FOR SALE—FOUR FRESH MILCH cows, two Jersey and and two half Jersey. Address J. A. GROOME, City.

WANT TO EXCHANGE OUR BLACK dray horse for a small driving horse. MERCHANT'S GROCERY CO.

STEAMSHIP TOPPLES OVER.

Was in a Baltimore Dry Dock—The Crew Rescued With Difficulty.

Baltimore, May 28.—An accident which came near causing serious loss of life occurred about two o'clock this morning at the William Skinner & Sons Shipbuilding and Dry Dock Company's yards. The steamship Hudson of the merchants' and Miners Transportation Company's fleet, without any apparent reason suddenly fell over on her side in thirty feet of water. All the members of the crew were on board at the time of the accident, many of them having narrow escapes from drowning.

The Hudson is a freight and passenger vessel and plies between Baltimore and Savannah. Shortly after her arrival in port yesterday morning it was found that her propeller had been injured. To make repairs, the vessel was backed into the large dock of the Skinner Company. All the crew were in their berths, when awakened by a slow lurch of the vessel to port, accompanied by a roar. The huge bulk careened over to port, hurling the men from their bunks.

Chief Officer Powell was among the first to be awakened. He realized the situation at once, although not a light was burning and gave orders to extinguish the fires.

The men, in spite of the fact that they did not know what was happening behave splendidly, with the water rushing over the port rails in a torrent.

Suddenly some one remembered Chief Engineer Lathan's position and Powell ordered the men to save their engineer. In the pitch blackness and with the water seething about them, they found him scrambling out of his cabin door. Orders were then given to save themselves, and they scrambled out on deck and on the dock, against which the ship was resting with her port rail about three feet under water at an angle of about 45 degrees.

The shipyard employees meantime had rushed to the scene and the entire crew, consisting of Chief Officer Powell, Second Mate J. E. Haywood, Chief Engineer Lathan, First Assistant Engineer Stephen McQuide, Second Assistant Engineer Martin Rudolph and three oilers, were assisted to a place of safety.

KILLED TRAIN ROBBERS

Mexican Soldiers Shoot Down Bandits Caught in the Act of Plundering.

El Paso, Texas, May 28.—Swift punishment is being meted out to train robbers in the States of Coahila and Durango, Mexico. In those states the highway men became so bold that they would stop Mexican Central freight trains, break open cars and load into their wagons whatever freight they wanted and drive away to the mountains.

The late "Diamond Dick," and ex-Texas Ranger, was employed by the Mexican Central road to capture the robbers. "Diamond Dick" killed several of them, but was not able, single-handed, to cope with the situation.

Recently the railroad officials appealed to President Diaz for relief and he ordered soldiers to exterminate the robbers. The soldiers were empowered to act as Sheriff, Judge, jury and executioner. Last Saturday, near Yermo, four out of a band of eight robbers were captured while in the act of robbing a freight train. The soldiers, who had been concealed in a freight car to trap the bandits, lined up the prisoners and riddled them with bullets.

Early to bed and early to rise makes a man know when the baby cries.

Some men will pay \$1.50 for whiskey for medicinal purposes, and then kick over a 35-cent prescription at the drug store.

DAVIDSON'S NEW PRESIDENT

Dr. Henry Louis Smith is Now the Head of that Institution.

The formal inaugural of Dr. Henry Louis Smith as President of Davidson College occurred yesterday morning. Dr. Smith is an old Greensboro boy, and her citizens feel a justifiable pride in his success. An account of the ceremonies of yesterday is given below, taken from the Charlotte Observer:

The inaugural exercises were conducted with much dignity and earnestness. Dr. J. B. Shearer, the outgoing President, announced that Dr. W. J. McKay, president of the Board of Trustees, would conduct the ceremony.

Dr. McKay rose from his seat on the rostrum and made Dr. Henry Louis Smith, the incoming president, to stand and face him. He paid tribute to Dr. Shearer by designating him as the godly, vigilant and sagacious head of the institution, who had served with signal ability and entire success. Then he said to Dr. Smith: "We congratulate you on coming to the highest honor possible in the gift of your alma mater. You have been apprised of the fact that you were candidly and unanimously called by the trustees to be the head of this noble institution. Are you now willing to accept the responsibility of the office?"

