THE STRIKERS' PAPER.

It Has Made Its Appearance at Salisbury—Its Aims.

The striking machinists at Spencer have published a paper which they say they intend to send out daily. Its name is The Broad Axe, and it is devoted to the interests of the strikers. In its editorial columns, under the caption of "First Words," it says:

In the face of the most bitter opposition the Daily Broad-Axe makes its appearance. No tongue nor pen can describe the many miserable methods that have been used by the enemies of organized labor to head off the publication of a newspaper that wage-earners can call their friend. * * * * *

The Broad-Axe banners were unfurled to the breezes, and soon the howling winds of opposition raged, and the raged rascals ranged their rusty muskets, and now we see the goose that stood behind the gun, dead "?" * * * * *

The policy of this paper is under the control of a committee appointed by the Salisbury Central Labor Union. This committee is composed of representatives from each trade union of Salisbury and are men of sound judgment and good sense. It is their purpose to have the paper conducted on a broad gauge basis. They believe that all men are born equal and that to belong in the ranks of organized labor is not a crime. * * * * *

We shall be glad to live in peace with all men. If we cannot, then we shall be glad to live. The paper will speak out against the oppressor, but shall speak kindly of the friendly manufacturer. Its policy shall be to build up, and not break down deserving men and measures. The question of education shall be discussed continuously in these columns. * * * * *

Many a man who is open to conviction manages to escape it by hanging the jury.

At the age of sweet sixteen a woman's rights are several lengths ahead of a man's.

COUNTER PETITION PRESENTED.

PRESENTED LAST NIGHT BY REV. W. L. GRISSOM.

The Board of Aldermen hold a Most Interesting Session—A Baggage Transfer Ordinance Passed—Other Matters Passed Upon.

The Board of Aldermen met last night in adjourned session, with the following aldermen present: Merrimon, Helms, Bain, Denny, Sergeant, Glascock, Phipps, Elam and Sherwood. This being an adjourned meeting no minutes were read.

Dr. W. L. Grissom presented a petition from citizens residing on West Market street, and streets lying adjacent thereto, asking that the said street be graded, and put in condition for the operation thereon of a street railway, and asking further that no amendment be made to the franchise already granted the Greensboro Electric Company, prohibiting their operating street cars on the said street. This petition was signed by 90 persons.

It was moved that the petition be referred to the Street Committee. Carried.

Mr. G. C. Hampton presented a petition signed by a number of citizens living on Lithia street and streets adjacent thereto, asking that Lithia street be graded so that the car line could be run on said street. Moved that this petition be referred to the Street Committee. Carried.

Mr. Z. V. Taylor appeared and asked that the Board pass an ordinance that no person or persons shall engage in the business of baggage transfer without a license, and without having deposited with city a certified bond of \$500 to indemnify any person whose baggage is lost or damaged. Not less than three wagons shall be operated by any firm or individual, and the drivers of each and every wagon shall wear a uniform, to wit, a cap, bearing the name of the party owning the line, and underneath the word, bonded.

Alderman Bain thought that the ordinance was a monopoly and that person who was a responsible person and could give the necessary bond but who could operate but one wagon, should be kept out.

Alderman Merrimon moved that the clause relating to the number of wagons be changed to one. Motion lost by a vote of 6 to 3, and the ordinance was adopted by a similar vote.

Mr. Taylor asked that an inspector be appointed, whose business it shall be to inspect the wiring of every house before turning electricity in said house, said inspector to file a report of each house wired with the city clerk, before the current is turned in. Said inspector's fee for inspecting a house to be \$1.00.

Moved that the office of electric inspector be created. Carried.

Alderman Glascock moved that Mr. F. A. Barr be elected electric inspector. Carried.

Mr. P. D. Gold, Jr., asked that the Board make some arrangements whereby the meeting of the Press Association may be held in the now uncompleted auditorium in the City Hall, whether the building has been received by the city or not. Alderman Glascock moved that the matter be referred to the building committee and that the city attorney with power to act. Carried.

Alderman Denny moved that a warrant be ordered drawn in favor of Abbott & Hobbs in payment of their working setting curbing. Carried.

The settling committee, which is composed of the Finance Committee, made their report. This report, is in a large measure a reproduction of the report of the city treasurer, published in The Telegram about the first of May.

Alderman Sergeant moved that the report be received and ordered spread upon the minutes. Carried.

