REGISTRATION BOOKS CLOSED

Many Names Were Added on Yesterday.

Ratio of New Registrations in City Over Two To One in Favor of the Democrats—County Chairman Sherrill Says Majority in County Will Average At Least Seventeen Hundred—Other Leaders Content.

The registration books closed yesterday at sundown and only those whose names are recorded in their respective precincts will be permitted to participate in the general election on Tuesday, Nov. 8. The registration yesterday was quite heavy, a large number of people waiting until the last day as is usually the case. In the city the Stedman Club members were quite active and through their efforts a large number were prevailed upon to register and thus qualify themselves to vote Tuesday week.

From reports received from all parts of the county it appears that nearly three times as many Democrats as Republicans registered, this being due in a large measure to the efforts of the Democratic organization in calling on the voters in all parts of the county and seeing that they registered.

Chairman Sherrill was seen yesterday afternoon and he was in fine spirits over the outlook. He estimated that the Democratic majority this year in the county would be at least 1,700. The Republican vote is not going to be as heavy as usual, he says, and the Democrats are going to make considerable gains. A number of Republicans have stated that they did not intend to vote this year because of the evident dominating power of Marion Butler behind the State chairman.

Other Democrats in the city who have been keeping close tabs on the political conditions in the county are equally sanguine as Chairman Sherrill. It is thought that Maj. Stedman, nominee for Congress, will lead the county ticket with the State Senator a close second. For the past few days all efforts have been to have all Democrats registered. Now that the registration books are closed the importance of going to the polls will be pressed upon the voters by the Democratic speakers. A large number of speeches will be made in the county during this week and the campaign will be closed Monday night, Nov. 7, with a speech in the opera house by Maj. Stedman. It is possible that Hon. C. Watson, of Winston, will make a short talk on this occasion also.

Ex-Gov. R. B. Glenn will speak in the court house on Tuesday night at 7:30 and Gov. Kitchin will speak on Nov. 4 at 7:30. Senator Overman will speak at the proximity on the evening of Nov. 3. Gen. B. S. Royster will speak at Stokesdale on Nov. 5. An effort is being made to have ex-Gov. Aycock speak in the county.

Local Democratic speakers were busy last night. Mr. E. D. Broadhurst spoke at Tabernacle, Col. Hobgood spoke at Stokesdale, Capt. J. W. Forbis spoke at Pomona and Messrs. T. J. Gold and Glenn Hudson spoke at Gibsonville. At each place there was a good sized crowd and the speakers were warmly received. Chairman Sherrill is arranging for a number of speeches by local Democrats this week.

Prof. Spence At West Market This Morning.

Prof. H. E. Spence, of Trinity College, will fill the pulpit at West Market Street church this morning. The pastor, Rev. E. K. McLarty, is at present at New Bern conducting a revival, in which there have been a great many conversions and the meeting was such that it was impossible for him to get away. Prof. Spence has kindly consented to fill his pulpit and the congregation is to be congratulated upon having the opportunity of hearing him. Prof. Spence is professor of English in Trinity College, succeeding Dr. Mims in the Chair of English literature. He is a brilliant speaker and a fine preacher and it is hoped that the congregation will turn out in full force to hear him.

The reception committee of the Stedman Democratic Club are requested to meet Governor Glenn at the Hotel Hudson on Tuesday at seven thirty o'clock and escort him to the court house.

THE CITY SHOULD BURN ITS RUBBISH

The Manner in Which Waste Is Scattered Over Fields in Outskirts of City a Disgrace Says Civic Department of Woman's Club—Apply a Match and Solve Problem.

Dr. Battle in his talk before the civic department of the Woman's Club, recently, emphasized the importance of burning leaves and broken twigs—old papers and rubbish of every kind in which, germs might find lodgment and where they might deposit eggs that would hatch in the spring under the quickening rays of the warm sunshine. And the ladies, when they urged the citizens to clean up, promising that the city wagons would remove all trash collected, did not know and did not intend that the objectionable, germ-laden, non-descript conglomerate mass should be taken merely beyond the confines of the city only to offend the eyes and nostrils of our country friends and people who travel the public highway.

