CAPTURED GERMAN SUBMARINE IN U. S.

Intrigue Against Second Liberty Loan Falling Flat

PRIMITIVE BAPTIST ELDER BLAND COMMITTED SUICIDE AYDEN ON TUESDAY LAST

(By Long Distance Phone)
AYDEN.—Elder C. C. Bland of the Primitive Baptist church committed suicide at his home here, just outside of Ayden, Tuesday morning last, by shooting himself with a shot gun. Death was instantaneous.
Elder Bland is about seventy-years of age and has been in poor health for several years. It is said that Mr. Bland got up Tuesday morning and told his wife that "he couldn't stay here." After making this statement, he went into his room and within a few minutes the report of the gun was heard. Members of his family rushed in the room only to find him dead.
Mr. Bland must have placed the muzzle of the gun to his forehead as the entire upper part of his head was blown off and his brains scattered all over the room. The deceased leaves a widow and seven children.
The funeral took place yesterday at the old Hancock church burying ground, and was attended by a large number. Mr. Bland's mind, it is thought, had not been sound for several years and it was due to this that he decided upon his rash act. He was well and favorably known all over this section.

FLYING BOAT "LOOPS" LOOP" FIRST TIME
NEW YORK.—A record in aeronautics whereby a hydro-aeroplane looped the loop for the first time was claimed by Lawrence Sperry and Thomas Dixon, Jr., members of the naval reserve corps. The dangerous feat was performed a mile in the air above Mastic, Long Island, yesterday.
The flying boat, steered by Sperry, was driven to a height of nearly 6,000 feet above the ocean. Then a quick shift caused the machine to turn over and it skimmed through the air for nearly a quarter of a mile, bottom side up. After ten seconds the machine was righted and Sperry collapsed easily to the water.

PETROGRAD.—The Russian battleship Slava, has been sunk as a result of a naval engagement with the German fleet.
For a considerable time the Russian warships stood off Germany's strong fleet at the entrance of the Gulf of Riga. An official statement issued today.

600 EMPLOYEES MAY GO OUT

(By United Press.)
NEW YORK.—Demanding recognition by their union six hundred employees of the submarine boat campaign corporation plant here today threatened to strike in the yard doing government work.

HOOPER TO ADDRESS NATIONAL DAIRY SHOW

(By United Press.)
COLUMBUS, OHIO.—With 2,000 prize cattle, horses and a vast amount of farm machinery on exhibition, the National Dairy Show, the largest agricultural exposition to be held in the United States this year, opened at the Ohio State Fair grounds here this afternoon.
The show carries the message of food production and conservation. Dairymen and farmers will be told that the best animals are necessary to increase the production of dairy products and the ways to use the products most economically will be pointed out to consumers.
Herbert Hoover will address a mass meeting of the American Dairy Industry on October 22. Following the meeting, the American Jersey Cattle Club, the American Dairy Science Association and the International Milk Dealers Association will open conventions, and Jersey cattle will be judged.
A national marketing conference will be held October 23 by the federal agricultural departments bureau of markets. Other conventions which are to be held during the show are the American Dairy Cattle Club, the American Dairy Science Association and the Ohio Association of Creamery Owners and Managers on October 23, and the Holstein-Friesian Association of America on October 24.

Marriage Licenses

Only one marriage license was issued today that being colored, George Barden and Alice Williams of Ayden township.

LIBERTY WAREHOUSE

There are fine sales being pulled off at the Liberty Tobacco Warehouse this week and the prices are up good and high. The farmers bringing their tobacco to the Greenville market don't fail to remember the Liberty where they are sent back home just delighted with the prices they receive. Mr. Hooker tells the Daily News, that during the past four days his warehouse has averaged over 40 cents for at least half of his customers. This goes to show what the Liberty is doing in the way of satisfying those farmers who sell their tobacco there. The old Liberty still gets there. It always satisfies and pleases. Its 1st p.

SEND INTERNED GERMANS TO CAROLINA CAMP

(By United Press.)
SAN FRANCISCO.—Approximately 160 officers and men from seized German merchantmen who had been interned on Angel Island, in San Francisco Bay, started today for detention camps at Philadelphia and Hot Springs, N. C.

