KERENSKY HAS REACHED ARMY HEADQUARTERS SAYS MESSAGE

BY CARL GROAT. (United Press Staff Correspondent) WASHINGTON—The Russian and Italian situation has been shedding light for the past two weeks. Kerensky retaining control makes the government officials look for the overthrow of the Maximilian revolution and the Allies and Italy promises to roll the Germans back.

WASHINGTON—Official messages passed through Persia say that Kerensky has reached the army headquarters and that the uprising is apparently being lived. But no mention is made as to the progress of the army marching on Petrograd.

There is an optimistic feeling at the Russian Embassy here where it is believed that Kerensky, Kornilov and Khabalov will eventually save the nation from the revolutionists.

REV. G. F. HILL SPEAKS AT T. S.

The services of the Young Woman's Christian Association at the Training School on Sunday evening was conducted by Rev. Geo. F. Hill, the new pastor of the Episcopal Church of Greenville.

He compared the work of Moses to that of the teacher and the big things to be gathered from this, was the tremendous importance of the little things of life. In developing this thought he used, the great miracle working power of the staff of Moses and compared it to the great power of the seemingly little things in the teaching. "Showers of the word insignificant," said Mr. Hill and by his many good comparisons and illustrations, his listeners were very much impressed by the great power of what they had always termed the little things.

The music of the evening was also particularly good. The program consisted of a piano solo by Miss Helen Egan, a vocal solo by Miss Sue Best, a special number by the choir, and a vocal solo by Mr. Herbert E. Austin.

Immediately after the guests arrived an interesting contest consisting of drawing the picture of Uncle Sam and the Kaiser was entered into with great interest. After leaving the dining room the cards that the guests had registered on were read by Miss Della Smith. The cards were very humorous and interesting. One of these cards was especially interesting that was one that gave away a secret that was a surprise to all. WILD ANIMALS DESTROY LIVESTOCK IN THE WEST (By United Press) ALBUQUERQUE, N. M.—Members of the New Mexico Cattle and Horse Growers' association have appealed to the secretary of agriculture for immediate expenditure of \$100,000 of federal funds in the state, in an effort to combat the ravages upon stock by predatory animals. Estimates based upon the tax rolls place the number of head of livestock destroyed by mountain lions, wolves and coyotes as follows, during the past year: Cattle, 24,350, valued at \$1,374,000; sheep, 165,000, \$1,320,000; horses, 850, \$21,250.

It is conservatively estimated that 16,000,000 pounds of edible meat is destroyed annually by wild animals, and in view of the necessity for conservation of every ounce of meat for war rations, it is believed federal authorities will heed the request for federal assistance in combatting the menace to the livestock industry.

HOLTON CARRIED TO RICHMOND TO CONSULT BONE SPECIALIST

Edward L. Holton, who was shot on Dickinson Avenue in front of the Higgs Taft Furniture Co.'s store last Saturday afternoon by Henry W. Renfrew, with a shot gun, was taken to the Memorial Hospital Richmond, Va., this morning via the Atlantic Coast Line, where he is to receive the opinion and attention of a bone specialist. The injured man was accompanied by Dr. Joseph Smith.

Although wounded seriously, he was very cheerful at the station and engaged in conversation with quite a number before boarding the train.

Saturday afternoon late, Renfrew was given a preliminary hearing, before Justice of the Peace Rountree in the Courthouse. Enough testimony was introduced sufficient for the justice to commit him to the common jail without bail. Due to the seriousness of the wound which Holton received Renfrew will remain in custody until it is ascertained whether or not he will recover.

Dr. L. C. Skinner the surgeon to whom Holton was taken immediately after the shooting, stated to a Daily News man this afternoon, that while Holton's condition was still precarious he still had a fighting chance for his life. Every effort is being made to save his leg. Both bones of his right leg were shattered and in all probability it will be a week or more before he can be called out of danger, if then. The town is still considerably wrought up over the affair and sympathy is expressed for both the principals.

GREAT LAND SALE WEDNESDAY 10:30

One of the grandest Land sales ever pulled off in Eastern Carolina is to take place on Wednesday, November 14, at 10:30 o'clock at Terra Ceia, situated in the lower part of Beaufort county, more familiarly known as the Wilkinson Swamp section. Terra Ceia is the King of all corn belts and in no section of this ideal farming section is there a more desirable farm than the Shirley farm, which has been subdivided in to small farms, averaging about 40 acres each which will be sold at your own price and on easy terms. The farm contains 1600 acres with approximately 1000 acres planted in corn this year.