Dr. Smith pledged himself to fulfill the requirements made by the board for the Presbyterian church. He answered the following questions in the affirmative:

"Do you sincerely believe the Old and New Testaments to be the Word of God, the only infallible rule of faith and practice?"

"Do you sincerely receive and adopt the Confession of Faith of the Presbyterian Church of the United States as faithfully exhibiting the doctrines taught in the Holy Scriptures?"

"Do you solemnly engage not to teach anything that is opposed to any doctrine in the Confession of Faith, nor to oppose any fundamental principle of Presbyterian church government while you are president of the institution?"

"Do you solemnly promise to be faithful in the discharge of your duties as president of this institution?"

The keys of the institution were then formally turned over to him.

Biggest Baby in the World.

The village of Atlantic, in Crawford county, Pa., has the largest baby of her age in the world. She is the daughter of Mr. and Mrs. George Minnis, who are rather below the average in height and weight. She is but nine months old; her bust measure is 31 inches and she weighs 51 1-2 pounds. She is perfectly healthy and has never partaken of any solid food.

Lizzards Block a Freight.

One of the train crew which worked the freight from Stonington into Boston on the New England Railroad says:

"We were traveling along through the swampy meadows near Bolton, when the train came to a halt in a thunder storm, and we thought the water was causing the wheels to slip. The sand box had no effect.

"We went ahead with lanterns and found the track covered with hundreds of lizzards which the wheels crushed, making the rails greasy. We worked for half an hour shoveling the lizzards from the track. We were just that many minutes late in Boston."

Carried Off by a Bear.

Stroudsburg, Pa., May 28.—Almost the entire population of Cresco and surrounding country is securing the woods for a three-year-old child lost since Monday, who is believed to have been carried off by a bear. The child is a daughter of Frank Slapson, who lives on the road to Cresco, leading from Lina, Pike county. While playing along the road about the premises the child strayed into the forest. The father on going home found that his child was not there. Search was made immediately, but the little one could not be found.

A general alarm was given and the residents searched all yesterday afternoon and last night without avail. Search is still being kept up.

Every woman has a list of women in her head that she is going to get even with when her husband becomes very rich.

PRESIDENTIAL PARTY ARRIVES.

REACHED WASHINGTON AT SEVEN THIRTY THIS MORNING.

Mrs. McKinley Said to be Bearing Up Well and Gradually Improving—A Meeting of the Cabinet Will be Held Tomorrow. By Wire to The Telegram.

Washington, May 30.—The train bearing the President and Mrs. McKinley arrived here on schedule time, at 7:30 o'clock this morning. Mrs. McKinley was immediately removed to the White House in a carriage. She looked pale and worn, a natural result of the grave ordeal through which she has passed. Secretary Cortelyou stated that she was bearing up well, and gradually improving. The President today attended the memorial day exercises at the National Cemetery, Arlington.

No demonstration marked the early morning run to Washington. A few people gathered at points along the way, but greetings were in accord with the spirit which prevailed since the start homeward last Saturday. In Washington several hundred people lined the sidewalks and a police cordon was stationed at intervals along both sides of the track reserved for the train. Among those present were Second Assistant Postmaster General Schalleberger, Major Pruden, Assistant Secretary to President, President McFarland of the Board of District Commissioners, and Colonel Bingham, Superintendent of the Buildings and Grounds. The President was on the platform when the train rolled in and bowed to a few who lifted their hats in salute. Mrs. McKinley was removed from the private car Olympia in a chair borne by the President and Dr. Rixey, assisted by several others. A meeting of the cabinet will be held tomorrow.

ADDITIONAL PERSONAL.

Mr. W. H. Ragan, of High Point, spent the afternoon in the city.

Miss Manie Curry, librarian at the Greensboro Female College, left this afternoon for her home in Maxton.

Miss Annie Sneed, a member of the faculty of Greensboro Female College, left this afternoon for her home in Lynchburg, Va.

Dr. L. W. Crawford returned yesterday afternoon from attending Ruth-erford College Commencement.

Miss Bessie Ellington, of Raleigh, is visiting in the city, the guest of Mrs. A. L. Brooks, on South Spring street.

Mr. Jack Horney returned last night from attending the sessions of the University of North Carolina, he having completed his studies. The commencement will occur the first week in June.

Baby Tried in Court.

New York Sun.

