HOSTILITIES CEASE

(By The United Press)

PARIS—The Allies and Germany signed the armistice at eleven o'clock this morning. Hostilities ceased at 2 o'clock.

PARIS—The greatest war in history came to an end today at two o'clock. The Allies and Germany signed the armistice three hours earlier on the field of battle. The German delegation had come into the Allied lines under the white flag. At the time the document was signed the Allied armies were smashing forward on a one hundred and fifty mile front from Scheldt to the Meuse river tearing the German defenses to pieces and driving the enemy into utter rout.

NEW YORK—The United Press bulletin which brought the first news to America of the signing of the armistice was signed personally by Roy W. Howard, president of the United Press now in general charge of the United Press organization in France. The dispatch also carried the signature of William Phillips Sims, chief of the Paris bureau.

Pursuit Of Retreating Germans Resumed On Whole French Front

(By The United Press)

London—The American troops advanced on a wide front astride the Meuse river yesterday the American official communique announces.

West of the river Americans captured Raucourt, Balson and Haracourt carrying their lines within less than four miles of Sedan. Along the east bank they advanced about two miles and a half occupying Muryaux and Hill No. 284.

Paris—Pursuit of the retreating Germans was resumed on the whole French front this morning the war office announces.

On the left the French advanced at least five miles passing Nouvion and Renaval forests and closing in upon Hirson from which they are not more than seven miles distant.

French cavalry on the right are pushing towards the Meuse river evidently at a point between Sedan and Mexieres. In the center the French have entirely passed Sere and Aisne rivers

London—The Allies are continuing their pressure along the whole battle front yesterday evening according to dispatches received from Field Marshal Haig.

London—The Allies are continuing their pressure on a hundred and fifty mile front from the Scheldt to the Meuse and have made important advances all along the line. The greatest progress was made by the French in the center. They shoved ahead nearly 8 miles carrying their lines within that distance to Hirson.

Fine Reports Are Coming In For United War Work

Visitors to the county headquarters for the United War Work Campaign bring very enthusiastic reports of plans being made in the various townships. Messrs. A. L. Thigpen, of Belvoir and S. A. Epre, of Ayden, and Miss Lillian Crisp, of Falkland, called yesterday and reported that things were in good shape, and that they would probably go over the top Monday.

Ayden township has the third largest quota in the county and Mr. Eure assured the county chairman that he need give himself absolutely no uneasiness about the drive there. They are thoroughly organized, and under the energetic leadership of Mr. Eure, they are sure to go across.

Miss Crisp, of Falkland township, reports that her people are very much interested and that there is no doubt about the outcome. Her assistants are Miss Ethel Chandler, Mrs. J. B. Pittman, Mrs. C. H. Mayo, Mrs. Hugh Smith, Mrs. C. A. Marlander and Messrs. Jack Warren, Joseph Duke, Darwood and Lewis Dupree.

The next committee consists of Jim Bell and Pete Gorham. C. B. Bryan of Farmville is a business visitor to the city.

KILLED IN BATTLE

IRA L. SATTERFIELD
Bruce, N. C.

Young Satterfield was killed in France on September 23rd, according to a cable gram received by his father, George W. Satterfield of Bruce, N. C., who is superintendent of one of R. R. Cotten's farms.

He was among those of the first draft in Pitt county and among the last to be called into service, leaving Pitt county in the spring with the argest number who left the county at any one time. He was in service less than six months. He was a young man well known and well liked. In the death of young Satterfield Pitt county has given three of her sons to the cause of democracy on foreign soil. The first to be killed was Leslie Venters of Shelmerdine, the second John T. Cox of Winterville and Ira Satterfield of Bruce. This horrible war comes nearer home daily.

Liberty Loan drives. Pitt is not going to fall behind in the United War Work campaign. The amount called for is \$16,200, and far more than this is going to be raised.

Pitt County Is Not Going To Fall Behind

Pitt County has oversubscribed in every single drive. In the Y. M. C. A. campaign last fall considerably more than the allotment was raised and in the very first of the drive. In the Red Cross campaign in the spring the allotment was \$6,000 and the pledges were \$14,500. The War Savings pledges were \$62,175 beyond the allotment, which was \$799,480. There has been over-subscription in all of the

Hamburg Is Seething With Revolt, Battle Is Raging In The Streets

THEY HAD A RIGHT TO KICK

(By The United Press)

Following some slight objection raised by a number of soldiers, Capt. George M. Yunch, a "Y" man who has made several trips across on troop transports, says:

"The boys have made a kick against the prices charged in the Y. M. C. A. canteens in France, and the boys, God bless 'em, have a right to kick.

"But the boys didn't know. They didn't know the "Y" took over the canteens at the request of Gen. Pershing and were not at first prepared to handle the job—but they took it and did the best they could. The boys did not know the "Y" had to buy its supplies in this country, had to ship it to the terminals, had to get it insured at war rates, had to ship it to France, had to unload it, had to ship it to the interior of France, had to pay for handling every inch of the way.

"The boys didn't know the "Y" had to pay for every inch of handling and transportation where the government could take it to its own exchanges in France on its own ships and not charge one red cent to transportation, but sell at factory prices.

"So at first the "Y" prices were higher. And the boys paid them and have come back to this country with a kick. And they had a right to kick.

"Now the Government has arranged it so the "Y" can buy its supplies from the Quartermaster in France and can sell at the same price "over there," as the wholesale price in this country. Since August the first the "Y" canteens have been selling tobacco and other articles to the boys at Government prices.

Following are some tobacco prices in "Y" canteens in France which are now in effect, and are much cheaper than goods can be bought in this country.

- Fatimas, 50 centimes, or about 8 cents.
 - Camels, 35 centimes, or about 6 cents.
 - Sweet Caporals, 20 centimes, or about 3 cents.
 - Lucky Strikes, 30 centimes or about 5 cents.
 - Murads, 65 centimes, or about 11 cents.
 - Star chewing, 35 centimes, or about 6 cents.
 - Prince Albert smoking, 40 centimes, or about 7 cents.
 - Velvet, 30 centimes, or about 5 cents.
 - Bull, 25 centimes, or about 4 cents.
- What the Y. M. C. A. sells is relatively an insignificant part of its splendid service, most of which is free of all cost.

Paris—Chancellor Maximilian has published a proclamation to the German people announcing that a delegation to receive the terms of armistice will promptly be sent to the west front.

London—If the German plenipotentiaries wish to meet Marshal Foch and ask for armistice they must advance to the French outposts by way of Chimay Fourmies-La Capelle-Guise road in order to be conducted to the peace interview a Paris wireless dispatch declares.

Amsterdam—Herr Ebert has notified Chancellor Maximilian that unless armistice is concluded immediately that the Socialists will not support the government and will not guarantee that there will not be a revolution.

Copenhagen—The revolution which broke out in Kiel has spread throughout Schleswig and Holstein provinces which Germany seized from Denmark a half a century ago according to advices received here. The revolting soldiers and sailors are reported to have captured the cities of Altona, Flensburg and Apenrade and they also hold a portion of the German high sea fleet.

The city of Hamburg, the greatest commercial center on the continent, is also said to be seething with revolt. An artillery battle is reported to be raging in the streets.

PREPARATIONS ALREADY MADE TO CARRY WAR INTO GERMANY

United Press Staff Correspondent
(By William P. Simms)

The next few hours it is expected will see whether the war will stop or go on. German representatives bearing the white flag may appear at any moment in No Man's land to bring "yes," or "no," to Marshal Foch.

If the answer is in the negative preparations have already been made to carry hostilities into Germany from the east.