A great inducement will be furnished by the Atlantic Coast Realty Co., and the Washington Beaufort Land Co., that is, free transportation on the railroad to any person who attends the sale and makes a purchase. This is the opportunity the like of which has not been your good fortune before. Inadvertently in Saturday's issue the time of the sale was printed to be pulled off at 1:30 o'clock, it should have read 10:30 o'clock. Note the change and be on hand if you would secure land that cannot be surpassed anywhere for productiveness. This is the first time that any of this famous land in that section has been offered in small tracts. You cannot afford to miss it Wednesday at 10:30 o'clock.

CAL TO SERVICE NOVEMBER 15

"Sunrise and sunset, sunshine and shadows, springtime and autumn, seed-time and harvest, childhood and old age, blend easily and naturally into our humanities." In our fullness of heart we hear the tender words of the Master: "Suffer little children to come unto Me, and forbid them not, for of such is the kingdom of heaven." Suffer them, Citizens of North Carolina, suffer them. And when second childhood comes you will hear the same compassionate voice calling, "the enfeebled of age. As patriotic citizens of a great commonwealth, we will not realize the full delights of service of humanity until we provide comfort and protection to the State's unfortunate."

Recently articles have appeared in the newspapers calling attention to the urgent needs of the various orphanages of the State and appealing to the citizens of our commonwealth to set aside one day's earnings out of every three hundred and sixty-five to this righteous cause, as a Thanksgiving offering, to be invested in the greatest of charities—our orphan homes. In no other one channel of effort is our response to the command, "Visit the sick, relieve the distressed, bury the dead, protect and educate the orphan," so vividly and practically exemplified as it is in the work of our orphan homes. Here are gathered the fatherless and motherless children of our State, where they find fostering care and protection throughout the years of their development. Here they are given the education and training so essential to success when they go out into the cold world to battle for themselves. It is to one of these splendid institutions that every citizen of North Carolina is asked to forward a contribution during the approaching Thanksgiving season. It is an investment which promises no immediate monetary reward, but will aid in directing many little footsteps into the ways of pleasantness and peace.

We feel that every patriot, who is such from a zealous and an unselfish desire to serve his country in this world crisis, will cheerfully answer the call to aid in this needed work at home, thus placing himself (or herself) on record for performing an unselfish, charitable, Christian act, worthy of a zealous patriot who stands for the conservation of the future manhood and womanhood of North Carolina. If every friend of the cause should enlist actively in support of this movement, the home treasuries would reap a bountiful harvest this Thanksgiving and the maintenance of the sixteen orphanages during the approaching winter would be assured.

The newspapers of the state have given liberally of their space in extending the publicity of this propaganda, and the service thus rendered is invaluable. That the movement may be given the widest possible publicity, we earnestly urge all pastors of churches, of every denomination, to bring this appeal to the attention of their respective congregations on Sunday, November 25. A special sermon bearing upon the orphanage work, from every pulpit in North Carolina on that day would help mightily in reminding our charitably inclined people of the opportunity to aid in the support of this essential civic and Christian philanthropy. To the pastors of country churches in which no service may be held on November 25, we would suggest that December 2nd be observed as "Orphanage Sunday."

Let every citizen of the State rise to the necessity of the hour and assist in depositing a handsome aggregate in the orphanage treasuries. It will be a prime investment for both church and State, first saving from degeneracy the most exposed children in the world and then training them for usefulness in the Commonwealth and the Kingdom.

N. S. TRAIN KILLS ONE, TWO INJURED

The Norfolk Southern passenger train which passes Greenville about four o'clock enroute to Raleigh from Norfolk Saturday afternoon ran into a truck loaded with corn stalks, upon which were three colored children near Arthur station, this county, the result being that one was killed outright, another seriously injured and the third painfully hurt.

The three children of Lawrence Willoughby, colored, aged 14, 7 and 4 respectively, were carrying a load of cornstalks to the house of Willoughby from the field, and when near the railroad track the horse became frightened and ran away. In running across the track the animal broke away from the truck and before the children could escape from the vehicle the train struck them, with the above result. The oldest child, aged 14, had his thigh broken, the second child was injured on the head and body. His condition is thought to be serious. The youngest, 4 years old, was killed instantly.

The father of the children, Lawrence Willoughby, was in Greenville today.