The question has been asked before in this column and we want to ask again: Where is Greensboro's dumping ground? People driving over the county roads bring damaging reports of conditions just outside the corporate limits, where, it is said, the contents of the trash wagons have been emptied indiscriminately along the road side and in fields which are so disfigured thereby as to be positively unsightly. Now the civic department understands that Greensboro has no money and cannot afford an incinerating plant, but it can afford a box of matches, and there is no reason under the sun why the rubbish collected in the city cannot all be taken to some large open field, set apart for that purpose and far enough removed from buildings and fences to avoid any risk, and reduced to ashes, instead of being left to the mercy of the winds to be blown about all winter and become more and more a menace to health and a greater blot upon the landscape. The department suggests matches as a solution of the dumping ground problem for the present, at least. When Greensboro grows to be a big city, in the gradual evolution of matters municipal, the incinerating plant will come as a necessity. In the meantime let the rubbish be burned in an open field, to which, under proper precautions and intelligent direction there can be no possible objection.

The question of clean grocery stores and sanitary meat markets is one which is being agitated by members of the Woman's Club and especially by those of the civic department. The time has come when good housekeepers demand pure food and will not countenance the slovenly methods indulged in by the old style country merchant, who sold "dry goods and groceries" and never disturbed the cobwebs on his shelves or the boxes under his counter. In these enlightened, scientific days of practical knowledge and practical living, the dealer who keeps a clean place is the one who gets the best patronage from the best class of customers.

Owing to the fact that bad weather and conflicting entertainments have caused the postponement of the lawn party arranged for the Junior Civic League several weeks ago, it is now decided to abandon it for the present, substituting something a little later on more suitable for the season. The juniors are urged to keep up their good work and wait for the committees. They can all keep busy the next two months clearing away the leaves and planting bulbs for cultivation in the early spring. Everybody agreed that Greensboro looked better the past summer than ever before. Let next summer mark still another step forward.

Booker T. Washington, the noted negro educator, will speak in the auditorium tonight at 8:30 o'clock and it is expected that he will be heard by an immense audience. Washington is known and honored for his work among his people not only throughout the entire country, but in other countries as well. He is without a doubt the greatest man in the colored race and has done more for the uplift of the negro race throughout the country than any other man. He is an able speaker and is well informed as to existing conditions in this and other countries and it will be a treat to hear him. Special music will be rendered by the best negro talent in the city.

The hour for the speaking was first fixed at 8 o'clock, but at the request of some of the pastors of the white churches of the city the committee in charge, desiring to have the pastors and their congregations present if possible, consented to change the hour until 8:30. This will give the pastors an opportunity to hold brief services at their churches and then go to the auditorium.

Arrangements have been perfected for the accommodation of all who desire to be present at the speaking and have not secured tickets. This matter will be in the hands of the Auditorium committee who will be at their posts of duty at Auditorium from 4:30 to 7:30 p. m.

Washington and his party, among whom is President J. B. Dudley, of the A. & M. College, will arrive this afternoon at 6 o'clock from Winston. The reception committee, composed of representative colored people of the city, will meet the party at the train and the entertainment committee from the Business Men's League will take charge of the party until time for the address in the auditorium.

Monday morning Washington will go to Reidsville, but will return here at noon. He will be given luncheon, after which the party will tour the city, being in the care of the entertainment committee. During the afternoon 15 minutes will be spent at the A. & M. College, 15 minutes at the Lutheran College, 15 minutes at Bennett College and 10 minutes at the Suggs building. Afterwards the party will visit the other colleges if time will permit. At 3:20 Washington and party will leave on the train for the East, stopping over at Durham.

While in Greensboro Washington and party will receive every attention at the hands of the entertainment committee, which has spared nothing to make the visit of the noted negro as pleasant and enjoyable as possible.

FIFTY-FOUR AND SIX THE SCORE

High School Boys Defeat Reidsville Team.

