U. S. Position Is Unchanged As To Russia

(By The United Press)

WASHINGTON—The United States position toward Russia is still unchanged. This government still regards her as an associate or co-belligerent in the war.

Mantone Makes Him Millionaire

IF HEALTH IS WEALTH, FOR HE HAS GAINED 20 POUNDS SINCE TAKING IT.

If health is wealth J. F. Batts has risen from a minus quantity to a millionaire in only a few weeks time through the use of Mantone.

Before taking Mantone Mr. Batts, who is a well known former of Stantonburg, was "down and out" physically. He had indigestion, his weight was down to 128 pounds, he had pains in his back and his strength and energy were at low ebb.

Then Mr. Batts knew what Mantone did for the best people in his town and, of course, he started on it. What Mantone did for him is told in his own words:

"In three weeks time my weight increased from 128 pounds to 148 pounds. My indigestion has been helped wonderfully. Now I can eat any food set before me, even the greasiest kind of pork. For the first time in months I am enjoying sweep potatoes, eggs, sweets, meats and other foods. My bowels are in first class shape. The pains have left my back and can now walk with anybody and stoop over and lace my shoes. I sleep sound every night from 9 o'clock until 5 in the morning," he ended.

What Mantone did for Mr. Batts it can do for any other man or woman who is not a victim of incurable diseases. If it don't, then you get your money back.

Mantone Makes You Feel Good All Over" is sold on this guarantee—no benefit, no cost; at all drug stores including the Warren Drug Company; in Farmville by Wheelers Drug Co.; Parker and Newton and C. E. Moore; Stokes, L. H. Roberson; Chocod, G. S. Porter; Grimesland, A. F. Fleming; Arden, McKinneys Pharmacy; Grifton, P. B. Brooks Drug Store and the Quality Store and by all other druggists.

TROTSKY ENDEAVORED TO BRING ABOUT TEUTON REVOLUTION, SAID

(By Staff Correspondent Bender)

WASHINGTON. — (Copyrighted) — The bold effort of Leon Trotsky, former Bolsheviki Foreign Minister, to launch in the Teuton nations a revolution, has been unfolded by the United States government. Trotsky staked his all on a revolution. Germany refused to yield to Lenine's counsel for a separate plunder pact with the Teutons. This prolonged the meetings at Brest Litovsk, as he laid his foundations for his last play.

An Aged Man Says Sleeping In Chair Is Not A Success

He Has Tried This Method For Twenty-Five Years And Now Says That For Purposes Of Rest A Horizontal Position In Bed Beats Draping The Body Over A Chair.

There never has been but one satisfactory manner discovered for sleeping, and that is with the body in a horizontal position in a bed, and any effort to change this method defeats one of nature's most important purposes.

One of Raleigh's well known citizens.

Mr. J. P. Pool, 708 Hargett St., says that he has been forced to spend many nights trying to sleep on a chair. Mr. Pool says:

"I could not sleep lying flat on my back and had to get up and try to sleep sitting in a chair. This was due to severe case of liver and stomach trouble, from which I had suffered for twenty-five years. I was also unable to eat meat and suffered intense pains in my shoulder, and at times these pains were so severe that I would fall over.

"My son recently gave me a bottle of Peplac and now, for the first time in twenty-five years, I can sleep peacefully in bed, free from pain. I can eat meat and vegetables three times a day. I am sixty-four years old, but Peplac has made a new man of me. Now, in

addition to looking after my grocery business, I can plow and am feeling fine and happy."

The Merits of this Great Constructive Tonic will be gladly explained at the Greenville Drug Company where it is recommended and sold.

Seed Scarcity Is Big Problem

GARDENERS WARNED TO PURCHASE ONLY WHAT SEEDS ARE NEEDED.

While it is not generally known, there is quite a shortage of all seeds for planting. This is particularly so with vegetable seed. Quite a number of people who have had no experience in planting and gardening are trying to use up all the seed they can to get a few vegetables started.

Director B. W. Kilgore of the Agricultural Extension Service of the State College and Department of Agriculture received a letter the other day from Washington asking him to please call it to the attention of every "would-be" gardener that no more seed should be bought than is actually required, because if some people buy more than they need others will not be able to get what they actually need.

This waste of seed is being done in several different ways. Many gardeners seem to think that a garden spot needs no sunshine, and are putting in good seeds which germinate but never produce vegetables. No land should

THIRTY ONE PITT COUNTY BOYS ENTRAIN FOR CAMP JACKSON

be planted which is not suitable to vegetable production.

Since the supply of seed is low, there is a tendency on the part of some dealers to speculate, somewhat. This is especially to be deprecated in this hour of need, and if it is participated in by dealers who have a Federal license for the conduct of their business they will be dealt with accordingly, says an announcement from the Food Administration to Director Kilgore recently. The wholesale dealers and those recall dealers who are doing an annual business of \$100,000 or over who handle peas, beans, cotton seed and corn are now operating under license from the Food Administration.

Several seed growers associations are now voluntarily handling their seed with regard to public welfare by charging only a reasonable price for them, and such associations as these are greatly to be commended, states the announcement.

Thirty-one Pitt County white men, finishing up the first quota for the county as a result of the first draft, left this afternoon via the Norfolk Southern train for Camp Jackson. Those to leave were:

Milton Lee Tucker, Earl R. James, Benj. R. Moore, William S. Harris, Jas. H. Hellen, Eppie R. Riddick, Daniel L. Braxton, Barney L. Stokes, Leon L. Carr, Arthur L. Gualtney, Arthur Cox, Jas. H. Smith, Charlie Hardee, Robert D. Lilly, Walter C. Evans, Herbert Moseley, Herbert G. Johnson, Stanley A. Porter, Rufus N. Simmons, Howard Weatherington, Robert Jasper Little, John Mazingo, Thos. D. Boswell, Albert J. Peaden Benard Y. Eakes, George Rodgers, Robert W. Satterfield, Ben. C. Bryan, Willie B. Fleming, Wilton Fleming, Lionel P. Perkins.

The Parliamentary Law Class, which was held at the High School building yesterday afternoon, was well attended and proved to be very interesting. Prof. Wright of the Training School conducted the class, and it is needless to state that he proved to be par excellence. There will be another meeting at 4:30 Friday afternoon. All members of the Woman's Club are most cordially invited.
