

ATTACKED BY HIS WIFE'S PET.

MAN TORN BY A SAVAGE BULLDOG.

Saved Only by a Little Dog Which Turned the Big One Away—A Dull Campaign. Wake Forest's New Gymnasium—Senator Pritchard Campaigning in Ohio and West Virginia—Young Lawyers After License.

Special Correspondence of The Telegram.

Raleigh, Sept. 25.—The Supreme Court devoted yesterday to the examination of applicants for license as attorneys. Of them there were forty-seven, two of whom were colored. Out of this number twenty-five were of the University Law School, and thirteen from that of Wake Forest. The examination was held in the Senate chamber. It will be several days before it is known who passed.

The Supreme Court will today begin the hearing of appeals from the First district. Two attorneys from that district, Charles F. Warren and W. B. Rodman, of Washington, are here as counsel.

The Seaboard Air Line is building a large freight depot at Henderson, to replace the one burned last summer. It is also building a passenger station there.

The phosphate mill here, which is, by the way, one of the best paying industries in the State, is being enlarged.

A criminal term of the Superior Court began here yesterday. There are no capital cases on the docket. Solicitor E. W. Pou is again sick and his brother, James H. Pou, is acting as solicitor.

It is said that the cotton crop in this section is better than has been reported. Cotton can stand a great deal of hot weather. A large July crop was made, to use an expression of the cotton growers.

Senator Pritchard has gone to Ohio and West Virginia to make campaign speeches and will be in those States until October 8th.

Three convicts from Wayne have arrived at the penitentiary, all to serve short terms. Very few convicts arrive these days. The counties take nearly all.

Interest in the State Fair was never so great as it is this year. The attractions are to be more varied. Despite the drought a very fine exhibit of farm products is assured.

Fifteen varieties of Western North Carolina apples were shipped to Paris by Secretary Bruner. Next week he will have on exhibition at the museum twenty-five varieties. The apple show he made last spring attracted much attention, but this one will be finer.

The trustees of Wake Forest College are building a gymnasium. It will be two stories in height. The second story is nearly completed. It is the intention to get it under roof before cold weather.

Yesterday a man named Johnson, who lives here, was attacked and very badly bitten by a savage and unfriendly bulldog he owned. The dog was his wife's pet. Johnson was not liked by the dog. A policeman last week urged Johnson to kill the brute. Yesterday Johnson attempted to pat the dog when it sprang at him and lacerated his arms and legs by repeated bites. A little dog ran out of the barn and seized the bulldog. The latter turned Johnson loose. The latter ran into the house and closed the door. Neighbors turned out and began a fusillade. It required no less than 9 shots to kill the dog, a musket, shot guns and pistols being used.

It is the current comment of both Democrats and Republicans that they have never seen a duller National campaign in this State than the one now in progress. There is no "ginger" in it. The fact seems to be that the State campaign was such a live one as to make the national one flat in comparison.

The negroes are now talking about an exodus to Oklahoma.

Three new lodges of Odd Fellows have been organized—at Franklinton, Hominy and Leaksville.

Over sixty dwellings are in course of construction in Raleigh and its suburbs.

The Raleigh Hosiery Company now employs 100 persons.

Wake now has 58 county convicts. It has 62 inmates of its county home.

Licking Imperialism. Greenville Reflector.

What is imperialism? Well, every time you lick a stamp to put on a check or telegram, imperialism comes forcibly home to you. Do you like its taste?

Editor—"You write a well-rounded article."

Author—(delightedly—"Indeed!"

Editor—"Yes; this hasn't any point to it."

—Sufferer—"Do you extract teeth without pain?"

Dentist—"Not always. I sprained my wrist on one a few days ago, and the blamed thing hurts yet."

A LIFE AND DEATH FIHT

Mr. W. A. Hines, of Manchester, Iowa, writing of his almost miraculous escape from death says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50 cents and \$1.00. Trial bottles free. C. E. Holton's drug store.

Stern Parent—"Explain to me why you're again behind at school. Didn't I tell you to get some push?"

Boy—"Yes; and doesn't a fellow have to be behind to push?"

CENTRAL CAROLINA FAIR.

"We have tried to remove the 'hog' from our midst, but the old timers have bucked against us and it looks now like they had us done for."

"Now we arise to a point of order. If the hog is a necessity, let us have a big show in swine at the Central Carolina Fair."

Next to the Consumer
is where we stand in the lumber business. At the kicking post, as it were, in regard to prices.
First comes the owner of the timber. He just woke up to the value of it and wants double last year's prices. Then the sawmill man. He has not been making a fortune and thinks now he should share a little in the general prosperity.
They say to us: "We must have so much for our trees and work." After a while it is "up to you." Don't kick. You don't suppose we have nerve enough to put up prices unless they had first been put up on us. No, indeed. But prices are NOT high. They have been too low and are just now getting reasonable. Your children will be glad to build at double the price it now costs you. It is a trite, but true saying, if you want to build, "Now is the time."
And ours is the place to get the stuff.