Hard Fought Football Game on Local Gridiron Yesterday Afternoon—Visitors Did Fine Individual Work, But Team Work Was Lacking—Coffin Kicks Nine Goals Out of As Many Chances—The Officials.

Cone Park was the scene of a hard and on-sided struggle yesterday afternoon when the football team representing the Greensboro High School defeated the eleven of the Reidsville High School by the score of 54 to 6. The game, however, was a farce by no means, as it was hard-fought from beginning to end.

The losers played a good game individually, but the interference of the local backs was too strong for any defense except that of united teamwork. The team showed plainly its need of a coach, for they have much good, though raw material that could be developed into a fast eleven. Long end runs proved to be the best ground gainers for the locals, as their splendid interference repeatedly carried the runner for long gains. The visitors used the forward pass frequently, rarely executing it successfully but in a scramble luck usually favored them and the ball was recaptured on the majority of the attempts.

Greensboro scored the first touchdown in four minutes of play as the local backs, circling the ends for long runs, carried the ball within striking distance of the goal and enabled Marra to carry it across by a line plunge. Coffin kicked the goal. The next touchdown was made in three minutes. A long, beautifully executed forward pass, Coffin to Harry, netted a gain of forty yards and carried the ball to Reidsville's three yard line. Yates carried the ball over and Coffin kicked goal. The third touchdown of the quarter was scored by Murray's run to Reidsville's ten yard line and Grimsley's plunge for a score. Goal was kicked. In the entire quarter the Reidsville boys only held the ball for a few minutes. Greensboro clearly demonstrating her superiority by almost wiping the visitors off their feet. Score 18-0.

After a three minute rest between the quarters, the Reidsville team came back strong and exhibited greater strength than any shown against Greensboro here this season. They took the ball on downs on Greensboro's thirty-five yard line and immediately worked a forward pass which carried them to the eight yard line. The next play sent Hubbard through the line for a touchdown. Hubbard also kicked goal. Greensboro was somewhat stirred up by this score and, following his own advice to "carry her on through, boys," Capt. Coffin received the kick-off and, aided by splendid interference, ran the length of the field for a touchdown. He succeeded in kicking goal. The score at the end of the quarter stood Greensboro 24, Reidsville 6.

In the first part of the third quarter Grimsley captured a Reidsville forward pass and ran forty yards for the fifth. The visiting boys thought the play was dead and made no effort to block Grimsley but, as they were proved to be in the wrong the score counted. Next, Marra, after the ball had been taken from Reidsville on downs, delivered splendid interference, ran forty yards and carried the ball to the five yard line. The next play sent Coffin over for the sixth touchdown, and later, the sixth goal. Soon following came Harry's capture of Reidsville's forward pass on Reidsville's fifteen yard line. A couple of plays sent put Yates across and Coffin kicked goal. Score, Greensboro 42, Reidsville 6.

Reidsville's first play in the fourth quarter was a forward pass which Coffin captured and the result was the eighth touchdown and goal. The last touchdown was made by Grimsley, after Greensboro had recovered a kick and Dixon had fallen on a forward pass. Coffin completed an excellent record of nine goals out of nine chances and the score stood Greensboro 54, Reidsville 6.

Although the score against them was large Reidsville showed unexpected strength by scoring on the locals, a performance which is very rare in these seasons of championship teams turned out by the Greensboro High School. The Greensboro boys were twice called back

from touchdowns on account of illegal plays, which, if counted, would have run the score larger. The best playing of the game was done by Coffin, Murray and Grimsley of Greensboro, and Hubbard and Thompson for Reidsville.

The officials of the game were: Coffin, referee; Groome, umpire; Mr. Muir, head-linesman; and Harry and Walker, timekeepers. The quarters were ten minutes each. The opposing line-ups were:

Greensboro.	Position.	Reidsville.
Foust	C.	Pool

FETE IN FLOWERLAND THE FOURTH AND FIFTH

Sale of Tickets Assures the Presence of a Large Audience.

