VOLUME I.

GREENVILLE, N. C., SATURDAY AFTERNOON, JUNE 30, 1917.

NUMBER 14.

TWO FAST FREIGHTS IN COLLISION TODAY

(By United Press)

NORFOLK.—Two fast freights collided head on between Kittrell and Franklinton, N. C., this morning before noon. Twenty cars were burned and the two locomotives were torn to pieces in the wreck. Both firemen and both engineers were killed in the collision. The names of the dead engineers are Harry C. Gaskins, Norfolk, Va., and C. Linkous, Raleigh. The names of the firemen are unknown.

Governors Called Upon to Nominate Men for Boards of Exemption

(By United Press)

WASHINGTON.—Warning them of the gravity of the task before them, the War Department has called upon the governors of the various states for nominations to the upper tribunals that will single out the men for America's new armies. On each Board the farmer, the big employer and the laboring man will be represented. In a letter to the governors, Secretary Baker called attention to the double responsibility that rests upon the Boards to raise the armies and at the same time avoid injuries to the industries vital to the needs of the nation.

AUSTRIANS LOSE 8,000 IN LATE FRUITLESS OFFENSIVE

(By United Press)

ROME.—At least 8,000 Austrians succumbed in a fruitless offensive of the enemy around Mt. Ortica between June 10th and 25th. The Italian War Office states that the battles at that point set a new mark in ferocity, and that today neither side held the mountain.

GREECE PLANS IMMEDIATE PARTICIPATION IN BIG WAR

(By United Press)

ATHENS.—Greece has moved rapidly, following its determination to get into active service against the Germans. All the Greek diplomatic representatives of the Central Powers have been formally recalled, and all the Greek army chiefs have been summoned to Athens to a conference as to the best plans for the utilization of the Greek army. In the Capital it is confidently expected that Germany will immediately respond with a declaration of war against King Alexander.

Truce Between "Wets" and "Drys" Announced

BY ROBERT BENDER, (United Press Staff Correspondent)

WASHINGTON.—The first great prohibition riot in the Senate has been quelled temporarily by the President. Following an informal agreement between the dry and the administration leaders to kill whiskey but spare beer and wines, the friends of the Food Bill are confident of its early passage without more serious delays.

CANADIAN NORTHERN TRAIN IS DELIBERATELY WRECKED

(By United Press)

NAPANEE, ONT.—The Canadian Northern train to Ottawa was deliberately wrecked near here today. All the passengers miraculously escaped injury. Those who were on the train included Sir William McKenzie, Sir John Aird, and a number of other prominent Canadians.

GREENVILLE GETS A LARGE NEW BUSINESS ENTERPRISE

The old Greenville Knitting Mill, which has so long stood idle, will soon be resurrected, and the busy hum of the wheels will soon resound again within the walls so long still. This is the good news that has come to the citizens of the town within the past few days, together with the welcome tidings that the re-opening of the industry will give employment to at least one hundred people. The Scotland Neck Knitting Mills Company, a company with several knitting mills in eastern Carolina, has just closed the deal for the taking over of the site of the old factory situated in South Greenville, and will start immediately to converting it into a modern hive of industry. The building will be enlarged and remodeled, and new machinery installed. The work will be rushed to completion, and it is planned to have the enterprise under full headway by Sept. 1. The company is under the management of Mr. McDowell, who has made a great success in this line of work, and his coming to Greenville will be warmly welcomed by the business men of the town. They have long felt the need of more manufacturing enterprises here, and the coming of this concern with a hundred employees will add stimulus to the life of the town and quicken its business pulse.

LENS ALMOST IN GRASP OF BRITISHERS AND CANADIANS

(By United Press)

LONDON.—With irresistible force the British have swept closer and closer to the great mining center of Lens, until that city is almost within their grasp. A new and sudden onslaught made a gain of a mile over a front of four miles. General Haig reported, "all objectives gained with slight loss; considerable enemy losses."

VENEZUELA DENIES REPORT SALE OF ISLAND TO GERMANY

(By United Press)

WASHINGTON.—Venezuela has issued an emphatic statement flatly denying that either her government or any private citizen of that country had intrigued to sell the island of Margarita to Germany as a secret base for submarines. This is the answer of Venezuela to the representations recently made by the United States protesting against the disposal of the island to the Teutons.

