

JONES CREATES A SCENE.

Ordered to be Taken Out of the Hall, He Defied Arrest and Finally Had His Own Way.

Montgomery, Ala., July 20.—An exciting scene occurred today in the constitutional convention over the disposal of a resolution protesting against free passes being accepted by any State officer. Former Governor Jones protested against the tabling of the resolution and appealed from the ruling of the chair. President Knox ordered Mr. Jones to take his seat until the question could be stated. The former Governor refused and asked if his appeal was going to be put.

Chairman Knox again ordered him to his chair, but Mr. Jones refused and the president directed the sergeant-at-arms to seat the ex-Governor.

Mr. Jones said there was no necessity for any heat. The chair insisted on his being seated, however, and amid great excitement, directed the sergeant-at-arms to remove Mr. Jones from the hall.

Mr. Jones passionately exclaimed: "If any one attempts it, it will be done over my dead body."

The disorder in the hall became general. Mr. Bulger, of Tallapoosa, loudly insisted that the sergeant-at-arms should do his duty.

"Suppose you come over and do it!" shouted Mr. Jones.

The chair again requested the former Governor's removal, but the Governor resisted and exclaimed: "The chair will put your appeal."

Mr. Jones sat down and the chair began to state the question. He was interrupted by Mr. Jones and the chair once more ordered the sergeant-at-arms to execute the order.

As the sergeant-at-arms approached, Mr. Jones drew a small pocket knife, but did not open it and soon returned it to his pocket.

Mr. Jones said: "If the chair will keep its temper—"

President Knox interrupted: "It is not the chair who is out of temper."

Mr. Jones then sat down, the chair put the appeal and was overwhelmingly sustained.

Another Anniversary.

Terre Haute Express.

The St. Louis people wish to erect a statue of Napoleon for the 100th anniversary of the purchase of Louisiana, and the British will celebrate the 1,000th anniversary of Alfred, the good Saxon King, but an anniversary has slipped by which has the charm of even figures and associations with a man whom Napoleon was willing to imitate and whose successor he considered himself. Last Friday, July 12, was the 2,000th anniversary of Julius Caesar. A statesman or conqueror in the old World made a more indelible impression upon all time than the great Julius. Every day this month we repeated the name he gave to July and we begin our years with January 1 according to his calendar, but in these we remember the little things of a man who many believe was the greatest in his line of deeds that ever lived. Perhaps St. Louis can see its way to setting up Caesar by the side of Napoleon.

Ex-Governor Pattison

Philadelphia Times.

A leader who hesitates for fear of complicating matters will never lead to victory. What Democrats need now is courage—the courage of their convictions. Mr. Bryan has all the courage of his krongheadedness, and he has so overawed good Democrats in Pennsylvania that they are afraid to say what they know to be true, even when their brethren elsewhere have shown them the way. We believe that the Pennsylvania Democracy will awaken to its opportunities this year, and we do not doubt that the deserved influence of ex-Governor Pattison will be usefully exerted in the cause of good government. He has many qualifications for successful leadership, but he shall have done so we must respect his request not to "complicate matters in the next national campaign" by a suggestion of his candidacy.

GREAT WEALTH.

Is perfect health. How do you feel? Ever have attacks of indigestion and Dyspepsia? Most people have. "Coleman's Guarantee" will positively cure these common ailments—"take it, eat what you want and be happy." Price 50c. large bottle at druggists.

A DISCOVERY.

Mr. James R. Coleman, a native of Pittsylvania county, Virginia, was afflicted with indigestion for twelve years; he could eat no solid food without great agony, and could not sleep at night. He was treated by eminent physicians who pronounced his case hopeless. As a last result he began the use of a preparation of his own as an experiment and found relief at once; in six week's time he was able to resume his farm work, a cured man. This was six years ago and he has had no return of the symptoms up to this time.

Mr. Coleman called the remedy "Coleman's Guarantee," and the results from its use among his friends were so marvelous that The Coleman Remedy Company was formed last year at Danville, Va., for the general sale of the preparation. "Coleman's Guarantee" is sold by druggists at 50c (large) bottles. Ask for booklet telling of many wonderful cures.

The Skin AN INDEX TO THE BLOOD

Millions of little glands or tubes connect the blood with the skin, and through these small drain pipes perspiration passes out, carrying with it the impurities that are thrown off by the blood. Should the pores of the skin be entirely closed for even a brief space of time, and the poisonous matter forced back into the circulation, instant death would result. In addition to the sweat glands, the skin is provided with certain others which pour out upon it an oily substance, keeping the skin pliable and soft and protecting it from heat and cold. The blood and skin are so closely related that whatever affects one seriously interferes with the functions of the other. Not only health, but life itself, depends upon perfect harmony between the blood and skin. When, therefore, the blood becomes poisoned from any cause, it quickly manifests itself upon the skin in the form of sores and ulcers, pimples and various eruptive diseases. By the character of the sore we are enabled to determine the nature of the poison or humor in the blood, as every disease originating in the blood has its own peculiar sore or pimple. The skin is not only affected by the poisons generated in the system, but poisons from without enter through the open glands or pores and quickly infect the blood. Mercury rubbed upon the skin will produce Rheumatism, and Poison Oak and Ivy and other wild plants gain easy access to the blood through the skin. As so-called skin diseases originate in the blood, the application of powders, soaps and washes can do no permanent good, but often do immense damage by closing up the outlet to these little tubes and interfering with the natural action of the skin. The treatment must begin with the blood, and the acid or other poisons antidoted or neutralized. S. S. S. does this and purifies the circulation, builds up the blood and flushes the little glands or pores with pure, new blood, and restores healthy action to the skin. The use of cosmetics never yet brought health and beauty to a rough, red, pimply skin or sallow complexion. What is needed is rich, pure blood, such as S. S. S. makes. It not only relieves you of all disfiguring blackheads, blotches and irritating, itching eruptions, but improves your general health. S. S. S. contains no mercury, potash, arsenic or other mineral, but is a purely vegetable remedy and the safest and best in all blood and skin troubles. Write our physicians for advice or information; they have made a study of blood and skin diseases, and you can have the best medical advice without cost. Book on Blood and Skin Diseases free.
