WESTERN N. C. CONFERENCE.

The Tenth Annual Session Convenes at Concord.

Special to the TELEGRAM.
Concord, N. C., Nov. 22.—This morning at 9:30 the Western North Carolina Conference convened in its tenth annual session, Bishop J. S. Key presiding. He conducted the opening devotional exercises. When the roll was called more than 150 preachers answered to their names. The usual standing committees were appointed and various communications were read and referred to the proper boards and committees. A number of visitors were introduced.

Rev. N. M. Jurney spoke in behalf of Craven Memorial Hall. The Oxford Orphanage was represented by Mr. Rogers. The twelfth question was called and the characters of the presiding elders were passed. All of these made reports showing the work of the church to be progressing encouragingly. The characters of the superannuated and superannuating preachers were passed also. Several of these were present and spoke affectingly.

The name of John R. Seroggs was substituted for Chas. W. Byrd, on the committee for examining applicants for admission into the conference, the latter having been transferred.

Conference adjourned at 12:30. Tonight Rev. J. D. Hammond will address the educational meeting. He is secretary of the board of education.

THE VOTE IN OHIO.

Unpopularity of McLean Shown by Official Counts.

Columbus, Nov. 21.—The result of the official canvass of the vote of Ohio is as follows:
For governor—Nash, republican, 415,199; McLean, democrat, 398,176; Jones, independent, 106,741. Judge Patrick, democrat, for lieutenant governor, leads McLean by 47,408.

Allan W. Thurman, in analyzing the vote, says the difference represents a democratic protest against McLean's candidacy.

"Papa," came a shrill, small voice in the silent watches of the night, "I want a drink!" "Well, there's the bed spring right under you," drowsily replied the parent. For he was a professional humorist, and the habit is strong.

I have been studying Tea for 20 years, the "Black Seal" Ceylon is the result. Profit by my experience and buy a pound at your grocer's.

NOTHING NEW IN AFRICA.

The Boers Establish a Flanking Force at Greytown.

GERMAN SETTLERS ARE EVICTED

From Greytown for Refusing to Take the Oath of Allegiance to the Transvaal.

Orange River, Nov. 22.—The Boers occupy the same position at Belmont they did a fortnight ago. When Col. Gough engaged them, three shrapnel shells fell close to the Boers' patrol, but no damage was done. The Boers are evidently reinforced as two new laagers can be seen. They have mounted cannon at Belmont.

GREYTOWN OCCUPIED.

Durban, Nov. 22.—The Boers have occupied Greytown, which flanks the route of the relief corps to Ladysmith and Eastport. It is said, evicted all German settlers, including the women and children who refused to take the oath of allegiance to the Transvaal.

BOERS SWARMING

London, Nov. 22.—There has apparently been no communication with Eastport since noon of last Tuesday. The Boers are now in control of the railroad from Eastport to the Mool river, consequently momentous events may be expected to occur at any time. The Boers are swarming to the southward. Large bodies of them are reported. Parties are even threatening Pietermaritzburg. The Boers are encamped at Highlands Station and are well supplied with artillery.

WANTS TO LEAVE THE COUNTRY.

The Hero of Manila Bay Sheds Tears Over the House Matter.

Washington, Nov. 22.—Dewey said today that he is greatly grieved over the criticism of his deeding his house to his wife. He shed tears and said he was sorry he ever took the house. He would not have accepted the house had he known a string was attached to it. He feels so disgusted that he would like to leave the country, and almost regrets the battle of Manila Bay.

HOBBART'S FORTUNE.

He Leaves a Couple of Millions and a Big Life Insurance Policy.

Paterson, N. J., Nov. 22.—The vice-president leaves a fortune valued at from two to three millions. His life was insured for \$150,000.

If a Pythian wants to secure \$2,000 to his family in case of his death, and he does not exceed thirty years of age, he can do so for the sum of 40 cents per week, by obtaining a certificate of membership in the Endowment Rank of the order, and for 55 cents per week, he can protect his widow and orphans in case of his death, and secure for them the sum of \$3,000. The Endowment Rank is now paying out over \$1,250,000 per annum and all this goes for the relief and protection of the widows and orphans of our membership, thus protecting the lodge from the loss which would fall on it were these families left dependent. G. H. Royster is general organizer for North Carolina, Alabama and Georgia. Office, Wright building, opposite court house.

THE DEWEY HOUSE AGAIN

Another Transfer Due to the Flood of Indignant Protests

Washington, Nov. 21.—John R. McLean announced today that papers transferring the Dewey home from Mrs. Dewey to the admiral's son, Geo. Goodwin Dewey, had been drawn up and would be placed on record immediately. It is the general opinion that this is the result of universal criticism of the admiral's action in giving the house to his wife.

This afternoon's papers are filled with protests against the transfer of the house to Mrs. Dewey.

An Amicable Adjustment.

