MOREHEAD'S MACHINE SUNK

And The Pulling Getting Worse Daily.

That's the Way the Republican Situation Is Viewed by Manager Beasley of the State Democratic Press Bureau -While the Republicans Have Many Drawbacks, Butler, in the Judgment of Mr. Beasley Is the Heaviest Load They Have To Carry.

Raleigh, Oct. 8 .- "The campaign is going with a swing and a vim," said Mr. R. F. Beasley, manager of the State Democratic Press Bureau, this afternoon, "that is remarkable for an off year in North Carolina. The beginning of the final thirty days before the election finds the Democratic party throughout the State united and aggressive, and going with a dash that foretells increased Democratic majorities practically everywhere. Fine local tickets have been nominated in the counties, local differences have been settled, and Democrats everywhere are bucking the enemy's lines with a dash that is putting the Republicans on the defensive even in their strongholds.

"The weekly papers from the counties have come in full of fresh and encouraging news from the boys in the trench-6. A reading of their columns confirms the opinion that the party is in full fighting trim.

"The encouraging news of the spread of Democratic principles over the whole country has put into the State campaign almost the interest that attaches to a Presidential election.

"A well known North Carolinian traveling in Ohio writes Chairman Eller that Democratic prospects are bright in that State, and such news coming from abroad puts enthusiasm into the home

"Speakers report fine crowds and from every direction headquarters are besieged with requests for speakers. The people are anxious to hear the gospel of Democracy. Wherever our candidates are liable to get joint discussions the gains

"This year marks the decennial of the overthrow of the fusion regime; the indications are that the people will celebrate in fine shape.

"The feature of the week has been the utter disgust and contempt that Butler's campaign of coarseness and abuse has aroused in the minds of decent people of all shades of political opinion. When he came back to North Carolina with a great blare of trumphets for the avowed purpose of making the Republican party respectable, he seems to have forgotten that the people have long memories, and that his record can hever be blotted out. Ten years in Washington City as a lawyer and lobby-'s' plying a mysterious business has not subtracted from it. You may break, you becashatter, the vase if you will, but the scent of the roses will linger there

"Butler's infamous betraval of Pritchis an odor that will never get out 6 Republican minds and his betrayal of I e State in the bond matter cannot be contained away by his vindictive and The abuse of honorable men. The taint so wraps him about that he can har again make himself respectable but less add any respectability to the Remiblican party. AN APPEAL TO DEMOCRATS. To the Democrate gressional District:

The campaign is now more than half over; we have less than a month in which to-work. During this time every Democrat in the district should be actively at work for the party. The kind of campaign the opposite party is making requires personal work on our part. Having refused joint discussions in most counties and in the congressional district, we have much to fear from an insidious campaign, which must be met by personal work alone; and if every Democrat will do his duty between now and the election we will carry the district by an overwhelming majority.

During this time all of the voters who are not properly registered and who have paid their poll tax ought to see to it that their names are on the registration books, which will be opened twenty days, beginning on Friday, October 7. and closing on aturday, October 20. No matter how strong a Democrat you may be, your vote is lost unless your name is properly registered, and it takes votes to carry the election.

All over this district I find Democrats willing to work for the party and deeply interested in carrying this election. We must win by work and guard against overconfidence. I urge the Democrats of the district not to sit down and wait until the opposite party gets in its work; but from now until the election continue to see to it that our friends are registered and that they go to the polls and vote.

At the head of our congressional ticket is a Confederate soldier who was first at Bethel and last at Appomattox and who bears upon his body the scars of battle. There is not a Confederate soldier from North Carolina in Congress. We should put forth a special effort. This may be the last time we will have an opportunity to vote for a Confederate veteran for Congress. Almost every day we hear that some brave Confederate soldier has answered the final summons. Their ranks are thinning rapidly. We owe them a debt of gratitude. This is our last chance to pay it.

This is a Democratic year. The eyes of the country are upon the Fifth district of North Carolina. With zeal and enthusiasm born of the foreshadowing of a great victory let us work as we have never done before from now until the sun goes down on the 8th of Nov

Yours very truly. A. WAYLAND COOKE. hairman Democratic Congressional Ex ecutive Committee.

Found in Room Badly Will Break Records, it Wounded Yesterday.

Supposition Is That He Tried To Commit Suicide-Was Resting Well At Midnight and Will Recover-Wound Was Just Behind Right Eear-Defective Cartridge Probably Saved Life-Shooting Occurred About Eight O'clock.