Three-year-old Martin Hoyt of 40 Henry street, Jersey City, was arraigned before Police Justice Murphy in the Second Criminal Court, that city, yesterday on a complaint of Miss Thomas of 28 Hney street, who said that the prisoner and his three brothers, 7, 11, and 14 years old, made a practice of annoying her.

"The magistrate was astonished when the diminutive prisoner was brought in and ordered him to stand in a chair so he could be seen.

"You don't mean to say, Miss Thomas," said the Justice, "that this little fellow has been troubling you?"

The woman replied that all of the Hoyt boys had. She said she had heard their mother tell them to come over and annoy her and she wanted it stopped.

"Well, young man," said the magistrate, addressing the three-year old culprit, "did you annoy this woman?"

The little fellow didn't admit or deny the allegation. He looked inquiringly at his father, Martin Hoyt, who stood beside him, and smiled because his father did.

"Don't let it happen again," said the Court sternly for the benefit of the other boys. "You are all discharged." The baby prisoner left the court room in his father's arms.

The married man may have his better half, but the bachelor has his better self.

Some people believe anything they hear, and others believe only what they want to.

HIGH POINT BUILDING.

A Partial List of Houses Going Up—Mr. Steed Dead.

High Point, May 30.—Mr. Franklin Steed died at his home in Trinity yesterday evening at 5 o'clock. He was the father of Mrs. W. C. Herndon and Mrs. John Smith of this place and Mr. Ed J. Steed.

Mr. W. H. Causey, a student of the Theological Seminary at Lancaster, Pa., has charge of the Sunday school under the direction of the Sunday school board of the Reformed church.

Following is some of the houses in course of construction here: A. F. Moore, building in northeastern part of town; Joseph Montgomery and Mr. Hubbard, building in Mechanicsville; George Perry, store room on South Main street; J. O. Newton, dwelling; Mr. Hancock, building in Wrensville; Fred Barbee, residence on Green street; C. B. Hayworth, three residences on Green street.

The High Point Baseball nine and others sent a beautiful floral tribute to the funeral of Finley Horney, who lost his life by drowning the other day at Benbow's mill.

At the Stewards meeting held in the M. E. church this week the following delegates to the district Conference to be held at Asheboro August 1-4, were elected: H. C. Kearns, J. R. Holt, W. T. Kirkman and W. G. Bradshaw. Alternates, L. J. Ingram and George A. Matton.

The graded school for white children last session had an enrollment of 662 pupils—an average of one pupil for every seven inhabitants.

Tonight in the M. P. church Mr. W. T. Bundick, the gifted Virginia orator, will deliver his famous lecture on "Good Citizenship."

Our Hebrew citizens, the Messrs. Harris, are much interested in the reported deal whereby a syndicate has closed a trade for the mountain of Joppa and that it would be built up for the scattered nation. On account of the historical interest clinging around it, this location is preferred to the city of Jerusalem. It is said that half of the thirteen million Jews will settle there.

Mr. Jos. Carter will this summer open a machine shop with first class machinery.

The little daughter of Mrs. Dr. Harrell this evening gave a birthday party to her many friends. Interesting games and delightful refreshments were both enjoyed. The party brought the occasion to a close by gathering around the May pole and each with a streamer in hand marched up and down the street. All of the party were bedecked with flowers and presented a novel sight.

SOUVENIR CARDS.

Neat Ones to be Gotton Out in Honor of the Press Association.

The committee who have in charge the entertainment of the Press Association which meets here in July, are arranging to get out a handsome souvenir card, which will contain the names and business of all men who have contributed anything towards the entertainment of the Association. These souvenirs will be given the visiting newspaper men, as a memento of their stay here.

Marriage at the Carpet Mills.

Justice of the Peace J. A. Pritchett was called out to the Carpet Mills yesterday afternoon to marry a couple, an the Squire tied the knot for them to the best of his ability, which is saying a great deal. The contracting parties were Mr. Conrad W. Hohlfeid and Miss Minnie V. Laman, both of the Carpet Mill.

Northern Decoration Day.

Today, May 30, is Northern Decoration Day, and is a legal holiday. The banks in this city observe the tenth of this month instead of today, and so were open as usual.

The average woman's idea of comfort when she is miserable is to have a man put his arm around her and say, "There, there!"

When a man sees a woman with high-heel shoes and a rain-day skirt on he feels so ashamed that he can't look her in the face.
