All persons indebted to said estate will please make immediate settlement.

This 18th day of May, 1918.
C. P. WHITEHURST,
5-20-6wp. Administrator.

Origin of Garden Carrot.

Wild carrot or Queen Anne's lace (Daucus carota) is thought to be the plant from which the cultivated garden carrot originated. The garden carrot, if allowed to grow unmolested for several years, gradually loses the highly developed crown-tuber for which it is valued as a vegetable, and becomes indistinguishable from the ordinary wild carrot.

Brighten Up the Farm

Get rid of the oil lamps that are a constant fire menace, and put in electric lights. You can have them just as steady and just as safe as in any city. No matches; no lamps to upset; no danger of any kind.

One of these simple outfits will provide you just such light at little cost. It will give power to run your pump, feed grinder, and some of the other light machinery on the place. And it will enable your wife to have an electric iron, an electric vacuum cleaner, a washing machine, and to save much of her household work. No experience is necessary to run the

Western Electric Farm Lighting Plant

Here's the whole outfit—generator, storage batteries and switchboard. It can be placed anywhere that is convenient for hitching up to your gas engine. Run your engine a few hours twice a week, and it will generate and store up in the batteries all the electricity you need. Costs little or nothing to maintain, except for engine fuel. No trouble. No danger. Guaranteed by the makers of the Bell telephones.

GREENVILLE ELECTRICAL

SUPPLY COMPANY

BUY WAR SAVINGS STAMPS

And hold safely the results of your patriotic thrift against a time of need. It helps to win the war. And your dollar will buy more after the war.

LOST OR STRAYED—For Terms, Answers to name of Rags.

Maybe Rags is not much of a dog, as dogs go.

But he was Baby's playmate—and Baby has gone to Never-Never Land.

So as the dog is up every street in town and Rags is back home again.
