# Next House Apparently Republican; Both Parties Claiming The Senate; Democrats Sweep State And County

## Complexion of the Next Congress Is In Doubt; Both Parties Sanguine

(By The United Press)

Washington—With both parties claiming a close margin in the Senate but with the House apparently Republican the political leaders here this afternoon scanned the returns from doubtful districts for a final decision.

It is admitted that there will be some contests and that a recount will be necessary in many districts to determine the final results.

Boston—Complete returns give David Walsh Democratic candidate for United States senator a plurality of eighteen thousand nine hundred and eight votes over his opponent Weeks.

St. Louis—The Democratic leaders have refused to concede the Republican claims that Speaker Champ Clark has been defeated for re-election to Congress by Judge Dyer, Republican. Speaker Clark can be returned, they declare, on the receipt of the county returns. The race is admittedly close.

New York—Revised figures in the New York governorship fight showed with over five hundred districts outside of New York missing that Alfred E. Smith, Democrat, has a lead of five thousand four hundred and twenty-two over Charles S. Whitman. Whitman's supporters, however, believe that he is elected.

Milwaukee—Former representative Victor L. Berger, socialist, is elected to congress from the fifth Wisconsin district by a plurality approximately of five thousand votes. Berger during his campaign bitterly opposed America's entrance into the war.

Detroit—The heavy gains made by Henry Ford in the country in and around Detroit is rapidly eating up Newberry's upstate majority.

The Ford managers claim that he will be elected by from five to ten thousand majority. The Newberry men claim he will be elected by twenty-five thousand. The Ford workers say that their candidate is leading by nearly two thousand on their private count.

### WHAT THE QUARANTINE LAW REQUIRES OF THE CITIZENS OF THIS COUNTY.

Do you know what is required of you by the new State Quarantine Law?

It requires parents or householders to report every case of whooping cough, measles, diphtheria, small-pox, scarlet fever, typhoid fever, infantile paralysis, typhus fever, Asiatic cholera, bubonic plague, yellow fever, cerebrospinal meningitis, ophthalmia neonatorum, German measles, septic sore throat (epidemic tonsillitis) and chicken pox, occurring in their homes to the county health officer. It requires physicians to report every case of these disease that they are called upon to

attend to the county quarantine officer within twenty-four hours. It requires public school teachers to follow the rules and regulations sent to them to protect them and their schools in case of an outbreak of any contagious disease. It requires county quarantine officers to send to any parent or guardian in whose home a contagious disease and has been reported a yellow placard with the name of the disease printed thereon with instructions for posting the placard on the front of the house; it requires him to send instructions for the treatment and control of the patient in the house. The quarantine officer is required to enforce the quarantine law and make it give the protection for which it was in-

## Majority Of Democrats In State Is 40,000

Raleigh—Early returns in North Carolina indicate, considering the large absent soldiers' vote, the largest majority since 1900, with the return to the United States senate of F. M. Simmons, and the re-election of 10 Democratic congressmen. In the 10th district, the only close fighting ground, Congressman Weaver appears to lead J. J. Britt by a safe majority. In the third district, S. M. Brinson, Democrat is elected over Claude Wheatley, Republican.

It is estimated that the Democratic majority, even considering the absent vote will reach 40,000. Asheville—Present indications are that Congressman Zebulon Weaver will carry the 10th district by a majority of 400 to 500. James J. Britt, Republican, is falling behind in practically all precincts.

Counties reporting many cases of contagious diseases are given credit for doing good work. It shows that the people are co-operating with the quarantine officer and are reporting all or a great many of their cases. It shows that they are interested in reducing illness and saving the lives of little children, and it means that there will be fewer deaths to report later on.

The names and addresses of those having a contagious disease during the month of October, 1918, are printed below. If you know of any other cases whose names do not appear below, such information given the quarantine officer will be appreciated and held in strict confidence. It may be the means of saving a life or keeping down an epidemic.

## PITT COUNTY ROLLS UP OLD TIME DEMOCRATIC MAJORITY; REPUBLICANS BURIED DEEP

With only two precincts to be heard from out of the thirteen in the county the Democrats on yesterday elected their entire county ticket by a majority of twenty-two hundred or more. The Republicans were buried good and deep at every voting place. Not only was a handsome majority rolled up for the Democratic county ticket but for the state and congressional ticket.

There were about twenty-seven hundred Democratic votes polled in the county and about three hundred Republicans. This showing is a remarkable one when one takes into consideration the conditions existing.

Senator Simmons and Congressman Small ran right along with the county ticket as did J. Loyd Horton for solicitor and Judge F. M. Wooten for county judge. In a word the election yesterday was a clean sweep for the Democrats in Pitt county.

Below is given the vote at the respective precincts in the county excepting Beaver Dam and Chicod. Every effort has been made all day to secure the returns from these precincts by the Daily News, but without success. As will be noticed the vote of the entire county ticket is not given but enough to show the Daily News readers what the result was. The candidates for county commissioners, judge of the county court, county solicitor, coroner surveyor, etc., ran along with the rest of the ticket.

Yesterday was a glorious day for the Democrats in Pitt county and every body today is jubilant over the outcome.

The Germans it was said must answer yes or no immediately if the present conditions are not to be made even more severe.

Amsterdam—The German government has appointed a committee to deal with the armistice negotiations according to reports received here. This committee includes Admiral Von Hintze, former foreign minister, Admiral Meures and General Cruedell, and General Winterfell.