A CAPTURED SUBMARINE HAS ARRIVED IN THIS COUNTRY

(By United Press.)
NEW YORK.—A German captured submarine has arrived in New York. It will be placed on exhibition in Central Park where it will be a rallying point for the great Liberty Loan meeting. Mayor Mitchell will speak from the conning tower of the submarine. The boat was brought here today on the deck of an ocean liner.

Sugar Famine In Richmond Broken

(By United Press.)
RICHMOND.—After forty-eight hours Richmond's sugar famine has been broken for the time being at least.
The arrival of a large shipment of sugar immediately put the market to slightly less than ten cents.

GERMANS ACTIVE SAYS GEN. HAIG

(United Press.)
LONDON.—The German artillery is now exceedingly active in Flanders, south of Ypres, the Comines canal and also in the neighborhood of Broodsemeede, says a dispatch received from Field Marshal Haig today.

Coal Miners May Go On Strike Today

(By United Press)
WASHINGTON.—More Bituminous coal miners are going to strike today unless their wage demands are granted by Fuel Administrator Garfield declared an official of the United Mine workers of America here.
He also admitted that they were helpless to restrain their men. The labor leaders said that Garfield's threats to compel a production to meet the war needs would not restrain the strikers.

\$5,000,000 TUNNEL FOR COLORADO RAILROAD

(By United Press)
DENVER.—Construction of a \$7,000,000 tunnel under James Peak—a dream of years of railroad construction engineers—probably will be realized in the near future. If plans to secure investment of \$5,000,000 of eastern capital, negotiations for which are now under way in New York, are consummated.
The tunnel will shorten by 200 miles the present route of the Denver & Salt Lake railroad—the "Moffat Road." Two millions of capital toward the seven million required to construct the tunnel, rehabilitate the road and remove the receivership under which it is now being operated and place it on a paying basis, is assured by Colorado bondholders, provided the required additional five millions is secured.

FARMERS DECLARE LOYALTY

(By United Press.)
RALEIGH, N. C.—The executive committee of the North Carolina Farmers' Union adopted resolutions yesterday preliminary to the approaching annual session of the union in Winston Salem, declaring that the State Farmers' Union "should adopt a ringing resolution of a loyalty to the national government and to our allies in the prosecution of the war," also, that further discussion be eliminated leaving all matters of detail or policy concerning the conduct of the war and its termination to the individual judgment of members without official action or pronouncement by the State union.

Mayor's Court

The following cases have been disposed of by His Worship Mayor Albin Dunn:
Niek Suleeba and Roland Bishop, Afray. Bishop not guilty. Suleeba fined \$5 and cost.
W. E. Joyner, Intoxicated. Adjudged guilty and fined \$5 and cost.
Russell Marshall, alias Dorsey, robbery. There was not sufficient evidence to show probable cause of guilty. The defendant was discharged.

SAYS CLAUDE TUNSTALL

My line of Georgette crepe and shirt waists are the prettiest yet. My stock is composed of all sizes both high and low neck. All my dresses are bound to please. A Daily News man paid a visit to this attractive store today and found everything as Mr. Tunstall claims. The ladies of Greenville should visit his place of business and see for themselves.

EUROPEAN SUGAR STORAGE

(By United Press)
WASHINGTON.—Compared with America's average consumption of ninety pounds of sugar per person a year, England and France are almost without this commodity. The English person, who in pre-war times consumed his ninety-three and a third pounds a year, is now allowed one half pound a week. In France the allotment is but eighteen pounds per year.
The British government has been careful to announce that it cannot guarantee that even the half-pound allowance can be obtained and a sugar card for a family is issued only for the number of persons sleeping in the house. In a public restaurant, if sugar is taken on cereals, the person must do without sweetening in his coffee. It is now customary for a lady, invited out to tea, to take her sugar with her. She is also expected to bring her own cake.

APPEALS RENEWED FOR ECONOMY IN THE USE OF SUGAR

(By United Press)
WASHINGTON.—Forecasting no relief before December in the sugar shortage in the Eastern States, the Food administration has again renewed its appeals and asks that economy be used by the public.
They are requested in addition to not pay one cent more than they have been paying for sugar.