Alderman Merrimon made a further report showing that on the first day of May the city had outstanding warrants to the amount of \$8,052.24, beside the Summit avenue indebtedness.

Mr. Merrimon stated that the Finance Committee had waited upon the different banks in the city asking them to submit a proposition to loan the city a sum of money necessary to meet the current indebtedness of the city.

The Southern Loan & Trust Company offered a proposition to pay all city warrants to the amount of \$25,000 and

to charge the city 4 per cent interest on same, the said bank to be designated the depository of the city.

Alderman Sherwood thought that the money remaining over from the electric bonds could be loaned the city and used to pay warrants until the tax money came in.

The City Attorney said that the loaning of the money in that manner would be contrary to the provisions of the bill, which specifically stated that the money was to be used in the manner specified, and none other. He also thought that the city could not appoint any bank as a depository unless the treasurer agreed, as the official had charter privileges which would have to be changed before the city could designate a depository without his consent.

Alderman Merrimon moved that the proposition submitted by the Southern Loan & Trust Company be accepted by the Board, and that the city treasurer be requested to give his consent thereto. (A detailed account of this matter appears in another column.)

Alderman Helms moved that the Finance Committee and the Mayor be empowered to borrow an amount not to exceed \$25,000 to pay all indebtedness of the city until August. Carried.

Alderman Helms introduced an ordinance to the effect that any person convicted of defacing or destroying bill board advertisements or signs be fined not less than \$1 nor more than \$20. Carried.

The question of a license tax being charged to manufacturers was brought up, and it was moved and carried that all manufacturers be charged no special license tax. Board adjourned.

A Dangerous Place.

Asheville Citizen.

The death of Marvin Crowell by drowning in Montford park yesterday is the second misfortune which has befallen a member of the family of Joseph Crowell with in the last few weeks. Another son, as told in The Citizen recently, had his leg sprained by a horse falling on him, and he has not yet recovered.

The Montford park pond is an exceedingly dangerous place to go swimming for one like young Crowell, who could not swim. The pond is only about 15 feet across, but it is 10 feet deep in the center and the banks are very shelving. Boys have been in swimming there very frequently lately, and could not be kept out. Capt. C. H. Campbell of the park has made every effort to keep the boys out. He drove them away whenever he knew of their being there, and intended to have the next boy he caught there arrested to make an example of him.

The interment of young Crowell will take place today at Hendersonville, where his parents have relatives buried. The body was taken there on the afternoon train south. There was a service here, held at 1 o'clock at the residence on Seney street.

At the Baptist Church.

The Children's Day exercises at the First Baptist church last night was well attended, and those who went were amply repaid for their presence. The little tots acquitted themselves well. Their songs and recitations were fresh and sweet, and were pleasing to the listeners.

The recitations of eight of the tots, four of them costumed as Chinese, and four as Americans, was a pleasing feature of the evening.

One of the prettiest features of the evening, a solo by Miss Ula Adams, was omitted because of the misplacement of the music.

Took the Wrong Medicine.

A report is current on the street this afternoon to the effect that a lady on Lithia street, by mistake last night, took a dose of laudanum. Owing to the fact that the telephone wires are in bad condition, no communication can be had with the western part of the city, and the report cannot be verified.

To Be Repeated.

The opera given Monday night by the pupils of Prof. Clarence Brown was so well received that it has been decided to repeat it during fair week. It will no doubt, at this time be greeted by a full house. The second production will take place in the new city hall.

The Price is so Little

you will hardly miss the money. Have you room for one of our high grade corsets at half price? Just think of buying a

\$1.50 Corset for 75c.

THE WEATHER.

Virginia—Partly cloudy tonight and Friday, light south easterly winds, North Carolina—Fair tonight and Friday, except probably showers Friday in extreme western portions, variable winds, mostly light north easterly.

Greensboro—Highest temperature past twenty-four hours ending eight o'clock this morning 82, lowest 66, rainfall .06.

The man is never old who, the longer he lives, lives the more.

Women are such a puzzle to men because they are so much a puzzle to themselves.

There is a certain way a girl fixes a lamp when a man is coming to call on her which she calls "just enough lit."

It makes a girl awful mad to catch herself yawning and realize that she has caught it from a man that she just hates.

When a man hates another man the worst, it is for the least reason; when a woman loves a man, the best, it is when he is the least worthy.
