Dr. A. P. Staley, of this place, has patented an improved turbine water wheel.

Mr. DeLos Thomas, agent Norfolk and Western railroad, spent sometime here this week. It is not learned what he had in view in coming here. Wonder if he intends bringing his railroad to this place.

Mr. Toney Millner, of Augusta, Ga., is here for a visit to his aunt. Mr. Wm. Tate has resigned as superintendent of the Home Furniture Company.

All three of the places that Prof. Geo. H. Crowell, of this place, made talks in behalf of graded schools, the issue was carried. The towns were Lexington, Thomasville, and Gullford College.

NORTHERN PACIFIC AT THOUSAND MARK

AND WALL STREET IS PANICKY

ONLY ONE FIRM SO FAR GONE TO THE WALL.

Shorts Making Tremendous Efforts to Cover Themselves—No Relief for Panic in Sight.

By Wire to The Telegram.

New York, May 9.—Noon, Wall Street panicky. Missouri Pacific has dropped thirty six, St. Paul twenty-four and half, Atchison thirty-four, Union Pacific thirty six, New York Central thirteen, Copper twenty, Manhattan thirty-six, United States Steel eighteen, rest of list fifteen, Delaware and Hudson dropped thirty-five in one transaction. Northern Pacific deals went to two hundred twenty-five cash and finally five hundred thirty shares at seven hundred, the market showing the tremendous efforts of the shorts to cover themselves. The panic continues unabated with no relief in sight, but no failures reported so far.

LATER—Chas. R. Sickles and Co. are the first brokers to announce a failure. Kuhn Loeb and Company have issued a statement saying they had agreed with J. P. Morgan & Co. not to enforce any deliveries of Northern Pacific today. Northern Pacific has reached the thousand mark.

First Parliament.

By Wire to The Telegram. Melbourne, May 9.—The Duke of Cornwall opened today the first session of the Australian Parliament. King Edward cabled his son. "My thoughts are with you upon this occasion. I wish the commonwealth of Australia every happiness and prosperity."

Big Money for Seat on 'Change.

By Wire to The Telegram. A seat on the New York Stock Exchange was sold yesterday for \$70,000, or, with the initiation fee paid, \$71,000. This is a new high record.

WANTED TO SHOW A GAME.

Then Snatched a Ten Dollar Bill and Decamped, but was Captured.

Officer Jeffreys of the police force, locked up a darkey this morning named Will Gibson charged with stealing ten dollars from Mr. Tom Oliver. Mr. Oliver claims that Gibson was in his place last night and wanted to show him a trick, a game with several cards which were perfectly blank with the exception of a border around the edges, similar to mourning cards. In order to work the game Gibson wanted some money in his possession changed, and when Oliver pulled out a handful of money to get the change, Gibson snatched a ten dollar bill and ran. When arrested this morning he had on his person cards as described by Oliver.

Walking on a Wager.

A man calling himself Dakota Bob struck the town this morning, claiming to be walking from Mexico to New York on a wager. He wore his hair hanging down his shoulders, and had in his possession a book in which he kept a record of his journeys. While in the city he was quite free with his tongue, which unless curbed, may lead him into trouble.

STOCK MARKET

The Harriman and Morgan-Hill Interests Said to be at War Over Union Pacific, With the Former in Control of the Situation.

New York, May 8.—The stock market was utterly demoralized this morning by the development in Northern Pacific. What were only sinister rumors yesterday had taken form in positive assertions that the Harriman interests, in retaliation for the recent attempt to secure control of Union Pacific, had turned upon the Morgan-Hill interests and had wrested from them the control of the Northern Pacific. The competitive buying caused a virtual corner in the stock, to the discomfiture and panic of a very large short interest. The collateral consequences of the opinion of the war thus disclosed between the most powerful financial interests in the country caused acute alarm among the large interest long of the market on the supposition that the great financial interests of the country were working in accord to secure a harmonious community of interests throughout the entire world. The Harriman interests, supposedly backed by the Goulds and Standard Oil interests, in bitter warfare with the Vanderbilt-Morgan-and-Hill interests offered alarming suggestions to the heated imagination of speculators. While shorts were bidding any price for Northern Pacific, therefore, speculators were unloading other stocks all through the list. By some means Northern Pacific had been forced 10% points under last night's close in the London market this morning. The opening sale here was of 2,000 shares at 155, a rise of 22½ over the morning's London price. On subsequent purchases of blocks not exceeding 2,000 shares, the price jumped five points at a time to 180 and then fell back to 155. One interval of 8 points on sale of 500 shares was recorded.

A Born Doctor.

Yonkers Statesman. She—How old is the baby now? He—Fourteen months. "Have you picked out a profession for him yet?" "Oh yes, we're going to make a doctor of him." "A doctor? Why a doctor?" "Why, he always seems pleased when he sees any one stick out his tongue."

\$150,000 FIRE IN AUGUSTA

The Cotton Warehouse District the Scene of an Ugly Conflagration.

Augusta, Ga., May 8.—What looked to be a fire that would stop only when it had wiped out the cotton storage district of Augusta, broke out in one of the storage compartments of the Union Compress Company's building at one o'clock today. When the blaze was discovered it had gained sufficient head way to cover the roof of the building before the alarm could be responded to. An alley way about six feet wide separates the compress and Phinizy & Co's warehouse. The high breeze that was blowing in very short time swept the flames over the heads of the firemen to this building, in which was stored 1,200 bales of cotton. From here it was blown to Whitney & Company's warehouse and seemed beyond the control of the department. In the Whitney warehouse there were 2,500 bales stored, and soon the whole was a roaring mass of flames.

The walls of this structure were the only ones to give away. Had it not been for this the fire department could not have stopped it where it did, though they are being highly commended on all sides, the mayor personally thanking the chief of the fire department. The losses are as follows on the cotton: Whitney & Co., \$105,000; Phinizy & Co., \$50,400; Compress Company, \$4,000. From this it is possible that \$5,000 can be saved by salvage. The loss on the buildings is estimated at \$3,500. The cotton was fully insured.

TWO WOMEN BURNED TO DEATH IN NEW YORK.

New York, May 8.—Two women were burned to death and a number of persons injured in a fire which started in the five-story apartment house at Lexington avenue and Sixtieth street early today. Their bodies were found burned almost beyond recognition in the top floor of the house. Mr. Elizabeth M. Wolters sustained internal injuries, which probably will result fatal. The loss by fire was \$20,000.