THE WESTERN WAR FRONT HAS A DIFFERENT PHASE

(By WILLIAM PHILIP SIMMS)
(United Press Staff Correspondent)
WITH BRITISH ARMIES AFIELD
The war on the western front has now entered into a new phase—probably its last stop.
The fighting there now is as different from what it was in 1914-1915 as it possibly could be.
First there was an open warfare when the Germans oversaw Belgium and France. The second game was that a trench fighting, which slowly developed until the talking of a single trench operation has proved to be a "big" Waterloo.

Practically now every one sees the battles in the open country with the enemy engaging in a sort of rear guard action, which when fully expanded will mean a Prussian rout.
Only a sudden collapse of activities can prevent the curtain to fall on the Kaiser's three act drama.
Not since the Crown Prince broke his eagle feathers against Verdun, more than a year ago, have the Germans dared a real offensive.
Since the battle of Somme Field Marshal Hindenburg has been openly on the defensive. His present methods of fighting are a direct outcome of his gropings in finding the means by which he may hold out.

ANOTHER SALE COMING

Mr. K. W. Cobb of the Atlantic Coast Realty Company, arrived in town today from LaGrange where on yesterday he conducted a land sale for the company, the property selling for the sum of \$73,865.31.
Mr. Cobb informs the News that his company will on Monday, October 29 sell at auction the Avon Farm, containing approximately 3,000 acres which has been subdivided into ideal small farms. The farm is located two miles from Grimsland. The sale is scheduled to begin at 10:30 o'clock. This will be a rare opportunity for purchasers to secure farming land of the very best.

GERMAN PREM. MAY LOSE JOB

(By United Press)
AMSTERDAM.—Prince von Buelow, former Chancellor and late Ambassador of Italy has arrived in Berlin dispatched received here state.
His visit has caused a revival of the report that he will succeed Dr. George Michaelis as Chancellor.

Public Utilities Be Owned by U. S.

(By United Press)
WASHINGTON.—The United States is now moving towards "the complete ownership and the operation of public utilities, especially the Railroads, Telephones and Telegraphs" according to a special investigation committee's report which has just been delivered to the National Association of Railway Commissioners.

GERMAN WITNESS CONFESSES PLOT

CHICAGO.—Joseph Riederer, a German witness for the government, testified today at the trial of the conspiracy case against Gustav Jacobsen, George Paul Boehler and Heramba Lal Gupta, charged with attempting to foment rebellion in India. Riederer said he worked for a switchboard company and was first approached by a fellow workman.
"He asked me if I wanted to serve my country and I said I loved my country and I said I loved my fatherland and that I would do anything I could to help," related the witness. "He sent me to Jacobsen and Jacobsen said a revolution was being prepared in India and Siam. He said that I being a German reservist, would be a goodman to join others who, he said, were already trained and quit my job to take part in the plans."
Riederer said he attended several meetings of the erstwhile American embargo conference, a pro-German organization, and at one of them met Heramba Lal Gupta.

THE BRITISH EMPIRE REFUSED "ORDER OF"

(By United Press)
LONDON.—(By Mail)—Will Thorn, one of the most prominent Labor members of the House of Commons, recently refused the new order of the British Empire, a number of which were bestowed by King George.
Thorn gave as his excuse for refusing the honor "personal reasons" but it may be significant that a few days later W. C. Anderson, M. P., in an address to engineers of Woolrich Arsenal, stigmatized the British governments awards of honor to labor as attempts to influence the working men.

GERMANS BLUFFING AGAIN LONDON'S INTERPRETATION

(By United Press)
LONDON.—The Germans are bluffing again, according to London's interpretation of reports just received from Amsterdam according to wireless messages received from Germany.
These messages give a hint of including the American waters in the Submarine Zone.
The building is 107 x 135 feet and is strictly up-to-date in every particular. Mr. W. S. Atkins, the manager of the National Garage, says that everything is now practically finished with the exception of the installation of the machinery for repairing etc., which he expects to be placed within the next few days. Their show room and offices located in the front of the garage are well appointed and modern. This structure is a credit to growing Greenville.