Columbia, S. C., Nov. 21.—The Atlantic Coast Line and the Seaboard Air Line have arrived at an amicable adjustment of the wrangle occasioned by the former building a sidetrack across the Seaboard's right of way on Lincoln street, this city. General Manager Kenly, of the Coast Line, appeared before a special meeting of the city council today and disclosed intention of violating the ordinance or of unfriendly relations to the Seaboard. Council adopted a resolution granting a right of way to the Coast Line, not to interfere with the Seaboard's main line. This was accepted by Capt. V. E. McBea, general superintendent of the Seaboard.

Firemen!

CONDITION IMPROVED.

The Investigating Committee Completed Its Work Yesterday.

The condition of the sick at the State Normal and Industrial College is gradually improving; four or five of the young ladies were able to go home today, and the others are thought to be some better.

A reporter had a talk with Dr. McIver this afternoon, and he says that with the exception of two or three the patients are some better.

There now remain at the Normal 37 patients, but two of these are members of the faculty. Miss Annie Wiley is improving.

The college authorities and a number of physicians and trained nurses are doing everything possible. The citizens of Greensboro are manifesting the deepest sympathy and are lending all aid necessary or requisite. Ladies from the city are volunteering their services as nurses and many of them are actively engaged in caring for the sick.

A chemical analysis of the water from the three wells on the premises shows that it is good, pure water, and suitable for drinking and cooking purposes. The analysis was made by the state chemist, D. W. Kilgore, of Raleigh.

A bacteriological test of this water is now being made by the state bacteriologist, and the analysis will be published in a few days.

A representative of the Telegram last evening interviewed Col. A. W. Shaffer, of Raleigh, and Dr. H. H. Dodson, of Wilson, who compose the special investigating committee of the state board of health, and these gentlemen stated that they had made a thorough inspection of the premises and are confident that the malaria comes from a defect in the sewer under the dining room.

The terra cotta pipe has been leaking in ten or twelve places and the sickness is caused by inhalation and absorption.

The committee made out its report last night and forwarded it to the secretary of the state board of health. It will be published later.

The defect in the sewer is now being remedied by a large force of plumbers and also the entire sewer line at the college will be taken up and inspected.

The committee found the dairy well kept and no other defect was discovered in the sanitary condition of the college.

The committee visited the colored A. & M. College yesterday evening and inspected the buildings and grounds. Dr. Dodson and Col. Shaffer returned to their respective homes last night.

Among those that this sickness has brought to Greensboro are: Dr. Merritt, of Person county, who carried his daughter home yesterday; Dr. Adams, of Statesville, and Mr. and Mrs. T. B. Bailey, of Mocksville, who came to see Mr. B's daughter; Dr. Walton, of Person county, who is attending Miss Agnes Moore, of that county; Dr. Blount, of Washington, N. C., the family physician of Mr. Bridgeman, whose daughter is one of the patients; Mrs. C. H. Wiley, of Winston, who is attending her daughter, Miss Annie Wiley, a member of the faculty, and Misses Hobbs and Pfohl, of Salem, who are nursing some of the patients.

A Very Striking Resemblance.

That G. Sauvet, of the Brehaney Company, who played the piano so exquisitely last evening, bore a striking resemblance to the late Anton Seidl, was the subject of comment. Speaking of Anton Seidl, he was the greatest conductor of Wagner music New York, or possibly the world has ever heard. The following words appear in a letter above the signature of this great musician: "Thorough professional trial of the Kimball Piano justifies me in commending it as one of our few first class instruments of music."

If you intend to buy a piano, why not get one with a musical reputation? We are always glad to talk "piano" to prospective buyers—or any one else; we are paid to do that, but we promise right here in print, to either prove to you that our instruments are backed by higher musical endorsement than ninety-eight per cent. manufactured in America, or never say "piano" to you again as long as the world stands.

W. Frank Blount,
Gen'l Southern Representative Kimball Piano.

Hunting Near Durham.

The Durham Sun says: Solicitor A. L. Brooks, of Greensboro, was here Sunday morning and left for Oxford, where he is looking after the interest of the state at Grandville superior court this week.

Mr. Brooks and Judge Brown, after the adjournment of Person superior court at Roxboro last week, went over to Col. J. S. Cunningham's place, at Cunningham station, and spent two or three days bird hunting. Col. Cunningham entertained them royally and with great hospitality, for which he is famed, and these gentlemen enjoyed their stay there to the fullest extent.

W. C. T. U. Meeting.

The regular business meeting of the Woman's Christian Temperance Union will be held tomorrow afternoon, at Grace church, at 3 o'clock. All members are requested to be present.

The Endowment Rank has already paid, during the few years that it has been in existence, \$14,000,000—this money has all gone for the benefit of the widows and orphans of deceased Pythians, solely and wholly for their benefit. There has been \$23,000 paid out in this city.

THE MINORITY LEADERSHIP

In the Next Congress—Who Will Hold It?

BAILEY, OF TEXAS, WITHDREW

But Some Members Believe that the Texas Plan Will Be Chosen in Spite of His Declination.

