WAYCROSS, Ga.-The utterances of Senator Thomas W. Hardwick of the United States Senate of the anti-draft propaganda, and the radical newspaper organ of Thos. E. The closing of the mails to the paper is said to be imminent.

Pierce county farmers yesterday were reported to be arming heavily, have failed to come from cover. In the meantime State and Federal agents are combing every section, determined to bare the schemes before draft examinations begin Monday. Several leaders are said to have threatened the public to resist drafts of their sons, are believed slated for immediate arrest for violation of the espionage act.