Property Transfers

The following deeds of transfer were filed in the Register of Deeds of this county today for registration.
H. E. Forman to J. L. Simmons, Greenville Township; consideration, \$270.00.
C. H. McGowan to Naisy Mills Child, Greenville Township, consideration, \$25.00.
Fred Jones to W. J. Smith, Bethel Township, consideration, \$6,500.
R. D. Harrington to T. W. Alexander, Paeonius Township, consideration, \$11,850.

WEALTHY INDIAN BUYS LIBERTY BONDS

OKMULGEE, Okla.—Jackson Barnett, a Creek Indian whose affairs are managed by a guardian, has been permitted by the County Court to subscribe for \$250,000 of the first liberty loan bonds, making his total subscription \$412,000.
Barnett lives alone in a little cabin near Henrietta. His holdings in one of Oklahoma's richest oil fields are said to be worth more than one million dollars.

Nation Aroused For Liberty Bonds

(By United Press)
WASHINGTON.—The Liberty Loan Bonds are at last hitting a stride that is bringing success in sight. About half of the \$300,000,000 is the minimum subscribed.
The following slogans are now arousing the nation to Liberty Loans: "Liberty Bonds or German Bondage," "Every Miser helps the Kaiser," "Don't let your dollars be shakers," "He also fights who helps a Fighter Fight."

AYDEN NEGRO CLAIMS HE WAS RELIEVED OF OVER \$400 IN GREENVILLE YESTERDAY

TEN CONGRESSMEN
EN ROUTE TO EUROPE
WASHINGTON.—Ten Congressmen, traveling unofficially, but carrying special passports, arranged for by the State Department, are on the way to Europe to visit the war fronts and fraternize with the parliamentary representatives of the Allies. In the party are Representatives Dale of Vermont; Taylor and Timberlake, of Colorado; Hicks, of New York; Johnson, Dill and Miller, of Washington; Goodwin of Arkansas; Stephens, of Nebraska and Parker, of New Jersey, former Representative Stout of Montana, and Ross L. Hammond, a Fremont, Neb., editor and others.

German Intrigue Is Falling Flat Against Bonds

(By United Press)
WASHINGTON.—The pro-German intrigue against the second Liberty Loan is falling flat. Efforts in scattering localities from Minnesota to Texas to intimidate the bankers and bond buyers is having a boomerang effect. However telegrams disclosing pro-German activity against the loan is still being received at the Treasury Department here.

SOIL EXPERTS PLAN TO HELP UNCLE SAM

INDIANAPOLIS, IND.—Means of increasing soil fertility to obtain maximum production of crops to aid Uncle Sam in the war, were discussed at the meeting of the National Fertilizer Association which opened here today. Soil experts from several agricultural experiment stations will make addresses.
E. F. Dawson, of Wilson is in town today.

Yesterday at the Center Brick warehouse Alex Hunt a negro sold tobacco for J. R. Turnage, of Ayden. He was given a check for the sum of four hundred dollars or more.
He had the check cashed at the Greenville Banking and Trust Company. Later he returned to the Center Brick with a great tale of woe, saying that he had been waylaid outside of town as he was going home, and robbed of his money.
The police were notified and a search for the thieves was begun. One negro was arrested, while another that was thought to be implicated made a get-away.
The man taken into custody was given a hearing before the Mayor this morning. He gave his name as being Russell Marshall, but seems that he is also known as Dorsey.
At the trial he plead not guilty and Mayor Dunn not finding sufficient evidence against him, let him go.
Later developments have caused suspicion to fall on Alex Hunt. As it is known that he phoned his brother who lives near Ayden yesterday, to come to Greenville and that the brother came. It is thought that he sent the money home to his wife by his brother and then told the robbery story to divert suspicion from himself.

CRISES IN ITALY IS FORECASTED

(By United Press.)
ROME.—A serious political crisis, which may cause the downfall of the Sennine ministry was pre-terated by Arthur Labriola, the leader of the Socialists in the Chamber of Deputies here today.

Donates Device To Government

WASHINGTON, N. C.—The United States Shipping Board today was considering a device perfected by Captain David Hill, a prominent local citizen, for turning a ship completely around without its own length. Captain Hill has donated it to the Government to help beat the U-boat, if it is thought a practicable device. After trying it out on his own vessels in the Pamlico River, Capt. Hill thought it might be found invaluable in helping some American boats dodge submarines, so he put it up to headquarters.
