(By United Press)  
NEW YORK.—More than seventy-five per cent of the Americans called up before the Boards for the National Army examination so far have claimed exemption, according to reports of the United Press all over the country. The disqualifications for physical disability varies considerably, running much higher in the big cities than in the towns that are free from congestion. In New York City, 1427 out of 5415 examined were found to be possibly eligible aliens, and the physically unfit totalled 1827, while 2161 claimed exemption. Most exemptions were based upon dependents.

Officials are at a loss as to what to name the second loan.

#### "Sammies" Get Trench Helmets

#### Serious Wreck on Norfolk & Western

WINCHESTER, Va.—In one of the most disastrous freight wrecks in the history of the Shenandoah division of Norfolk and Western Railway, two men were instantly killed, four were injured, and four ponderous locomotives were completely demolished near Rappan, Va., early Wednesday. The dead are: R. E. Duke, Bentonville, Va., twenty-three years old and unmarried, fireman of northbound freight; F. C. Flinn, Luray, Va., twenty-three years old and unmarried, fireman on second engine of same train. The injured are: J. F. Matthews, engineer, Hagerstown, Md., cut and bruised; J. D. Settle, engineer, Hagerstown, cut about head; H. O. Williamson, Hagerstown, engineer of southbound train, injured in head; D. O. #### Woman Suicides to Conceal Her Sex from Army

(By United Press)  
TOLEDO.—Fear that she would be apprehended as a "slacker," and that the army physical examination would disclose the twelve-year old secret of her sex is the theory of the police that caused "Samuel Ackerman," a woman, to end her life by drowning. Ackerman's "wife" obtained a divorce two years ago and nine years after her "marriage" with Ackerman.

#### "Sammies" to Have "Camp Mothers"

BY GEO. MARTIN.  
(United Press Staff Correspondent)  
WASHINGTON.—All the drafted "Sammies" in the cantonments this fall will have "Camp Mothers." It was learned from the official committee on training camp activities.

There will be a Y. M. C. A. building within or near each of the cantonments, which will be headquarters for a camp mother with an able corps of woman assistants.

The wives and sweethearts will have a place to visit the "Sammies."

#### Army "Slackers" To be Severely Dealt With

(United Press)  
WASHINGTON.—President Wilson has ordered that all "slackers" who fail to appear for the draft examination be reported to the Department of Justice, and be certified into the national army by the Adjutant General of their State. Should these men fail to report to the Adjutant General of their State within five days after being notified of their certification into the army, they will be reported to the Adjutant General of the army for disposal by him.

**A CORRECTION**  
Through an error of omission the name of H. S. Ragsdale was left out in the account of the tax listers published in Wednesday's Daily News. Mr. Ragsdale was the chief man of the force that made up the lists, and the excellent manner in which the work was done was due largely to his diligence and his painstaking and accurate work. The Daily News regrets very much that his name failed to appear in the proper place, and we make this correction in order that he may be done no injustice.

#### GOVERNMENT WILL APPEAL EVERY EXEMPTION FOR "DEPENDENTS"

(By United Press)  
WASHINGTON.—The Government is preparing to fight the claims for exemption to the draft. Concerned at the great number of those attempting to avoid service the Provost Marshal's office announced the method by which the government will appeal to the District Boards from the rulings of the Local Boards of Exemption. Agricultural industries will be carefully scrutinized, and as a "slap" at the marriages of slackers, the government will automatically appeal from every exemption on the grounds of "dependents."

Some person in each locality will be named to make this appeal in behalf of the government.

#### ARMED RESISTANCE TO DRAFT IS DEVELOPING IN ISOLATED PLACES

(By United Press)  
SAVANNAH, Ga.—The farmers near Beulah church, 12 miles from Black Shear have purchased arms and ammunition in large quantities, and are determined, it is said, "to keep their sons from being taken for the army," according to word received here shortly before noon.

WASHINGTON.—Reports of the threatened armed resistance to the army draft in isolated points of Georgia and Western North Carolina are being investigated by the Department of Justice. The mountaineers and farmers of these sections are reported to be arming themselves with Winchester rifles and ammunition with which to fight the draft. A special investigation will make a careful inquiry, and stern measures will be taken to repress any rebellion.

#### CRISES IN CABINETS OF FRANCE AND ENGLAND: SOME TO RESIGN

(By United Press)  
LONDON.—Two Allied nations are facing Cabinet crises today. In London rumors persisted that Arthur Henderson, the Laborite member of the War Cabinet would resign as a result of bitter criticism of his participation in Paris with the Radical Socialists of France and Russia, and his open advocacy of British participation in the Stockholm peace conference of the Socialists.

His retirement is regarded as certain if the government withholds passports from the British Socialist delegates. If they do grant the passports the Conservatives will raise a great storm of protest.

In Paris two resignations in the Ribot ministry are reported pending. They are Minister of Marine LaCasse and Minister of Blockade Cochin, and are due, presumably, to criticisms of their policies.