CROWN PRINCE IN EFFORT TO RETAKE DEAD MAN'S HILL

(By United Press)

PARIS.—In perhaps the savagest attack ever delivered on the western front, the picked troops of the German Crown Prince drove forward last night, in the Verdun sector, and after several charges succeeded in penetrating the first line trenches of the French on nearly a mile front. They were immediately expelled according to the French War office. Fearful losses were inflicted upon the attackers, with only a small bit of ground on the west slope of Dead Man's hill as the result.

LIQUOR ADVERTISING BARRED FROM MAILED AFTER TODAY

(By United Press)

WASHINGTON.—Liquor advertising or liquor soliciting by letter, postal card, circular, newspaper or publication of any kind, will be barred from the mails by "Act of Congress" after tomorrow when addressed to anyone in dry territory. Anyone "knowingly" sending a liquor ad in violation of this Act of Congress, whether publisher of a newspaper or his agent or any liquor dealer or his agent, is liable to a fine of \$1,000 and six months' imprisonment. For any subsequent offense a year's imprisonment may be imposed. Newspaper and magazine readers in dry territory are likely to receive their papers "censored" of liquor ads by the liberal use of shears on the part of news dealers. This practice is already in effect in Georgia. Not only states which are completely dry but dry counties, towns and even wards in subdivisions of any state or city otherwise "wet" are closed to liquor advertising or soliciting by mail.

WHITE'S THEATRE
(Coolest Place in Town)
MRS. VERNON CASTLE
—in—
"Patria"
Beginning Monday Night

OFFICERS RAID RED LIGHT DISTRICT THIS AFTERNOON

Word has just come that the officers are raiding the Red Light District this afternoon. Acting under warrants issued by the Mayor, the officers this afternoon raided the entire section. At the house of Ethel Lee the officers secured 161 bottles of beer. At two other houses nothing was found. The raid is still in progress the Daily News goes to press. Ethel Lee put up a cash bond for her appearance in the Mayor's court Monday morning at 9 o'clock to answer the charge of selling intoxicating liquors.

At The Churches

Episcopal.
Sunday School at 9:45 A. M.

Special solo by Miss Curris in the morning, and by Miss Madeline Higgs at night. We will be glad to see you present.

NEAR FIRE AT NORFOLK SOUTHERN; NO DAMAGE

For some years the manufacturers have been trying to see how loud they could make socks, and each succeeding order has had some new wrinkle to add a new notch of loudness, until the ultimate has now been reached. For a pair yesterday was so loud that it almost set the Norfolk-Southern passenger station on fire. Some one in a fit of modesty had pulled this pair of socks off and laid them near the wall at a place where the plastering had been peeled off. Whether they were set on fire, or whether they just "natchery ketches" is undetermined, but when the porter went into that part of the building they were burning spitefully, and the lathing was just ready to start a sympathetic fire. A little water put out the blaze, but the ringlets on the hose are still dangerous and liable to flame out again. They will probably be confined in the future.

MRS. VERNON CASTLE WILL APPEAR IN PICTURES AT WHITE'S THEATRE MONDAY

Mrs. Vernon Castle, who is to appear at White's Theatre Monday night in the new serial picture, "Patria," is well-known over the world as a dancer of wondrous grace and beauty. She is also a leader of fashion in New York City. Her magnificent gowns are "things of beauty and a joy forever." Wherever Mrs. Castle goes all eyes are turned her way, in the hope of seeing something new and startling in the way of clothes. Her husband, Vernon Castle, has recently returned from France where he was wounded fighting in the trenches. In "Patria," the greatest serial picture of the motion picture world, Mrs. Castle makes her fame as an actress secure. This picture has been running in New York and other large cities for several months, and its popularity is increasing all over the country. Greenville is fortunate in having the opportunity to see this film drama, and Mr. White is to be congratulated upon dating it. Doubtless large crowds will be on hand to witness the initial installment of this wonderful serial Monday night.