Washington, Nov. 22.—Representative Bankhead, of Alabama, seems to be looming up as a candidate for the minority leadership. Congressman Hall, of Texas, who is now in the city, says that he will support Bankhead in the Democratic caucus, as he regards him as the best equipped candidate for the honor. Mr. Bankhead is highly regarded by all the members of the house of representatives, and his long experience in the legislative hall makes his judgment valuable to his party associates. Mr. Hall says that Mr. Bankhead will enter the Democratic caucus with a large following. It is anticipated that he will get the entire vote of the Alabama delegation.

It is Mr. Bailey's opinion that he will get the votes of perhaps one-half of the members of the Texas delegation, as well as many from other states in the south. It is said that the South Carolina delegation may give one or two votes to Bankhead on the first ballot.

It transpires that De Armond is likely to get several southern votes which heretofore have been thought certain to be cast for Mr. Richardson, of Tennessee. Several members of the Virginia delegation will vote for the Missouri man as the Democratic nominee for speaker, the remainder going for Mr. Richardson.

None of the candidates for the minority leadership in the next congress have yet opened their headquarters here, but it is said that Messrs. Richardson and De Armond will be here within a few days.

It is said that Mr. Bailey, of Texas, who withdrew as the minority leader, will not stand for the honor this session. There are some members who believe, however, that the Texas man may yet be chosen in spite of his declination. It is said Bailey personally prefers Richardson.

As stated, the Virginia delegation will be divided in the Democratic caucus upon the nomination for the minority candidate for speaker, which is virtually the selection of the minority leader. According to the best information obtainable at this time, four of the members of the delegation will be for De Armond and six against him. The opposition will probably go to Mr. Richardson, one or two perhaps voting for Mr. Bankhead.

The members who are against De Armond are said to be Young, Epps, Swanson, Oley, Hay and Rhea. Those who will vote for him are Jones, Rixey, Lamb and Quarles.

Provided Mr. Bailey, of Texas, is voted for, it is likely that several of the Virginia delegation would vote for the Texas man.

Representative Gaston A. Robbins, of Alabama, has arrived in the city. Mr. Robbins will be the right hand man of Congressman Bankhead in the contest over the minority nomination for the speakership. Mr. Robbins stated Tuesday that Mr. Bankhead is in every way equipped for the leadership in a body such as the house of representatives. He is a thorough parliamentarian, and has the qualifications to make a successful presiding officer of the house, which is one of the absolute essentials for a leader of the body, as he must possess a thorough knowledge of the rules and procedure of the house.

Mr. Robbins has a conversation with his hands and it is probable that he will not be allowed to serve out the full term to which he was elected. His opponent is ex-Representative Aldrich, who is also in the city. Mr. Aldrich won the seat on a contest against Mr. Robbins during the last session of the house.

The 21st is a meeting of the North Carolina Association in this city next Saturday night. The object is to organize a historical association, which will be auxiliary to the North Carolina organization. Many ladies will be present, and the meeting will be closed with dancing.

BRyan and Hayward's Shoes.

Indignant Denial Given to a Current Political Rumor.

Lincoln, Neb., Nov. 20.—The stories sent out from Nebraska recently that Bryan was in communication with Gov. Poyner and eastern Democrats as to his accepting an appointment as interim senator in case Hayward should die was emphatically denied today by Mr. Bryan's private secretary and Governor Poyner. Both say that not a single telegram has been received from either Bryan or any eastern Democrat, and that as a matter of fact Bryan has been in the Ozark hotel and is accessible to a telegram from any source. Both expressed indignation over the insinuation that Bryan would violate common decency by indulging in political chicanery.

Augments the Sounds of Telephone and Phonograph.

La Nature gives a description of a multiphonic, the invention of M. Duasand. This appliance is intended to augment the sounds of the telephone and phonograph, as well as to apply to other uses. By the means of this instrument deaf persons have been enabled to hear the telephone and phonograph. But, while this is possible, its greatest utility will be in enabling partially deaf persons to hear these instruments, and to multiply their auditors on public occasions, as well as the multiplying of all kinds of sounds, and especially in rendering audible sounds now beyond the capability of the human ear.

Funeral of Miss Abbie Deans.

The Wilson News contains a full column account of the funeral of Miss Abbie Deans, daughter of Mr. A. B. Deans, who died of typhoid fever at the Greensboro Normal. The funeral was held from the Methodist church Sunday afternoon and was attended by all the Sunday school children of the town. There were many floral offerings, the faculty and societies of the Normal sending beautiful ones. Miss Nettie Allen, one of the teachers from the Normal, attended. Miss Deans was a young lady of rare sweetness and grace and her death engulfed the whole town in gloom.

The Baltimore trade Goodyear Welt ladies shoes sold for \$2.75 at Thacker & Brockmann's, are making a great hit. Sewed like men's shoes, they are stout and serviceable, yet are pliant, flexible, feel good on the foot; in fact they possess just about all the good points that can be combined in one shoe. They come in various styles and shapes, lace and button.
