convention.

SOUTH CAROLINA COTTON MILLS

Are Paying Handsomely--Other Satisfactory Industrial Conditions in the State.

Special to THE TELEGRAM.
Washington, July 18—Mr. S. Proskauer, of Richmond, Virginia, formerly United States Consul at Puerto Cabello, Venezuela, is in the city, stopping at the Metropolitan Hotel. Mr. Proskauer has just returned to this country, and is in the city for the purpose of settling his affairs with the department of state. Yesterday morning he was at the department and had an interview with several of the officials.
Mr. Proskauer says that our present minister to Venezuela, Hon. Francis B. Loomis, is very highly regarded there, as the ablest representative of the United States has ever had in that country. His distinguished presence, dignified bearing and kindness of heart have won him universal respect, while his tact in dealing with the government and people of the country to which he is accredited mark him as a diplomat of high ability.

W. W. Russell, the secretary of legation, says Mr. Proskauer, is a graduate of Annapolis Naval Academy, but forsook the navy for the career of a diplomat. He also is a man of marked ability. He is beloved by all Americans and foreigners, and without question is one of the favorites in the diplomatic circle. Mr. Russell speaks Spanish like a native, which renders him more valuable to this government, and also more useful in the country he represents. With such men as Loomis, and Russell, says Mr. Proskauer, to look after the interests of the United States in South America, there is no danger that our interests will not be thoroughly protected and looked after.
Mr. Proskauer will remain in Washington for several days before returning to his home at Richmond. His own record as consul at Puerto Cabello is an excellent one, and gave entire satisfaction to the state department officials.
Vice-Consul-General Hanauer, has written the department of state from Frankfurt, that there are no factories in Germany where cheap furniture is produced; it is made in small quantities at the workshops of individual joiners, who are supplied by wood-working establishments with the different parts in an unfinished state. These joiners work at a very cheap rate. It may pay American manufacturers to export high-class articles of wooden furniture to Germany, provided these are tasteful in design, and superior in finish to those made in Germany. They should be of superior workmanship and solidly, and, if anything somewhat cheaper in price than similar articles of German make. It must be taken into account that such American furniture will have its original cost price increased by about 20 per cent. of the selling valuation, owing to the cost of packing, freight, insurance and the German import duties. The usual terms for selling furniture in Germany are three months' credit; if payment is made on delivery of goods, a discount of three per cent. is customary. Frankfurt is a large market for the sale of furniture, and many houses are engaged in this line.

Representative Wilson, of South Carolina, is in the city, stopping at the Shoreham Hotel. Mr. Wilson says that in his opinion the state will send a solid Bryan delegation to the national convention. Congressman Wilson is much pleased with the prospect of the election of Col. Henderson as speaker of the next house.

In speaking of domestic affairs Mr. Wilson says there is a very satisfactory condition in South Carolina from an industrial standpoint. The cotton mills paying handsomely. The expenditure by the national government of \$250,000 for the removal of obstructions in the Congaree River, so as to allow navigation from Columbia to the Atlantic Ocean uninterrupted, will be of great importance to the state, and to the south, and will make of Columbia a port of great importance, giving to it the benefit of water rates in the transportation of goods by rail.

There is a rumor afloat that Judge Simonton may shortly retire, and Senator McLaurin, of South Carolina, may be appointed to the judgeship. At the white house it was stated yesterday that there is no truth in this report. Senator McLaurin has not been offered the position of judge. It is true Judge Simonton will in a few weeks be entitled to retire from the bench, if he desires, but there is no reason to believe at present that he will avail himself of this privilege for several years to come.

Ex-governor and Mrs. Jackson, who spent the winter and spring in Washington have gone to Bedford Springs, Pennsylvania, to spend the summer. Although the ex-governor has retired from politics he takes much interest in the Maryland situation.

DEATH FROM HYDROPHOBIA.

The Most Awful Fate of Mrs. Catherine Simmons.

A correspondent of the Danbury Reporter, writing from Tullip, Stokes county, tells as follows of the horrible death from hydrophobia of Mrs. Catherine Simmons, an estimable lady of Stokes county:
Three weeks ago she was bitten by a mad dog. The rabid animal was tied in the yard and had wound itself around a bush. Mrs. Simmons went out to relieve the dog from its confinement when it made a leap at her and bit a terrible place on her arm. The dog was not suspected to be mad but a madstone was sent for and applied, but alas, the dog had made a deadly leap. She attended preaching at Pine Grove on the first Sunday in this month, but on returning home her arm began to pain. It was hoped that she would not go mad as several days had elapsed since she was bitten by the rabid animal. Several doctors were sent for but they would not attend. She constantly grew worse. She slobbered, bit her lips and was terribly strong. She was given a stick to bite. Crowds of people flocked in to see the suffering woman—a horrible sight to look upon. The thought or sight of water or draft of air would cause violent convulsions. She suffered paroxysms of excruciating pain. She said she felt like she could eat her friends and wanted to go to the woods. She was in a contortion of agony.

After five days of unalterable suffering an angel came and sounded the signal of death. She gave two fearful screams and then all was over. Alas, her work is done, her sorrow and sighing is over. We extend sympathy to the bereaved family.
While in her right mind she expressed bright hopes for the future and said she was willing to die.

Freight Handlers Strike.

By Wire to THE TELEGRAM.
New York, July 18—Forty-four freight handlers of the Lehigh Valley Railroad, at pier 44, North River, struck this morning. No trouble is anticipated, as the men have disappeared. The company expects to be able to replace them.

40 BEAUTIFUL Building LOTS

ARE LISTED WITH

Southern Loan and Trust Co.

These lots are situated south from the State Normal College, and just opposite on the north side of West Lee street in a beautiful grove. They are a part of the Jackson place and are now for the first time offered in single lots. Any sized lot desired can be sold and terms can be made to suit purchaser. The price of these lots is put down so that they will sell rapidly. Considering the location—being near business and schools and on one of the principal streets of the city—we believe that this property is offered at a bargain. Parties purchasing lots can secure loans through us for erecting dwellings on building and loan plan. See us at once before choice lots are sold.