Rain Prevented Recruiting Rally

Due to the severe rain storm last night the recruiting rally was not held in the court house as advertised, but the Pitt County Guards who were to meet at Johnston & Foxhall's warehouse and marched to the meeting were faithful in the performance of their duty and would have been on hand had the meeting not been called off. The drill which took place in the warehouse was very satisfactory in spite of the damp wearing apparel.

Col. Rodman of Washington, N. C., who came up to participate in the rally for the purpose of recruiting his company of 190 men for Field Artillery, stated that he had been authorized to raise the company immediately, and that he hoped to succeed in recruiting the company entirely from Beaufort and Pitt Counties. Col. Rodman is very enthusiastic about his company and says that he already has 125 men enlisted and is sure to be able to meet the requirements before the drafting begins, however, he wants to give every man a chance to enlist of his own free will before the draft gets him, and in discussing this question he gave the following reasons why a man should join now instead of waiting, to wit:

Statistics show that six of every ten men fail to pass the physical examination, and that of the remaining four two are married or have someone dependent upon them, therefore if you are single and can pass the examination there is almost no chance for you to escape the draft. If you enlist now the physical examination will exempt you as effectively as it will in the draft, so therefore you run no risk. The field artillery is the most attractive branch of the service and far less dangerous. You are kept in the rear with your guns and don't have to charge machine guns or barb wire entanglements. The company being raised is to be composed exclusively of Pitt and Beaufort boys, so you can be with your home crowd all the time, fight together and care for each other, whereas if you are drafted you are liable to be put with the toughest crowd in the country who will care nothing for you, no matter what happens.

THIS IS YOUR LAST CHANCE TO KEEP FROM BEING DRAFTED ACT QUICK BEFORE THE HOME COMPANY IS FILLED UP.
For particulars see D. M. Clark, Greenville, or phone Col. Rodman, Washington.

"PRUSSIANS MUST BE TAUGHT HUMILITY"—D. LLOYD GEORGE

(By United Press)

DUNDEE, Scotland.—"We now have such a reserve of munitions and the implements of war that whatever the submarines do they cannot prevent our successful prosecution of the war," Lloyd George, England's Premier said here today. "We have already by our preponderance of the sines of war driven the great German army underground, and that means the beginning of the end. It means the pounding of a sense of inferiority into every pore of the German Mind. The Prussians possess many virtues, except that of humility, which we are now teaching them by the fierce and relentless lash."

When he said that "the government itself if necessary will pay the difference between the price of bread so as to bring it within the compass of the bulk of people." He was wildly cheered.

BEST CLUB MEMBERS TO GET THE FINE AWARDS

And Now Is The Time To Put In The Most Telling Licks In The Campaign. You Can Win Join Today!

Twenty years ago people looked at an automobile with eyes almost as those of a small boy taking his first trip to the circus. They were big clumsy, high-backed affairs, expensive of purchase, uncertain of operation and at their best, an unspeakable extravagance practical only to the rich and well-to-do. Even now when they have become smooth running, high powered things of elegance, speed and wonderful performance, holding an indispensable place in every day commerce and pleasure, only the cheap have come within the reach of people with moderate means. Years of saving and sacrifice are necessary before the majority of homes can know the joy of owning and driving their motor car. Even in business where the automobile could be made to pay for itself many times over, many men are forced to plug along with old time methods because the initial cost of a car is absolutely prohibitive. But today through the Auto Club, the Daily News is offering you the opportunity to own a big six cylinder touring car of the latest type completely equipped to the smallest detail, absolutely free, without one cent of cost to you. You need not wait. The car can be yours on August 11th. If you become a member of the Auto Club and start an active campaign at once. In addition to the car, there are numerous other prizes ranging from a \$500 Backard piano, Grafola and Gruen watches. Then last but not least a ten per cent cash commission to all non-winners. The Auto Club is a big campaign conducted along sane business lines. It is of such a nature that even the most particular person need not have any scruples about becoming connected with the club. To the members of the ten thousand and class we would say that it will pay you to at least turn in one club of twelve dollars before expiration of this 200,000 vote offer. Members who do not start active work by that time will be stricken from the list. Why not show your appreciation to the friends who nominated you by at least making a try. You cannot lose.