With a bullet hole just behind his right ear Mr. Solomon N. Cone was found in his room in the Huffine building, corner of Elm and Sycamore streets, yesterday morning shortly after eight o'clock. Physicians were hurriedly summoned and the injured man was hurried to St. Leo's Hospital where the ball was extracted. Last night at midnight he asks. was reported as resting well and his recovery is practically assured.

Mr. Cone was found by his valet shortbegin his usual morning duties. Mr. while close by lay the revolver, a 32blood was slowly oozing. The horrified work. valet summoted assistance and soon physicians were on the scene. It was seen at once that while Mr. Cone was badly wounded the wound was not necessarily fatal and he was taken at once to St. Leo's Hospital.

It was found that the outer plate of the skull was penetrated, the ball coursbelieved that the cartridge was defective or else the brain would have been penetrated, in which case death would have been almost instantaneous. The nature of the wound was of such character that was inflicted only a few minutes before Mr. Cone was found lying in his chair

While Mr. Cone was able to talk last night he was not allowed to discuss the the shooting there is no doubt but that hit. he will be able to give the true facts concerning the manner in which the wound was inflicted. While the supposition is that he attempted to end his life no reason can be given for his pursuing such a course. His brother, Mr. Ceasar Cone, was seen last night by a reporter, but he could throw no light whatsoever on the matter. He said if there was any reason why Mr. Cone should wish to kill himself he did not know of it. Despite the fact that the shot was fired about 8 o'clock no one

seems to have heard it. Mr. Cone was seen late Friday night and appeared to be in his usual jolly mood. He was always in a congenial Frame of mind and his friends always thought that he took business troubles | Ga. too lightly for anything of like nature to prev upon his mind. He is one of the best known cotton merchants of the city, being a member of the firm Cone & Hedgepeth, with offices in the Huffine building. He occupies a suite of

room directly in the rear of his offices. The shooting following closely the suicide of Friday caused no little sensation and for several hours all kinds of rumors were floating around the city. One person would tell one thing, while the next minute one would hear a conflicting statement. Several times during the day it was reported that Mr. Cone was dead. One rumor was that Mr. Cone slept with a revolver under his pillow and that it was in some way discharged while he was asleep. The fact that he was found in his chair fully dressed soon disproved any impressions this rumor might have formed

LITERATURE DEPARTMENT OF THE WOMAN'S CLUB.

First Meeting Yesterday Afternoon Was Highly Interesting.

Despite the inclement weather, the literature department of the Woman's Club held a very entertaining and satisfactory meeting vesterday afternoon at the Carnegie library. A very attractive program had been prepared and those who braved the elements felt well re-

Features of the meeting were a highly interesting and comprehensive paper on Scott as a Novelist, by Miss Belle Hampton; a well written sketch on the historical settings of Ivanhoe and Kenilworth, by Mrs. Ed. Albright, read by Miss Isla Stratford; concluding with a delightful and instructive talk on places she had visited in England and Scotland, by Mrs. L. J. Brandt.

The department is well pleased to have made so good a beginning, and if the high standard of this first program can be maintained it will make its influence felt, not only among members of the club but will attract to itself the best literary taste of the city. While its object primarily is self-culture, like other departments of the Woman's Club, it is a working organization and is glad to welcome those who are willing to help and to be helped.

FRANK GREEN IN TROUBLE.

Negro Who Has Been In Court Several Times Charged With Larceny and Highway Robbery.

Sergeant Pearce and Officer Iseley vesterday afternoon locked up Frank Green, a negro whose name has frequently appeared on the docket in Municipal court, on the charge of stealing a suit of clothes and a Winchester rifle from Arthur Clapp. He will be given a hearing Monday morning in Municipal University.

However, a still more serious charge is pending against the negro, being wanted by Deputy Sheriff Andrew Wyrick, of White Oak, on the charge of highway robbery. Friday night Green made the acquaintance of Zil Simpson, colored, who lives near Lee's Chapel, who was in town. Green ascertained that his new acquaintance had some cash about his person and resolved on a shrewd plan to get it. He asked Simpson to let him ride in his buggy as far as White Oak and he was accommodated. However, when they had gotten just beyond the hospital Green ran his hand into Simpson's pocket and snatched forth \$10. He at once sprang out of the buggy and fled.

He will be given a hearing on this charge as soon as the case against him in Municipal court is disposed of.