A brilliant audience is assured the Fete in Flowerland the 4th and 5th by the sale of tickets and box parties. Society will be largely represented and a large part of Greensboro will certainly see this beautiful floral operetta.

A special feature will be the Spanish dance by Miss Lindley and Mrs. Willson also very humorous character sketches by Mrs. Willson. A child of unusual talent will come from Roanoke to give the Dutch song and dance with Fontaine Willson, who has won the hearts of the entire Fete in Flowerland east-of-300.

Schiffman's Jewelry Store has donated a beautiful ring to the one who sells the largest number of tickets and Bernau's Jewelry Store has given a handsome perfume bottle to the best actor or actress of Flowerland to be decided by votes from the audience.

Rehearsals Monday at the Grand: 3 p. m.—Butterpeas. 3:30 p. m.—Sweetpeas. 5:30 p. m.—Revel of Hearts. 6 p. m.—Pantomime of Rosary.

When Fete in Flowerland was given in Richmond, the Times-Dispatch said:

Society sat in the boxes at the "Fete in Flowerland" given at the Academy last night and was delightfully entertained, the curtain rising on tableau after tableau of unusual beauty in grouping and artistic arrangement. The little fairies waved the flowers on the scene with their beckoning wands. One of the prettiest acts of the evening was a fancy dance in which they were veritable fairies indeed by their lightness and grace.

All the little people were excellent in their choruses and motion songs as Snowdrops, Rosebuds, Forget-me-nots, Buttercups, Daisies, Lilies, Sweetpeas, etc. "Consider the Lilies" was especially fine and the solo parts worthy of special and most complimentary mention.

"The season's debutantes were seen in a pantomime, composed by Miss Moorman, illustrative of Nevin's "Rosary." This was a star act, the buds gowned in Greek Costumes, their hair banded with fillets, their grouping and swaying motions presenting an enchanting picture. They also appeared in "Revel of Hearts," which was roundly applauded. Debutantes of last year in a "Revel of Smilax" held the attention of the audience in a delightful way. Then the two groups returned to the stage and mingled in several figures, each gained by association and color contrast.

The specialties were excellent and the comedy which closed the performance kept the audience laughing from start to finish. Each actor was so suited to his respective role that all were stars.

HOOK & LADDER WAGON.

Temporary Outfit Designed and Made in Greensboro—Was on Trial Yesterday.

The Hook & Ladder wagon is undergoing repairs and Assistant Superintendent Cox and Mr. E. E. Bain, of the Fire Commission, designed and manufactured an improved temporary outfit to be used until the regular wagon is ready for use. With the exception of the wheels and running gear the apparatus is the real "Greensboro Make" and in case of a fire the wagon would no doubt make a hit to use the parlance of the shows.

With the exception of the raising ladder, or derrick, the new wagon carries all the ladders the regular wagon carried. The driver has a high seat and a foot rest. There is no gong, but one will likely be added later. The wagon was tested out yesterday. The driver sent his horses along the street at a lively gait, but it was found that a sharp turn could not be made as could be done with the regular wagon.

Mayor Stafford viewed the Greensboro invention and at once arrived at the conclusion that the outfit would make a capital police patrol, with the addition of two benches for the prisoners. He talked like the city might purchase the wagon and turn it over to the police as soon as the regular fire wagon is repaired. At any rate he said that the outfit would be a great improvement over the present patrol, which has often upset the officers when they were going after an offender.

Let Off With Costs.

In Municipal Court yesterday the principal case was that against Hazel Headen, the negro lad charged with assaulting Percelle Wellob with a brick. Judgment was suspended on payment of the costs, including the physician's bill. Myrtle King was taxed with the costs for failing to appear in court as a witness.

Ireland's cash shoe store is getting ready for the opening. The goods are coming in—all new right from the factory. Look out for opening announcement.

Don't forget our mineral waters, Mt. Vernon and Veronica. We will handle all winter. S. M. Maddox & Co. Phone 828.

Ex-Governor R. B. Glenn will speak in the court house in Greensboro Tuesday night. Let everybody come out and hear him discuss the issues of the day.
